Please explain your background, including education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and how this applies to the function of the Board, Council or Committee that you are interested in serving on.

I held a position as a public servant within the Department of Housing and Urban Development for a duration of ten years. During this time, I was responsible for implementing affordable housing initiatives and strategies that were developed and authorized by Congress. My work involved effective policy writing, providing technical assistance, interpreting regulations, and executing program initiatives. Additionally, I played a crucial role in ensuring compliance with federal and state regulations by monitoring affordable housing programs. This involved conducting regular assessments and audits to evaluate program effectiveness, identifying areas for improvement, and ensuring that all initiatives adhered to the necessary guidelines and standards.
