NOTICE OF AVAILABILITY

Pursuant to the requirements of
the National Environmental Policy
Act (NEPA), the U.S. Department
of the Air Force (DAF) announces
the availability of a Final Environ-
mental Assessment (EA) for the
beddown of Headquarters Space
Training and Readiness Command
(HQ STARCOM) at one of Multiple
Installations in conformance with
Air Force Instruction (AFI) 10-503,
Strategic Basing.

The Proposed Action would require
68,599 square feet of facility space
and 94,500 square feet of parking
area at both the temporary interim
and permanent locations to support
approximately 350 authorized posi-
tions. The proposed facility design
to meet square footage require-
ments would vary by alternative
site location (e.g., building height,
number of buildings, construction
of new buildings and/or renovation
and reuse of existing buildings,
etc.). Functions and components of
the proposed facilities would include
the following: operations center(s);
associated offices, conference
rooms, and administrative areas;
training and exercise space;
communications and infrastructure
equipment; and kitchen and dining
areas.

The installations being considered
to host HQ STARCOM include the
following:

1. Buckley Space Force Base, Colo-
rado
2. Patrick Space Force Base, Flori-
da
3. Peterson Space Force Base, Colo-
rado
4. Schriever Space Force Base, Colo-
rado
5. Vandenberg Space Force Base, Cal-
ifornia

The Final EA also considers a No
Action Alternative, which provides
a baseline for comparison with
impacts from the Proposed Action
and to satisfy federal requirements
for analyzing "no action" under
NEPA (40 CFR 1502.14(d)). Under
the No Action Alternative, beddown
of HQ STARCOM would not occur,
and no related facilities would be
built or renovated at the respective
installations. A copy of the Final EA
and the Final Finding of No Signifi-
cant Impact are available now at
[https://www.patrick.spaceforce.mil/](https://www.patrick.spaceforce.mil/Resources/Environmental/)
