Linde Inc.  
Air Separation Plant  
Mims, Florida

Making our world more productive

# Who We Are and What We Do

**The Linde Vision:** To be the best performing industrial gases and engineering company in the world — as determined by our customers, employees, shareholders, suppliers and the communities in which we operate

**At Linde:** 65,000 employees in more than 100 countries are working together towards a common goal: making our planet more productive. For more than 100 years, Linde has taken something as fundamental as air and turned it into ways to make plants operate cleaner and more productively, food taste better, breathing easier and manufacturing processes more efficient -- in short, to make all our lives better.

**Industrial Gas Supply:** Our production facilities, wide variety of gas and process management programs, and delivery systems are all designed to help get you the gas you need, when and how you need it.

# Mims Production Facility

2801 Hammock Road @ Wiley Avenue

# New Production Facility Conceptual Design

Linde is expanding its existing facilities to meet the growing demand from our customers.

Production expansion will enable Linde to substantially increase the necessary cryogenic oxygen & nitrogen supply to support the Cape Kennedy Space Industry

Linde project will yield economic benefits, increasing employment opportunities for the local community with more Drivers, Technicians, Mechanics and Supervisors... Likely developing a new Distribution Trucking facility within Mims, Brevard County.

# Production Facility Expansion

Linde is expanding its existing facilities to meet the growing demand from our customers.
