Adopt-An-Area

Litter: People do it. People can stop it.

If left unchecked, litter becomes more than just an eyesore. Litter in the environment can hurt wildlife, deter tourism and, over time, begin to erode the value of the surrounding area. Like a magnet, litter draws more litter, and areas can often become blighted by those who do not properly dispose of their trash.

Litter reduction is a simple, positive action that each of us can participate in. By demonstrating constructive behavior, volunteers in Keep Brevard Beautiful's Adopt-An-Area programs instill community pride, which helps to deter negative behaviors like litter, vandalism, and criminal activity. Continuous environmental enhancement through litter removal results in a beautiful and safe community.

Which Areas Are Up For Adoption?

Who Can Adopt An Area?

What Will I Need To Do?

How Will KBB Support My Efforts?

How Do I Get Started?

Contact Volunteer & Events Coordinator and provide the following information:

- What type of area would you like to adopt?
- What region of the county would you like to work in?
- How many people are in your group?

How Do I Get Started?

Contact Volunteer & Events Coordinator and provide the following information:

- What type of area would you like to adopt?
- What region of the county would you like to work in?
- How many people are in your group?
- Does your group contain minors?
- Are there any other considerations we should be aware of?

KBB staff will put together a list of adoption options to suit your needs and help you to plan your first cleanup.
