## PLANNING AND ZONING COMMISSION/BOARD

Case File Number: Rezoning #26Z00008

Property Location: 1800 Turtlemound Road, Melbourne, FL 32934

Parcel Number: 27-36-14-01-00000.0-0033.01

Tax Number: 14.37 Acre - 2702763

June 3, 2026

### Statement of Purpose:

We, the undersigned registered voters, property owners, and residents of Brevard County, Melbourne, FL, urge the planning and zoning commission to DENY the proposed rezoning of the aforementioned property parcel due to safety, increased traffic, congestion, water management strain, environmental impact, property value, and strain of fiscal city/county/resident finances and equestrian rights as well as our agriculture and "green" space.

### 1. Crime and Public Safety:

Additional ~~low-income~~ apartment housing often correlates with increased calls for service. With the newest apartment structures already added to the area an increase of crime has already occurred IN this area.

Thus far, the Lake Washington neighborhood benefits from low crime rates still even with the increase. We are concerned about the potential rise in property crime, traffic related incidents, and overall strain on local law enforcement and the well needed other services that affect this area.

Increase in traffic flow during school bus/work commutes on Turtlemound will compound 100%! Children will not be safe.

Many of our residents have worked hard to enjoy our rural way of life, without crime, large lots, and peace mind. We are heavily taxed for our properties and want to maintain and preserve this area for what it was meant to be. We want to feel safe and chose to live in an area that provides that along with privacy. The proposed rezoning would bring more home invasions, property damage, and robberies/theft!

### 2. Infrastructure:

The proposed rezoning violates the once established neighborhood comprehensive

plan.

Where is the money coming from for necessary road expansions and improvements? How will drainage infrastructure be upgraded and funded in this area that currently is already experiencing flooding due to many retentions ponds, poor canal maintenance, and lack of city/county response?

What is the plan and funding source for expanding police, fire, and rescue capabilities?

Will the developer cover all impact fees, or will existing taxpayers bear the burden?

This area was meant for wooded larger lots. Both deed and non-deed restricted homes where homeowners can expand and garden and enjoy wildlife. We have protected scrub-jays and tortoises all over the area.

### 3. Heavy traffic congestion.

It will cause an unacceptable increase in already heavy traffic congestion

The 4-way stop at Turtlemound/Lake Washington is already backed up by 15 cars.

The new Amazon facility has already created major congestion through and on Eau Gallie/Turtlemound. The new Heritage Parkway has already created major congestion on Eau Gallie. The proposed apartments would clog an area that is has always been known for easy maneuvering and less congestion. This area is overcrowded now.

With the proposed amount of new people a new exit from I-95 and Lake Washington would be needed. This causes more taxation and fiscal commitment.

Most properties are septic vs. city sewer. This in itself is an issue.

### 4. Character and Density of the area.

This proposed rezoning is incompatible with the existing character and density of the area.

Introducing apartments into an equestrian, acreage-based neighborhood is likely to decrease property values to surrounding homes. Residents have invested significantly in maintaining the rural character of the area. Independent appraisals or studies on potential value impacts should be required. Overcrowding will reduce access and quality for existing families and equestrian activities. This will add burden to parks, businesses, medical services and emergency response.

Rezoning fails to address critical infrastructure needs and poses clear risks to our quality of life, safety, and property values.

The county/city fails to maintain much of the waterways, overgrowth, streets, and signage as it is.

### 5. Saturated Apartment Market:

There are currently 8,000 completed apartments in Melbourne that remain unsold and empty, representing roughly 17% of all units built between 2020 and 2024.

Apartments in the general vicinity of the proposed rezoning has 5 apartment complexes already. Occupancy rate varies between 70-80%. Many offer free rent for 2 month and some pay moving expenses.

In the Palm Bay-Melbourne-Titusville area, an estimated 14.9% of apartment/housing units are unoccupied (ranking highest in US)

The Avocent - Eau Gallie East of Amazon Facility - 2 months rent free, \$500 towards moving expenses - much availability

Lake Point - Parkway/Wickham Road - 6 weeks rent free - much availability

Integra Heritage - Integra/John Rhodes - 2 months rent free - much availability

Eden Heritage Lakes - Heritage Lake Blvd - 2 months rent free - many units available

Springs Apartment - Hibiscus Blvd - \$4000 off if signed by June 30, \$3000 if after - many units available

Caribbean Isle - Wickham Road - many units available

The zoning committee needs to recognize that no more apartment housing is needed.

There are plenty that remain empty as well as many incentives to draw individuals in.

None are at full-capacity in the area in question!

The current zoning should be maintained! Brevard County has apartment saturation!

~~The builder out of Washington State is known for low-income housing.~~

We are against this for the type of area Lake Washington is known for.

Therefore, we respectfully request that the zoning board REJECT the application and maintain the current land use regulations for this parcel.

6/2/26-kh

CC: Rob Feltner, County Commissioner

## PETITION PACKET

Submitted to:

**Mark Wadsworth, Chairman, Brevard County Planning and Zoning Board**

June 15, 2026

### The Petition

**Oppose rezoning at 1800 Turtle Mound Rd, Melbourne, Florida 32934**

### OUR ASK

We, the undersigned residents, property owners, and concerned citizens of Brevard County, respectfully request that the Brevard County Planning & Zoning Board and Board of County Commissioners DENY the proposed rezoning application (26Z00008) and Future Land Use Map Amendment (26SS00002) for the property located at 1800 Turtle Mound Road, Melbourne, Florida.

#### 1. Neighborhood Compatibility

- The adjacent **Fox Bay community** is zoned EU-2 and consists of single-family detached homes.
- The adjacent **Carolwood Estates** community is zoned RR-1 and consists of single-family detached homes.
- RU-2-6 permits multifamily development, including apartments and condominiums, which is incompatible with the established residential character of the Turtle Mound Road corridor.

#### 2. Lack of Binding Development Commitments

- The applicant has stated an intent to build single-family attached or detached residences; however, those representations are not legally binding.
- RU-2-6 zoning would permit future apartment development without additional public review.

#### 3. Traffic and Infrastructure Concerns

- No comprehensive traffic impact study has been presented to demonstrate that Turtle Mound Road and surrounding intersections can safely accommodate the proposed density.
- Utility capacity for water and sewer service has not been verified by the City of Melbourne.

#### 4. Environmental and Floodplain Concerns

- County staff have identified significant wetland and floodplain constraints affecting the property.
- The majority of the site lies within a FEMA-designated Special Flood Hazard Area.
- Questions remain regarding stormwater management, compensatory storage requirements, and potential impacts on neighboring properties.

#### 5. Premature Approval

- Important studies and analyses have not yet been completed, including:
  - Wetland delineation
  - Floodplain impact analysis

- Surface water flow analysis
- Utility capacity verification
- Traffic impact study
- Environmental Resource Permit feasibility review

### What Supporters Are Saying

The following comments were submitted by signers through the Supporter Voices section of the petition page on Change.org. These are real constituents sharing why this issue matters to them.

|                       |           |       |   |
|-----------------------|-----------|-------|---|
| <b>Susan Burns</b>    | Melbourne | 32934 | "The area is getting over populated and the wildlife is moving into neighborhoods causing a bigger concern for pets. Also, the traffic is already busy, more housing equals more people, equals more traffic"   |
| <b>Yolanda Svatik</b> | Melbourne | 32934 | "I moved to the lake Washington area 10 years to live in peace with nature, little by little I see it disappearing with the amount of traffic and dead wildlife on our roads. We cannot handle more people in this neighborhood! We cannot have our natural land destroyed! We have plenty of run down buildings in melbourne that can be turned into housing, let's work on making the city beautiful while leaving nature alone"  |
| <b>Wendy Browning</b> | Melbourne | 32934 | "Traffic: The current traffic on Turtlemound Road backs up daily at both the Aurora Road and the Lake Washington four-way stop intersections. Carolwood Drive is already suffering from this increasing traffic volume, which makes it extremely difficult to leave our neighborhood at present. Drainage and Wetland Preservation: This sector of Turtle Mound Road and White Road has presently-known challenges with drainage, wetlands, and existing local crown elevations. Increasing density and adding impervious surfaces will exacerbate flooding risks and damage sensitive local wetlands. Many of the properties |

|                          |           |       |  |
|--------------------------|-----------|-------|--|
|                          |           |       | surrounding the proposed area already flood in heavy storms. The Turtlemound Road drainage ditch at present is unable to handle all the run off it receives during current rainy seasons."   |
| <b>Ricou Browning</b>    | Melbourne | 32934 | "This is going to create a mess at the four way stop at Aurora and Turtlemound . This rural two lane road with drainage ditches on both sides has no room to expand. It currently does not meet the traffic needs of today since The Amazon facility went in and the road was extended . Carolwood Rd. floods during storms from Turtlemound to Harlock. The runoff from this development will overflow the already stressed drainage system. This parcel is in a natural floodplain and if allowed and permitted would need to be built much higher than the surrounding homes and communities" |
| <b>Isabella Tomasura</b> | Miami     | 33147 | "Growing up in Lake Washington has always been a safe community and I wish to continue this by keeping it quiet and filled with single home residences. Don't add unnecessary traffic to this area I call home, keep it safe and quiet for the upcoming generations to enjoy, keep it filled with wildlife and adventure, not concrete and housing. Preserve the area."  |
| <b>Tiffani Holt</b>      | Melbourne | 32940 | "Please stop ruining our rural areas. We don't want viera type of area here"   |
| <b>Shayne Hampton</b>    | Orlando   | 32808 | "I grew up on aurora and turtlemound, my parents still live in that house. Put the apartments in viera where they belong. Traffic is already horrible every single day, if an apartment complex gets put there it will make it much worse. Dont NY my FL"  |
| <b>Ramzi Delpak</b>      | Melbourne | 32934 | "The way that turtle mound, aurora, and lake washing washington are designed cannot handle extra 150-200 cars during the rush hour. John Rodes to Eau Gallie , Aurora and Lk washington to wickham are bad as well. The 2, 4-way stops; get backed up as is. Especially the aurora one has around 1 accident per month. No apartments please; respect the rural residential zoning."   |
| <b>Shelly G</b>          | Melbourne | 32934 | "I oppose the development of this land into a multi family complex. It doesn't fit with the rural area and would change the character of the neighborhoods.. The intersection of turtle mound and aurora road is already congested and can be dangerous when the stop signs are ignored. A multi family development would create safety issues and a traffic nightmare. I urge Brevard count to vote no on this issue"   |
| <b>jane ohara</b>        | Melbourne | 32940 | "I oppose changing the zoning for this parcel of land"   |

|                       |           |       |  |
|-----------------------|-----------|-------|--|
| <b>Kendra Peebles</b> | Melbourne | 32935 | "Keep the land zoned as is. One reason for doing so is to stop a traffic nightmare from happening,"  |
| <b>Loretta kish</b>   | Melbourne | 32934 | "We moved to this area in 1979 and love the area but traffic congestion continues to increase. Trying to get onto Turtle mound Rd from Palomino is terrible. I strongly oppose any change in Zoning!"  |
| <b>Joe Donnelli</b>   | Melbourne | 32940 | "My Wife and I moved to the Lake Washington area 13 years ago. It was a perfect place for us to settled down, well that was then and this is now. It has been one change after another with more and more people moving into this area. Turtle mound road is now being used as an alternate Wickam Road because of the traffic backups. Just drive it in the morning when everyone is trying to get to work. Quit the continual building or do something about the infrastructure first before moving forward with any new construction."  |
| <b>Ray Migliaccio</b> | Melbourne | 32935 | "Our infrastructure in this area will not successfully support this expansion. Local residents will suffer. Please reconsider."  |
| <b>Erin St George</b> | Melbourne | 32935 | "I respectfully oppose the proposed apartment complex development. This type of high-density housing is incompatible with the existing rural character and intended land use of our community. Residents have chosen to live in this area because of its low-density, agricultural, and rural residential nature. An apartment complex would fundamentally alter the character of the neighborhood and set a precedent for future high density development that is inconsistent with the surrounding area. Additionally, Turtle Mound Road already experiences significant traffic congestion during peak hours. As a parent of three school-aged children, I regularly encounter substantial delays while traveling to and from local schools. The addition of hundreds of residential units would dramatically increase daily vehicle trips, further burdening an already strained roadway system and creating additional safety concerns for families, school buses, pedestrians, cyclists, and emergency vehicles. The existing infrastructure does not appear designed to accommodate the increased population density that would result from this project. Increased demand on roads, drainage systems, utilities, schools, and emergency services should be carefully evaluated before any approval is considered. I urge decision makers to require a comprehensive and independent traffic impact study, as well as a thorough review of infrastructure capacity and public safety impacts. Based on the current conditions and the |

|                  |           |       |  |
|------------------|-----------|-------|--|
|                  |           |       | incompatibility of this proposal with the surrounding rural community, I believe this development is not in the best interest of existing residents and should not be approved. Thank you for your consideration." |
| <b>Tom Szuba</b> | Melbourne | 32934 | "Leave nature alone."  |

**Our Request**  
**SPECIFIC ACTION REQUESTED**

**PETITION REQUEST**

Therefore, we respectfully request that Brevard County:

- DENY the proposed FLUM Amendment (RES 4 to RES 6)
  
- DENY the proposed Rezoning (RR-1 to RU-2-6)
  
- Require all environmental, utility, drainage, floodplain, and traffic studies to be completed and publicly reviewed before any further consideration.
  
- Consider only zoning classifications that are compatible with the surrounding single-family residential character of the area.

**WHY THIS DECISION MAKER HAS THE AUTHORITY TO ACT**

The Planning & Zoning Board / Local Planning Agency (P&Z/LPA) is a volunteer, unpaid member board appointed by the Board of County Commissioners (BCC). The P&Z/LPA Board serves as the recommending body for the Board of County Commissioners in matters concerning comprehensive planning, zoning, and land development matters.

**PROPOSED NEXT STEP**

Recommend to the Brevard County Commission that both applications be denied on July 9, 2026, based on staff comments noted in the report for the application, City of Melbourne opposition, very strong community opposition, and the current law.

**Statement of Support:**

By signing this petition, I affirm that I have reviewed the concerns stated herein and respectfully request that Brevard County deny the proposed rezoning and land use amendment applications for 1800 Turtle Mound Road or defer action until all necessary studies and public review requirements have been completed.

Important studies and analyses have not yet been completed, including:

- o Wetland delineation
- o Floodplain impact analysis
- o Surface water flow analysis
- o Utility capacity verification
- o Traffic impact study
- o Environmental Resource Permit feasibility review

wildlife and Protected species too! Gopher-Tortoises  
Scrub Jay

## PETITION REQUEST

Therefore, we respectfully request that Brevard County:

- DENY the proposed FLUM Amendment (RES 4 to RES 6)
- DENY the proposed Rezoning (RR-1 to RU-2-6)
- Require all environmental, utility, drainage, floodplain, and traffic studies to be completed and publicly reviewed before any further consideration.
- Consider only zoning classifications that are compatible with the surrounding single-family residential character of the area.
