Hey there Sherman,

I apologize for the delay. I should have the revised quotation over to you today.

Based on our conversation last week, I have confirmed we are not able to quote the pumps currently on rent for used sale. However, since you would be renting the complete bypass while the new pumps are being built, we can offer the HDPE pipe and

fittings to you at the end of the rental once the new pumps have been delivered.

Thank you,

Tyler Bixler

Good afternoon Mr. Huffman,

Per our conversation, please shoot me over the latest quote on the new pumps that Josh quoted and I will get it revised to reflect current date and cleaned up a bit for you. I will also have an answer on the used accessories by the time I get the updated quote sent over.

Thank you!
