---

No.

**Please explain your interests and experiences.**

I have worked with individuals with developmental disabilities since 2006. I enjoy meeting with families and matching them with caregivers that meet their specific needs. I am interested in taking on a new role that pushes me to learn something new. I have 14 years of experience running my own business, Able Home Care, Inc. but have not worked (or in this case volunteer) for a corporate entity which I find appealing.

**Please explain your background, including education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and how this applies to the function of the Board, Council or Committee that you are interested in serving on.**

---

I have an AA degree in General Studies from Valencia College. I have been an active Florida Realtor since 2004. For the last 19 years, I have owned and operated what is now the largest home care agency for developmental disabilities in Brevard County. We operate under the Agency for Persons with Disabilities and are funded by the iBudget Medicaid Waiver. We bill Medicaid over 2 million dollars annually and I manage approximately 65 clients and 60 direct care staff with 2 full time employees. I believe in running a company morally and efficiently. Able Home Care, Inc. has an excellent reputation in Brevard County. It is important to me that my staff is happy and that my clients needs are met. If you feel that my experience could benefit the Parrish Board of Directors, I would like the opportunity to volunteer my time and experience.

**Brevard County Board of County Commissioners strives to promote diversity and provide reasonable accommodations for individuals with disabilities. If you are requesting an accommodation, please indicate below.**

Question applies to North Brevard County Hospital District Board

**What do you feel the public's rights are in observing, monitoring and participating in the activities of the Hospital Board, and particularly the expenditure of funds?**

---

I believe the Hospital Board should follow the requirements for reporting expenditure of funds. As a non-profit, if it is a requirement to have transparency of funds, to allow public monitoring and observation then that would need to happen. I believe Hospital Board would benefit from the public's input and the input of PMC staff.

Mrs. Jessica O'flaherty
