STATE OF FLORIDA
COMMISSION FOR THE TRANSPORTATION DISADVANTAGED
MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is between the COMMISSION FOR THE TRANSPORTATION DISADVANTAGED, hereby referred to as the "Commission," and

Brevard County Board of County Commissioners d/b/a Space Coast Area Transit, 401 South Varr

Avenue, Cocoa, FL 32922

the COMMUNITY TRANSPORTATION COORDINATOR, designated pursuant to Chapter 427, F.S., to serve the transportation disadvantaged for the community that includes the entire area of

BREVARD

county(ies), and hereafter referred to as the "Coordinator."

This Agreement is made in consideration of the mutual benefits to both parties; said consideration acknowledged hereto by the parties as good and valuable consideration.

The Parties Agree:

I. The Coordinator Shall:

- A. Become and remain totally apprised of all of the Transportation Disadvantaged resources available or planned in their designated service area. This knowledge will be used to plan, coordinate, and implement the most cost effective transportation disadvantaged transit system possible under the economic and other conditions that exist in the designated service area.
- B. Plan and work with Community Transportation Coordinators in adjacent and other areas of the state to coordinate the provision of community trips that might be handled at a lower overall cost to the community by another Coordinator. This includes honoring any Commission-approved statewide certification program that allows for intercounty transportation opportunities.
- C. Arrange for all services in accordance with Chapter 427, Florida Statutes, and Rule 41-2, FAC, and as further required by the Commission and the local Coordinating Board approved Transportation Disadvantaged Service Plan.
- D. Return any acquired profits or surplus funds originating through the course of business as the Coordinator that are beyond the amounts(s) specifically identified and approved in the accompanying Transportation Disadvantaged Service Plan. Such profits or funds shall be returned to the Coordinator's transportation system or to any subsequent Coordinator, as a total transportation system subsidy, to be applied to the immediate following operational year. The Coordinator will include similar language in all coordination contracts to assure that transportation disadvantaged related revenues are put back into transportation disadvantaged services.

E. Accomplish this Project by:

1. Developing a Transportation Disadvantaged Service Plan for approval by the local Coordinating Board and the Commission. Coordinators who are newly designated to a particular service area shall submit a local Coordinating Board approved Transportation Disadvantaged Service Plan, within 120 calendar days following the execution of the Coordinator's initial memorandum of agreement with the Commission, for approval by the Commission. All subsequent Transportation Disadvantaged Service Plans shall be submitted and approved with the corresponding memorandum of agreement. The approved Transportation Disadvantaged Service Plan will be implemented and monitored to provide for community-wide transportation services for purchase by non-sponsored transportation disadvantaged persons, contracting social service agencies, and other entities that use local, state, or federal government funds for the purchase of transportation for the transportation disadvantaged.
2. Maximizing the use of available public school transportation resources and public fixed route or fixed schedule transit services and assuring that private or public transit, paratransit operators, and school boards have been afforded a fair opportunity to participate to the maximum extent feasible in the planning process and in the development of the provisions of the Transportation Disadvantaged Service Plan for the transportation disadvantaged.
3. Providing or arranging 24-hour, 7-day per week transportation disadvantaged service as required in the designated service area by any Federal, State or Local Government agency sponsoring such services. The provision of said services shall be furnished in accordance with the prior notification requirements identified in the local Coordinating Board and Commission approved Transportation Disadvantaged Service Plan.
4. Complying with all local, state, and federal laws and regulations that apply to the provision of transportation disadvantaged services.
5. Submitting to the Commission an Annual Operating Report detailing demographic, operational, and financial data regarding coordination activities in the designated service area. The report shall be prepared on forms provided by the Commission and according to the instructions of said forms.

F. Comply with Audit and Record Keeping Requirements by:

1. Utilizing the Commission recognized Chart of Accounts defined in the *Transportation Accounting Consortium Model Uniform Accounting System for Rural and Specialized Transportation Providers* (uniform accounting system) for all transportation disadvantaged accounting and reporting purposes. Community Transportation Coordinators with existing and equivalent accounting systems are not required to adopt the Chart of Accounts in lieu of their existing Chart of Accounts but shall prepare all reports, invoices, and fiscal documents relating to the transportation disadvantaged functions and activities using the chart of accounts and accounting definitions as outlined in the above referenced manual.

2. Assuming the responsibility of invoicing for any transportation services arranged, unless otherwise stipulated by a purchase of service contract or coordination contract.
 3. Maintaining and filing with the Commission, local Coordinating Board, and all purchasing agencies/entities such progress, fiscal, inventory, and other reports as those entities may require during the period of this Agreement.
 4. Providing copies of finance and compliance audits to the Commission and local Coordinating Board as requested by the Commission or local Coordinating Board.
- G. Retain all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for a period of five (5) years after termination of this Agreement. If an audit has been initiated and audit findings have not been resolved at the end of five (5) years, the records shall be retained until resolution of the audit findings. The Coordinator shall assure that these records shall be subject to inspection, review, or audit at all reasonable times by persons duly authorized by the Commission or this Agreement. They shall have full access to and the right to examine any of the said records and documents during the retention period.
- H. Comply with Safety Requirements by:
1. Complying with Section 341.061, F.S., and Rule 14-90, FAC, concerning System Safety; or complying with Chapter 234.051, F.S., regarding school bus safety requirements for those services provided through a school board; and
 2. Assuring compliance with local, state, and federal laws, and Commission policies relating to drug testing. Conduct drug and alcohol testing for safety sensitive job positions within the coordinated system regarding pre-employment, randomization, post-accident, and reasonable suspicion as required by the Federal Highway Administration and the Federal Transit Administration.
- I. Comply with Commission insurance requirements by maintaining at least minimum liability insurance coverage in the amount of \$200,000 for any one person and \$300,000 per occurrence at all times during the existence of this Agreement for all transportation services purchased or provided for the transportation disadvantaged through the Community Transportation Coordinator. Upon the execution of this Agreement, the Coordinator shall add the Commission as an additional **named insured** to all insurance policies covering vehicles transporting the transportation disadvantaged. In the event of any cancellation or changes in the limits of liability in the insurance policy, the insurance agent or broker shall notify the Commission. The Coordinator shall insure that contracting transportation operators and coordination contractors also maintain the same minimum liability insurance, or an equal governmental insurance program. Insurance coverage in excess of \$1 million per occurrence must be approved by the Commission and the local Coordinating Board before inclusion in the Transportation Disadvantaged Service Plan or in the justification of rates and fare structures. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida and written verification of insurance protection in accordance with Section 768.28, Florida Statutes, shall be provided to the Commission upon request.

- J. Safeguard information by not using or disclosing any information concerning a user of services under this Agreement for any purpose not in conformity with the local, state and federal regulations (45 CFR, Part 205.50), except upon order of a court, written consent of the recipient, or his/her responsible parent or guardian when authorized by law.
- K. Protect Civil Rights by:
1. Complying with state and federal laws including but not limited to laws regarding discrimination on the basis of sex, race, religion, age, disability, sexual orientation, or national origin. The Coordinator gives this assurance in consideration of and for the purpose of obtaining federal grants, loans, contracts (except contracts of insurance or guaranty), property, discounts, or other federal financial assistance to programs or activities receiving or benefiting from federal financial assistance and agreeing to complete a Civil Rights Compliance Questionnaire if so requested by the Commission.
 2. Agreeing that compliance with this assurance constitutes a condition of continued receipt of or benefit from federal financial assistance, and that it is binding upon the Coordinator, its successors, subcontractors, transferee, and assignees for the period during which such assistance is provided. Assure that all operators, subcontractors, subgrantee, or others with whom the Coordinator arranges to provide services or benefits to participants or employees in connection with any of its programs and activities are not discriminating against those participants or employees in violation of the above statutes, regulations, guidelines, and standards. In the event of failure to comply, the Coordinator agrees that the Commission may, at its discretion, seek a court order requiring compliance with the terms of this assurance or seek other appropriate judicial or administrative relief, to include assistance being terminated and further assistance being denied.
- L. To the extent allowed by Section 768.28, Florida Statutes, and only to the monetary and other limitations contained therein, indemnify and hold harmless the Commission and all of the Commission's members, officers, agents, and employees; purchasing agency/entity officers, agents, and employees; and the local, state, and federal governments from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Coordinator during the performance of this Agreement, whether direct or indirect, and whether to any person or property to which the Commission or said parties may be subject, except that neither the Coordinator nor any of its sub-contractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the Commission or any of its members, officers, agents or employees; purchasing agency/entity, officers, agents, and employees; and local, state, or federal governments. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency/entity or Coordinator to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by a state agency/entity or political subdivision of the State of Florida or the federal government to be sued by third parties in any matter arising out of any Agreement or contract. Notwithstanding the foregoing, pursuant to Section 768.28, Florida Statutes, no agency or subdivision of the state shall be required to indemnify, insure, or assume any liability for the Commission's negligence.

- M. Comply with standards and performance requirements of the Commission, the local Coordinating Board approved Transportation Disadvantaged Service Plan, and any purchase of service contracting agencies/entities. Failure to meet the requirements or obligations set forth in this MOA, and performance requirements established and monitored by the local Coordinating Board in the approved Transportation Disadvantaged Service Plan, shall be due cause for non-payment of reimbursement invoices until such deficiencies have been addressed or corrected to the satisfaction of the Commission.
- N. Comply with subcontracting requirements by executing or negotiating contracts for transportation services with Transportation Operators and Coordination Contractors, and assuring that the conditions of such contracts are maintained. The requirements of Part 1, Paragraph E.5. through M are to be included in all contracts, subcontracts, coordination contracts, and assignments made by the Coordinator for services under this Agreement. Said contracts, subcontracts, coordination contracts, and assignments will be reviewed and approved annually by the Coordinator and local Coordinating Board for conformance with the requirements of this Agreement.

For transit services, the driver photo identification shall be in a conspicuous location in the vehicle.

The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheelchair securement devices, storage of mobility assistive devices, and closing the vehicle door. In certain paratransit service categories, the driver may also be required to open and close doors to buildings, except in situations in which assistance in opening/closing building doors would not be safe for passengers remaining on the vehicle. Assisted access must be in a dignified manner. Drivers may not assist wheelchair up or down more than one step, unless it can be performed safely as determined by the passenger, guardian, and driver.
 3. All vehicles shall be equipped with two-way communications in good working order and be audible to the driver at all times to the base.
 4. All vehicles providing service within the coordinated system, shall have working air conditioners and heaters in each vehicle. Vehicles that do not have a working air conditioner or heater will be scheduled for repair or replacement as soon as possible.

P. Comply with other requirements as follows:

1. Transport an escort of a passenger and dependent children as locally negotiated and identified in the local Transportation Disadvantaged Service Plan.
2. Determine locally in the Transportation Disadvantaged Service Plan, the use, responsibility, and cost of child restraint devices.
3. Transport with the passenger at no additional charge, passenger property that can be carried by the passenger and/or driver in one trip and can be safely stowed on the vehicle. Additional requirements may be negotiated for carrying and loading rider property beyond this amount. Passenger property does not include wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, or intravenous devices.
4. Provide shelter, security, and safety of passengers at vehicle transfer points.
5. Post a local or other toll-free number for complaints or grievances inside each vehicle. The local complaint process shall be outlined as a section in the local Transportation Disadvantaged Service Plan including advising the dissatisfied person about the Commission's Ombudsman Program as a step within the process as approved by the local Coordinating Board.
6. Provide out-of-service-area trips, when determined locally and approved by the local Coordinating Board, except in instances where local ordinances prohibit such trips.
7. Keep interior of all vehicles free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or provide discomfort for the passenger.
8. Determine locally by the local Coordinating Board and provide in the local Transportation Disadvantaged Service Plan the billing requirements of the Community Transportation Coordinator. All bills shall be paid to subcontractors within 7 calendar days after receipt of said payment by the Coordinator, in accordance with Section 287.0585, Florida Statutes.
9. Maintain or have access to a passenger/trip database on each rider being transported within the system.
10. Provide each rider and escort, child, or personal care attendant adequate seating for paratransit services. No more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time. For transit services provided by transit vehicles, adequate seating or standing space will be provided to each rider and escort, child, or personal care attendant, and no more passengers than the registered passenger seating or standing capacity shall be scheduled or transported in a vehicle at any time.

If any of the provisions of this Agreement is found by a court of law to violate any applicable state law, the purchasing agency/entity will at once notify the Commission in writing in order that appropriate changes and modifications may be made by the Commission and the Coordinator to the end that the Coordinator may proceed as soon as possible with the provision of transportation services.

B. If any part or provision of this Agreement is held invalid, the remainder of this Agreement shall be binding on the parties hereto.

Said notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery. Waiver by the Commission of breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement, and shall not act as a waiver or estoppel to enforcement of any provision of this Agreement. The provisions herein do not limit the Commission's right to remedies at law or to damages.

D. This agreement will expire unless an extension is granted to the Coordinator in writing by the Commission, in accordance with Chapter 287, Florida Statutes.

PART II - FUNDING REQUEST

Form A-1: Current System Description

- (a) Please provide a brief general overview of the organization type (i.e., government authority, private non-profit, etc.) including its mission, program goals, and objectives (Maximum 300 words).

Brevard County Board of County Commissioners d/b/a Space Coast Area Transit, provides transportation services for its 600,000 area residents plus visitors. It totaled 1,688,325 during Fiscal Year 2020 and 2,353,120 passenger trips in Fiscal Year 2019, a decrease in numbers in Fiscal Year 2020 due to COVID-19.

Our system currently operates 23 fixed routes with 32 buses Monday-Friday, 22 fixed routes with 27 buses on Saturday, and 4 fixed routes on Sunday. 34 demand response routes Monday-Friday, eight on Saturday, and three on Sunday. Demand-response includes traditional paratransit, 18 contract routes to adult day training programs and seniors at lunch. Demand response service is provided in house, and the drivers and buses are used in both demand-response and fixed route modes. Our Volunteers in Motion program has eight vehicles in which volunteer drivers provide demand-response trips. Space Coast Area Transit also has a contracted vanpool program with 71 vans leased to commuters and social service agencies.

Space Coast Area Transit’s mission is “To provide quality transportation services that meet the needs of the public and enhances the quality of life of the community.” Our program goals are safe driving, passenger safety, excellent customer service, and on time performance.

Fixed route ridership grew by double digits every year from 2007-2015; yet the past five years the ridership has declined. Our goal as a system is to regain ridership growth with promotional events, training, launching of a new Intelligent Transportation System that will provide real time bus schedule information and better service. We added two new paratransit routes to meet demand for transportation for the visually impaired and other disabled persons, and increasing kidney dialysis. This year we are in the processing of purchasing seven E-450 vehicles; five as replacements and two as expansion to our paratransit fleet.

(e) How does your agency ensure that passengers are eligible recipients of 5310-funded transportation service? *Maximum 200 words*

Space Coast Area Transit ensures eligibility of demand-response passengers by first conducting a telephone interview with potential riders followed by them receiving and submitting a formal application for documentation and verification. This process in compliance with the approval of the Florida Commission for the Transportation Disadvantaged and Florida Department of Transportation. Space Coast Area Transit also has an ADA Paratransit Application process that has been approved by the Federal Transit Administration.

(b) In which geographic area(s) will the requested grant funds be used to provide service?

- Urban (UZA)
- Small Urban (SUZA)
- Rural

Complete the service area percentages for the geographic areas where the requested grant funds will be used to provide service

Example:

If your agency makes 500 trips per year and 100 of those trips are urban then:

$$100 \text{ UZA trips} / 500 \text{ total trips} = .2 * 100 = 20\% \text{ UZA service area}$$

UZA	1,336,378	/	1,610,093	=	83%	% UZA service area
SUZA	273,715	/	1,610,093	=	17%	% Small Urban service area
Rural		/		=		% Rural service area
Number of trips, revenue service hours, or revenue service miles within specified geographic area		Divided by	Total number of trips, revenue service hours, or revenue service miles		Equals	Percentage of service within specified geographic area

Calculate the funding split for the geographic areas where the requested grant funds will be used to provide service.

UZA	N/A	X	=	\$
SUZA		X	=	\$
Rural		X	=	\$
Total amount requested		Multiplied by	Percentage of service within specified geographic area	Equals Funding split

NOTE: When invoicing for operating projects, you must use the above funding split on your invoice summary forms.

Once you have determined the funding split between UZA, SUZA and Rural, you will need to calculate the match amount.

NOTE: Operating Assistance (50% Federal and 50% Local):

UZA	N/A	X	.5 Federal & .5 Local	=	\$	\$
SUZA		X	.5 Federal & .5 Local	=	\$	\$
Rural		X	.5 Federal & .5 Local	=	\$	\$
Funding Split		Multiplied by	.5 Federal & .5 Local	Equals	Federal	Local

NOTE: Capital Assistance (80% Federal, 10% State and 10% Local):

UZA	\$476,319	X	.8 Federal & .1 State & .1 Local	=	\$ 381,055	\$ 47,632	\$47,632
SUZA	\$97,559	X	.8 Federal & .1 State & .1 Local	=	\$ 78,047	\$9,756	\$ 9,756
Rural		X	.8 Federal & .1 State & .1 Local	=	\$	\$	\$
Funding Split		Multiplied by	.8 Federal & .1 State & .1 Local	Equals	Federal	State	Local

(c) How will the grant funding improve your agency’s transportation service? Provide a general description of the project components to be funded via this agreement.

We currently have two 1,000 gallon gasoline tanks, one at each terminal. We estimate these tanks can support 5 gasoline powered cutaway buses at each terminal. We currently have 3 existing vehicles in our inventory and are expecting an additional 12 vehicles within this current and next state fiscal year.

Our current 1,000 gallon gasoline tanks, are scheduled to be replaced in Fiscal Year 2022 as outlined in our Transit Asset Management Plan. We would like to replace our existing gasoline tanks with larger capacity tanks accommodating 5,000 gallons. This would not only allow us to stay within compliance of our TAM Plan but meet the needs of our expanding gasoline powered fleet. Estimates for the replacements of the two tanks are attached.

While addressing the need for larger gasoline tanks, at the Cocoa Terminal, an evaluation of the soil conditions to determine the necessary fill material and compaction requirements to replace existing damaged concrete which covers the existing fuel island and is adjacent to the fuel tanks. The work should be done in conjunction with replacement of the existing fuel tanks which shall be replaced in compliance with Florida Building Code and the Florida Department of Environmental Protection.

(d) Provide a description of the project location, please include at least one of the below. Use attachments if necessary:

- Transportation service geographical limits
- Maps

Brevard COUNTY | **Volunteers in Motion**
 "We Serve Because We Care"

- (e) Describe project components in detail. Please explain the challenges or difficulties that your agency will overcome if awarded these funds.

Will it be used to:

- Provide more hours of service?
- Expand service to a larger geographic area?
- Provide shorter headways?
- Provide more trips?
- To continue service or expand service?

Space Coast Area Transit currently has 29 cutaway buses, 3 of which are gas powered. We are in the process of purchasing additional gasoline powered buses: 7 E-450 cutaway buses through an existing Section 5310 grant and 5 Collins Transit (cutaway buses) through an existing Section 5307 grant. This will bring our total of gasoline buses to 15. We currently have two 1,000 gallon gasoline tanks, one at each terminal. With our current system we can only support 10 gasoline powered buses. Which would mean that we would have to increase our fuel delivery and reduce our service during emergency declarations or situations.

With this grant we would replace our existing tanks with 5,000 gallon tanks. This will not only allow us to meet our the fuel consumption for our existing 3 and 12 new gas powered buses, but allow more growth as we move more of our paratransit fleet from diesel powered vehicles to gasoline.

The larger gallon tanks will also be advantageous during declared emergencies when fuel deliveries can not be made, not only could we support all of our vehicles, we could assist other Section 5310 recipients in Brevard County with fuel.

While addressing the need for larger gasoline tanks, at the Cocoa Terminal we need to evaluate the soil conditions to determine the necessary fill material and compaction requirements to replace existing damaged concrete which covers the existing fuel island and is adjacent to the fuel tanks.

- (f) If this grant is not fully funded, can you still proceed with your transportation program? Explain.

Yes, this will not impact our regular service. We would need to increase the number of fuel deliveries we receive per month. The effects on our service during declared emergencies is unknown.

The evaluation of the soil conditions for the fill material and compaction requirements to replace existing damaged concrete at our facility in Cocoa, could lead to further damage to existing concrete and increase the chances of major renovations to the fuel island itself.

- (g) **All Non-CTC Applicants:** Have you met with the CTC and, if so, how are you providing a service they cannot? Provide detailed information supporting this determination. *Applications submitted without the appropriate CTC coordination agreement may be rejected by FDOT. Grant awards will not be made without an appropriate coordination agreement.*

Capital Requests Only

- (a) If this capital request includes equipment, please describe the purpose of the request.
- (b) If you are requesting a vehicle that requires a driver with a CDL:
 - Do you currently have an adequate number of CDL licensed drivers on staff to operate the requested vehicle(s)? If not, how will you ensure staffing needs are met?
- (c) If the requested vehicles or equipment will be used by a lessee or private operator under contract to the applicant agency, identify the proposed lessee/operator.
 - Include an equitable plan for distribution of vehicles/equipment to lessees and/or private operators.

- (a) The purpose of this capital request is to purchase and install two 5,000 gallon gasoline fuel tanks, to replace the current 1,000 gallon gasoline tanks at each of our Transit Terminals. In addition, complete an evaluation of existing soil conditions determine the fill materials and compaction requirements to repair damaged concrete which covers the fuel lines.
- (b) We are not requesting any vehicles.
- (c) The newly purchased equipment will not be used by a lessee or private operator under contract.

Preventive Maintenance Requests Only

Note: Applicants applying for preventative maintenance costs must have a District-approved Preventative Maintenance (PM) Plan and a cost allocation plan if maintenance activities are performed in-house.

- (a) Please specify Period of Performance (should not exceed one (1) year)
- (b) Please include a list of general PM activities to take place with the funding
- (c) Please list useful life for purchase of any items over \$5,000
- (d) Funding Request Amount for Preventative Maintenance: _____

TRANSIT SERVICES DEPARTMENT SUMMARY

MISSION STATEMENT:

To provide quality transportation services that meets the needs of the public and enhances the quality of life for the community.

PROGRAMS AND SERVICES:

ACCOMPLISHMENTS, INITIATIVES, TRENDS AND ISSUES AND SERVICE LEVEL IMPACTS:

- Provided over 149,072 hours of revenue services on all buses
- Added 2 new paratransit routes to meet demand for additional senior and disabled transportation
- Hosted 7th annual Tourism and Transit Summit in Cape Canaveral with over 280 government and business leaders, other stakeholders, and staff attending
- “Ride with Jim” event has continued to be very popular, with Assistant County Manager interacting with citizens and educating them about different County Departments and Transit Services

- Awarded new Vanpool Management contract to Commute With Enterprise
- Awarded new General Planning Consultant contract to Tindale-Oliver and Associates
- Awarded new Intelligent Transportation Systems contract to E T A Transit
- Completed new Title VI Plan for F T A
- Completed Federal Transit Administration Comprehensive Review

Initiatives:

- Composing Public Transportation Agency Safety Plan (P T A S P) in response to new federal requirement
- Preparation for County Internal Audit
- Preparation for Florida D O T Triennial Review

Trends and Issues:

The COVID-19 pandemic has had a big impact on our service, with stay at home orders and closures affecting important segments of our riders, like the Adult Day Training Centers, seniors, restaurants, hotels-hospitality workers, retail stores and vanpoolers. We estimate the total system ridership is down by more than half of normal. We have made numerous service cuts and are currently running Saturday Fixed Route service on weekdays. Long-term effects of COVID Virus impact on ridership, driver availability, farebox and advertising revenue are uncertain. The Federal Transit Administration CARES Act support of \$17,872,063 is expected to greatly help us with Operating costs, especially wages and benefits through Fiscal Year 2021. This should enable the department to avoid layoffs and hire additional drivers for the 3 new bus routes. It will also pay for preventive maintenance, personal protective equipment and other expenses related to the virus. This would also be a strategic time to make a name change from Space Coast Area Transit (S C A T) to 321 Transit, and the expenses associated with the change. The need for County General Fund and Florida D O T grants will be reduced but not eliminated.

Service Level Impacts:

- Addition of 3 new Fixed Routes in Fiscal Year 2020-2021, funded by the CARES Act

Transit Capital:

Accomplishments:

- Improvements to Cocoa Transit Center on South Varr Avenue in Cocoa
- Installed bus shelter in West Melbourne
- Received new buses: (2) 35 ft. Gillig trolleys, (4) 30 ft. Freightliners, (3) 24 ft. Ford E-450's
- Awarded new Intelligent Transportation Systems contract to ETA Transit
- Cocoa fueling station upgrades
- Cocoa administration building A/C replacement
- Award of new Vehicle Maintenance contract

Initiatives:

- Bus shelter installations in Viera, Satellite Beach, Merritt Island, Cape Canaveral, Rockledge, Melbourne
- Implementation of Intelligent Transportation Systems hardware and modules: Automatic Vehicle Locating, Paratransit Scheduling, Real Time Passenger Information, Automatic Passenger Counting, Automatic Stop Announcements, wi-fi on buses, etc.
- Begin demolition of the condemned building on King Street in Cocoa for expanded employee parking at the Cocoa terminal
- Melbourne and Cocoa administration building upgrades
- Purchase of new small buses
- Continue to upgrade and modernize the vanpool fleet with contractor

- Continue to bring bus stops into A D A compliance, working with private contractors to install bus benches

Trends and Issues:

- Continuing effects of COVID-19
- Anticipate CARES Act additional funding

Service Level Impacts:

Additional CARES Act funding will allow for barriers to be installed to protect drivers, retrofit cloth seats to a material that can be cleaned and sanitized and will allow existing funding to be reallocated to other projects.

Level	Is it Mandated?	References
Federal Law	No	Not Applicable
State Statute	No	Not Applicable
Voter Referendum	No	Not Applicable
County Ordinance	No	Not Applicable
County Policy/Administrative Order	No	Not Applicable

Service Change Description:

Addition of three fixed routes

Justification of Need/Alternative Funding Statement:

Central Titusville: Currently Route 2 travels the perimeter of the city; requests for much needed services to DeLeon Avenue and Barna Avenue. South Beach Connector: Currently Route 26 has a two hour round trip from Melbourne Airport to Cocoa Beach; keep Route 26 beachside with a new connector route across Melbourne and Eau Gallie Causeways to Airport, also increases service to Eau Gallie Arts District. Port St. John: There is currently no service here.

Outcome of Service Change:

With the addition of the three new fixed routes, more citizens will have a better opportunity for transportation to work, medical appointments, school, shopping and other activities.

Service Change Description:

New Mobility Manager position

Justification of Need/Alternative Funding Statement:

Our vanpool ridership statistics submitted to the Federal National Transit Database (NTD) have been challenged. The Federal Transit Administration has reviewed and recommended changes to the Human Service Agency vanpool program in order for vans leased to Human Service Agencies to continue to qualify as public transportation as defined by Federal Transit Administration grant requirement. The corrective action is to hire a Mobility Manager and dispatch paratransit trips in a brokerage system to the Human Service Agencies. If this corrective action is not taken, loss of future federal funding for the vanpool could occur.

Outcome of Service Change:

Will be in compliance with the Federal Transit Administration regulations, and be able to count the trips in our annual National Transit Database vanpool/paratransit reporting.

Re: Triennial Title VI Program Update

Dear Scott Nelson, Director,

The Federal Transit Administration (FTA) has received and reviewed Brevard County, FL's initial Title VI program submitted on 3/31/2020. This Title VI program will be effective until March 31, 2023. The Department of Transportation (DOT) requires recipients of DOT funds to demonstrate compliance with Title VI of the Civil Rights Act of 1964 through regular compliance reports. The Federal Transit Administration's (FTA) Circular 4702.1B, "Title VI Requirements and Guidelines for Federal Transit Administration Grantees" sets forth the information that should be included in these updates, and requires they be submitted as Title VI programs every three years.

FTA's review of your Title VI program considered all elements required by the Department of Transportation regulations found at 49 CFR Part 21, as outlined in Circular 4702.1B. The Review Assessment attached to this letter identifies the specific areas reviewed, any concerns, and relevant reviewer comments. To assure you are implementing Title VI program requirements in accordance with the regulations, you must promptly address and correct any concerns identified with a "no" in the Review Assessment. Your program status is now *Concur*. ***Please note that your next triennial Title VI program submission is due to FTA by no later than April 1, 2023.*** Please retain documentation as needed to demonstrate the corrections noted have been addressed. FTA typically verifies corrections have been made and implemented at the next oversight opportunity, but can request this information at any time.

For Everyone: Your Title VI program demonstrates your agency has the procedures and resources to ensure public transportation services are provided in a nondiscriminatory manner, as required by Title VI of the Civil Rights Act of 1964. FTA's review and concurrence on a Title VI program does not relieve recipients from the requirements and responsibilities outlined in Circular 4702.1B or of the DOT Title VI regulation at 49 CFR part 21. You must properly implement your program to ensure nondiscriminatory service, including full and fair participation in public transportation decision-making, and meaningful access to transit-related programs and activities by persons with limited English proficiency. If you use contractors or have subrecipients, you must monitor their compliance with Title VI. You can find these

monitoring responsibilities in Chapter 2, Section 6 (Contractors) and Chapter 3, Section 12 (Subrecipients) in the FTA Title VI Circular. As a basic requirement for Title VI compliance, you must develop a language assistance plan (LAP). Your LAP must include a Four Factor Analysis—you can find information on this analysis in Chapter 3, Section 6 of the FTA Title VI Circular. If you believe that your agency only serves an English-speaking population, you still must complete a Four Factor Analysis to demonstrate this.

For 200/50 Recipients: Prior to implementing any major service changes or any fare change, transit agencies operating more than 50 vehicles in large urbanized areas must complete an equity analysis, and submit it for board review and approval. You can find more information on SAFE Analyses in Chapter 4, Section 7 of the FTA Title VI Circular. Large transit agencies must also collect and report demographic data, including data gathered through rider surveys, and monitor transit service relative to system-wide service standards and service policies. If you need technical assistance with your Service and Fare Equity (SAFE) Analysis, please contact your Regional Civil Rights Officer.

For State DOTs: Your Title VI program must include a demographic profile of your state that includes the locations of minority populations. You must also submit additional data and information as outlined in Chapter 5, Section 2 of the FTA Title VI Circular. If you pass through funds to any Metropolitan Planning Organizations (MPO), then you must collect Title VI programs from them on a schedule that you determine.

For MPOs: Your Title VI program must include a demographic profile of your metropolitan area that includes the locations of minority populations. You must also submit additional data and information as outlined in Chapter 6, Section 2 of the FTA Title VI Circular. FTA is committed to providing technical assistance to help correct your Title VI program and to implement your program consistent with the regulations and guidance.

FTA is committed to providing technical assistance to help correct your Title VI program and to implement your program consistent with the regulations and guidance. In order to preserve paper, we are issuing this letter electronically via email and it is attached to your profile in TrAMS. In the attached document, you will see the results of your Title VI Program Review. Please do not hesitate to contact me directly at 404-865-5639 or at sarah.majdiak@dot.gov if you have any questions or would like to talk further about Title VI or any of your other Civil Rights programs.

Sincerely,

Sarah Majdiak/s/

Hello Ms. Lively,

I am in the midst of documenting the Brevard Co. FY 2019 Triennial Review (TR) Findings (along with several other FY 2019 reviews) for closeout/annotating as much in our Oversight Tracking (OTrak) database in advance of subsequently generating a review closeout letter for my Director's signature.

Based on a quick review of the files/correspondence received from Brevard Co., it appears I have everything that's needed to complete that action; I'm admittedly playing 'catch up' on these tasks, so much apologize for the delay (as we are dealing with a new normal given the COVID-19 climate that we've continued to operate in over the past 3 mos.) – I've also cut & pasted the one (1) Civil Rights (CR) related finding that Ms. Dee Foster, our Regional Civil Rights Officer (RCRO) needs to review submittals for adequacy/weight-in on closeout as well, so I will have to defer to her on that finding (see above).

I will commit to keep you apprised of status, esp. if there is anything else needed to closeout out the remaining TR Findings as well as send word when everything has been addressed such that a TR Closeout Letter will be forthcoming.
