Each year an annual Action Plan is developed to utilize funds received from the United States Department of Housing and Urban Development (HUD) to fund local CDBG and HOME programs and projects based on the current Consolidated Plan's established needs and priorities.

The CDBG Program's primary objective is the development of viable communities by providing decent housing, a suitable living environment and expanding economic opportunities, principally for persons of low to moderate income. Based on historical data, Brevard County could be awarded an estimated \$1,363,123.00 annually for the next five (5) years. These funds may be used for infrastructure, public services, comprehensive planning activities, speed humps, rehabilitation of housing, and public facilities.

The HOME Program's primary objective is the creation and sustainability of affordable housing for low to moderate income households. HOME Program funds are received by Brevard County on behalf of the Brevard HOME Consortium, consisting of Brevard County and the cities of Titusville, Cocoa, Melbourne and Palm Bay. The anticipated amount of HOME funds for Fiscal Year 2026-2027 will be \$1,071,743.52 plus any program income on hand. The breakdown of HOME is as follows: Brevard County \$447,938.61, Titusville \$113,922.19; Cocoa \$46,258.05; Melbourne \$243,925.05; and Palm Bay \$219,699.62. Based on historical data, Brevard County HOME Consortium could be awarded an estimated \$1,071,743.52 annually for the next five (5) years. These funds may be used for the acquisition, construction, rehabilitation of housing, purchase assistance or for direct assistance to renters.

Agencies, groups and individuals are invited and encouraged to attend these meetings and share their ideas and comments with county staff, advisory councils and the general public.
