### DRAINAGE EASEMENT

THE VIERA COMPANY, a Florida corporation (hereinafter referred to as the "Grantor"), this 2<sup>nd</sup> day of June, 2002, in consideration of the payment of One Dollar (\$1.00) and other good and valuable consideration, the adequacy and receipt of which are hereby acknowledged, hereby grants and gives (subject to the reservations and other matters set forth hereinbelow) to COUNTY OF BREVARD, a political subdivision of the State of Florida (hereinafter referred to as the "Grantee"), an easement (hereinafter referred to as the "Easement") for the purpose of draining, discharging and detaining stormwater collected upon and flowing from the right-of-way of Napolo Drive into, over, across and upon that certain real property described in Exhibit "A", attached hereto and made a part hereof (hereinafter referred to as the "Easement Area").

TOGETHER WITH the right of reasonable ingress and egress over and across the Easement Area for the purpose of installing, repairing and maintaining stormwater drainage structures and related improvements located thereon; provided, however, that the foregoing rights granted to the Grantee in connection with the Easement shall not be deemed to impose any obligation whatsoever on Grantee to install, maintain, repair or replace, in whole or in part, any stormwater drainage structures or related improvements located within the Easement Area.

THE EASEMENT hereby granted is non-exclusive and is made subject to easements, conditions, restrictions, reservations and other matters of record, including, but not limited to, all permits issued by the St. Johns River Water Management District in connection with the use and operation of the Easement Area. The Grantor reserves unto itself, its assigns and successors-in-interest and/or title, and its and their respective employees, agents, invitees, and independent contractors, the right to use, pass and repass over and upon the Easement Area, and the right to construct, excavate, maintain, repair, modify, replace and improve stormwater detention, retention and treatment facilities and related improvements in, over, under, upon, across and through the Easement Area.

THE GRANTEE, by acceptance of this instrument, acknowledges that the Grantor may, in connection with developing the lands of which the Easement Area is a part, plat such lands and dedicate a non-exclusive drainage easement over the Easement Area, in whole or in part, to Brevard County as a substitute for, and in lieu of, the Easement granted hereunder. Therefore, all easements, rights and interests hereby granted to the Grantee, its assigns and successors-in-interest and/or title, with respect to any portion of the Easement Area hereafter the subject of a stormwater drainage easement so dedicated, shall automatically terminate and be in all respects extinguished, null, void and of no further force and effect upon recording a subdivision plat in the Public Records of Brevard County, Florida containing such a dedication to Brevard County. Furthermore, while the foregoing provisions are self-operative, the Grantee, by acceptance hereof, for itself and its assigns and successors-in-interest and/or title, agrees that, upon such platting and dedication of the Easement Area in whole or in part, the Grantee shall execute, acknowledge and deliver to the Grantor, within ten (10) days following written request therefor, such instrument or instruments in recordable form as shall be necessary or desirable to evidence and confirm, of record, the termination and extinguishment of all rights, easements and interests of the Grantee and the Grantee's assigns and successors-in-interest and/or title in and to that portion of the Easement Area so dedicated, which arise exclusively by, through or under this temporary drainage easement and not by virtue of the stormwater drainage easement dedicated to the Grantee under such recorded subdivision plat.

THE GRANTOR also reserves the right to relocate the Easement Area (or any part thereof) and all drainage improvements constructed or used by the Grantee located therein to facilitate the future development and/or use of the Easement Area and/or the Grantor's lands adjoining or

proximate to the Easement Area; provided that any such relocation is at the sole cost and expense of the Grantor and/or its successors and assigns and, (i) includes the relocation of necessary drainage improvements and detention capacity so that the relocated easement area functions at least as effectively and efficiently as the Easement Area prior to relocation, (ii) any and all construction plans relating to such relocation shall be submitted to the Grantee for the Grantee's approval, which approval shall not be unreasonably withheld or delayed, prior to the Grantor's commencing any replacement work, and (iii) the Grantor, upon completing any such relocation of the Easement Area, shall amend this instrument in a manner reasonably acceptable to the Grantee so that the Easement and associated rights granted hereunder pertain to the site of the re-located premises, and such amendment is recorded in the Public Records of Brevard County, Florida.

IN WITNESS WHEREOF, the Grantor has caused this instrument to be executed in its name, and its corporate seal to be hereto affixed, by its proper officer thereunto duly authorized on the day and year first above written.

Signed, sealed and delivered
