Re: **Hickory Ridge, Phase 4**
17SD00015 / 18ER00016 / 22FI-00020

Dear Mr. Lamb,

As of this date, Brevard County has inspected and closed the permit for the project referenced above. The engineer of record has certified that the work has been constructed in conformance with the plans and specifications approved by Brevard County.

The improvements, unless otherwise noted, are complete and covered by a two-year maintenance bond. Upon a successful completion of a maintenance bond inspection by Brevard County staff, the infrastructure within the dedicated right of way will become publicly maintained unless otherwise noted.

Thank you for your cooperation in the completion of this project. Please contact me if you have any questions.

Sincerely,

Rachel A. Gerena

Rachel A. Gerena, PE
Public Works Engineering Manager

Amy,

Since the letter shows everything as a "PASS" and there are no deficiencies can you clarify what else is needed to get the Certificate of Completion on this?

Thanks.

-Scott

Re: **Hickory Ridge, Phase 4**
17SD00015 / 18ER00016 / 22FI-00020

Dear Mr. Lamb,

The final walk-thru inspection results are summarized below for the above mentioned project. You may contact each individual agency (phone numbers listed below) with any questions that you may have.

PASS Engineering Inspection: Jimmy Savary, 321-634-2194

PASS Landscape Clearing: Jeanne Allen, 321-795-3093

PASS Fire Prevention: Dan Heller, 321-633-2056

PASS Survey: Tony Vitale, 321-633-2080

PASS Water Resources: Tammy Hurley, 321-633-2094

PASS Traffic Engineering: Devin Swanson, 321-633-2077

Upon completion of all listed deficiencies, please contact me at 321-350-8334 to schedule a re-inspection.

Thank you,

Amy Rivera

Attached, please find a revised paving/drainage as-built drawing and signed as-built certification form.

1. Per the approved plans, sidewalks were to be constructed within the right-of-way fronting common areas including Tracts D, E, and I. The As-Built does not show these sidewalks and does not include spot elevations on these sidewalks. Please construct these sidewalks per the approved plans and update the As-Built accordingly. Please ensure pairs of spot elevations are provided at the ends and where there are changes in slope to confirm compliance with the approved plans and A.D.A. requirements.
Please see attached revised as-built drawings for the requested information.

A final inspection will be requested once the remaining punchlist items have been completed.

Thanks.

-Scott

Re: **Hickory Ridge, Phase 4**
17SD00015 / 18ER00016 / 22FI-00020

Dear Mr. Lamb,

The final walk-thru inspection results are summarized below for the above mentioned project. You may contact each individual agency (phone numbers listed below) with any questions that you may have.

Failed Engineering Inspection: Jimmy Savary, 321-634-2194

1. Backfill and install sod along all sidewalk and curb.
2. Remove all debris from site including tires, old metal pipe, and Palm tree mulch.
3. House pads to be graded to proper elevation.
4. Remove silt and debris from all drain structures.
5. Restore area at the entrance off of US 1 in center island where the concrete power pole was removed.

Failed Landscape Clearing: Jeanne Allen, 321-795-3093

1. Only 25 Live Oak trees were required as part of the common area plantings. A couple are very stressed and one is missing or died. This is the last phase for ensuring the trees are viable. Please replace dying trees (replacement caliper can be discussed) Jeanne Allen 321-795-3093.

PASS Fire Prevention: Dan Heller, 321-633-2056

Failed Survey: Tony Vitale, 321-633-2080

1. Cannot begin to approve this inspection as there has not been a review of a "phase 4" plat.

PASS Water Resources: Tammy Hurley, 321-633-2094

PASS Traffic Engineering: Devin Swanson, 321-633-2077

Upon completion of all listed deficiencies, please contact me at 321-350-8334 to schedule a re-inspection.

Thank you,

Amy Rivera

Re: **Hickory Ridge, Phase 4**
17SD00015 / 18ER00016

Dear Mr. Lamb,

The submitted final as-built survey was reviewed by the Brevard County Engineering Department. **NOTE:** In regards to Utilities, this as-built review is limited to confirming depiction of them as shown on the approved Site Plan. Below please find their review comments for the above project that were not addressed:

1. Per the approved plans, sidewalks were to be constructed within the right-of-way fronting common areas including Tracts D, E, and I. The As-Built does not show these sidewalks and does not include spot elevations on these sidewalks. Please construct these sidewalks per the approved plans and update the As-Built accordingly. Please ensure pairs of spot elevations are provided at the ends and where there are changes in slope to confirm compliance with the approved plans and A.D.A. requirements.

To discuss these issues, please email Lauren Holman, PE, at lauren.holman@brevardfl.gov or call **321-350-8337**. Once these comments have been addressed, please submit three revised signed and sealed as-built surveys and a new signed and sealed "Request for Final / Engineer Certification" form.

Sincerely,

Amy Rivera
