(M) Multi-Family Dwelling	Billing = [ 1 ERU $\times$ .50 $\times$ N $\times$ RATE $\times$ M] - DF
(N) Non-Billable	Billing = 0. No bills generated for these land uses
(R) Mixed Use Residential	Billing = $[(\text{Sum of S, M, B, D ERU's}) \times \text{RATE} \times M] - \text{DF}$  Sum Explained – Mixed Use Residential accounts will have more than one structure on the account. To each individual structure, the Property Appraiser's Office assigns a number of units and use code. Each use code has a calculation factor of either 0.5 or 1.0. An amount for each structure is computed by multiplying the number of units times the calculation factor times the rate. The sum of these amounts for the account is then used in the Bill Class R Calculation.
(S) Single Family Residence	Billing = [ 1 ERU $\times$ RATE $\times$ M] - DF
(T) Non-Billable	Billing = 0. No bills generated for these land uses
(V) Vacant Altered (same as Agricultural)	# ERU's = $G \times 0.03 \times 0.4 \div 2,500$ square feet Billing = [ #ERU's $\times$ RATE $\times$ M] - DF
(Y) Vacant Improved	# ERU's = $[(G \times 0.03 \times 0.6) + (I \times 0.9)] \div 2,500$ square feet Billing = [ #ERU's $\times$ RATE $\times$ M] -DF
Minimum Bill Amount	The minimum billing is set at \$2.35 per parcel

RESOLUTION NO. 22 - \_\_\_\_\_

**RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS ADOPTING A SCHEDULE OF RATES, AND CHARGES FOR HAZ-MAT SPECIAL OPERATIONS TEAM, STANDBY RESPONSE, FIRE PREVENTION AND INSPECTION FEES, IMPOSED AGAINST ALL IMPROVED REAL PROPERTY WITHIN THE BENEFIT AREA OF BREVARD COUNTY FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2022.**

**WHEREAS**, Brevard County Fire Rescue, through its Special Operations Team, is required to mitigate hazardous materials and/or technical rescues Countywide; and

**WHEREAS**, the Brevard County Board of County Commissioners desires to collect reasonable fees from those responsible for the incidents; and

**WHEREAS**, Brevard County Ordinance No. 87-32, as codified at Section 50 of the Brevard County Code, authorizes the Brevard County Board of County Commissioners to establish a schedule of fees and charges for Fire Prevention and Fire Inspection services, as it is in the best interests of the citizens of Brevard County that those who benefit from the services should bear some of the expense associated with the services; and

**WHEREAS**, Section 42 of the Brevard County Code authorizes the collection of fees and charges for Haz-Mat Special Operations and Stand-by response; and

**WHEREAS**, on September 13, 2021, the Brevard County Board of County Commissioners adopted Resolution 21-109 setting forth the current schedule of rates and charges for Haz-Mat Special Operations, Standby Response, Fire Prevention and Inspection Fees; and

**WHEREAS**, the Brevard County Board of County Commissioners determines that the schedule of rates, assessments and charges for Haz-Mat Special Operations, Standby Response, Fire Prevention and Inspection Fees adopted in Resolution 21-109, the adopted rate adjustments for Fiscal Year 2022-2023 shall include the most current published vehicle rates established by the Federal Emergency Management Agency and labor costs that reflect the most current collective bargaining agreement hourly pay including overtime and benefits (FEMA) as discussed below; and

**NOW, THEREFORE, BE IT RESOLVED by the Brevard County Board of County Commissioners:**

Section 1. FINDINGS. It is ascertained, determined and declared that:

- a) The cost of the Fire Services program is defined as the amount of revenues needed to fully fund the: 911 response of fire engines to emergencies, the Fire Prevention Bureau, and associated direct and indirect costs incurred for support of those programs.
- b) Rates for the Haz-Mat Response by the Special Operations Team will remain the same as Fiscal Year 2021-2022.

- c) Rates for Stand-by Response will be adjusted to reflect the most current published vehicles rates established by the FEMA. Rates for personnel may be adjusted to reflect the maximum rate of each job classification that is routinely needed to staff the corresponding vehicle or, as deemed necessary by the County Fire Chief. Personnel rates shall include the overtime rate and applicable benefits.
- d) Rates for inspection and plan review fees will remain the same as Fiscal Year 2021-2022.

Section 2. SPECIAL RATES. The Board of County Commissioners does adopt the schedule of rates for the Haz-Mat Response, Stand-by Response and Fire Prevention and Inspection rates, effective October 1, 2022, through September 30, 2023, set forth in Schedule "A".

Section 3. SPECIAL RATES DEFINITIONS. For the purpose of this schedule of rates for the Fire Services Special Rates, the following definitions shall apply:

- (a) Hazardous Material Response (Haz-Mat): Refers to any response of Brevard County Fire Rescue's Special Response Team in order to provide emergency mitigation to any spill, leak, and/or any other discharge of any product which may be dangerous to the safety and health of humans, animals, and or the environment. Additionally, any response by this Team in order to provide specialized technical rescue involving greater training and/or equipment then is otherwise provided by the usual and customary Brevard County Fire Rescue Engine and/or Truck response. Said fee will be charged to the responsible party for the cause of the emergency event.
- (b) Stand-by Response: Refers to any dedicated stand-by provided by any emergency vehicle. The purpose of this stand-by may be to provide emergency medical services, fire suppression services and/or ocean rescue services to a special event. The requirement(s) for a stand-by is solely reserved to the County Fire Chief and/or their designee. An event provider/promoter may also request a stand-by. Said stand-by fee will be charged to the party responsible for the special event. The County Fire Chief reserves the rights to impose a ten percent (10%) administrative fee for any event in which requires formal planning.
- (c) Fire Prevention and Inspection Rates: Refers to the charges applied to property owners for the provision of annual and new construction evaluation, review and inspections.

Section 4: SEVERABILITY: If any section, subsection, sentence, clause, phrase or portion of this Resolution is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portion of this Resolution. To the extent allowable by law or judicial decision, in the event any exemption, partial exemption, or credit provided for in this resolution is determined to be invalid for any reason, the Board directs the County Manager to transfer sufficient monies from a reserve or contingency fund, as a loan to be repaid from future assessments or other revenue sources, to provide funding for the portion of the fire services budget represented by the revenues that would have been collected if the exemption had not been enacted.

Section 5: EFFECTIVE DATE: This Resolution shall take effect October 1, 2022.

#### SECTION 5: BUILDING PROJECT REVIEW AND INSPECTIONS:

Residential projects with three or more dwelling units and all commercial projects require building permits. Technical assistance may be necessary on certain projects and the fire prevention plan review may need to be performed by an independent third party with expertise in the matter to be reviewed at the submitter's expense. This provision is defined in the Florida Fire Prevention Code. The independent reviewer shall provide an evaluation and recommend necessary changes of the proposed

design, operation, process or new technology to the fire prevention office. Should it be necessary to exercise this provision the permit and inspection fees still apply.

The rates for Building Reviews and Inspections are as follows:

(a)	Building Projects (Value equals the construction value or latest ICC Building Valuation Table construction value, whichever is greater.)	\$50.00 + value X 0.0033
(b)	Design Review is greater	\$100.00 or 15% of permit fee whichever is greater
(c)	Construction without a permit greater	Double all fees or \$250 whichever is greater
(d)	Re-Inspection Fee	\$40.00
(e)	Standby request or fire watch inspector	\$50.00/hour with 3-hour minimum per inspector
(f)	Inspections outside of normal business hours inspector	\$50.00/hour with 3-hour minimum per inspector
(g)	Post Temporary CO Inspections	\$50.00/hour per inspector
(h)	Concurrent Building Plan Review	\$500.00
(i)	Amendments/revisions to plans/submittals (Permit does not have to be issued)	\$5.00 per page with \$25.00 minimum

Building Projects review includes new construction, remodeling, renovations and repairs for all projects requiring a commercial building permit. This includes residential structures with three or more dwelling units.

Design Review is applied to permits when the submitter has numerous (six or more) items that are not code compliant or significant issues that causes plan review to be unduly difficult. This fee is not applied to minor problems/errors but will be applied when the designer did not follow the provisions in the Code or normal design practices. The purpose of the Design Review fee is to help encourage design professionals to ensure they are submitting code compliant plans. Poorly designed projects slow down the entire review process which has a negative impact on other people's projects.

The building and fire codes have language that allows additional charges when work is performed without a permit. To discourage this practice, all permit/inspection fees will be doubled, with a minimum fee of \$250 (e.g. permit fee plus \$250), when work is performed without an approved, paid for permit on site.

Stand-by and fire watch fees are charged when a feature of fire protection (e.g.. sprinkler system is nonfunctional) is out of service and the threat of fire poses a life safety concern. These fees will also be charged when a facility or entity is using their property for other than its usual purpose with the fire marshal's approval to ensure the public's/facilities' safety.

Post Temporary Certificate of Occupancy (TCO) Inspection fees will be charged when the Building Official issues a TCO before the project is complete and the conditions of the TCO requires additional inspections by Fire Prevention personnel. This creates additional inspections to ensure that all features of fire protection and services are in working order, therefore, this service has not been calculated into the charges for inspecting a project.

Concurrent building plan review application fees will be applied to projects requesting building plans be reviewed prior to the site plan approval by the County. These plans require a full review, but the submitter is under no obligation to build what has been reviewed.

#### SECTION 6: FIRE PROTECTION SYSTEMS PLAN & REVIEW INSPECTIONS:

Fire protection systems include automatic fire sprinkler systems, fire standpipe systems, fire alarm systems and automatic fire extinguishing systems. The below fees reflect the time commitment to perform these inspections:

(a)	Fire Sprinkler System Plan Review & Permit	\$200.00
(b)	Fire Sprinkler System Inspection floor	\$150.00 per
		and/or riser
(c)	Underground Inspection	\$150.00
(d)	Fire Pump Test	\$100.00
(e)	Underground Permit (if separated from sprinkler plan)	\$100.00
(f)	Minor Sprinkler System (less than 25 heads, not underground)	\$150.00
(g)	Sprinkler Work Without a Permit fees, or \$250 greater	Double all whichever is
(h)	Re-Inspection Fee	\$100.00

Fire sprinkler system inspections include a two-hour hydrostatic test and final inspection upon project completion. Each floor of a building or each zone risers are tested separately. Underground piping requires a two-hour hydrostatic test, a witnessed system flush inspection and a final inspection. Fire pump inspections require a flow test.

#### SECTION 7: FIRE PROTECTION SYSTEMS AUTOMATIC FIRE EXTINGUISHING SYSTEM AND FIRE PROTECTION SYSTEMS FIRE ALARM SYSTEMS:

The rates for review, permitting, inspections and testing of automatic fire extinguishing systems and fire alarm systems are as follows:

(a)	Automatic Extinguishing System Review & Permit	\$75.00
(b)	Automatic Extinguishing System Inspection/Functional Test	\$75.00 each
(c)	Automatic Extinguishing System Work Without a Permit whichever is greater	Double all fees, or \$250

(d)	Automatic Extinguishing System Re-Inspection Fee	\$40.00
(e)	Fire Alarm System Review, Permit, Inspections/Test <u>(Item (e) only applies to single story structures with less than ten (10) devices and a value of less than \$5000)</u>	\$150.00
(f)	Fire Alarm System Review & permit <u>(Item (f) applies to all systems with 10 or more devices or than a single story or a value of \$5000 or more)</u>	\$100.00
(g)	Fire Alarm System Inspections/Test <u>(Item (g) applies to all systems with 10 or more devices or more than a story or a value of \$5000 or more)</u>	\$150.00 per floor
(h)	Fire Alarm System Work Without a Permit <u>is greater</u>	Double all fees <u>or \$250 whichever</u>
(i)	Fire Alarm System Re-Inspection Fee	\$40.00

#### Section 8: BUSINESS TAX RECEIPT REVIEW:

The rates for Business Tax Receipt review, special event review and inspections are as follows:

(a)	Business Tax Receipt Review	\$15.00
-----	-----------------------------	---------

Business Tax Receipt inspection fees will be in accordance with Table 9-1.

#### SECTION 9: FIRE PREVENTION SAFETY INSPECTION RATES:

Fire Prevention and Life Safety inspections are based on the square footage of the building. Fees charged for Fire Prevention and Life Safety inspections will be in accordance with Table 9-1. If no code violations are found at the initial inspection, the fee charged will be in accordance with column A. If no code violations remain at the time of the first re-inspection, the fee charged will be in accordance with column A. If a second, third or fourth re-inspection is required to gain compliance with the Code the fee charged will be according to columns C, D, or E respectively.

If the owner and/or tenant is taken to the Code Enforcement Board, in addition to any fees, fines or penalties charged or imposed by Code Enforcement and/or the Special Magistrate, the Office of Fire Prevention will charge an administrative fee of \$250. Each additional inspection required will be charged at a rate equal to those in column A of Table 9-1.

All of the above fees are cumulative.

Fire Prevention and Life Safety inspections will be conducted annually on those occupancies where people gather and/or where they sleep. Storage over 9,999 square feet, mercantile over 2,999 square feet, business over 30,000 square feet, industrial over 9,999 square feet and all high hazard

facilities/operations will also be inspected annually. Specifically, the fire prevention office will target hazard associated with the potential for large loss of life or property damages.

Certain operations and occupancies will be inspected as required by Florida Statute and/or the Florida Administrative Code.

The remaining commercial properties will be inspected every three years.

Total fees are based on the historical trends in the fire prevention data base.

Below is the Fire Prevention Safety Inspection Fee Matrix (Table 9-1)
