

SPACE COAST AREA TRANSIT SERVICES

GENERAL OVERVIEW

Space Coast Area Transit is a department of Brevard County Government. Fixed Route Bus Service, Vanpool Programs, Park & Ride lots, and other specialized services are provided in order to meet the community's needs. Specialized services include Paratransit and ADA Paratransit, Volunteers in Motion, and Contracted Routes. Space Coast Area Transit also oversees transportation for Brevard County Emergency Management.

FIXED ROUTE BUS AND TROLLEY SERVICE

Fixed Route Service is provided throughout Brevard County at over 1,100 designated stops. All transit buses are wheelchair accessible. Major shopping centers, government centers, social service agencies, area colleges, universities and hospitals are just some of the locations served. Monday – Saturday service is available on 23 Routes throughout Brevard with Sunday service on 4 routes. For maps by mail or for personalized service, call the RideLine at 321-633-1878. Download the 321Transit App to view any bus traveling in real time.

VANPOOL PROGRAMS

Space Coast Area Transit's vanpool provider, Commute with Enterprise, works closely with employers by renting vans for groups of 4 -15 passengers. The vehicles are then utilized by employees for their daily commute to and from work. A fixed monthly cost covers the rent payment, maintenance, roadside assistance, and insurance. Vanpooling adds up to more savings, less pollution and saves valuable time. For convenience, many passengers meet at centralized Park & Ride lots in Viera, Melbourne and Palm Bay.

PARATRANSIT AND ADA PARATRANSIT SERVICE

Space Coast Area Transit operates Paratransit Service to assist those with transportation needs who are unable to utilize fixed routes. New wheelchair accessible paratransit vehicles provide increased fuel efficiency, safety, and comfort, helping facilitate life-sustaining service for transportation disadvantaged passengers. ADA Paratransit Service is a very important part of Space Coast Area Transit's commitment to provide transportation and mobility for our transportation disadvantaged citizens. For further information, call the RideLine at 321-633-1878

VOLUNTEERS IN MOTION

This innovative volunteer-based program provides transportation for individuals unable to use other Space Coast Area Transit services. By offering transportation to locations such as medical facilities, pharmacies and grocery stores, Volunteers in Motion assists individuals who would otherwise be unable to live at home independently. To join this amazing group of volunteers or for services, call 321-635-7999.

CONTRACTED ROUTES

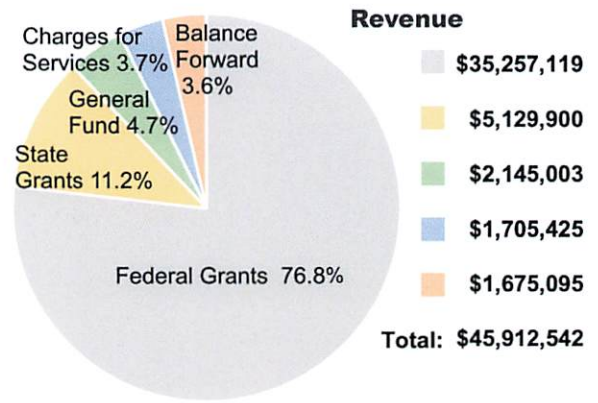

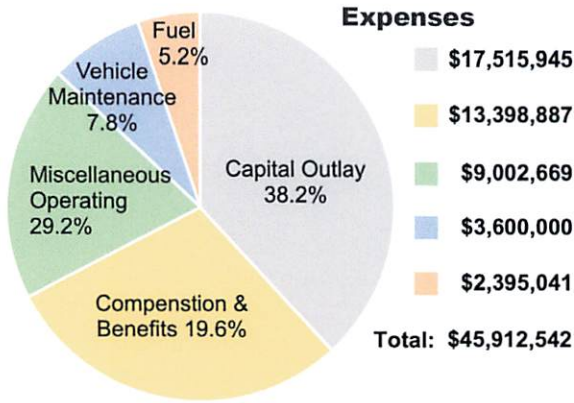

Space Coast Area Transit's Contracted Routes serve several not-for-profit agencies with contracted, demand/response service. Some agencies served include Brevard Achievement Center; BTC, INC.; Easter Seals; East Coast Contract Industries; ICAN, Inc.; River's Edge Adult Day Care; Seniors at Lunch; and The Arc of Space Coast. The agencies work with Space Coast Area Transit to transport customers to designated centers in the morning, and return them home in the afternoon. For more information, call 321-633-1878.

EMERGENCY SUPPORT TRANSPORTATION

When an emergency situation is declared, an automated system contacts pre-registered individuals with special needs, providing them with information on how to prepare. Space Coast Area Transit follows up with over 10,000 phone calls, confirming medical requirements, shelter assignments and transportation details. After the emergency has ended, over 1,800 trips are facilitated to ensure that each special needs citizen is returned to their home.

Budget Overview

Space Coast Area Transit works diligently to secure outside funding. During a typical fiscal year, \$2.1 million dollars in general funds leverage over \$40 million dollars in state and federal grants. That means that every dollar received locally is matched with \$19.05 from outside of Brevard County. These dollars help drive our economy with investments in payroll, operating expenses, capital equipment and improvements, and technological advancements.

Fun Facts About Space Coast Area Transit
