26 CE - 00449, and

name of contractor \_\_\_\_\_

No.

Prerequisites to granting of variance:

A variance may be granted when it will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this chapter will result in unnecessary and undue hardship. The term "undue hardship" has a specific legal definition in this context and essentially means that without the requested variance, the applicant will have no reasonable use of the subject property under existing development regulations. Personal medical reasons shall not be considered as grounds for establishing undue hardship sufficient to qualify an applicant for a variance. Economic reasons may be considered only in instances where a landowner cannot yield a reasonable use and/or reasonable return under the existing land development regulations. You have the right to consult a private attorney for assistance.

In order to authorize any variance from the terms of this chapter, the Board of Adjustment shall find all of the following factors to exist:

(1) That special conditions and circumstances exist which are not applicable to other lands, structures or buildings in the applicable zoning classification:

The Existing Garage was build without permit  
Prior to My ownership - Entry Gates and columns  
Erected without permits prior ownership.

(2) That the special conditions and circumstances do not result from the actions of the applicant:

yes structure was buildt by prior owner and  
Fence Gates and coloms - structure to large  
and to close to property line / Gates columns  
TO TALL

(3) That granting the variance requested will not confer on the applicant any special privilege that is denied by the provisions of this chapter to other lands, buildings or structures in the identical zoning classification:

Existing Garage was buildt out of  
compliance and Gates and columns

(4) That literal enforcement of the provisions of this chapter would deprive the applicant of rights commonly enjoyed by other properties in the identical zoning classification under the provisions of this chapter and will constitute unnecessary and undue hardship on the applicant:

The minor Deletions Caused by others For Denial Of Variance Will Cause A Hardship to my self of Finicial Damage Tear Down -

(5) That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure:

Reasonable use of the property can be obtained by Granting the Variance - If I remove Gates and columms will Create life SAfty ISSure Deto pool.

(6) That the granting of the variance will be in harmony with the general intent and purpose of this chapter and that such use variance will not be injurious to the area involved or otherwise detrimental to the public welfare:

granting of the Variance Will be in harmony with the general intent and purpose of the Code

I understand that all of the above conditions apply to the consideration of a variance and that each of these conditions have been discussed with me by the below-signed zoning representative. I am fully aware that it is my responsibility to prove complete compliance with the aforementioned criteria.
