

ABOUT LINDE

Established presence where customers are
and where their operations are growing

Operating in
>100 Countries

Proven critical project execution capability
globally

(1) Total sales excluding Linde Engineering

Gases Business: A Wide Range of Products

Atmospheric Gases

Nitrogen

Oxygen

Argon

Rare gases

- Krypton
- Neon
- Xenon

Process Gases

- Acetylene
- Helium
- Propane
- Carbon dioxide
- Carbon monoxide
- Hydrogen

Medical Gases

- Medical oxygen
- Nitric oxide
- Nitrous oxide

Specialty Gases

- Electronic gases (arsine, phosphine, silane, mixtures)
- Instrument gases and mixtures
