23 years

To which Commissioner are you applying?

None Selected

Do you consent to a standard criminal background check?

☒ Yes ☐ No

Driver License Number and Issuing State

Date of Birth (MM/DD/YYYY)

Interests & Experiences

Please tell us about yourself and why you want to serve.

Are you currently serving on any State, Regional or Brevard County board, council, or committees? If so please name.

No.

Do you have or hold any employment or contractual relationship with any business or any agency which is subject to the regulation of or is doing business with Brevard County? If so, please explain.

No.

Please explain your interests and experiences.

My experience spans aviation operations, business development, finance, and real estate, with a strong emphasis on private aviation and airport-related activity. I am the Director of Business Development and a co-founder of an aviation services company, where I focus on aircraft management, acquisition, flight training, maintenance coordination, and aviation-related real estate development, with specialization in Embraer Phenom and Praetor aircraft. In this role, I work closely with aircraft owners, operators, service centers, and airport stakeholders to support safe, efficient operations and long-term growth. Previously, I gained a strong financial foundation through investment banking experience at Bank of America and hands-on transactional experience as a licensed real estate agent, where I negotiated, coordinated, and closed complex, time-sensitive transactions. I am also a commercial pilot with over 800 flight hours, giving me an operator's perspective on safety, infrastructure, and airport utilization. My interest in serving on the airport authority stems from a desire to contribute practical aviation insight, financial discipline, and long-term development thinking to support the airport's role as a regional economic and transportation asset.

Please explain your background, including education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and how this applies to the function of the Board, Council or Committee that you are interested in serving on.

My background combines aviation operations, financial analysis, and transactional experience in a way that aligns well with the responsibilities of an airport authority. I earned a Bachelor's degree in Business Administration with a concentration in Finance from Morehouse College, providing a strong foundation in budgeting, capital planning, risk assessment, and long-term strategic decision-making. As a co-founder and Director of Business Development at an aviation services company, I work directly with aircraft owners, operators, and service providers on matters involving aircraft acquisition, utilization, maintenance coordination, flight training, and aviation-related development, offering practical insight into how airport policies and infrastructure decisions affect real-world operations. My experience in investment banking and real estate has strengthened my ability to evaluate complex proposals, understand financial impacts, and negotiate agreements that balance stakeholder interests. As a commercial pilot with over 800 flight hours, I bring an operator's perspective on safety, airfield efficiency, and regulatory compliance. I am an active member of the National Business Aviation Association and Black Pilots of America, as well as Omega Psi Phi Fraternity, Inc. and the Most Worshipful Union Grand Lodge of Florida (PHA), reflecting a commitment to professional engagement and community service. Collectively, these experiences position me to contribute informed, balanced, and forward-looking oversight to the Authority in support of safe operations, responsible growth, and the airport's broader economic mission.

Brevard County Board of County Commissioners strives to promote diversity and provide reasonable accommodations for individuals with disabilities. If you are requesting an accommodation, please indicate below.
