I. OBJECTIVE

This policy is designed to be utilized by the Housing and Human Services Department in implementation of the Repair, Rehabilitation and Reconstruction Housing Program as funded by the State Housing Initiatives Partnership Program administered by the Florida Housing Finance Corporation.

The intent of this policy is to clearly identify the specifications under which staff will implement programs that provide rehabilitation and repair assistance to owner occupied households at or below 120% (140% if approved in the Local Housing Assistance Plan) of median income in eligible areas of the County, and reconstruction housing when it has been determined that it is not economically feasible to rehabilitate the unit. The Program will be implemented in partnership with private funding whenever available. The policy identifies authority levels for approval and eligibility restrictions, which exceed federal and state requirements.

- 3. The Notice of Funding Availability shall be advertised in accordance with Florida Statute 420.9075(4)(b).

D. Wait List, Applicant Intake, and Ranking:

- 1. Wait List/Priorities: A Wait list will be established when applicants apply to the county SHIP program. Those households on the Wait list will be contacted by staff when their queue

number is reached. The Intake list will be maintained with applicants listed in an order that is consistent with the time that their preliminary intake (Application) forms were submitted. Intake numbers will be assigned based on that order. If necessary, adjustments to the Intake list may be made to achieve any established funding priorities as described in this plan. Priorities for funding described herein apply to all strategies unless otherwise stated in the strategy. Once there is a list of eligible applicants, they will be ranked based on the priorities provided below.

- a. Adjustments to Wait List: The Department will adjust the Intake list to achieve established funding priorities. Once there is a list of eligible applicants, they will be ranked based on the priorities provided below;
- b. Ranking Priority:
 - i. Emergency Loans for home repair related to a declared disaster that need immediate mitigation to prevent damage or further damage to the home or to resolve an immediate health hazard to the occupants.
 - ii. Households with a Person with special needs (as defined by FS 420.0004)
 - iii. Very low-income applicant referrals from local Non-profit Affordable Housing Organizations
 - iv. Very low-income households (until the program's required percentage has been met)
 - v. Low- income households (until the program's required percentage has been met)
 - vi. Moderate income households

All priorities being equal, the date and time that the application is received will determine the wait list number.

2. Applicants are moved from the Wait list when:

- a. they are determined, by the housing counselor, to be eligible to participate in the Program, they are placed on the Intake List, and their file is assigned to a housing inspector; or,

- b. they are determined by Department staff to be ineligible to participate in the Program.

The Wait List will be closed to new applicants when the estimated costs for repair; rehabilitation or reconstruction for approved applicants exceeds 140% of that year's funding allocation. In the event the Department closes the Wait List, it will re-open when new funding is available, at the Department's discretion.

Note: The Department reserves the right to adjust the Intake List to meet State required Set-Asides and expenditure requirements.

3. **Applicant Intake:** When funds are available, households are contacted in order from the oldest date to determine whether they are still interested in participating in the Program. If they are interested, the Department will send an invitation letter and forms to the applicant requiring applicants to submit the requested documentation within twenty-one business days from the date of the letter. The application will be considered incomplete until all documentation necessary to determine a household's eligibility has been received. Among other criteria, Department staff will determine whether the household:
 - a. lives in a municipality that is eligible to receive County funds;
 - b. has owned their home for at least two years;
 - c. does not have a reverse mortgage;
 - d. appears to meet income eligibility guidelines. Additional criteria are outlined in III. A and III. B of this Policy; and,
 - e. failure to return all requested documents and forms will result in a denial of applicant, unless an extension is requested and approved within the twenty-one business days from the date of the initial letter.
4. **Intake List Ranking:** Once the application is complete, it will be forwarded to the County's Housing Inspection team for a preliminary property inspection. The primary purpose

of this inspection is to determine whether there are life threatening conditions at the property. This is also the first step in the ranking of applications. The ranking system is based on:

- c. the condition of the dwelling,
- b. the composition of the household, and
- a. the income level of the household.

The ranking score is the total of all points. The household with the highest score will be served first, followed by the next highest score, and so on. In the event that households have identical scores, homes with conditions that have been determined by the County Housing Inspection team to be life threatening will be served first. If scores remain tied, the household with the earliest application receipt date will be served first.

Ranking score potentials are shown below.

a. Income:

- i. household income 30% or less of area medium income: 30 points.
- ii. household income 31% to 50% of area medium income: 20 points.
- iii. household income 51% to 80% of area medium income: 10 points (this group is not eligible for Restoration assistance).

b. Household Composition:

- i. 10 points for each member sixty-two years of age and older.
- ii. 10 points for each household member who is defined as "special needs".
- iii. 10 points for each person five years of age or younger.

c. Dwelling: 50 points for dwellings with life threatening conditions.

- i. Life Threatening conditions are those requiring immediate corrective action due to occurrences of hazardous conditions that threaten the health and safety of the occupants as determined by a Housing and Human Services Department Housing Inspection.

E. Waivers:

Contingent on the availability of funds, repairs, rehabilitation and reconstruction housing projects that require immediate corrective action due to occurrences of hazardous conditions that threatens the health and safety of the occupants as determined by a Housing and Human Services Department Housing Inspection can be approved for immediate assistance by the Department Director.

F. Structure of Financial Assistance:

1. Property Owners who are determined to be eligible for assistance shall receive financial assistance for the repair, rehabilitation, or reconstruction of their home in accordance with the following schedule:

INCOME LEVEL ADJUSTED BY FAMILY SIZE	MAXIMUM ASSISTANCE
0%-50% Area Median Income	Repairs up to maximum amount allowable under applicable Strategy (including Reconstruction up to \$260,000)
51%-80% Area Median Income	Repairs up to maximum amount allowable under Rehabilitation Strategy (up to \$127,000)
81% - 120% Area Median Income	Repairs up to maximum amount allowable under Repair Strategy (up to \$91,000)
121% - 140% Area Median Income (NOTE: Per Florida Statute 420.9075 (1)(a), this assistance level is only available if approved as	Repairs up to maximum amount allowable under Limited Repair Strategy (up to \$50,000)

part of the Local Housing Assistance Plan (LHAP))	
---	--

2. Additional conditions that may affect the amount of assistance awarded are:

- a. Amount approved in the Brevard County SHIP Local Housing Assistance Plan Housing Goals Chart.
- b. The amount of assistance per client shall be inclusive of all hard and soft costs associated with the project. Hard costs are all costs associated with construction. Soft costs will be considered a grant. Soft costs are those cost not associated with construction (i.e. labor distribution, recording fees, storage, lodging, etc.). Property owners must agree to higher lien amounts when unavoidable construction costs result in change orders.
- c. Prior to receiving repair assistance, the property owner must provide documentation of ownership in accordance to the following table:

MINIMUM REQUIRED OWNERSHIPS	ASSISTANCE AMOUNT
2 years	Up to - \$50,000
5 years	\$50,001 - \$91,000
10 years	\$91,001 and over

3. Any Property Owner who cannot provide documentation of ownership for the required minimum period may request a review and determination of eligibility by the Department Director or Designee. A Property Owner may receive a determination of eligibility under the following documented conditions: the property was previously owned by person(s) related to the current owner by blood, marriage or adoption or a victim of Domestic Violence, and the combined ownership period meets or exceeds the minimum established above; or the Property Owner can document continuous residency of the property for the required period by a combination of ownership and tenancy, including contract for deed or lease purchase agreements.
4. Heirs wishing to receive assistance to assume an existing mortgage are able to have an eligibility determination as provided in Section III F.3.

5. Reconstruction eligible clients with existing mortgages, who do not require reconstruction will be eligible for up to \$127,000 in assistance.
6. An applicant whose property has mortgage liens recorded against it, which (in total) are in excess of the Property Appraiser's market value assessment of the property for the most recent assessment year shall be restricted to assistance of no more than \$59,000, to address safety, health, and code issues.

G. Agreements and Encumbrances:

1. Housing Assistance Agreement: Upon verification of income eligibility, the Eligible Property Owner(s), and everyone required to sign binding documents will receive information that:
 - a. Stipulates restrictions on the transfer or sale of the property
 - b. Includes the amount of eligible assistance
 - c. Identifies the County as a party to the Agreement as the Owner's agent to contract for and carry out the agreed upon repairs and improvements.

Agreements will be executed by the County Manager or his/her Designee in accordance with Procurement Policy BCC-25.

2. Owner-Contractor Agreement: Upon receipt of an approved quote or bid, the property owner, and everyone required to sign binding documents will sign an owner-contractor agreement with the awarded contractor which includes the scope of work to be performed.
3. Mortgage: Assistance will be provided in the form of a deferred payment loan. All deferred payment loans will be secured by a mortgage lien recorded against the property. The mortgage shall not incur interest, nor shall payment be required if the property continues to be used as the Principal Residence with no default. Homeowner will also agree to sign a mortgage modification for a higher lien amount should costs go above the originally executed mortgage amount.
4. Death of the Housing Client: Housing Client as used herein shall mean the Borrower. Upon the death of the Borrower during the mortgage period, the mortgage balance shall become due in full,

unless at the time of the borrower's death an eligible spouse or family member desires to reside in the home (family member includes domestic partner, provided that the individual can establish proof of residency in the home for a period of at least six months prior to the death of the Borrower).

- a. If an eligible spouse or family member wishes to assume the existing mortgage, the spouse or family member shall have one hundred-eighty days to make a written request to the Department Director to assume all of the obligations specified in the Borrower's mortgage. If a written request to assume the mortgage is not made within one hundred-eighty days, Brevard County shall declare the Borrower's estate to be in default, and will require repayment of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
- b. However, if within one hundred-eighty days an eligible spouse or family member has submitted a written request to the County to assume the mortgage, the spouse or family member must demonstrate proof of legal title to the property and meet the current income and assets qualifications of Brevard County.
 - i. If the property does not have to undergo Probate, the spouse or family member shall have ninety days to assume the mortgage. If ninety days pass and the spouse or family member has not assumed the mortgage and note, Brevard County shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - ii. If the property must undergo Probate, the spouse or family member shall have ninety days from the date of acquiring clear title to the property, and have been determined income-eligible by the County, to assume the mortgage. If ninety days pass and the spouse or family member has not assumed the mortgage and note, Brevard County shall declare a default and will require repayment

of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.

- c. In the event the County declares a default and ninety days pass without repayment to the County, the following shall occur: (a) the mortgage balance shall be frozen at the balance in place on the date of the Borrower's death; (b) the mortgage balance will cease to depreciate at the annual rate; and, (c) interest shall accrue at 5% per annum. Provided, however, that accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Mortgage Note last executed by the Borrower. The lien will continue against the property until repayment plus interest is satisfied.
 - d. In the event a family member needs additional time for the mortgage assumption process, a waiver request may be submitted to the Department Director.
5. Upon completion of project and/or the issuance of a Certification of Occupancy, uninsured homeowners must secure homeowners and flood (if applicable) insurance. Failure to secure homeowners and flood (if applicable) insurance within sixty business days of completion may result in a default.
6. Default of the Housing Client: Upon default of the Housing Client, the County may, at its option, declare all sums secured by the Mortgage to be immediately due and payable. Otherwise Brevard County will require repayment of the mortgage balance at the time the property is refinanced, sold, or transferred. If no refinance, sale, or transfer of the property occurs at the time of default of the Owner, the mortgage balance shall cease to depreciate at the annual rate and will be frozen at the balance in place at the date of default. After ninety days, if the lien is not paid in full, interest shall accrue at 5% per annum. The lien will continue against the property until repayment plus interest is satisfied. All eligible funds repaid to the County shall be considered program income. All defaulted loans repaid to the County will be considered recaptured funds. Provided, however, that accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Mortgage Note last executed by the Borrower. The lien will

continue against the property until repayment plus interest is satisfied.

7. The County reserves the right to foreclose if the default is not cured.
8. Brevard County's mortgage is not considered satisfied until a Satisfaction of Mortgage is recorded with the Clerk of Courts.
9. The length of the mortgage period is determined by the amount of funding used for repairs. The mortgage amount is depreciated on an annual basis if the Owner continues to reside in the unit in accordance with the terms of the Agreement. On each anniversary date of the execution of the mortgage, the value of one year's payment will be deducted from the balance owed in the following manner:

Lien Period	Assistance Amount	Annual Depreciation
5 years	Up to \$10,000	1/5 of loan amount
10 years	\$10,001 - \$ 91,000	1/10 of loan amount
15 years	\$91,001 - \$127,000	1/15 of loan amount
20 years	Above \$127,001	1/20 of loan amount

10. The deferred mortgage lien is recorded prior to commencement of the construction project.
11. Any post-construction agreements or warranties are between the Homeowner and the Contractor.
12. In order to be approved for reconstruction the property must be free of mortgages or the existing mortgage holder(s) must agree to subordinate its interest to Brevard County Board of County Commissioners.
13. In the event the homeowner is eligible for the maximum amount of assistance and has no existing mortgage, but is determined by inspection to only require rehabilitation, the maximum amount available for rehabilitation shall be \$127,000.
14. With the Department Director's approval, up to an additional \$50,000 may be utilized for construction to address unforeseen safety, health, and code issues.

H. Limited Repair

NOTE: Per Florida Statute 420.9075 (1)(a), this strategy is only available if approved as part of the Local Housing Assistance Plan (LHAP).

1. Limited Repairs in Fiscal Year 2021-2022 will be limited to a base amount of \$50,000 and then adjusted annually each subsequent year based upon the Producer Price Index Commodity for construction materials from the Federal Reserve Economic Data or F.R.E.D. database (Base amount and annual adjustment are subject to approval as part of the LHAP).
2. Limited repair addresses up to two systems within the dwelling and are necessary for long term preservation and/or maintenance of structural integrity as outlined below:
 - a. Septic system repairs
 - b. HVAC repair/replacement
 - c. Repair to broken plumbing lines
 - d. Electrical hazard repairs
 - e. Water heater repair/replacement
 - f. Accessibility improvements for persons with disabilities
 - g. Mitigation to reduce or eliminate long term risk to people and property by hardening housing structures in order to lessen the impact of natural disasters (for example: flooding and hurricanes)
3. Any other situation deemed to be an eligible repair after conducting an inspection, completing a work write-up, and receiving the approval of the Department Director or his/her designee.
4. With the Department Director's approval, up to an additional \$15,000 may be utilized for construction to address unforeseen safety, health, and code issues.

I. Repairs:

1. Repairs in Fiscal Year 2021-2022 will be limited to a base amount of \$91,000 and then adjusted annually each

subsequent year based upon the Producer Price Index Commodity for construction materials from the Federal Reserve Economic Data or F.R.E.D. database (Base amount and annual adjustment are subject to approval as part of the LHAP).

2. Repairs that are necessary for long term preservation and maintenance of structural integrity are outlined below:
 - a. Septic system repairs
 - b. HVAC repair/replacement
 - c. Repair to broken plumbing lines
 - d. Electrical hazard repairs
 - e. Water heater repair/replacement
 - f. Accessibility improvements for persons with disabilities
 - g. Mitigation to reduce or eliminate long term risk to people and property by hardening housing structures in order to lessen the impact from natural disasters (for example: flooding and hurricanes)
 - h. Repairs-priority may be provided to those who can show an emergency need that affects the immediate livability in the home. The maximum amount allowed for emergency repairs is \$59,000. The chosen vendors are among a pool that the purchasing department has already approved for the fiscal year. Three quotes will be obtained from the pool of approved vendors and the lowest bid will be awarded the project. If a homeowner has been assisted with emergency repairs due to a natural disaster they must wait five years before requesting further repair assistance.
 - i. Any other situation deemed to be an eligible repair after conducting an inspection, completing a work write-up, and receiving the approval of the Department Director or his/her designee.
 - j. With the Department Director's approval, up to an additional \$50,000 may be utilized for construction to address unforeseen safety, health, and code issues.

J. Rehabilitation:

1. Rehabilitation in Fiscal Year 2021-2022 will be limited to a base amount of \$127,000 and then adjusted annually each subsequent year based on the Producer Price Index Commodity for construction materials from the Federal Reserve Economic Data or F.R.E.D. database (Base amount and annual adjustment are subject to approval as part of the LHAP).
2. A rehabilitation loan may only cover the cost of rehabilitation necessary to make a dwelling conform to the local housing codes and to bring the dwelling to a maintainable condition as determined by a Housing and Human Services Department Housing Inspection.
3. Upon completion, all repairs or improvements provided will meet all state and local codes, ordinances, and requirements. Additionally, all rehabilitation must address health and safety defects immediately, determine useful life cycle of major systems as well as address any lead-based paint and accessibility laws and regulations.
4. Eligible rehabilitation activities are as follows:
 - a. Existing Housing Code Violations — The correction of existing housing code violations that have been identified by a qualified housing inspector and formalized in an individualized housing report.
 - b. Materials - Materials identified and determined necessary in the work-write up or subsequent change orders to complete the necessary repair, rehabilitation, or reconstruction housing.
 - c. Incipient Code Violations - An incipient violation exists if, at the time of inspection, there is an element in the dwelling which, due to age, deterioration, wear, or normal usage will deteriorate within the life of the lien period and become a code violation.
 - d. Permits and Fees - funds may be used to cover the cost of building permits and related fees required to carry out the proposed work. Since the rehabilitation contract documents

will require the contractor to pay them, these costs ordinarily would be included in the contract amount.

- e. **Equipment** - funds may provide for the repair or purchase and installation of certain basic equipment necessary for the maintenance of the household in a safe, sanitary, and healthy environment. These include such items as heating furnace, water heater, electrical and sanitary fixtures, kitchen stove, refrigerator, cabinets, and sinks. Purchase and installation are acceptable if there is no such equipment in the dwelling or if the existing equipment is unsafe, unsanitary, or non-functional.
- f. **Accessibility** - Costs related to making the dwelling accessible for persons with disabilities. All work performance in these units must comply with all applicable codes as well as all Federal and State regulations.
- g. **Energy Conservation** - All costs associated with weatherization and energy conservation in substantial rehabilitation or reconstruction, as determined by the housing inspector, must comply with U.S. Department of Energy and Renewable Energy Building Technologies Program.
- h. **Lead Based Paint** - All costs associated with the control of lead-based paint hazards must comply with 24 CFR, Part 570, Section 608.
- i. **Mitigation** – Costs associated with reducing or eliminating long term risk to people and property by hardening housing structures in order to lessen the impact of natural disasters (for example: flooding and hurricanes).
- j. **Furniture Moving and Storage** - The cost of storing household furnishings during construction is an eligible expense. The homeowner's role in moving or storing household furnishings during the construction phase of the project will be initially discussed during the signing of the Housing Assistance Agreement and again during the Construction Agreement signing. The County's function is as a funding source. Any liability issues associated with the storage of the Homeowner's property shall be between the Homeowner and the Storage company.

- k. Plans - All Plans identified and determined necessary in the work-write up completed by the assigned Housing and Human Services Department inspector.
- l. Filing Fees and other associated soft costs - i.e. title searches, storage, lodging, insurance, etc.
- m. Environmental requirements - all costs associated with the environmental review and possible mitigation.
- n. With the Department Director's approval, up to an additional \$50,000 may be utilized for construction to address unforeseen safety, health, and code issues.

K. Reconstruction Housing:

Reconstruction will be limited to a base amount of \$260,000 and then adjusted annually each subsequent year based on the Producer Price Index Commodity for construction materials from the Federal Reserve Economic Data or F.R.E.D. database (Base amount and annual adjustment are subject to approval as part of the LHAP).

1. When reconstruction is recommended, a completed preliminary inspection report, work write-up and cost estimate, with supporting documentation (a checklist or narrative stating deficiencies in the existing structure and photographs) must be submitted to the Construction Supervisor and Department Director for review and approval. If there is concurrence with the determination, written permission to proceed will be provided.
2. The intent of a reconstruction housing activity is to aid homeowners who otherwise might not be helped due to the prohibitive cost of rehabilitating the existing home. Funding for a reconstruction home, if deemed the most cost-effective solution to the housing deficiencies, shall be offered by the Department.
3. Rehabilitation of a home that has been determined to need reconstruction is prohibited.
4. A reconstruction home does not necessarily have to match the existing home in terms of square footage, number of bedrooms and bathrooms, or another design/amenity consideration. As per 24 CFR Part 982.401(d)(2)—At a minimum, the dwelling unit

must have a living room, kitchen area and a bathroom. Also, it must have at least one bedroom for each two persons. Children of opposite sex, other than very young children, may not be required to occupy the same bedroom.

5. The reconstruction home must provide all permanent residents of the home with safe, decent, and sanitary housing within the terms of State, Federal, and Local Codes.

L. Ineligible Activities:

1. Renovation of detached accessory buildings;
2. Appliances not required by code;
3. Materials, fixtures, equipment, or landscaping of any type or quality that exceeds that customarily used in the local jurisdiction for properties of similar type; and
4. Construction or repair work on swimming pools or pool equipment.

M. Determination of Work:

1. The Department is responsible for determining the rehabilitation work necessary to bring a dwelling into conformance with codes and with the objective of the program.
2. Upon determination of property eligibility, program inspectors will perform historical research of the property and conduct an inspection utilizing Local Housing Code for Existing Housing adopted by the Brevard County Board of County Commissioners, and Department approved housing rehabilitation quality standards.
3. After the research and inspections are complete, the assigned Housing and Human Services Department Inspectors will prepare work specifications and a cost estimate as indicated in the Housing and Human Services Department Standard Operating Procedures for Construction Project Specialist Inspectors.
4. Rehabilitation Standards must be adequate to extend the useful life of the property for at least the term of the loan, preferably longer, to protect the security of the rehabilitation

loan. Department approved rehabilitation standards shall include at a minimum:

- a. Correction of all violations of the Local Housing Code.
- b. Addition of energy efficiency improvements that decrease the operating cost of the unit.
- c. All requirements of reconstruction materials that meet Federal Housing Authority (FHA) Minimum Property Standards and applicable industry standards.
- d. Replacement of household systems and equipment on a unit for unit basis.
- e. All units- pre-1978 will be evaluated for the potential presence of lead-based paint. Owners will be noticed on the hazards of lead-based paints. The treatment of defective paint surfaces is required.
- f. All units will be evaluated for asbestos, and when present, the Department will follow the mitigation recommendations.
- g. Once work is determined, the inspector will consult and advise the Homeowner of the work to be done.

N. Work write-ups and cost estimate:

1. The work write-up and cost estimate are a statement based on the inspection and itemizes all the rehabilitation work to be done on the dwelling. The work write-up is done utilizing the Housing Inspection checklist and includes an estimate of the cost of each item. The cost estimate will be reasonable, reflect prevailing labor and material costs, and reflects a reasonable profit for the contractor and determined by current market standard and funding regulations. The work write-up will be detailed and specific in style. This same write-up without the cost estimate will serve as a part of the specifications for the construction bid documents.

Each item of work and its estimated cost will be identified in the work write-up by entering the cost estimates in a columnar arrangement. A work write-up need not contain details such as color, style, or pattern that have no significant effect on cost. The term "to be selected by owner" may be used appropriately.

2. The assigned inspector will consult with the homeowner on the work write-up and cost estimate. The final work write-up (without costs) will be used by contractors for determining their bids and will be incorporated into the rehabilitation bid documents.
3. The inspector will work with the homeowner to coordinate and schedule a mandatory walk-through for contractors selected by the homeowner to submit bids for work per scope determined under Section M, N.1 and N.2.

O. Construction Bid Document:

1. The Construction Bid Document will provide a clear, detailed understanding of the nature and scope of the work to be done in order to serve as a basis for bids from contractors. The homeowner should have a clear understanding of the nature and scope of the work to be done and any limitations that may exist.
2. Each Construction Bid Document will show the nature and location of the work and the quantity and types of material required.
3. The Construction Bid Document will refer to manufacturers' brand names or association standards to identify quality of material and equipment and may make provision for acceptable substitutes or quality. Brand name requirements may be included in the "General Conditions and Specifications" and indicated by reference in the work write-up.

P. Lead-Based Paint Provisions:

1. The Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X) requires housing rehabilitation programs which receive federal assistance to test for the presence of lead-based paint and take appropriate action to reduce the hazard.
2. The requirements in regards to lead-based paint is dependent on the cost of the rehabilitation. Costs of site preparation, occupant protection, relocation, interim controls, abatement, clearance, and waste handling attributed to lead-based paint hazard reduction are not to be included when determining cost of rehabilitation. However, these costs plus the cost of rehabilitation must not exceed the County's subsidy limit.

3. This program will adhere to state guidelines on lead-based paint where applicable.

Q. Contractor Procurement:

1. Homeowner Education: The Owner and/or a family designee are instructed on Contractor solicitation, including: licensing requirements of contractors, checking references of Contractors, and Program requirements of Contractors.
2. Homeowner Involvement:

 - b. The Eligible Property Owner will be provided with a package, which includes a copy of the agreed upon Construction Bid Document, instructions on how to find a Contractor, required insurance, and other contractor requirements. The Eligible Property Owner must obtain a minimum of three sealed bids for the work to be done. The Eligible Property owner will be given a deadline of thirty days from receipt of the Contractor package to obtain the bids. The Program will supply the Eligible Property Owner with a list of Contractors that have required license and insurance. The Eligible Property owner is not required to select a contractor from this list. The list is provided for information purposes. However, all contractors participating in the program must be properly licensed and insured and must not be on the States debarment and suspension list. Annually, the Department will advertise to allow new contractors the opportunity to be added to the list.
 - c. The Eligible Property Owner and the assigned inspector will review all sealed bids together and will submit the lowest bid, along with all other returned bids, to the Program for review. The Program will review the lowest bid for the completeness of the bid, and the cost reasonableness of the proposal. Reasonable bids are expected to be within 10-15% of the in-house estimate. If the estimates are too high, the Program may work with the Eligible Property Owner and Contractor to scale down the scope of work, or the Program may ask the Eligible Property Owner to obtain a lower bid. Should all bids exceed the maximum allowable budget, to include construction costs, lodging, storage, labor distribution, and administrative costs, the Program shall deem the project as ineligible.

- d. For emergency repairs, when a single trade is needed to do the emergency repair, a pool of licensed and insured contractors as approved by the Department can be used to obtain three written quotes.
 - e. The awarded contractor's bid submittal will be incorporated into the Owner Contract Agreement documents. The Project Inspector will conduct an agreement signing with the Owner and awarded Contractor. The Project Inspector will read each page of the Owner Contractor Agreement document(s) and have the Owner and Contractor initial each page to indicate their acknowledgement of the contents.
 - f. Contractors consistently performing substandard work or receiving multiple homeowner complaints may be removed from the contractor list for a minimum period of one year.
3. The County's role is that of a lender, authorizing the disbursement of funds after inspection and approval by the Eligible Property Owner and Program staff. The Disbursement Schedule will be included in the Agreement with the Eligible Property Owner.

1. Relocation assistance may be provided by the County to Owners, when determined to be necessary by Program staff, and shall include the cost of storage of personal and household property and shall not exceed actual and reasonable costs. However, packing and moving costs for household furnishings shall be the responsibility and at the expense of the property owner.
2. If the project is delayed due to the fault of the Contractor, the Contractor shall pay the excess relocation assistance cost as liquidated damages.

U. Inspections, Change Orders and Payments:

1. Inspections: Field Inspections will be made as often as necessary to assure that the work is being completed in accordance with applicable codes and standards and are in line with the terms of the construction contract.

W. Liquidated Damages:

Should the Contractor fail to substantially complete the Work on or before the date stipulated in the Construction Notice to Proceed (or such later date as may result from an extension of time granted by the Owner and the Department), Contractor shall pay, as liquidated damages:

1. Additional lodging and storage costs as invoiced, plus the sum of fifty dollars for each consecutive calendar day the terms of the agreement remain unfulfilled beyond the date allowed by the agreement, which sum is agreed upon as reasonable and proper measure of damages which the Owner and the County will sustain per day by failure of the Contractor to complete within time as stipulated; it being recognized by the Owner, the County, and the Contractor that the injury to the Owner and the County which could result from a failure of the Contractor to complete on schedule is uncertain and cannot be computed exactly. In no way shall cost for liquidated damages be construed as a penalty on the Contractor.
2. For each consecutive calendar day, the work remains incomplete after the date established for completion, the Owner and the County will retain from the compensation otherwise to be paid to the Contractor the sum of \$50. This amount is the minimum measure of damages the Owner and the County will sustain as a failure of the Contractor to complete the remedial work, correct deficient work, clean up the project, and other miscellaneous tasks as required to complete all work specified.
 - a. This amount is in addition to the liquidated damages prescribed above and represents compensation for additional costs the Owner and the County could incur or suffer caused by on-going construction while occupying the project. Such costs could include, but are not limited to, temporary facilities or structures, reduced employee

efficiency, additional operating costs, employee overtime, insurance, etc.

3. The amount of liquidated damages set forth above or as negotiated between the Department and the Contractor shall be assessed cumulatively.
4. The amount of liquidated damages recovered shall be deducted from the Owner's mortgage assistance.

X. Close-Out:

The homeowner's signature on the Certificate of Completion and Final Inspection indicates acceptance of the rehabilitation work as meeting the terms and conditions of the contract. If the homeowner refuses to sign the final acceptance, the inspector may authorize full payment for those items which are determined to be completed in compliance with the contract and all applicable codes pending the approval of the Department Director or his/her designee. Assistance is completed upon final acceptance by the Owner of completed work and Program authorization for final payment.

Y. Conflict of Interest of Public Officials:

No elected or appointed Federal, State, and local official or any other public official or employee who exercises any functions or responsibilities in conjunction with the administration of Brevard County Housing and Human Services Department's Housing and Rehabilitation Program shall have any interest, direct or indirect, in the proceeds or benefits of the rehabilitation program.

Z. Kickbacks and Discounts:

No elected or appointed Federal, State, local official, or any other public official or employee shall receive kickbacks or discounts from either contractors or property owners in return for special favors.

AA. Subordination of County Liens:

1. Only requests that increase the affordability of the housing unit or assist a household with catastrophic medical expenses (for the lien holder or relative of the lien holder) not associated with consumer debt shall be considered.
2. Requests, which include the receipt of cash from the refinancing transaction, will not be considered.

3. A Homeowner requesting a subordination of the County's lien must make this request in writing, indicating the reason for the request. The County Manager or Designee must authorize any subordination requested. Staff will identify for the County Manager or Designee, the current status of the County's equity position, and the equity position if the subordination request is approved.
4. Clients must not be in default of the County mortgage.
5. The Homeowner may be charged any recording fees necessary for the subordination or included as part of their closing costs.

BB. Follow-up:

The Department will perform random reviews of homeowner's insurance, flood insurance (if applicable), and the Brevard County Property Appraiser's website checked to ensure that all insurance requirements are met and the property remains the primary residence of the eligible homeowner.

CC. Request for Determination

When a request is received concerning the status of an existing mortgage lien, whether for purposes of subordination, satisfaction, bankruptcy, or other similar purpose, the Housing and Human Services Department will evaluate the mortgage lien and adopt the current, approved policy. This action may result in amortization of mortgage balance, reduction of lien term, or satisfaction of mortgage.

DD. Satisfaction of Mortgage:

1. Upon satisfactory completion of the lien terms, a satisfaction of mortgage will be completed and filed with the clerk of the court after review of the County Attorney and approval of the County Manager or Designee.
2. A Homeowner seeking a satisfaction which includes a short payoff request (less than the total amount owed on the County's lien) must make this request in writing, indicating the reason for the request. Staff will identify for the County Manager or Designee, the current status of the County's equity position and any other applicable grant requirements. If all grant conditions are met and the reason for the request is

acceptable, the County will be accepted as its payoff, an equal percentage as that being accepted by the First Mortgage Holder (i.e., First Mortgage Holder has a Lien of \$100,000 and accepts 50% or \$50,000; Brevard County has a lien of \$40,000 and accepts 50% or \$20,000).

3. If the First Mortgage Holder is a Federal or State lending entity (i.e., Freddie Mac, Fannie Mae, Federal Housing Authority (FHA), VA Administration, Florida Housing Finance Corporation etc.) and its guidelines set a maximum allowable payoff, The County will accept the maximum allowable payoff for satisfactory completion of the County's lien. In cases where multiple Federal or State Lending entities have an interest in the property, the County will take an equal share of the maximum allowable payoff (i.e., FHA \$6,000; VA \$6,000 and Brevard County \$6,000).

EE. Appeals:

Any Applicant or client wishing to appeal a decision made by the Program shall be given a copy of the Department Approved Appeal Procedure. Applicants denied assistance for reasons not specified in this policy will have the right to appeal to the Affordable Housing Advisory Committee.

2. Applicants must submit a signed and dated application provided by the Housing and Human Services Department. Income eligibility must be verified based on the regulations of the applicable funding source, SHIP, and BOCC approved policies. As funds become available, applicants will be asked to confirm completion of the Purchase Assistance Program Workshop.

Other assistance programs authorized by an instrument of government may be considered by the Department. In these situations, third position can be taken when funds are approved by the Brevard County Board of County Commissioners. 7. Federal Housing Administration, Veterans Administration, and Fannie Mae underwriting guidelines will be utilized when determining debt-to-income ratios. Brevard County will utilize the definition of "Affordable" provided in Chapter 420, Florida Statutes, State Housing Initiatives Partnership Program that states:

"...monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households... However, it is not the intent to limit an individual household's ability to devote more than 30 percent of its income for housing, and housing for which a household devotes more than 30 percent of its income shall be deemed affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30 percent benchmark."

8. If Household is disqualified due to being over-income, the disqualification period will be 6 months from day of notice. At that time, the applicant/household may re-apply when the Program is open to new applicants.

11. Ineligible Applicants will be counseled on the Department approved Appeal Procedure.

Assistance for those applicants at 121-140% AMI will be contingent on approval of LHAP. Funding for the program is allocated by the SHIP. The SHIP Program regulations require all agencies receiving monies use Section 8 program income definitions and guidelines.

F. MARKETING

Brevard County will take affirmative marketing steps to provide information and attract eligible persons from all racial, ethnic, and gender groups. A wide range of marketing strategies will be implemented to ensure that eligible persons living County-wide have a reasonable opportunity to be informed about the Purchase Assistance program opportunities being carried out by Brevard County.

On an annual basis, the County will review its marketing efforts to assess strategy effectiveness.

K. PRE-PURCHASE COUNSELING/HOME BUYER WORKSHOP

1. Attendance and completion of the designated Brevard County Pre-Purchase Counseling/Homebuyer Workshop is mandatory. Applicants not fulfilling this requirement will not be eligible to receive funds under this Program. The course is designed to educate the applicant on the program's rules and regulations and all aspects of home ownership, fair housing, and post purchase counseling.

If the applicant decides to build or purchase an existing unit, he/she can do so as long as the property is in unincorporated Brevard County, and those municipalities included in the Interlocal Cooperation agreement. The total sales price may not exceed the amount determined by the counselor or Eligible

Sponsor, and if necessary, the seller must execute a Brevard County provided addendum to the contract. The inspection must include a determination of what repairs or improvements are needed to follow Standard Housing Code Standards. Inspection of the property will only be performed if all utilities are turned on. The roof must have a minimum five (5) year life expectancy determined by County approved Inspection and be in working order.

1. New Construction – If the house has been constructed within the last 12 months, a copy of the certificate of occupancy (CO) is required and must be received by the Housing and Human Services office before closing and prior to assistance being provided, a County approved inspection may still be required.
2. Existing Unit – If the house is an existing unit, the home is required to be inspected by the Department or designee to determine that the house meets the Standard Housing Code Standards.
3. Inspection Process – Additional inspection(s) above the County's required inspection of the home is the responsibility of the homebuyer.

M. AGREEMENT

1. Approval of Mortgage – Upon approval of the first mortgage by the primary lending institution, the applicant shall sign an agreement that stipulates the rules and regulations governing the assistance, resale restrictions, and/or transfer of property.
2. All eligible applicants must demonstrate adequate insurance coverage including flood insurance, if so required, for the duration of the construction term and lien.
3. The requirements within a commitment letter will be later bound by a mortgage lien placed on the property. The mortgage shall not incur interest, if no default occurs.
4. The length of the mortgage period is determined by the total amount of funding used for down payment and closing cost assistance.
5. DEATH OF THE BORROWER. Upon the death of the Borrower during the mortgage period, the mortgage balance shall become due in full, unless at the time of the borrower's death an eligible spouse or family member desires to reside in the home (family member includes domestic partner) and provided that the individual can establish proof of residency.
 - a. If an eligible family member wishes to assume the existing mortgage, the family member shall have 180 days to make a written request to the Director of the Housing and Human Services Department to assume all of the obligations specified in the

Borrower's mortgage. If a written request to assume the mortgage is not made within 180 days, the Lender shall declare the Borrower's estate to be in default, and will require repayment of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the property is refinanced, sold, or transferred, whichever is soonest.

- b. If within 180 days an eligible family member submits a written request to the Lender to assume the mortgage, the family member must demonstrate proof of legal title to the property and meet the current income and assets qualifications of the Lender.
 - i. If the Property does not have to undergo Probate, the family member shall have ninety days to assume the mortgage. If ninety days pass and the family member has not assumed the mortgage and note, Lender shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the property is refinanced, sold or transferred, whichever is soonest.
 - ii. If the Property must undergo Probate, the family member shall have ninety days from the date of acquiring clear title to the property, and have been determined income-eligible by the Lender, to assume the mortgage. If ninety days pass and the family member has not assumed the mortgage and note, the Lender shall declare a default and will require repayment of the mortgage balance. Repayment shall occur within ninety days of the declaration of default, or at the time the Property is refinanced, sold or transferred, whichever is soonest.
 - c. The Housing and Human Services Department Director will have the ability to waive the 180 day requirement as referenced in Sections a. and b. due to extenuating circumstances.
6. **DEFAULT OF THE BORROWER.** In the event the County declares a default and ninety days pass without repayment to the Lender, the following shall occur: (a) the mortgage balance shall be frozen at the balance in place on the date of the Borrower's death; (b) the mortgage balance will cease to depreciate at the annual rate; and, (c) interest shall accrue at 5% per annum. Accrued interest plus the mortgage balance at the time of the Borrower's death shall not exceed the amount of the Promissory Note last executed by the Borrower. The lien will continue against the Property until repayment plus interest is satisfied.

7. **No mortgage is considered satisfied until a Satisfaction of Mortgage is recorded with the Clerk of Courts by the Housing and Human Services Department.**

N. TYPES OF PRIMARY LOANS or QUALIFIED MORTGAGES and LOAN UNDERWRITING EXPECTATIONS

Underwriting for a loan or mortgage reevaluates the riskiness of a proposed deal or agreement. For a lender, the risk is of default or non-payment. The underwriter assesses income, liabilities (debt), savings, credit history, credit score, and more depending on an individual's financial circumstances. Mortgage underwriting typically has a "turn time" of a week or less.

1. FHA, VA, Conventional, Habitat for Humanity or other, fixed rate, Qualified Mortgages under the requirements of the Consumer Finance Protection Bureau (CFPB) outlined at 12 CFR 1026.43(e) are eligible for assistance in the Purchase Assistance Program.
2. Lease-Purchase, Owner-Financed, or Adjustable Rate Mortgages are not allowed for use by a Purchase Assistance participating in this Program.
3. Mortgages will be evaluated by the Eligible Sponsor and/or Department staff for affordability. A maximum of two points in Origination Fees and Discount Fees are allowable. Interest rates in excess of one (1) percentage point above the average mortgage rate will be returned to the originating mortgage lender for re-negotiation of rate and may be subject to rejection of assistance to the applicant.
4. Total closing costs (excluding pre-paid charges) charged to the buyer may not exceed 6% of the loan amount.
5. Interest rates must be competitive and must not be a "Higher Priced" loan as defined by Consumer Finance Protection Bureau. Higher priced loans are those that exceed the Average Prime Offer Rate by more than 1.5% as of the date of the loan's rate lock.

O. SETTLEMENT OR CLOSING

1. Once the loan for the first mortgage is approved and all pre-closing repairs have been completed, the closing agent must provide a Settlement Statement (HUD-1) or Closing Disclosure prior to the closing date (copy of the appraisal report and notification of Brevard County named as Loss Payee on hazard insurance and/or flood insurance must be received before check can be issued). The Eligible Sponsor or Department staff will prepare the second mortgage and provide it to the

closing agent on the settlement date. The second mortgage will contain the total amount for down payment and closing costs.

2. Copies of all documents signed at the closing must be forwarded to the Brevard County Housing & Human Services Department within 21 days.
3. The documents are to be recorded and certified by the closing agent through the Clerk to the Circuit Court.

P. SUBORDINATION OF COUNTY LIENS

1. A borrower requesting a subordination of the County's lien must make this request in writing, indicating the reason for the request. The County Manager or Designee must authorize any subordination requested. Staff will identify for the County Manager or Designee, the current status of the County's equity position, and the equity position if the subordination request is approved.
2. Requests, which include the receipt of cash from the refinancing transaction, will not be considered.
3. Requests that increase the affordability of the housing unit, assist a household in alleviating generational poverty (for example, college expenses or technical or vocational training), or catastrophic medical expenses (for the lien holder or immediate relative of the lien holder) not associated with consumer debt, shall be considered.
4. Applicants must not be in default of the County mortgage.
5. The Homeowner may be charged any recording fees necessary for the subordination.
6. Low and Very Low income homeowners assisted under previous versions of this policy with amounts less than \$20,000.00 and lien terms exceeding those defined in Section III G. may be satisfied if subordination requests are received that increase the affordability of the home and no cash out is requested.

Q. SATISFACTION OF MORTGAGE

Upon satisfactory completion of the lien terms, a Satisfaction of Mortgage will be completed by the Department on behalf of the Board of County Commissioners and filed with the clerk of the court after review of the County Attorney and approval of the County Manager or Designee. The original Satisfaction of Mortgage will be mailed to the borrower.

A Homeowner seeking a satisfaction which includes a short payoff request (less than the total amount owed on the County's lien) must make this request in

writing, indicating the reason for the request. Staff will identify for the County Manager or Designee, the current status of the County's equity position and any other applicable grant requirements. If all grant conditions are met and the reason for the request is acceptable, the County will accept as its payoff, an equal percentage as that being accepted by the First Mortgage Holder (i.e., First Mortgage Holder has a Lien of \$100,000 and accepts 50% or \$50,000; Brevard County has a lien of \$40,000 and accepts 50% or \$20,000).

If the First Mortgage Holder is a Federal or State lending entity (i.e., Freddie Mac, Fannie Mae, Federal Housing Authority (FHA), VA Administration, Florida Housing Finance Corporation etc.) and its guidelines set a maximum allowable payoff, The County will accept the maximum allowable payoff for satisfactory completion of the County's lien. In cases where multiple Federal or State Lending entities have an interest in the property, the County will take an equal share of the maximum allowable payoff (i.e., FHA \$6,000; VA \$6,000 and Brevard County \$6,000).

R. FOLLOW-UP

Annually a sampling of case files will be pulled for monitoring. The local property appraiser's site will be checked to ensure that the client is listed as owner. If the property appraiser's site does not list the client as owner, the homeowner will be sent a certified letter requesting proof of residency.

S. REQUEST FOR DETERMINATION

When a request is received concerning the status of an existing mortgage lien, whether for purposes of subordination, satisfaction, bankruptcy, or other similar purpose, the Housing and Human Services Department will evaluate the mortgage lien and adopt the current, approved policy. This action may result in amortization of mortgage balance, reduction of lien term, or satisfaction of mortgage.

IV. RESERVATION OF AUTHORITY

The authority to issue or revise this Policy is reserved by the Chairman of the Brevard County Board of County Commissioners.

(Prepared by the Housing and Human Services Department)

Annually the Brevard County Affordable Housing Advisory Committee (AHAC), pursuant to Section 420.9076(4) of the Florida Statutes, must review the established policies and procedures, ordinances, land development regulations, the housing element of the local government comprehensive plan and shall recommend specific actions or initiatives to encourage or facilitate affordable housing while protecting the ability of the property to appreciate in value.

On May 20, 2008, the Brevard County Board of County Commissioners (BOCC) initially adopted Ordinance 08-16 putting in place the requirements of Section 420.9076(4) of the Florida Statutes. On November 3, 2011, the Board of County Commissioners approved as recommended by the Brevard County Affordable Housing Advisory Committee the following original Housing Initiative Partnership (SHIP) Affordable Housing Incentive Strategy recommendations:

- a. Expedited Permitting: The processing of approvals of development orders or permits, as defined in s.163.3164 (7) and (8), for affordable housing projects to be expedited to a greater degree than other projects.
- b. Impact Fee Waivers or Modification: The modifications of impact-fee requirements, including reduction or waiver of fees, and alternative methods of fee payment for affordable housing.
- c. Density Flexibility: The allowance of flexibility in densities for affordable housing.
- d. Reservation of County Infrastructure: The reservation of infrastructure capacity for housing for very-low-income, low-income persons, and moderate-income persons.
- e. Accessory Dwelling Units: The allowance of affordable accessory residential units in residential zoning districts.
- f. Parking & Setbacks: The reduction of parking setback requirements for housing.
- g. Flexible Lot Configuration: The allowance of flexible lot configurations, including zero-lot-line configurations for affordable housing.

- h. Street Requirements: The modification of street requirements for affordable housing.
- i. Ongoing Process Review: The establishment of a process by which a local government considers, before adoption of policies, procedures, ordinances, regulations, or plan provisions that increase the cost of housing.
- j. Land Bank inventory: The preparation of a printed inventory of locally owned public lands suitable for affordable housing.
- k. Development Near Transportation Hubs, Corridors, Major Employment Centers, and Mixed-Use Developments: The support of development near transportation hubs and major employment centers and mixed-use developments.

In implementing the previous 2022-2023 Incentives Strategies Report Recommendations the Affordable Housing Advisory Committee (AHAC) at meetings in 2022 and 2023 discussed modifying existing incentives in the Brevard County Land Development Regulations (LDRS), Article XVII, Sections 62-6300 through 62-6311 and potential amendments required by the recently passed Live Local Act. At the AHAC meetings on October 19, 2023, and November 16, 2023, the existing incentives in the LDRS and a working draft of potential revisions were discussed. The AHAC recommended that staff continue to coordinate with the relevant partner County Departments, Agencies and Legal staff on further review, evaluation, and development of revisions for future amendment to the County LDRS and or Comprehensive Plan as applicable, including requirements of the Live Local Act.

The AHAC at a meeting and public hearing on November 16, 2023, recommended that priority efforts for 2023-2024 continue to be focused on the three incentives strategies report sections c., e., and j. below and in the body of the report. The listed recommendations include estimated times for completion.

- c. Density Flexibility
- e. Accessory Dwelling Units and Tiny Homes
- j. Land Bank Inventory

RECOMMENDATIONS AND EVALUATION OF LOCAL GOVERNMENT IMPLEMENTATION OF PREVIOUSLY RECOMMENDED LOCAL HOUSING STRATEGIES FOR 2022-2023

Public Hearing:

On November 2, 2023, a Public Hearing and Meeting was advertised in the Florida Today newspaper. The Public Hearing and Meeting was held on November 16, 2023, at the Brevard County Government Center, 2725 Judge Fran Jamieson Way, Viera, Florida 32940 at 4:30 PM in the Space Coast Room, Second Floor, Building C.

Incentives & Recommendations:

- a. **Expedited Permitting:** processing of approvals of development orders or permits, as defined in s. 163.3164(7) and (8), for affordable housing projects are expedited to a greater degree than other projects.

Information Reviewed: Ordinance No. 07-18, The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in February 2022 and the Brevard County Codes of Ordinances (Article XVII).

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the above Ordinances, Codes and Comprehensive Plan Policies which previously resulted in:

- A process to facilitate the movement of projects through the permitting process, with priority given to developments with affordable housing units.
- Policies and Ordinances to continue and develop procedures to expedite review of affordable housing developments and housing for essential employees and special needs groups.

This process and policies are still in place, available for use and were applied in 2023. Brevard County Planning and Development remains efficient and timely in processing all development review applications.

Recommendation: Continue established procedure.

- b. **Impact Fee Waivers or Modifications:** The modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

Information Reviewed: Ordinance No. 07-18, The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in February 2022, the Brevard County Codes of Ordinances (Article XVII) and Code Section 62-6303.

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the above Ordinances, Codes and Comprehensive Plan Policies which previously resulted in:

- Transportation impact fee deferral and refunds for workforce and affordable housing

The process continues to be available for deferral of Transportation Impact Fees by applicants when needed and has been actively pursued with success by developers of affordable housing. Limited funds are available from Brevard County Housing and Human Services Department for refunding permit fees as new affordable housing development projects arise.

Recommendation: Continue established procedure.

- c. **Density Flexibility:** The allowance of flexibility in densities for affordable housing.

Information Reviewed: Ordinance No. 07-18, The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in February 2022 and the Brevard County Codes of Ordinances (Article XVII).

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the above Ordinances, Codes and Comprehensive Plan Policies which previously resulted in:

- A twenty-five percent (25%) density bonuses for developments located within zoning or future land use category with a density of six units per acre or greater, and with a minimum 30 percent of units designated as affordable, that is consistent with the criteria in the County Comprehensive Plan, provided that the overall residential development density does not exceed the density in the next highest residential future land use designation. Proposed affordable and workforce housing developments located within any coastal hazard area defined by the comprehensive plan or on barrier islands are not eligible for a density bonus under this section and per Article XVII, Section 62-6305 (a) and (d) and Section 62-6307 (1) and (3) of the County Land Development Regulations adopted in 2007.

Density Flexibility remains available through the County Land Development Regulations and The County Comprehensive Plan in multiple Future Land Use Categories and Zoning Classifications Countywide and greater densities and height limits have been further enhanced by the requirements of the Live Local Act for Mixed Use Developments.

Recommendation: For Items (1) through (6) Coordination efforts are underway between the Housing and Human Services Department and Planning and Development Department Staff on potential code amendments and will continue into the second half of 2024 to include policy application of Live Local Act requirements per County Policy BCC-100. Continue established procedure and direct staff to evaluate the feasibility of:

(1) Allowing greater flexibility by increasing density and intensity levels to encourage the creation of new affordable housing within the unincorporated County through use of the above Ordinances and Codes, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff have begun the internal process to review potential draft code amendments prior to discussion with Planning and Development staff in 2024.

(2) increasing density and intensity bonuses to levels that meet market development feasibility in the production of affordable and workforce residential units, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff have begun the internal process to review potential draft code amendments prior to discussion with Planning and Development staff in 2024.

(3) allowing density bonuses at site plan and subdivision plan approval levels, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff have begun the internal process to review potential draft code amendments prior to discussion with Planning and Development staff in 2024.

(4) allowing fees paid in lieu of providing affordable housing onsite realized from a density bonus into the Affordable Housing Trust Fund, (Estimated time of completion 2 years) Housing and Human Services Department staff have begun the internal process to review potential draft code amendments prior to discussion with Planning and Development staff in 2024.

(5) amending and increasing periods of affordability for units realized by incentives, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff have begun the internal process to review potential draft code amendments prior to discussion with Planning and Development staff in 2024.

(6) creating a County User Guide on use and application of density and intensity bonuses and other County Comprehensive Plan and Code based incentives. (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff conducted research existing user guides from other jurisdictions in 2023 for development and review of a local document in 2024.

- d. **Reservation of County Infrastructure:** The reservation of infrastructure capacity for housing for very-low-income, low-income persons, and moderate-income persons.

Information Reviewed: Brevard County Code of Ordinances (Article IV).

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the Brevard County Code of Ordinances Article IV, which continues concurrency management which ensures that public facilities and services needed to support development are available concurrent with the impacts of such development and that development orders and development permits are issued in a manner that will not result in a reduction in the levels of service below the adopted level of service standards adopted by Brevard County for public facilities and services.

The concurrency management process remained in effect for Brevard County public facilities and services in 2022 and 2023. There are currently no concurrency capacity reservations or concurrency exemption areas created specifically for affordable housing units. County continues to monitor needs and impacts and will act accordingly in 2024.

Recommendation: Continue established procedure.

- e. **Accessory Dwelling Units and Tiny Homes:** The allowance of affordable accessory residential units and Tiny Homes in residential zoning districts.

Information Reviewed: Brevard County Ordinance No. 07-18 and The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in February 2022.

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the above Ordinance and Comprehensive Plan Policy which previously called for county staff to:

- Study accessory units as a method for use by private families and individuals in the provision of affordable/workforce housing opportunities and solutions on their own properties, in areas with established infrastructure. The Comprehensive Plan also indicates that the County will consider land development regulations and other ordinances as needed that will regulate the use of accessory dwelling units as permitted by state statute.

The County code continues to allow accessory units and tiny homes in multiple zoning classifications. Review and monitoring of the code will continue. A development order in the Viera Development of Regional Impact allows for the use of accessory dwelling units in some residential projects.

Recommendation: For Items (1) through (4) Coordination efforts between the Housing and Human Services Department and Planning and Development Staff are underway on potential code amendments and will continue into the second half of 2024. Continue established procedure and direct staff to evaluate the feasibility of:

- (1) developing additional County regulation changes for Accessory Dwelling Units consistent with Florida Statutes and HB 1339 (2020), (Estimated time of completion 1 to 2 years). Housing and Human Services Department staff conducted research in 2023 for developing draft code amendments for review in 2024.
- (2) consolidating Accessory Dwelling Units and similar units into one section of the County Code, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff conducted research in 2023 for developing draft code amendments for review in 2024.
- (3) developing a User Guide for use and application, (Estimated time of completion 1 to 2 years) Housing and Human Services Department staff conducted research in 2023 on examples of existing user guides for review in 2024.
- (4) providing density, intensity and impact fee waivers and concurrency exemptions for affordable accessory dwelling units and tiny homes, (Estimated time of completion 2 years) Housing and Human

Services Department staff conducted research in 2023 for developing draft code amendments for review in 2024.

(5) incentivizing development of accessory dwelling units and tiny homes in permissible areas with local housing program funds and lands. (Estimated time of completion 1 to 2 years) The Housing and Human Services Department is currently developing a Request for Proposal (RFP) to increase affordable housing within Brevard County. The RFP will be structured to allow for proposals which include accessory dwelling units and tiny homes.

- f. **Parking and Setbacks:** The reduction of parking and setback requirements for affordable housing.

Information Reviewed: Ordinance No. 08-16 and the Brevard County Codes of Ordinances (Article XVII).

Information Reviewed: Brevard County Ordinance No. 07-18, The Housing Element of the 1988 Brevard County Comprehensive Plan as amended in February 2022.

Review Synopsis: Staff had presented the AHAC with information pertaining to practices and reviewed the above Ordinances and Plans that previously established an affordable housing trust fund and unit/land mitigation bank for receipt of non-ad valorem revenues and residential land and density equivalent units for use in the development and rehabilitation of affordable housing.

A continuous process supporting the review of county owned land for suitability in use for affordable housing has been well established and further defined under the requirements of the Live Local Act. This review process of County owned land was conducted by County staff in 2023 and an updated land bank inventory list of available properties appropriate for use as affordable housing was revised, reviewed, and approved by the Board of County Commissioners in Resolution No. 23-100 on September 12, 2023, and has been posted for public review.

Lots have been transferred in the past to the Housing and Human Services Department for use as affordable housing. The Housing and Human Services Department uses an Affordable Housing Location Evaluation Matrix when conducting due diligence and evaluating transfers of properties to the land bank inventory suitable and available for use in affordable housing activities. Lots in the past have been transferred to affordable housing developers and some sold with proceeds placed in the local affordable housing trust fund. Currently 35 lots or parcels are available in the inventory for use in affordable housing development activities.

Recommendation: Continue established procedure and direct staff to evaluate the feasibility of:

- (1) allocating current lot inventory to developers of affordable housing or a Community Land Trust (Estimated time of completion 1 to 2 years). The previously referenced RFP (e.5) to increase affordable housing in Brevard County will allow for applicants to request use of properties from the land bank inventory list that are appropriate for use as affordable housing approved by the Board of County Commissioners in Resolution No. 23-100 on September 12, 2023, and consistent with the Live Local Act
- (2) further expansion of the program to include the evaluation and transfer of land and housing units from the County delinquent property tax certificate sales program, including priority review and right of first refusal on available properties, for the development and preservation of affordable housing countywide (Estimated time of completion 2 years). For Items (2) and (3) Housing and Human Services Department Staff will conduct research and consult with County Staff and Constitutional Officers in 2024 and 2025.
- (3) evaluate other established best practices on delinquent property tax certificate sales programs by local governments statewide including priority review and right of first refusal (Estimated time of completion 2 years).

(4) encouraging and funding the development of county wide Community Land Trusts to keep housing units produced with public, lands, funds, incentives, and waivers affordable for longer periods of time (Estimated time of completion 2 years). Housing and Human Services Department Staff will conduct research and consult with County Staff in 2024 and 2025.

The process continues and mixed-use development incentives remain available through the County Land Development Regulations and The County Comprehensive Plan, in multiple Future Land Use Categories and Zoning Classifications County wide. Greater densities, building height limits and reduced parking requirements in proximity to major transit stops on transit routes have been further enhanced by the requirements of the Live Local Act for Mixed Use Developments. Brevard County Planning and Development staff developed, and the *Board of County Commissioners approved Policy BCC-100 Titled: "Evaluation Procedures for Development Proposals Pursuant to the Live Local Act Which Otherwise Are Not Permissible"* on October 24, 2023. Policy BCC-100 addresses the review of parking requirements, major transit stops, unit density, mixed uses, building height and affordability periods. The Housing and Human Services Department uses an Affordable Housing Location Evaluation Matrix when evaluating affordable housing projects requesting funding and use of incentives, and transfers of suitable properties to the land bank inventory.

Recommendation: Continue established procedure.
