Subject:

Florida Department of Environmental Protection Grant INV24: Mobile Algae Harvesting to Mitigate Harmful Algal Blooms in Brackish Waterways

Fiscal Impact:

$999,000 of grant funds

Dept/Office:

Natural Resources Management

Requested Action:

It is requested that the Board of County Commissioners 1) authorize the Chair to execute this grant contract; 2) authorize the Chair to execute a contract up to the grant funding amount, as needed to accomplish the work; subject to the approval of the County Attorney's Office, Purchasing, and Risk Management 3) authorize the County Manager to execute grant and contract amendments, as needed, subject to the approval of the County Attorney's Office, Purchasing, and Risk Management; 4) authorize the County Manager to execute the sole source justification form needed to implement the grant-funded work; and 5) authorize the County Manager to approve associated budget change requests.

Summary Explanation and Background:

Grant funding in the amount of $999,000 has been awarded to Brevard County from the State of Florida Department of Environmental Protection (FDEP) Innovative Technology program for a proposed Mobile Algae Harvesting to Mitigate Harmful Algal Blooms in Brackish Waters project. This project will deploy a barge-mounted Hydronucleation Flotation Technology (HFT) algal harvester in the Indian River Lagoon for emergency response in targeted "hot spot" locations to mitigate harmful algal blooms (HAB) as they occur and to reduce nutrient loading entering the Indian River Lagoon through key tributaries.

Brevard County Natural Resources Management plans to contract with AECOM Technical Services to complete the work as outlined in the FDEP contract. AECOM is the only known company that can provide a shovel-ready HFT algae harvesting system. AECOM's HFT unit is a proprietary design and is patent pending. AECOM has been awarded sole-source contracts for HAB-related algae harvesting services with the U.S. Army Corps of Engineers for a pilot demonstration in Lake Okeechobee, FL. They were then awarded another sole source contract to further the pilot research at Saddle Creek, FL and Lake Chautauqua, NY. The State of New York awarded another sole source contract for the Lake Agawam, NY project, and most recently, St. Johns River Water Management was awarded a very similar grant from FDEP, which on a sole source basis, contracted with AECOM for a project at Lake Jessup in Apopka.

Based on successful demonstration projects in freshwater applications, as mentioned above, Brevard County

requested a grant to test the performance of the system in brackish waters.

Clerk to the Board Instructions:

Please execute 2 copies of the grant agreement, one copy for the Florida Department of Environmental Protection and one to be returned to Natural Resources.

Subject: AECOM Sole Source Justification for Innovative Technologies for Harmful Algal Blooms (HABs) Project (Mobile Algae Harvesting to Reduce the Spread and Public Exposure to HABs in Brackish Waterways)

Dear Ms. Breeden:

AECOM Technical Services Inc. (AECOM) congratulates Brevard County for being awarded a grant from the Florida Department of Environmental Protection (FDEP) under the Innovative Technology Grant Program for the project, *Mobile Algae Harvesting to Reduce the Spread and Public Exposure to HABs in Brackish Waterways*. AECOM is pleased that Brevard County has recognized our unique technical capabilities and staff qualifications and intends to contract with AECOM to meet the program requirements.

AECOM is the only company, to our knowledge, that can provide a "shovel-ready" HFT algae harvesting system to Brevard County to satisfy the project requirements within the specified timelines. AECOM's HFT unit is a proprietary design and is patent-pending. Additionally, our field staff have proven technical competence in safely providing HAB mitigation services with this unique technology platform, including the use of the unit from a barge. Our specialty sub-contractors (already under contract) also offer similarly unique HAB-related services; all of which have proven experience on other algae harvesting projects undertaken by AECOM in both Florida and New York. Prior proven experience using this highly specialized HFT technology is vital to the success of this proposed effort.

The proprietary nature of the technology and the unique qualifications and experience of AECOM staff and our sub-contractors in its operation and maintenance provides the need to contract this project on a sole/single source basis. Supporting this is the fact that AECOM has been awarded several sole-source contracts for the same HAB-related algae harvesting services:

- The U.S. Army Corps of Engineers (USACE) Environmental Research Development Center (ERDC) awarded a sole-source contract to AECOM to conduct a proof-of-concept HAB mitigation pilot demonstration of wild algae using AECOM's HFT unit at Lake Okeechobee, FL in 2019. With the success of that project, USACE ERDC again awarded a sole source contract in 2020 to AECOM to further the research at Saddle Creek, FL and Lake Chautauqua, NY. The projects were executed safely and achieved stated goals. A copy of the full USACE reports be downloaded from:

- Harmful Algal Bloom Interception, Treatment, and Transformation System, "HABITATS": Pilot Research Study Phase I - Summer 2019 (Report Number: ERDC TR-20-1) - https://erdc-library.erdc.dren.mil/jspui/handle/11681/35214
- Optimizing the Harmful Algal Bloom Interception, Treatment, and Transformation System (HABITATS) (Report Number: ERDC TR-21-18) - https://erdc-library.erdc.dren.mil/jspui/handle/11681/42223
- The State of New York, Office of General Services awarded a $581,000 sole-source contract (September 2019) to AECOM to conduct a proof-of-concept wild algae HAB mitigation pilot demonstration at Lake Agawam, Village of Southampton, New York. The project was safely completed and provided laboratory analyses strongly supporting the efficacy of the AECOM technology and approach for intact algal cell recovery technology to support HAB mitigation and nutrient removal.
- The St. Johns River Water Management District was awarded an Innovation Technology Grant by the FDEP in 2020 for the *Lake Jesup HFT Harmful Algal Bloom Project*. The District subsequently awarded AECOM a sole-source contract for $1,646,630 for AECOM to conduct a 7 month field test using its marine barge mounted mobile harvester. The project was safely completed and strongly supported freshwater use of the AECOM technology.
- The Northwest Florida Water Management District was awarded an Innovation Technology Grant by the FDEP in 2020 for the *Lake Munson and Apalachee Regional Park (ARP) HFT Harmful Algal Bloom Project*. The District subsequently awarded AECOM a sole-source contract for $1,646,630 for AECOM to conduct a 9 month field test using its land-based 1 Million Gallon per Day (MGD) harvester. The project was safely completed and strongly supported the large-scale use of the AECOM technology.

We look forward to working with you and your team in executing this important research project. Please contact me or Tammy Karst-Riddoch at 519-504-0563 if you have any questions or need any additional information.

Include any back-up information or documentation that supports your recommendation.** *(Acceptable responses to this question will include strong pragmatic/technological information that supports the claim that there is only one vendor that can provide the services and/or commodities).* Attach vendor letter and additional sheet if necessary.

   This technology is of a proprietary nature, as are the qualifications and experience of AECOM staff. Through extensive review, AECOM is the only company capable of meeting the project requirements and has been awarded other sole source contracts through the U.S. Army Corp of Engineers, St. Johns River Water Management District, and the State of New York.

3. **List any other sources that have been contacted and explain in detail why they cannot fulfill the County's requirements.** *(Responses to this section should include information pertaining to any research that was conducted to establish that the vendor is a sole source. Responses should include information pertaining to discussions with other potential suppliers, and why they were no longer being considered by the County).*

   There are no other companies with a mobile platform to test this innovative technology in multiple brackish water conditions to meet the expectations of this grant funding agreement.

Check all entries below that apply to the proposed purchase which exempt formal competition. Attach a memorandum containing complete justification and support documentation as directed in the selected entry. (More than one entry will apply to most sole source products/services requested).

☐ 1. SOLE SOURCE REQUEST IS FOR THE ORIGINAL MANUFACTURER OR PROVIDER. THERE ARE NO REGIONAL DISTRIBUTORS. (Attach the manufacturer's written communication that no regional distributors exist. Item no. 4 must also be completed.)

☐ 2. SOLE SOURCE REQUEST IS FOR THE ONLY STATE OF FLORIDA DISTRIBUTOR OF THE ORIGINAL MANUFACTURER OR PROVIDER. (Attach the manufacturer's - not the distributor's – written certification that identifies all regional distributors. Item no. 4 must also be completed.)

☐ 3. THE PARTS/EQUIPMENT ARE NOT INTERCHANGEABLE WITH SIMILAR PARTS OF ANOTHER MANUFACTURER. PARTS ARE "DIRECT REPLACEMENTS" PARTS/COMPONENTS FOR EXISTING EQUIPMENT. (Explain in a separate memorandum.)

☒ 4. THIS IS THE ONLY KNOWN ITEM OR SERVICE THAT WILL MEET THE SPECIALIZED NEEDS OF THIS DEPARTMENT OR PERFORM THE INTENDED FUNCTION. (Attach separate memorandum with details of specialized function or application.)

☐ 5. THE PARTS/EQUIPMENT REQUIRED FROM THIS SOURCE ARE TO PERMIT STANDARDIZATION. (Attach separate memorandum describing the basis for standardization request.)

☐ 6. NONE OF THE ABOVE APPLIES. A DETAILED EXPLANATION AND JUSTIFICATION FOR THIS SOLE SOURCE REQUEST IS CONTAINED IN AN ATTACHED MEMORANDUM.

PART IV – CERTIFICATION AND APPROVALS

I have reviewed the following Single/Sole Source justification and concur with the request, fully understanding the implications of Section 838.22 of the Florida Statutes:

> (2) "It is unlawful for a public servant or a public contractor who has contracted with a governmental entity to assist in a competitive procurement to knowingly and intentionally obtain a benefit for any person or to cause unlawful harm to another by circumventing a competitive solicitation process required by law or rule through the use of a sole-source contract for commodities or services."
>
> (3) "It is unlawful for any person to knowingly agree, conspire, combine, or confederate, directly or indirectly, with a public servant or a public contractor who has contracted with a governmental entity to assist in a competitive procurement to violate subsection (1) or subsection (2)."
>
> (5) "Any person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084."

Each undersigned individual hereby attests that he/she took part in the non-competitive procurement identified above, and has reviewed Florida Statutes, Chapter 838 as it relates to sole source contracts, and that he/she is independent of, and has no conflict of interest in, the entity evaluated and selected.

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
STANDARD TERMS AND CONDITIONS
APPLICABLE TO GRANT AGREEMENTS

ATTACHMENT 1

1. Entire Agreement.

This Grant Agreement, including any Attachments and Exhibits referred to herein and/or attached hereto (Agreement), constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements, whether written or oral, with respect to such subject matter. Any terms and conditions included on Grantee's forms or invoices shall be null and void.

2. Grant Administration.

a. Order of Precedence. If there are conflicting provisions among the documents that make up the Agreement, the order of precedence for interpretation of the Agreement is as follows:
   i. Standard Grant Agreement
   ii. Attachments other than Attachment 1, in numerical order as designated in the Standard Grant Agreement
   iii. Attachment 1, Standard Terms and Conditions
   iv. The Exhibits in the order designated in the Standard Grant Agreement

b. All approvals, written or verbal, and other written communication among the parties, including all notices, shall be obtained by or sent to the parties' Grant Managers. All written communication shall be by electronic mail, U.S. Mail, a courier delivery service, or delivered in person. Notices shall be considered delivered when reflected by an electronic mail read receipt, a courier service delivery receipt, other mail service delivery receipt, or when receipt is acknowledged by recipient. If the notice is delivered in multiple ways, the notice will be considered delivered at the earliest delivery time.

c. If a different Grant Manager is designated by either party after execution of this Agreement, notice of the name and contact information of the new Grant Manager will be submitted in writing to the other party and maintained in the respective parties' records. A change of Grant Manager does not require a formal amendment or change order to the Agreement.

d. This Agreement may be amended, through a formal amendment or a change order, only by a written agreement between both parties. A formal amendment to this Agreement is required for changes which cause any of the following:
   (1) an increase or decrease in the Agreement funding amount;
   (2) a change in Grantee's match requirements;
   (3) a change in the expiration date of the Agreement; and/or
   (4) changes to the cumulative amount of funding transfers between approved budget categories, as defined in Attachment 3, Grant Work Plan, that exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by Department.
   A change order to this Agreement may be used when:
   (1) task timelines within the current authorized Agreement period change;
   (2) the cumulative transfer of funds between approved budget categories, as defined in Attachment 3, Grant Work Plan, are less than twenty percent (20%) of the total budget as last approved by Department;
   (3) changing the current funding source as stated in the Standard Grant Agreement; and/or
   (4) fund transfers between budget categories for the purposes of meeting match requirements.
   This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.

e. All days in this Agreement are calendar days unless otherwise specified.

3. Agreement Duration.

The term of the Agreement shall begin and end on the dates indicated in the Standard Grant Agreement, unless extended or terminated earlier in accordance with the applicable terms and conditions. The Grantee shall be eligible for reimbursement for work performed on or after the date of execution through the expiration date of this Agreement, unless otherwise specified in Attachment 2, Special Terms and Conditions. However, work performed prior to the execution of this Agreement may be reimbursable or used for match purposes if permitted by the Special Terms and Conditions.

4. Deliverables.

The Grantee agrees to render the services or other units of deliverables as set forth in Attachment 3, Grant Work Plan. The services or other units of deliverables shall be delivered in accordance with the schedule and at the pricing outlined in the Grant Work Plan. Deliverables may be comprised of activities that must be completed prior to Department making payment on that deliverable. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement and all attachments and exhibits incorporated by the Standard Grant Agreement.

5. Performance Measures.

The Grantee warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Grant Work Plan; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not knowingly infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees, subcontractors, and/or subgrantees shall comply with any security and safety requirements and processes, if provided by Department, for work done at the Project Location(s). The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by Grantee meet the Agreement requirements. Notwithstanding any provisions herein to the contrary, written acceptance of a particular deliverable does not foreclose Department's remedies in the event deficiencies in the deliverable cannot be readily measured at the time of delivery.

6. Acceptance of Deliverables.

a. Acceptance Process. All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.

b. Rejection of Deliverables. The Department reserves the right to reject deliverables, as outlined in the Grant Work Plan, as incomplete, inadequate, or unacceptable due, in whole or in part, to Grantee's lack of satisfactory performance under the terms of this Agreement. The Grantee's efforts to correct the rejected deliverables will be at Grantee's sole expense. Failure to fulfill the applicable technical requirements or complete all tasks or activities in accordance with the Grant Work Plan will result in rejection of the deliverable and the associated invoice. Payment for the rejected deliverable will not be issued unless the rejected deliverable is made acceptable to Department in accordance with the Agreement requirements. The Department, at its option, may allow additional time within which Grantee may remedy the objections noted by Department. The Grantee's failure to make adequate or acceptable deliverables after a reasonable opportunity to do so shall constitute an event of default.

7. Financial Consequences for Nonperformance.

a. Withholding Payment. In addition to the specific consequences explained in the Grant Work Plan and/or Special Terms and Conditions, the State of Florida (State) reserves the right to withhold payment when the Grantee has failed to perform/comply with provisions of this Agreement. None of the financial consequences for nonperformance in this Agreement as more fully described in the Grant Work Plan shall be considered penalties.

b. Corrective Action Plan. If Grantee fails to correct all the deficiencies in a rejected deliverable within the specified timeframe, Department may, in its sole discretion, request that a proposed Corrective Action Plan (CAP) be submitted by Grantee to Department. The Department requests that Grantee specify the outstanding deficiencies in the CAP. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.

    i. The Grantee shall submit a CAP within ten (10) days of the date of the written request from Department. The CAP shall be sent to the Department's Grant Manager for review and approval. Within ten (10) days of receipt of a CAP, Department shall notify Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, Grantee shall have ten (10) days from receipt of Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain Department approval of a CAP as specified above may result in Department's termination of this Agreement for cause as authorized in this Agreement.

    ii. Upon Department's notice of acceptance of a proposed CAP, Grantee shall have ten (10) days to commence implementation of the accepted plan. Acceptance of the proposed CAP by Department does not relieve Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by Department or steps taken by Grantee shall preclude Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement

the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to Department as requested by Department's Grant Manager.

iii. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by Department may result in termination of the Agreement.

8. Payment.

a. Payment Process. Subject to the terms and conditions established by the Agreement, the pricing per deliverable established by the Grant Work Plan, and the billing procedures established by Department, Department agrees to pay Grantee for services rendered in accordance with Section 215.422, Florida Statutes (F.S.).

b. Taxes. The Department is exempted from payment of State sales, use taxes and Federal excise taxes. The Grantee, however, shall not be exempted from paying any taxes that it is subject to, including State sales and use taxes, or for payment by Grantee to suppliers for taxes on materials used to fulfill its contractual obligations with Department. The Grantee shall not use Department's exemption number in securing such materials. The Grantee shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Agreement.

c. Maximum Amount of Agreement. The maximum amount of compensation under this Agreement, without an amendment, is described in the Standard Grant Agreement. Any additional funds necessary for the completion of this Project are the responsibility of Grantee.

d. Reimbursement for Costs. The Grantee shall be paid on a cost reimbursement basis for all eligible Project costs upon the completion, submittal, and approval of each deliverable identified in the Grant Work Plan. Reimbursement shall be requested on Exhibit C, Payment Request Summary Form. To be eligible for reimbursement, costs must be in compliance with laws, rules, and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: https://www.myfloridacfo.com/division/aa/state-agencies.

e. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by Department pursuant to the Grant Work Plan shall be submitted to Department in sufficient detail for a proper pre-audit and post-audit to be performed. The Grantee shall only invoice Department for deliverables that are completed in accordance with the Grant Work Plan.

f. Interim Payments. Interim payments may be made by Department, at its discretion, if the completion of deliverables to date have first been accepted in writing by Department's Grant Manager.

g. Final Payment Request. A final payment request should be submitted to Department no later than sixty (60) days following the expiration date of the Agreement to ensure the availability of funds for payment. However, all work performed pursuant to the Grant Work Plan must be performed on or before the expiration date of the Agreement.

h. Annual Appropriation Contingency. The State's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. This Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of Department if the Legislature reduces or eliminates appropriations.

i. Interest Rates. All interest rates charged under the Agreement shall be calculated on the prevailing rate used by the State Board of Administration. To obtain the applicable interest rate, please refer to: https://www.myfloridacfo.com/division/aa/state-agencies.

j. Refund of Payments to the Department. Any balance of unobligated funds that have been advanced or paid must be refunded to Department. Any funds paid in excess of the amount to which Grantee or subgrantee is entitled under the terms of the Agreement must be refunded to Department. If this Agreement is funded with federal funds and the Department is required to refund the federal government, the Grantee shall refund the Department its share of those funds.

9. Documentation Required for Cost Reimbursement Grant Agreements and Match.

If Cost Reimbursement or Match is authorized in Attachment 2, Special Terms and Conditions, the following conditions apply. Supporting documentation must be provided to substantiate cost reimbursement or match requirements for the following budget categories:

a. Salary/Wages. Grantee shall list personnel involved, position classification, direct salary rates, and hours spent on the Project in accordance with Attachment 3, Grant Work Plan in their documentation for reimbursement or match requirements.

b. Overhead/Indirect/General and Administrative Costs. If Grantee is being reimbursed for or claiming match for multipliers, all multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates)

shall be supported by audit. If Department determines that multipliers charged by Grantee exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate.

c. Contractual Costs (Subcontractors). Match or reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the Project. All eligible multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate. Nonconsumable and/or nonexpendable personal property or equipment costing $5,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in Chapters 273 and/or 274, F.S., and Chapter 69I-72, Florida Administrative Code (F.A.C.) and/or Chapter 69I-73, F.A.C., as applicable. The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.
    i. For fixed-price (vendor) subcontracts, the following provisions shall apply: The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment 3, Grant Work Plan. Invoices submitted to Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (e.g., Invitation to Bid, Request for Proposals, or other similar competitive procurement document) resulting in the fixed-price subcontract. The Grantee may request approval from Department to award a fixed-price subcontract resulting from procurement methods other than those identified above. In this instance, Grantee shall request the advance written approval from Department's Grant Manager of the fixed price negotiated by Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of Department Grant Manager's approval of the fixed-price amount, Grantee may proceed in finalizing the fixed-price subcontract.
    ii. If the procurement is subject to the Consultant's Competitive Negotiation Act under section 287.055, F.S. or the Brooks Act, Grantee must provide documentation clearly evidencing it has complied with the statutory or federal requirements.

d. Travel. All requests for match or reimbursement of travel expenses shall be in accordance with Section 112.061, F.S.

e. Direct Purchase Equipment. For the purposes of this Agreement, Equipment is defined as capital outlay costing $5,000 or more. Match or reimbursement for Grantee's direct purchase of equipment is subject to specific approval of Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed Exhibit B, Property Reporting Form**.**

f. Rental/Lease of Equipment. Match or reimbursement requests for rental/lease of equipment must include copies of invoices or receipts to document charges.

g. Miscellaneous/Other Expenses. If miscellaneous or other expenses, such as materials, supplies, non-excluded phone expenses, reproduction, or mailing, are reimbursable or available for match or reimbursement under the terms of this Agreement, the documentation supporting these expenses must be itemized and include copies of receipts or invoices. Additionally, independent of Grantee's contract obligations to its subcontractor, Department shall not reimburse any of the following types of charges: cell phone usage; attorney's fees or court costs; civil or administrative penalties; or handling fees, such as set percent overages associated with purchasing supplies or equipment.

h. Land Acquisition. Reimbursement for the costs associated with acquiring interest and/or rights to real property (including access rights through ingress/egress easements, leases, license agreements, or other site access agreements; and/or obtaining record title ownership of real property through purchase) must be supported by the following, as applicable: Copies of Property Appraisals, Environmental Site Assessments, Surveys and Legal Descriptions, Boundary Maps, Acreage Certification, Title Search Reports, Title Insurance, Closing Statements/Documents, Deeds, Leases, Easements, License Agreements, or other legal instrument documenting acquired property interest and/or rights. If land acquisition costs are used to meet match requirements, Grantee agrees that those funds shall not be used as match for any other Agreement supported by State or Federal funds.

10. Status Reports.

The Grantee shall submit status reports quarterly, unless otherwise specified in the Attachments, on Exhibit A, Progress Report Form**,** to Department's Grant Manager describing the work performed during the reporting period, problems encountered, problem resolutions, scheduled updates, and proposed work for the next reporting period. Quarterly status reports are due no later than twenty (20) days following the completion of the quarterly reporting period. For the purposes of this reporting requirement, the quarterly reporting periods end on March 31, June 30, September 30 and December 31. The Department will review the required reports submitted by Grantee within thirty (30) days.

11. Retainage.

The following provisions apply if Department withholds retainage under this Agreement:

a. The Department reserves the right to establish the amount and application of retainage on the work performed under this Agreement up to the maximum percentage described in Attachment 2, Special Terms and Conditions. Retainage may be withheld from each payment to Grantee pending satisfactory completion of work and approval of all deliverables.

b. If Grantee fails to perform the requested work, or fails to perform the work in a satisfactory manner, Grantee shall forfeit its right to payment of the retainage associated with the work. Failure to perform includes, but is not limited to, failure to submit the required deliverables or failure to provide adequate documentation that the work was actually performed. The Department shall provide written notification to Grantee of the failure to perform that shall result in retainage forfeiture. If the Grantee does not correct the failure to perform within the timeframe stated in Department's notice, the retainage will be forfeited to Department.

c. No retainage shall be released or paid for incomplete work while this Agreement is suspended.

d. Except as otherwise provided above, Grantee shall be paid the retainage associated with the work, provided Grantee has completed the work and submits an invoice for retainage held in accordance with the invoicing procedures under this Agreement.

12. Insurance.

a. Insurance Requirements for Sub-Grantees and/or Subcontractors. The Grantee shall require its sub-grantees and/or subcontractors, if any, to maintain insurance coverage of such types and with such terms and limits as described in this Agreement. The Grantee shall require all its sub-grantees and/or subcontractors, if any, to make compliance with the insurance requirements of this Agreement a condition of all contracts that are related to this Agreement. Sub-grantees and/or subcontractors must provide proof of insurance upon request.

b. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Grantee providing such insurance.

c. Proof of Insurance. Upon execution of this Agreement, Grantee shall provide Department documentation demonstrating the existence and amount for each type of applicable insurance coverage ***prior to*** performance of any work under this Agreement. Upon receipt of written request from Department, Grantee shall furnish Department with proof of applicable insurance coverage by standard form certificates of insurance, a self-insured authorization, or other certification of self-insurance.

d. Duty to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, or if Grantee cannot get adequate coverage, Grantee shall immediately notify Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within ten (10) days after the cancellation of coverage.

e. Insurance Trust. If the Grantee's insurance is provided through an insurance trust, the Grantee shall instead add the Department of Environmental Protection, its employees, and officers as an additional covered party everywhere the Agreement requires them to be added as an additional insured.

13. Termination.

a. Termination for Convenience. When it is in the State's best interest, Department may, at its sole discretion, terminate the Agreement in whole or in part by giving 30 days' written notice to Grantee. The Department shall notify Grantee of the termination for convenience with instructions as to the effective date of termination or the specific stage of work at which the Agreement is to be terminated. The Grantee must submit all invoices for work to be paid under this Agreement within thirty (30) days of the effective date of termination. The Department shall not pay any invoices received after thirty (30) days of the effective date of termination.

b. Termination for Cause. The Department may terminate this Agreement if any of the events of default described in the Events of Default provisions below occur or in the event that Grantee fails to fulfill any of its other obligations under this Agreement. If, after termination, it is determined that Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had

been issued for the convenience of Department. The rights and remedies of Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.

c. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination unless as otherwise directed by Department, Grantee shall not furnish any service or deliverable on the date, and to the extent specified, in the notice. However, Grantee shall continue work on any portion of the Agreement not terminated. If the Agreement is terminated before performance is completed, Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated. The Grantee shall not be entitled to recover any cancellation charges or lost profits.
d. Continuation of Prepaid Services. If Department has paid for any services prior to the expiration, cancellation, or termination of the Agreement, Grantee shall continue to provide Department with those services for which it has already been paid or, at Department's discretion, Grantee shall provide a refund for services that have been paid for but not rendered.
e. Transition of Services Upon Termination, Expiration, or Cancellation of the Agreement. If services provided under the Agreement are being transitioned to another provider(s), Grantee shall assist in the smooth transition of Agreement services to the subsequent provider(s). This requirement is at a minimum an affirmative obligation to cooperate with the new provider(s), however additional requirements may be outlined in the Grant Work Plan. The Grantee shall not perform any services after Agreement expiration or termination, except as necessary to complete the transition or continued portion of the Agreement, if any.

14. Notice of Default.

If Grantee defaults in the performance of any covenant or obligation contained in the Agreement, including, any of the events of default, Department shall provide notice to Grantee and an opportunity to cure that is reasonable under the circumstances. This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Grantee fail to perform within the time provided, Grantee will be found in default, and Department may terminate the Agreement effective as of the date of receipt of the default notice.

15. Events of Default.

Provided such failure is not the fault of Department or outside the reasonable control of Grantee, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

a. The commitment of any material breach of this Agreement by Grantee, including failure to timely deliver a material deliverable, failure to perform the minimal level of services required for a deliverable, discontinuance of the performance of the work, failure to resume work that has been discontinued within a reasonable time after notice to do so, or abandonment of the Agreement;
b. The commitment of any material misrepresentation or omission in any materials, or discovery by the Department of such, made by the Grantee in this Agreement or in its application for funding;
c. Failure to submit any of the reports required by this Agreement or having submitted any report with incorrect, incomplete, or insufficient information;
d. Failure to honor any term of the Agreement;
e. Failure to abide by any statutory, regulatory, or licensing requirement, including an entry of an order revoking the certificate of authority granted to the Grantee by a state or other licensing authority;
f. Failure to pay any and all entities, individuals, and furnishing labor or materials, or failure to make payment to any other entities as required by this Agreement;
g. Employment of an unauthorized alien in the performance of the work, in violation of Section 274 (A) of the Immigration and Nationality Act;
h. Failure to maintain the insurance required by this Agreement;
i. One or more of the following circumstances, uncorrected for more than thirty (30) days unless, within the specified 30-day period, Grantee (including its receiver or trustee in bankruptcy) provides to Department adequate assurances, reasonably acceptable to Department, of its continuing ability and willingness to fulfill its obligations under the Agreement:
    i. Entry of an order for relief under Title 11 of the United States Code;
    ii. The making by Grantee of a general assignment for the benefit of creditors;
    iii. The appointment of a general receiver or trustee in bankruptcy of Grantee's business or property; and/or
    iv. An action by Grantee under any state insolvency or similar law for the purpose of its bankruptcy, reorganization, or liquidation.

16. Suspension of Work.

The Department may, in its sole discretion, suspend any or all activities under the Agreement, at any time, when it is in the best interest of the State to do so. The Department shall provide Grantee written notice outlining the particulars of suspension. Examples of reasons for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, Grantee shall comply with the notice. Within 90 days, or any longer period agreed to by the parties, Department shall either: (1) issue a notice authorizing resumption of work, at which time activity shall resume; or (2) terminate the Agreement. If the Agreement is terminated after 30 days of suspension, the notice of suspension shall be deemed to satisfy the thirty (30) days' notice required for a notice of termination for convenience. Suspension of work shall not entitle Grantee to any additional compensation.

17. Force Majeure.

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee. In case of any delay Grantee believes is excusable, Grantee shall notify Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first arose, if Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY**. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Grantee shall perform at no increased cost, unless Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to Department, in which case Department may: (1) accept allocated performance or deliveries from Grantee, provided that Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate Agreement in whole or in part.

18. Indemnification.

a. The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description arising from or relating to:
    i. personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Grantee, its agents, employees, partners, or subcontractors; provided, however, that Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of Department;
    ii. the Grantee's breach of this Agreement or the negligent acts or omissions of Grantee.

b. The Grantee's obligations under the preceding paragraph with respect to any legal action are contingent upon Department giving Grantee: (1) written notice of any action or threatened action; (2) the opportunity to take over and settle or defend any such action at Grantee's sole expense; and (3) assistance in defending the action at Grantee's sole expense. The Grantee shall not be liable for any cost, expense, or compromise incurred or made by Department in any legal action without Grantee's prior written consent, which shall not be unreasonably withheld.

c. Notwithstanding sections a. and b. above, the following is the sole indemnification provision that applies to Grantees that are governmental entities: Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, F.S. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State to be sued by third parties in any matter arising out of any contract or this Agreement.

d. No provision in this Agreement shall require Department to hold harmless or indemnify Grantee, insure or assume liability for Grantee's negligence, waive Department's sovereign immunity under the laws of Florida, or

otherwise impose liability on Department for which it would not otherwise be responsible. Any provision, implication or suggestion to the contrary is null and void.

19. Limitation of Liability.

The Department's liability for any claim arising from this Agreement is limited to compensatory damages in an amount no greater than the sum of the unpaid balance of compensation due for goods or services rendered pursuant to and in compliance with the terms of the Agreement. Such liability is further limited to a cap of $100,000.

20. Remedies.

Nothing in this Agreement shall be construed to make Grantee liable for force majeure events. Nothing in this Agreement, including financial consequences for nonperformance, shall limit Department's right to pursue its remedies for other types of damages under the Agreement, at law or in equity. The Department may, in addition to other remedies available to it, at law or in equity and upon notice to Grantee, retain such monies from amounts due Grantee as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against it.

21. Waiver.

The delay or failure by Department to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of Department's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

22. Statutory Notices Relating to Unauthorized Employment and Subcontracts.

a. The Department shall consider the employment by any Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If Grantee/subcontractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement. The Grantee shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Agreement.

b. Pursuant to Sections 287.133, 287.134, and 287.137 F.S., the following restrictions apply to persons placed on the convicted vendor list, discriminatory vendor list, or the antitrust violator vendor list:

   i. Public Entity Crime. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list.

   ii. Discriminatory Vendors. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.

   iii. Antitrust Violator Vendors. A person or an affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply on any contract to provide any good or services to a public entity; may not submit a bid, proposal, or reply on any contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with a public entity; and may not transact new business with a public entity.

   iv. Notification. The Grantee shall notify Department if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list, the discriminatory vendor list, or antitrust violator vendor list during the life of the Agreement. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and the antitrust violator vendor list and posts the list on its website. Questions regarding the discriminatory vendor list or antitrust violator vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

23. Compliance with Federal, State and Local Laws.

a. The Grantee and all its agents shall comply with all federal, state and local regulations, including, but not limited to, nondiscrimination, wages, social security, workers' compensation, licenses, and registration requirements. The Grantee shall include this provision in all subcontracts issued as a result of this Agreement.

b. No person, on the grounds of race, creed, color, religion, national origin, age, gender, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.

c. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida.

d. Any dispute concerning performance of the Agreement shall be processed as described herein. Jurisdiction for any damages arising under the terms of the Agreement will be in the courts of the State, and venue will be in the Second Judicial Circuit, in and for Leon County. Except as otherwise provided by law, the parties agree to be responsible for their own attorney fees incurred in connection with disputes arising under the terms of this Agreement.

24. Scrutinized Companies.

a. Grantee certifies that it is not on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

b. If this Agreement is for more than one million dollars, the Grantee certifies that it is also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

c. As provided in Subsection 287.135(8), F.S., if federal law ceases to authorize these contracting prohibitions then they shall become inoperative.

25. Lobbying and Integrity.

The Grantee agrees that no funds received by it under this Agreement will be expended for the purpose of lobbying the Legislature or a State agency pursuant to Section 216.347, F.S., except that pursuant to the requirements of Section 287.058(6), F.S., during the term of any executed agreement between Grantee and the State, Grantee may lobby the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding that agreement. The Grantee shall comply with Sections 11.062 and 216.347, F.S.

26. Record Keeping.

The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with United States generally accepted accounting principles (US GAAP) consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following the completion date or termination of the Agreement. In the event that any work is subcontracted, Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes. Upon request of Department's Inspector General, or other authorized State official, Grantee shall provide any type of information the Inspector General deems relevant to Grantee's integrity or responsibility. Such information may include, but shall not be limited to, Grantee's business or financial records, documents, or files of any type or form that refer to or relate to Agreement. The Grantee shall retain such records for the longer of: (1) three years after the expiration of the Agreement; or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: http://dos.myflorida.com/library-archives/records-management/general-records-schedules/).

27. Audits.

a. Inspector General. The Grantee understands its duty, pursuant to Section 20.055(5), F.S., to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing. The Grantee will comply with this duty and ensure that its sub-grantees and/or subcontractors issued under this Agreement, if any, impose this requirement, in writing, on its sub-grantees and/or subcontractors, respectively.

b. Physical Access and Inspection. Department personnel shall be given access to and may observe and inspect work being performed under this Agreement, with reasonable notice and during normal business hours, including by any of the following methods:

    i. Grantee shall provide access to any location or facility on which Grantee is performing work, or storing or staging equipment, materials or documents;

ii. Grantee shall permit inspection of any facility, equipment, practices, or operations required in performance of any work pursuant to this Agreement; and,
iii. Grantee shall allow and facilitate sampling and monitoring of any substances, soils, materials or parameters at any location reasonable or necessary to assure compliance with any work or legal requirements pursuant to this Agreement.

c. Special Audit Requirements. The Grantee shall comply with the applicable provisions contained in Attachment 5, Special Audit Requirements. Each amendment that authorizes a funding increase or decrease shall include an updated copy of Exhibit 1, to Attachment 5. If Department fails to provide an updated copy of Exhibit 1 to include in each amendment that authorizes a funding increase or decrease, Grantee shall request one from the Department's Grants Manager. The Grantee shall consider the type of financial assistance (federal and/or state) identified in Attachment 5, Exhibit 1 and determine whether the terms of Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. For federal financial assistance, Grantee shall utilize the guidance provided under 2 CFR §200.331 for determining whether the relationship represents that of a subrecipient or vendor. For State financial assistance, Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website: https:\\apps.fldfs.com\fsaa.

d. Proof of Transactions. In addition to documentation provided to support cost reimbursement as described herein, Department may periodically request additional proof of a transaction to evaluate the appropriateness of costs to the Agreement pursuant to State guidelines (including cost allocation guidelines) and federal, if applicable. Allowable costs and uniform administrative requirements for federal programs can be found under 2 CFR 200. The Department may also request a cost allocation plan in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). The Grantee must provide the additional proof within thirty (30) days of such request.

e. No Commingling of Funds. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
    i. If Department finds that these funds have been commingled, Department shall have the right to demand a refund, either in whole or in part, of the funds provided to Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from Department shall refund, and shall forthwith pay to Department, the amount of money demanded by Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from Department by Grantee to the date repayment is made by Grantee to Department.
    ii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by Department, from another source(s), Grantee shall reimburse Department for all recovered funds originally provided under this Agreement and interest shall be charged for those recovered costs as calculated on from the date(s) the payment(s) are recovered by Grantee to the date repayment is made to Department.
    iii. Notwithstanding the requirements of this section, the above restrictions on commingling funds do not apply to agreements where payments are made purely on a cost reimbursement basis.

28. Conflict of Interest.

The Grantee covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

29. Independent Contractor.

The Grantee is an independent contractor and is not an employee or agent of Department.

30. Subcontracting.

a. Unless otherwise specified in the Special Terms and Conditions, all services contracted for are to be performed solely by Grantee.

b. The Department may, for cause, require the replacement of any Grantee employee, subcontractor, or agent. For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.

c. The Department may, for cause, deny access to Department's secure information or any facility by any Grantee employee, subcontractor, or agent.
d. The Department's actions under paragraphs b. or c. shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Grantee shall be responsible for the payment of all monies due under any subcontract. The Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract and Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under any subcontract.
e. The Department will not deny Grantee's employees, subcontractors, or agents access to meetings within the Department's facilities, unless the basis of Department's denial is safety or security considerations.
f. The Department supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State. A list of minority-owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.
g. The Grantee shall not be liable for any excess costs for a failure to perform, if the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both Grantee and the subcontractor(s), and without the fault or negligence of either, unless the subcontracted products or services were obtainable from other sources in sufficient time for Grantee to meet the required delivery schedule.

31. Guarantee of Parent Company.

If Grantee is a subsidiary of another corporation or other business entity, Grantee asserts that its parent company will guarantee all of the obligations of Grantee for purposes of fulfilling the obligations of Agreement. In the event Grantee is sold during the period the Agreement is in effect, Grantee agrees that it will be a requirement of sale that the new parent company guarantee all of the obligations of Grantee.

32. Survival.

The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of this Agreement, including without limitation, the obligations regarding confidentiality, proprietary interests, and public records, shall survive termination, cancellation, or expiration of this Agreement.

33. Third Parties.

The Department shall not be deemed to assume any liability for the acts, failures to act or negligence of Grantee, its agents, servants, and employees, nor shall Grantee disclaim its own negligence to Department or any third party. This Agreement does not and is not intended to confer any rights or remedies upon any person other than the parties. If Department consents to a subcontract, Grantee will specifically disclose that this Agreement does not create any third-party rights. Further, no third parties shall rely upon any of the rights and obligations created under this Agreement.

34. Severability.

If a court of competent jurisdiction deems any term or condition herein void or unenforceable, the other provisions are severable to that void provision, and shall remain in full force and effect.

35. Grantee's Employees, Subcontractors and Agents.

All Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under Agreement must comply with all security and administrative requirements of Department and shall comply with all controlling laws and regulations relevant to the services they are providing under the Agreement.

36. Assignment.

The Grantee shall not sell, assign, or transfer any of its rights, duties, or obligations under the Agreement, or under any purchase order issued pursuant to the Agreement, without the prior written consent of Department. In the event of any assignment, Grantee remains secondarily liable for performance of the Agreement, unless Department expressly waives such secondary liability. The Department may assign the Agreement with prior written notice to Grantee of its intent to do so.

37. Compensation Report.

If this Agreement is a sole-source, public-private agreement or if the Grantee, through this agreement with the State, annually receive 50% or more of their budget from the State or from a combination of State and Federal funds, the Grantee shall provide an annual report, including the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. The Grantee must also inform the Department of any changes in total executive compensation between the annual

reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Grantee.

38. Execution in Counterparts and Authority to Sign.

This Agreement, any amendments, and/or change orders related to the Agreement, may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument. In accordance with the Electronic Signature Act of 1996, electronic signatures, including facsimile transmissions, may be used and shall have the same force and effect as a written signature. Each person signing this Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

GRANT WORK PLAN
DEP AGREEMENT NO.: INV24
ATTACHMENT 3

PROJECT TITLE: Mobile Algae Harvesting to Mitigate Harmful Algal Blooms in Brackish Waterways

PROJECT LOCATION: The Project is mobile and will be deployed at several locations in the Indian River Lagoon (IRL) within Brevard County, Florida, depending on the location of harmful algal blooms. Potential operational sites are shown in Figure 1.

PROJECT BACKGROUND: The IRL is a 156-mile-long, shallow estuary on Florida's east coast that provides significant ecological and economic value for the nation, the state and local communities, including Brevard County (Grantee). It is recognized as an "estuary of national significance" by the U.S. Environmental Protection Agency (USEPA) supporting diverse fish, wildlife, and plant life, and was estimated to be responsible for one-seventh of the region's economy, with an annual economic value estimated at $7.6 billion in 2016. Nutrient enrichment of the IRL has resulted in significant water quality degradation of the IRL, contributing to large-scale and often toxic harmful algal blooms (HABs). These have caused anoxic events triggering fish kills and have been linked to the reduction in the extent of seagrasses. The IRL was designated in the 1987 Surface Water Improvement and Management (SWIM) Act as a priority waterbody in need of restoration and special protection, and was added to the Verified List of impaired waters for the IRL Basin by Secretarial Order on December 12, 2007, due to excessive phosphorus and nitrogen. A Total Maximum Daily Load (TMDL) for nutrients and dissolved oxygen was established by the Florida Department of Environmental Protection (FDEP) in 2009.

While significant progress has been made to reduce point and non-point-source nutrients to the IRL, water quality and ecological impairments persist. In 2020, an expansive and severe HAB occurred in the IRL from late July to December, multiple fish kills occurred through summer and in the fall, and seagrass transect lengths declined by 37% from 2019 levels. Mitigation and prevention of algal blooms within the IRL would be extremely valuable to the overall restoration of the lagoon.

The Grantee has identified algae harvesting using the emerging Hydronucleation Flotation Technology (HFT) as a potential innovative solution for mitigating algae blooms and reducing the nutrient concentration in the IRL. The HFT is an advanced dissolved air flotation, liquid-solid separation process that efficiently removes algae cells and other suspended particles along with associated nutrients and algal metabolites from water. The compact, mobile, and modular design of the HFT allow it to be operated from land or on water, thus providing versatility and scalability to tackle nutrient enrichment and algal blooms in a variety of aquatic settings. The technology has been tested extensively in freshwater systems in Florida and New York. Research is needed to test the feasibility of the HFT for use in brackish water for potential implementation in the IRL. If proven successful, HFT could be used in brackish waters throughout Florida to treat algal blooms in-situ and help reduce nutrient loads to inhibit future occurrences of HABs.

PROJECT DESCRIPTION: The Grantee will obtain contractor support and obtain all necessary permits to deploy a barge-mounted HFT algal harvester in the IRL for 1) emergency response actions in targeted "Hot Spots" to mitigate HABs as they occur within the IRL, and 2) use in reducing the nutrient loading into the IRL by positioning the harvesters at key tributaries that discharge nutrients into the IRL. The harvester will be positioned in the IRL over a 5 month period, after which the system will be removed and the site returned to its previous condition. The system will treat a sufficient volume of water to evaluate system performance tracked by a comprehensive monitoring program as described in the QAPP (see Task 1) and

compiled in Quarterly Operating Reports and a Final Report. The data collected from this research is intended for use in determining:

- Optimal operating parameters of the algae harvesting HFT to rapidly extract algae from brackish water
- Shipboard functionality to mitigate HABs
- Rate and extent to which HAB "Hot Spots" can be restored
- Nutrient and cyanotoxin removal capabilities and benefits
- Carbon sequestration and greenhouse gas emissions benefits

TASKS and DELIVERABLES:

Task #1: Quality Assurance Project Plan
Task Description: The Grantee will prepare, submit, and receive approval on a Quality Assurance Project Plan (QAPP) prior to commencement of any operations and monitoring associated with the project. The QAPP will describe operations, and specify the sampling procedures, locations, instruments, frequency and parameters to be sampled. The Grantee will use the format provided by the Department's Grant Manager, if applicable.

Deliverable #1a: Draft Quality Assurance Project Plan (QAPP)
Draft QAPP submitted electronically in Word format to the Department's Grant Manager. Upon request, the Grantee will provide a paper copy of the Draft QAPP to the Department's Grant Manager.

The following lists the expected deliverables that are associated with the quality assurance requirements of this Grant:

a. An initial planning review technical audit as specified in Section 5.b.i. of Exhibit D shall be completed by the Grantee after the second completed sampling and analysis event, but no later than the fourth. The Grantee shall submit a report of this initial planning review audit within one month of the review, and that report shall include a statement of usability as described in Section 5.b.iii. of Exhibit D.
b. Ongoing planning review technical audits shall be conducted annually thereafter for the remainder of the Grant, if applicable to the duration of the Grant, as described in Section 5.b. ii. of Exhibit D. The Grantee shall submit a report of each annual planning review audit with a statement of usability (Section 5.b.iii), within one month of the review.
c. The Grantee shall submit the Grant Quality Assurance Plan (QA Plan) as described in Section 6 of Exhibit D to the DEP Grant Manager no later than 45 days prior to the commencement of field and laboratory activities. Failure to submit the QA Plan in this required timeframe shall result in a delay of approval to begin work until the document has been submitted to the Department and approved (or conditionally approved) by the DEP Grant Manager.
    (i) The Grantee may submit a version of the QA Plan to the Department for approval no more than three times. If the Grantee fails to obtain approval for the QA Plan after the third (final) submission to the Department, the DEP Grant Manager may suspend or terminate the Grant per the remedies included in the Grant.
    (ii) Within 45 days of receipt of the QA Plan by the Department, the Department shall review and either approve the QA Plan or provide comments to the Grantee as to why the QA Plan is not approved. If further revisions are needed, the Grantee shall then have 15 days from the receipt

of review comments to respond. The Department shall respond to all revisions to the QA Plan within 30 days of receipt of any revisions.

(iii) If the review of the QA Plan by the Department is delayed beyond sixty (60) days after the QA Plan is received by the Department, through no fault of the Grantee, the Grantee shall have the option, after the QA Plan is approved, of requesting an extension in the term of the Grant for a time not to exceed the period of delayed review and approval. This option must be exercised at least sixty (60) days prior to the current termination date of the Grant. The Department shall then determine whether the request for an extension is allowed.

(iv) If any significant changes in sampling project design, changes in the project analyte list, changes in procedures or test methods, changes in equipment, or changes in key personnel occur, the Grantee shall submit appropriate revisions of the QA Plan to the DEP Grant Manager for review in writing. The proposed revisions may not be implemented until they have been approved (or conditionally approved) by the DEP Grant Manager. If the Grantee fails to submit the required revisions, the DEP Grant Manager may suspend or terminate the Grant per the remedies included in the Grant.

Performance Standard: The Department's Grant Manager will review the list of all issued permits to verify that it meets the specifications in the Grant Work Plan and this task description and provide any comments to the Grantee for incorporation. Upon review and written acceptance of the list of all issued permits by the Department's Grant Manager, the Grantee may proceed with payment request submittal for costs associated with permitting.

Payment Request Schedule: Grantee may submit a payment request for cost reimbursement upon completion of the task and Department approval of all associated task deliverables.

Task #3: Site Preparation, Installation and System Start-up

Task Description: The Grantee will obtain contractor support to install and start up the barge-mounted HFS algae harvesting system in the IRL. Work will include site preparation, equipment mobilization and on-site staging, and system startup and "shakedown" of the algae harvesting system in accordance with the Department-approved QAPP and required permits. Anticipated scoped activities include, but are not limited to:

- System start-up and process control testing/monitoring
- Recovered biomass from the lake will be shuttled from the barge to the land in a closed-top poly-tank, or similar sealed container.

During the "shakedown" period, key harvester operating conditions that will be adjusted or purposely varied to optimize the system, at a minimum, include:

- Influent Flow Rate
- Bench testing of lake water to bracket:
    - Coagulant Flow Rate (dosage)
    - Flocculant Type
    - Flocculant Stock Solution Concentration
    - Flocculant Flow Rate (dosage)

Deliverables: The HFS algae harvesting system constructed as described in this task, as evidenced by: 1) Dated color photographs of the construction site(s) prior to, during, and immediately following completion of the construction task; 2) written verification that the Grantee has received record drawings and any required final inspection report(s) for the project; 3) signed acceptance of the completed work by the Grantee; 4) signed statement from a Florida Licensed Professional Engineer or Florida Licensed Geologist indicating construction has been completed in accordance with the design; and 5) System Installation and Start-up Report that includes a summary of completed start-up monitoring activities (dates completed, sampling conducted and any not conducted and why), monitoring results along with interpretation of those results, laboratory reports and sampling logs (including field and weather data) submitted electronically to the Department's Grant Manager.

Performance Standard: The Department's Grant Manager will review the deliverables to verify that they meet the specifications in the Grant Work Plan and this task description, and that work is being performed in accordance with the Grantee's construction contract documents. Upon review and written approval by the Department's Grant Manager of all deliverables under this task, the Grantee may proceed with payment request submittal.

Payment Request Schedule: Grantee may submit a payment request for cost reimbursement upon completion of the task and Department approval of all associated task deliverables.

Task #4: Site Operation, Maintenance and Monitoring

Task Description: The Grantee will obtain contractor services to conduct operations, maintenance, and monitoring of the HFS algae harvesting system over the course of approximately 5 months in accordance with the Department-approved QAPP for this project (see Task #1). Operational weeks will be selected by the Grantee's contractor in consultation with the Grantee and FDEP. The number of hours and days of operation each week will be dependent on site conditions. The selection will consider staff availability, weather, algae bloom conditions and other facts that may affect operations.

During operations, the harvester will be operated to evaluate system performance under varying conditions, power demands and the characteristics of the recovered biomass for disposal or transformation to beneficial products. Daily harvest events will be recorded on a Daily Log sheet that documents start and end time, flocculant type, coagulant flow rate (dose), energy used, and run time costs. The QAPP will specify the operational procedures, sampling procedures, locations, instruments, frequency and parameters to be sampled.

Deliverables: A Quarterly Operating Report (QOR) summarizing the algae harvester HFS system operations, maintenance and monitoring, including text, tables, laboratory reports (if any), figures and appendices (as necessary). The QOR will include an Executive Summary that succinctly describes the quarter's (3 months) activities, completed operational, maintenance and monitoring activities (dates completed, sampling conducted and any not conducted and why), monitoring results along with interpretation of those results (as expected or not as expected), laboratory reports and sampling logs (including field and weather data) submitted to the Department's Grant Manager. Upon request, the Grantee will provide a paper copy or copies to the Department's Grant Manager. These deliverables must be submitted 30 days prior to each payment request and may be submitted no more frequently than quarterly.

Performance Standard: The Department's Grant Manager will review the QOR for completion and compliance with QAPP requirements. Upon review and written acceptance by the Department's Grant Manager of each QOR as described in the deliverables under this task, the Grantee may proceed with payment request submittal.

Additional Financial Consequences: Costs for any monitoring that is not completed as outlined in the Department-approved QAPP may be discounted if included in the payment request.

Payment Request Schedule: Grantee may submit a payment request for cost reimbursement no more frequently than once per quarter. The outlined Deliverable(s) must have been submitted and accepted in writing by the Department's Grant Manager prior to payment request submittal.

Task #5: Decommissioning and Site Restoration

Task Description: The Grantee's contractor will perform the decommissioning and restoration of the site. After completion of the operational and monitoring phase, the barge will be demobilized and the treatment system will be deconstructed and transported off-site. If installed, the security fence around the support site will be removed and any electrical power serving the site will be discontinued. The support site landscape will be returned to its original conditions (condition prior to system installation). A Site Close-out Inspection will be conducted with the Grantee and the Grantee's contractor to confirm that all equipment has been removed from the site and the site conditions have been returned, as closely as practical, to pre-study conditions.

Deliverables: Decommissioning and Site Restoration De-construction completed to date as described in this task, as evidenced by: 1) Signed acceptance of the completed decommissioning work by the Grantee, and 2) Dated color photographs of the construction site(s) immediately following completion of the

Department of Environmental Protection
Quality Assurance Requirements for Contracts
Standard Field & Lab Services

1. **GENERAL REQUIREMENTS AND DEFINITIONS**
   a. As applicable to the Scope of Services (i.e., scope of work) described in the Contract, the sampling, field testing and laboratory analyses performed under this Contract shall conform to the requirements set forth in Chapter 62-160, Florida Administrative Code (F.A.C.), and "Requirements for Field and Analytical Work Performed for the Department of Environmental Protection under Contract" (DEP-QA-002/02), February 2002.
   b. Hereinafter, "DEP" or "Department" refers to the Florida Department of Environmental Protection.
   c. "Contractor" shall refer to the contractor, subcontractors, or any entity procured to conduct work under the Contract.
   d. "Sample" and "sampling" refers to samples that shall be either collected or analyzed under the terms of this Contract.
2. **REQUIREMENTS FOR LABORATORIES**
   a. All applicable laboratory testing activities shall be performed by laboratories certified by the Florida Department of Health Environmental Laboratory Certification Program (DoH ELCP) for all applicable matrix/method/analyte combinations to be measured for this Contract. Laboratory certification requirements are described in Rule 62-160.300, F.A.C. Certification is not required for laboratory tests outside of the scope of DoH ELCP accreditation as determined according to Paragraph 62-160.300(5)(c), F.A.C.
   b. For samples collected from a non-potable water matrix, the certification requirement is met if the laboratory is certified for the contracted analyte(s) in at least one method utilizing an analytical technology appropriate for the Contract, as determined by the Department according to Paragraph 62-160.300(1)(c), F.A.C.
   c. If the laboratory is not certified for some or all proposed test measurements, the laboratory shall apply for certification within one month of Contract execution. The laboratory shall attempt to become fully certified for all applicable matrix/method/analyte combinations to be performed for the Contract by maintaining active coordination with the DoH ELCP throughout the application process. Regardless of when the laboratory receives certification, the laboratory shall implement all applicable standards of the National Environmental Laboratory Accreditation Conference (NELAC 2003 Quality Systems standards, as adopted) upon Contract execution.
   d. Laboratories shall maintain certification as specified in item 2.a above during the life of the Contract. Should certification for an analyte or test method be lost, all affected tests shall be immediately sub-contracted to a laboratory with current DoH ELCP certification in the appropriate matrix/method/analyte combination(s). The Contractor shall notify the DEP Contract manager in writing before any change to a sub-contracted laboratory is made.
   e. The DoH ELCP certificate number (certified laboratory identification number) for each contracted (and sub-contracted) laboratory shall be listed in the required Contract Quality Assurance (QA) Plan (see Section 6 below) in association with the analytical tests to be performed by each laboratory analyzing samples for the Contract.
   f. Each certified laboratory analyzing contracted samples shall ensure that an acceptable demonstration of capability (DOC) is performed as described in the 2003 NELAC Quality

Systems standards (NELAC 2003, Section 5.5.4.2.2 and Appendix C). In addition, each certified laboratory that performs any of the proposed matrix/method/analyte combination(s) approved for the Contract shall have the requisite DOC documentation and supporting laboratory records on file for the applicable combinations. The DOCs performed shall meet the requirements for precision, accuracy, method detection limit (MDL) and/or practical quantitation limit (PQL), as specified in each applicable laboratory test method, Standard Operating Procedure (SOP) or Quality Manual, or as listed in the Contract QA Plan (Section 6, below). Alternative limits for detection and quantitation other than MDL and PQL shall be determined, if applicable to the laboratory. DOCs performed for the contracted analytes shall include any modifications to the test method or SOP that have been approved by DEP according to Subsection 62-160.330(3), F.A.C., if applicable. If requested by the Department, documentation that supports the DOC for a specified analyte and test method shall be made available for review.

g. The contracted (and/or subcontracted) laboratory shall report PQLs and MDLs or other specified limits of detection and quantitation with the results of sample analyses. MDLs and/or PQLs shall only be required for test methods that are technically amenable to the determination of MDLs and/or PQLs. For those test methods where the determination of MDLs and/or PQLs are not technically feasible, the laboratory shall report a value or increment representing the lower limit of the working range of the test method, however determined by the laboratory. The laboratory shall indicate whether the reported limit represents a limit of detection or quantitation. In all cases, limits of detection and quantitation other than MDLs and PQLs shall be explicitly defined and evaluated by the laboratory. All limits shall be as listed in the applicable laboratory test method, SOP or Quality Manual, or as listed in the Contract QA Plan (Section 6, below). The reported MDLs and PQLs (or other limits per above) shall meet the analytical sensitivity and quantitation objectives for the Contract.

h. Additional laboratory quality control expectations:
   (i) The selected laboratory test methods listed in the QA Plan shall provide results that meet applicable Contract data quality objectives.
   (ii) All laboratory testing procedures shall follow the analytical methods as approved in the Contract QA Plan (see Section 6).
   (iii) The laboratory shall adhere to the quality control requirements specified in the laboratory test methods and this Exhibit.
   (iv) The laboratory shall calculate all sample results according to the procedures specified in the analytical test methods approved in the Contract QA Plan.

3. **FIELD ACTIVITIES**

a. All sample collection and field testing activities shall be performed in accordance with the Department's "Standard Operating Procedures for Field Activities" (DEP-SOP-001/01, January, 2018). The specific standard operating procedures (SOPs) to be used for this Contract shall be cited in the Contract QA Plan (see Section 6).

b. Field-Generated Quality Control (QC) Blanks are defined in DEP SOP FQ 1000 (subparts FQ 1211 – FQ 1214) and shall be composed and analyzed for sample collection activities associated with this Contract according to the requirements of part FQ 1230 (sections 1. – 2.3.1), DEP SOP FS 2100 (Part FS 2110, sec. 2.1.1.2) and/or DEP SOP FS 2400 (Part FS 2430, sec. 2.1.1.2), as applicable to the analytes and matrices to be collected using the sampling equipment specified in the Contract QA Plan (see Section 6 below).
   (i) If an analyte detected in the sample is also found in any field-generated QC blank that is associated with the sample, the Contractor shall investigate and attempt to determine the cause of the QC blank contamination. If any contracted sample

results are qualified as in (ii) below, the outcome of this investigation shall be reported to the DEP Contract manager and shall include a discussion of the corrective measures taken to minimize future occurrences of QC blank contamination associated with the collection of samples for this Contract.

(ii) If an analyte detected in the sample is also found in any field-generated QC blank that is associated with the sample, the analytical result reported for the affected sample shall be qualified as an estimated value, unless the analyte concentration in the blank is less than or equal to 10% of the reported sample concentration. The "G" data qualifier code shall be reported with the sample result for any blank concentration exceeding the above "10%" criterion for the affected analyte (see Table 1, Chapter 62-160, F.A.C.).

Agenda Report

2725 Judge Fran Jamieson Way
Viera, FL 32940

Consent

F.2. 8/16/2022

Subject:

Valkaria Airport seeks approval from the Board of County Commissioners to accept FAA Grant #: 3-12-0144-017-2022, and FDOT pending Joint Participation Agreement (JPA) for the Construction of Taxiway E.

Fiscal Impact:

- Total Project Cost: $1,693,418.
- FAA Grant Participation is 90% @ $1,524,077.
- Pending: FDOT JPA will provide funding in the amount of $127,313.50 for the construction phase of the Taxiway E Project.
- Valkaria Airport will provide $42,028.37 of the project costs solely from Charges for Services. No general funds are required.

Dept/Office:

Valkaria Airport

Requested Action:

It is requested the Board of County Commissioners approve and accept the attached FAA Grant Offer/Agreement and the pending FDOT JPA, for Taxiway E construction and authorize all necessary budget change requests associated with this project.

Summary Explanation and Background:

The new Taxiway E will connect to the existing Taxiway D allowing aircraft taxiing on Taxiway C to access the end of the runway without having to back taxi, which also creates a safer environment. The project includes installing airfield signage to enhance safety. This project also includes the required drainage improvements.

Taxiway E will be a parallel and primary taxiway servicing Runway 10/28 and will be an update to meet current FAA standards and an update to the Airport Layout Plan. Construction of Taxiway E is a big safety measure for Valkaria Airport. Currently, there is no parallel taxiway to Runway 10/28 and therefore, aircraft have to back-taxi on the runway. Construction of Taxiway E will alleviate the use of Runway 10/28 for back-taxiing and will provide a greater safety margin for aircraft taxiing to reach the runway threshold.

Clerk to the Board Instructions:

Following Board approval, the Chair signs the E-Grant first, followed by the County Attorney's certification.

This Offer is made on and SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

CONDITIONS

1. **Maximum Obligation.** The maximum obligation of the United States payable under this Offer is $1,524,077.

   The following amounts represent a breakdown of the maximum obligation for the purpose of establishing allowable amounts for any future grant amendment, which may increase the foregoing maximum obligation of the United States under the provisions of 49 U.S.C. § 47108(b):
   $ 0 for planning
   $ 1,524,077 airport development or noise program implementation; and,
   $ 0 for land acquisition.

2. **Grant Performance.** This Grant Agreement is subject to the following Federal award requirements:

   a. Period of Performance:

      1. Shall start on the date the Sponsor formally accepts this Agreement and is the date signed by the last Sponsor signatory to the Agreement. The end date of the Period of Performance is 4 years (1,460 calendar days) from the date of acceptance. The Period of Performance end date shall not affect, relieve, or reduce Sponsor obligations and assurances that extend beyond the closeout of this Grant Agreement.

      2. Means the total estimated time interval between the start of an initial Federal award and the planned end date, which may include one or more funded portions or budget periods. (2 Code of Federal Regulations (CFR) § 200.1).

   b. Budget Period:

      1. For this Grant is 4 years (1,460 calendar days) and follows the same start and end date as the period of performance provided in paragraph (2)(a)(1). Pursuant to 2 CFR § 200.403(h), the Sponsor may charge to the Grant only allowable costs incurred during the Budget Period.

      2. Means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which the Sponsor is authorized to expend the funds awarded, including any funds carried forward or other revisions pursuant to 2 CFR § 200.308.

   c. Close Out and Termination

      1. Unless the FAA authorizes a written extension, the Sponsor must submit all Grant closeout documentation and liquidate (pay-off) all obligations incurred under this award no later than 120 calendar days after the end date of the period of performance. If the Sponsor does not submit all required closeout documentation within this time period, the FAA will proceed to close out the grant within one year of the period of performance end date with the information available at the end of 120 days. (2 CFR § 200.344).

      2. The FAA may terminate this Grant, in whole or in part, in accordance with the conditions set forth in 2 CFR § 200.340, or other Federal regulatory or statutory authorities as applicable.

3. **Ineligible or Unallowable Costs.** The Sponsor must not include any costs in the project that the FAA has determined to be ineligible or unallowable.

4. **Indirect Costs - Sponsor.** The Sponsor may charge indirect costs under this award by applying the indirect cost rate identified in the project application as accepted by the FAA, to allowable costs for Sponsor direct salaries and wages.

5. **Determining the Final Federal Share of Costs.** The United States' share of allowable project costs will be made in accordance with 49 U.S.C. § 47109, the regulations, policies, and procedures of the Secretary of Transportation ("Secretary"), and any superseding legislation. Final determination of the United States' share will be based upon the final audit of the total amount of allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs.

6. **Completing the Project Without Delay and in Conformance with Requirements.** The Sponsor must carry out and complete the project without undue delays and in accordance with this Agreement, 49 U.S.C. Chapters 471 and 475, and the regulations, and the Secretary's policies and procedures. Per 2 CFR § 200.308, the Sponsor agrees to report and request prior FAA approval for any disengagement from performing the project that exceeds three months or a 25 percent reduction in time devoted to the project. The report must include a reason for the project stoppage. The Sponsor also agrees to comply with the grant assurances, which are part of this Agreement.

7. **Amendments or Withdrawals before Grant Acceptance.** The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the Sponsor.

8. **Offer Expiration Date.** This offer will expire and the United States will not be obligated to pay any part of the costs of the project unless this offer has been accepted by the Sponsor on or before August 20, 2022, or such subsequent date as may be prescribed in writing by the FAA.

9. **Improper Use of Federal Funds.** The Sponsor must take all steps, including litigation if necessary, to recover Federal funds spent fraudulently, wastefully, or in violation of Federal antitrust statutes, or misused in any other manner for any project upon which Federal funds have been expended. For the purposes of this Grant Agreement, the term "Federal funds" means funds however used or dispersed by the Sponsor, that were originally paid pursuant to this or any other Federal grant agreement. The Sponsor must obtain the approval of the Secretary as to any determination of the amount of the Federal share of such funds. The Sponsor must return the recovered Federal share, including funds recovered by settlement, order, or judgment, to the Secretary. The Sponsor must furnish to the Secretary, upon request, all documents and records pertaining to the determination of the amount of the Federal share or to any settlement, litigation, negotiation, or other efforts taken to recover such funds. All settlements or other final positions of the Sponsor, in court or otherwise, involving the recovery of such Federal share require advance approval by the Secretary.

10. **United States Not Liable for Damage or Injury.** The United States is not responsible or liable for damage to property or injury to persons which may arise from, or be incident to, compliance with this Grant Agreement.

11. **System for Award Management (SAM) Registration and Unique Entity Identifier (UEI).**

    a. Requirement for System for Award Management (SAM): Unless the Sponsor is exempted from this requirement under 2 CFR § 25.110, the Sponsor must maintain the currency of its information in the SAM until the Sponsor submits the final financial report required under this Grant, or receives the final payment, whichever is later. This requires that the Sponsor review and update the information at least annually after the initial registration and more frequently if

required by changes in information or another award term. Additional information about registration procedures may be found at the SAM website (currently at http://www.sam.gov).

b. Unique entity identifier (UEI) means a 12-character alpha-numeric value used to identify a specific commercial, nonprofit or governmental entity. A UEI may be obtained from SAM.gov at https://sam.gov/content/entity-registration.

12. **Electronic Grant Payment(s).** Unless otherwise directed by the FAA, the Sponsor must make each payment request under this Agreement electronically via the Delphi eInvoicing System for Department of Transportation (DOT) Financial Assistance Awardees.

13. **Informal Letter Amendment of AIP Projects.** If, during the life of the project, the FAA determines that the maximum grant obligation of the United States exceeds the expected needs of the Sponsor by $25,000 or five percent (5%), whichever is greater, the FAA can issue a letter amendment to the Sponsor unilaterally reducing the maximum obligation.

    The FAA can also issue a letter to the Sponsor increasing the maximum obligation if there is an overrun in the total actual eligible and allowable project costs to cover the amount of the overrun provided it will not exceed the statutory limitations for grant amendments. The FAA's authority to increase the maximum obligation does not apply to the "planning" component of Condition No. 1, Maximum Obligation.

    The FAA can also issue an informal letter amendment that modifies the grant description to correct administrative errors or to delete work items if the FAA finds it advantageous and in the best interests of the United States.

    An informal letter amendment has the same force and effect as a formal grant amendment.

14. **Air and Water Quality.** The Sponsor is required to comply with all applicable air and water quality standards for all projects in this grant. If the Sponsor fails to comply with this requirement, the FAA may suspend, cancel, or terminate this Grant Agreement.

15. **Financial Reporting and Payment Requirements.** The Sponsor will comply with all Federal financial reporting requirements and payment requirements, including submittal of timely and accurate reports.

16. **Buy American.** Unless otherwise approved in advance by the FAA, in accordance with 49 U.S.C. § 50101, the Sponsor will not acquire or permit any contractor or subcontractor to acquire any steel or manufactured products produced outside the United States to be used for any project for which funds are provided under this grant. The Sponsor will include a provision implementing Buy American in every contract and subcontract awarded under this Grant.

17. **Build America, Buy America.** The sponsor must comply with the requirements under the Build America, Buy America Act (Public Law 117-58).

18. **Maximum Obligation Increase.** In accordance with 49 U.S.C. § 47108(b)(3), as amended, the maximum obligation of the United States, as stated in Condition No. 1, Maximum Obligation, of this Grant Offer:

    a. May not be increased for a planning project;

    b. May be increased by not more than 15 percent for development projects if funds are available;

    c. May be increased by not more than the greater of the following for a land project, if funds are available:

1. 15 percent; or
2. 25 percent of the total increase in allowable project costs attributable to acquiring an interest in the land.

If the sponsor requests an increase, any eligible increase in funding will be subject to the United States Government share as provided in 49 U.S.C. § 47110, or other superseding legislation if applicable, for the fiscal year appropriation with which the increase is funded. The FAA is not responsible for the same Federal share provided herein for any amount increased over the initial grant amount. The FAA may adjust the Federal share as applicable through an informal letter of amendment.

19. **Audits for Sponsors.**

PUBLIC SPONSORS. The Sponsor must provide for a Single Audit or program-specific audit in accordance with 2 CFR Part 200. The Sponsor must submit the audit reporting package to the Federal Audit Clearinghouse on the Federal Audit Clearinghouse's Internet Data Entry System at http://harvester.census.gov/facweb/. [1] These laws do not apply to airport planning sponsors.
[2] These laws do not apply to private sponsors.
[3] 2 CFR Part 200 contains requirements for State and Local Governments receiving Federal assistance. Any requirement levied upon State and Local Governments by this regulation shall apply where applicable to private sponsors receiving Federal assistance under Title 49, United States Code.
[4] Cost principles established in 2 CFR part 200 subpart E must be used as guidelines for determining the eligibility of specific types of expenses.
[5] Audit requirements established in 2 CFR part 200 subpart F are the guidelines for audits.

SPECIFIC ASSURANCES

Specific assurances required to be included in grant agreements by any of the above laws, regulations or circulars are incorporated by reference in this grant agreement.

2. Responsibility and Authority of the Sponsor.

a. Public Agency Sponsor:

It has legal authority to apply for this Grant, and to finance and carry out the proposed project; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

b. Private Sponsor:

It has legal authority to apply for this Grant and to finance and carry out the proposed project and comply with all terms, conditions, and assurances of this Grant Agreement. It shall designate an official representative and shall in writing direct and authorize that person to file this application, including all understandings and assurances contained therein; to act in connection with this application; and to provide such additional information as may be required.

3. Sponsor Fund Availability.

It has sufficient funds available for that portion of the project costs which are not to be paid by the United States. It has sufficient funds available to assure operation and maintenance of items funded under this Grant Agreement which it will own or control.

4. Good Title.

a. It, a public agency or the Federal government, holds good title, satisfactory to the Secretary, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Secretary that good title will be acquired.

b. For noise compatibility program projects to be carried out on the property of the sponsor, it holds good title satisfactory to the Secretary to that portion of the property upon which Federal funds will be expended or will give assurance to the Secretary that good title will be obtained.

5. Preserving Rights and Powers.

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in this Grant Agreement without the written approval of the Secretary, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the sponsor. This shall be done in a manner acceptable to the Secretary.

b. Subject to the FAA Act of 2018, Public Law 115-254, Section 163, it will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which Federal funds have been expended, for the duration of the terms, conditions, and assurances in this Grant Agreement without approval by the Secretary. If the transferee is found by the Secretary to be eligible under Title 49, United States Code, to assume the obligations of this Grant Agreement and to have the power, authority, and financial resources to carry out all such obligations, the sponsor shall insert in the contract or

document transferring or disposing of the sponsor's interest, and make binding upon the transferee all of the terms, conditions, and assurances contained in this Grant Agreement.

c. For all noise compatibility program projects which are to be carried out by another unit of local government or are on property owned by a unit of local government other than the sponsor, it will enter into an agreement with that government. Except as otherwise specified by the Secretary, that agreement shall obligate that government to the same terms, conditions, and assurances that would be applicable to it if it applied directly to the FAA for a grant to undertake the noise compatibility program project. That agreement and changes thereto must be satisfactory to the Secretary. It will take steps to enforce this agreement against the local government if there is substantial non-compliance with the terms of the agreement.

d. For noise compatibility program projects to be carried out on privately owned property, it will enter into an agreement with the owner of that property which includes provisions specified by the Secretary. It will take steps to enforce this agreement against the property owner whenever there is substantial non-compliance with the terms of the agreement.

e. If the sponsor is a private sponsor, it will take steps satisfactory to the Secretary to ensure that the airport will continue to function as a public-use airport in accordance with these assurances for the duration of these assurances.

f. If an arrangement is made for management and operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to ensure that the airport will be operated and maintained in accordance with Title 49, United States Code, the regulations and the terms, conditions and assurances in this Grant Agreement and shall ensure that such arrangement also requires compliance therewith.

g. Sponsors of commercial service airports will not permit or enter into any arrangement that results in permission for the owner or tenant of a property used as a residence, or zoned for residential use, to taxi an aircraft between that property and any location on airport. Sponsors of general aviation airports entering into any arrangement that results in permission for the owner of residential real property adjacent to or near the airport must comply with the requirements of Sec. 136 of Public Law 112-95 and the sponsor assurances.

6. Consistency with Local Plans.

The project is reasonably consistent with plans (existing at the time of submission of this application) of public agencies that are authorized by the State in which the project is located to plan for the development of the area surrounding the airport.

7. Consideration of Local Interest.

It has given fair consideration to the interest of communities in or near where the project may be located.

8. Consultation with Users.

In making a decision to undertake any airport development project under Title 49, United States Code, it has undertaken reasonable consultations with affected parties using the airport at which project is proposed.

9. Public Hearings.

In projects involving the location of an airport, an airport runway, or a major runway extension, it has afforded the opportunity for public hearings for the purpose of considering the economic, social, and environmental effects of the airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the Secretary, submit a copy of the transcript of such hearings to the Secretary. Further, for such projects, it has on its management board either voting representation from the communities where the project is located or has advised the communities that they have the right to petition the Secretary concerning a proposed project.

10. Metropolitan Planning Organization.

In projects involving the location of an airport, an airport runway, or a major runway extension at a medium or large hub airport, the sponsor has made available to and has provided upon request to the metropolitan planning organization in the area in which the airport is located, if any, a copy of the proposed amendment to the airport layout plan to depict the project and a copy of any airport master plan in which the project is described or depicted.

11. Pavement Preventive Maintenance-Management.

With respect to a project approved after January 1, 1995, for the replacement or reconstruction of pavement at the airport, it assures or certifies that it has implemented an effective airport pavement maintenance-management program and it assures that it will use such program for the useful life of any pavement constructed, reconstructed or repaired with Federal financial assistance at the airport. It will provide such reports on pavement condition and pavement management programs as the Secretary determines may be useful.

12. Terminal Development Prerequisites.

For projects which include terminal development at a public use airport, as defined in Title 49, it has, on the date of submittal of the project grant application, all the safety equipment required for certification of such airport under 49 U.S.C. § 44706, and all the security equipment required by rule or regulation, and has provided for access to the passenger enplaning and deplaning area of such airport to passengers enplaning and deplaning from aircraft other than air carrier aircraft.

13. Accounting System, Audit, and Record Keeping Requirements.

a. It shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of this Grant, the total cost of the project in connection with which this Grant is given or used, and the amount or nature of that portion of the cost of the project supplied by other sources, and such other financial records pertinent to the project. The accounts and records shall be kept in accordance with an accounting system that will facilitate an effective audit in accordance with the Single Audit Act of 1984.

b. It shall make available to the Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, for the purpose of audit and examination, any books, documents, papers, and records of the recipient that are pertinent to this Grant. The Secretary may require that an appropriate audit be conducted by a recipient. In any case in which an independent audit is made of the accounts of a sponsor relating to the disposition of the proceeds of a Grant or relating to the project in connection with which this Grant was given or used, it shall file a certified copy of such audit with the Comptroller General of the United

States not later than six (6) months following the close of the fiscal year for which the audit was made.

14. Minimum Wage Rates.

It shall include, in all contracts in excess of $2,000 for work on any projects funded under this Grant Agreement which involve labor, provisions establishing minimum rates of wages, to be predetermined by the Secretary of Labor under 40 U.S.C. §§ 3141-3144, 3146, and 3147, Public Building, Property, and Works), which contractors shall pay to skilled and unskilled labor, and such minimum rates shall be stated in the invitation for bids and shall be included in proposals or bids for the work.

15. Veteran's Preference.

It shall include in all contracts for work on any project funded under this Grant Agreement which involve labor, such provisions as are necessary to insure that, in the employment of labor (except in executive, administrative, and supervisory positions), preference shall be given to Vietnam era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns owned and controlled by disabled veterans as defined in 49 U.S.C. § 47112. However, this preference shall apply only where the individuals are available and qualified to perform the work to which the employment relates.

16. Conformity to Plans and Specifications.

It will execute the project subject to plans, specifications, and schedules approved by the Secretary. Such plans, specifications, and schedules shall be submitted to the Secretary prior to commencement of site preparation, construction, or other performance under this Grant Agreement, and, upon approval of the Secretary, shall be incorporated into this Grant Agreement. Any modification to the approved plans, specifications, and schedules shall also be subject to approval of the Secretary, and incorporated into this Grant Agreement.

17. Construction Inspection and Approval.

It will provide and maintain competent technical supervision at the construction site throughout the project to assure that the work conforms to the plans, specifications, and schedules approved by the Secretary for the project. It shall subject the construction work on any project contained in an approved project application to inspection and approval by the Secretary and such work shall be in accordance with regulations and procedures prescribed by the Secretary. Such regulations and procedures shall require such cost and progress reporting by the sponsor or sponsors of such project as the Secretary shall deem necessary.

18. Planning Projects.

In carrying out planning projects:

a. It will execute the project in accordance with the approved program narrative contained in the project application or with the modifications similarly approved.

b. It will furnish the Secretary with such periodic reports as required pertaining to the planning project and planning work activities.

c. It will include in all published material prepared in connection with the planning project a notice that the material was prepared under a grant provided by the United States.

d. It will make such material available for examination by the public, and agrees that no material prepared with funds under this project shall be subject to copyright in the United States or any other country.

e. It will give the Secretary unrestricted authority to publish, disclose, distribute, and otherwise use any of the material prepared in connection with this grant.

f. It will grant the Secretary the right to disapprove the sponsor's employment of specific consultants and their subcontractors to do all or any part of this project as well as the right to disapprove the proposed scope and cost of professional services.

g. It will grant the Secretary the right to disapprove the use of the sponsor's employees to do all or any part of the project.

h. It understands and agrees that the Secretary's approval of this project grant or the Secretary's approval of any planning material developed as part of this grant does not constitute or imply any assurance or commitment on the part of the Secretary to approve any pending or future application for a Federal airport grant.

19. Operation and Maintenance.

a. The airport and all facilities which are necessary to serve the aeronautical users of the airport, other than facilities owned or controlled by the United States, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable Federal, State and local agencies for maintenance and operation. It will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. It will suitably operate and maintain the airport and all facilities thereon or connected therewith, with due regard to climatic and flood conditions. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Secretary. In furtherance of this assurance, the sponsor will have in effect arrangements for:

   1. Operating the airport's aeronautical facilities whenever required;
   2. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and
   3. Promptly notifying pilots of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor.

b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to:

   1. Furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and

   2. Charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.

d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.

e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.

f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance, repair, and fueling) that it may choose to perform.

g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.

h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and

b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a Grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:

1. If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the

revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

2. If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.

3. Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at 49 U.S.C. § 47102), if the FAA determines the airport sponsor meets the requirements set forth in Section 813 of Public Law 112-95

b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.

c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of 49 U.S.C. § 47107.

26. Reports and Inspections.

It will:

a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;

b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;

c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this Grant Agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and

d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:

1. all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and

2. all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that:

a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:

1. boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;

2. the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;

3. the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and

4. all proposed and existing access points used to taxi aircraft across the airport's property boundary.

Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The

sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary:

   1. eliminate such adverse effect in a manner approved by the Secretary; or

   2. bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, color, and national origin (including limited English proficiency) in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4); creed and sex (including sexual orientation and gender identity) per 49 U.S.C. § 47123 and related requirements; age per the Age Discrimination Act of 1975 and related requirements; or disability per the Americans with Disabilities Act of 1990 and related requirements, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program and activity conducted with, or benefiting from, funds received from this Grant.

a. Using the definitions of activity, facility, and program as found and defined in 49 CFR §§ 21.23(b) and 21.23(e), the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by or pursuant to these assurances.

b. Applicability

   1. Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.

   2. Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter, or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.

   3. Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.

c. Duration.

   The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is

to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

1. So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
2. So long as the sponsor retains ownership or possession of the property.

d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this Grant Agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

"The Brevard County Board of County Commissioners, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, [select businesses, or disadvantaged business enterprises or airport concession disadvantaged business enterprises] will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award."

2. It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
3. It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
4. It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
    a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.

g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:

1. Reinvestment in an approved noise compatibility project;
2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);

5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order:

1. Reinvestment in an approved noise compatibility project;
2. Reinvestment in an approved project that is eligible for grant funding under 49 U.S.C. § 47117(e);

5. Payment to the Secretary for deposit in the Airport and Airway Trust Fund.

c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.

d. Disposition of such land under (a), (b), or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U.S.C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin, or sex, in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. §§ 3801-3809, 3812).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

a. If the airport owner or operator of a medium or large hub airport (as defined in 49 U.S.C. § 47102) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that:

   1. Describes the requests;

Dept/Office:

Housing and Human Services

Requested Action:

It is requested that the Board of County Commissioners:

1) acknowledge Commission District 5's identified use of American Rescue Plan Act of 2021 (ARPA) Revenue Replacement Funds,

2) authorize the Housing and Human Services Department to negotiate and develop a contractual agreement with the identified agency,

3) authorize the County Manager to execute related Contracts, Agreements, Amendments, and/or Modifications upon approval of Risk Management and the County Attorney's Office, and

4) authorize the County Manager to execute all necessary budget change requests for the projects listed in this Agenda.

Summary Explanation and Background:

On July 20, 2021 the Board of County Commissioners approved the allocation of $2 million in American Rescue Plan Act (ARPA) Revenue Replacement funds for general governmental services as identified by each Commissioner. The funds are to be used at the discretion of each Commissioner to address their identified District's needs. Each Commissioner has been asked to bring intended uses back to the Commission for acknowledgement. District 5 previously identified $1,705,540 in activities for which ARPA Revenue Replacement funds were acknowledged on December 21, 2021.

Commission District 5 will be using the remainder of its allocation of ARPA Revenue Replacement funds ($294,460) to support Brevard County's local Community Mental Health Provider (Circles of Care, Inc.) in their efforts to address facility/infrastructure deficits that were identified and/or exacerbated during the COVID-19 public health emergency as follows:

- Assisted Living Center (Generator Purchase and Installation) - The Assisted Living Center is a 24/7 residential level II mental health treatment facility in Melbourne that provides services for the severely

and persistently mentally ill as well as co-occurring substance use disorder patients. It offers a full array of psychiatric services including a day/night program in addition to traditional outpatient psychiatric and therapy services. It is also the site of the main kitchen that provides meals to the residential facilities, Crisis Stabilization Units (CSUs), and hospital programs.

- Cedar Village (Roof Replacement)- Cedar Village is a 24/7 residential level II mental health treatment facility in Rockledge that provides services for the severely and persistently mentally ill. It offers a full array of psychiatric services including a day/night program in addition to traditional outpatient psychiatric and therapy services.
- Emergency Intake (Facility Hardening) - The Intake Services department is the first contact for patients on a Baker Act, often transported to the department by law enforcement or ambulance. As the acuity of patient has increased along with the increase of co-occurring substance use in the past several years, there is a noted increase in assaults on staff. This is an effort to improve the safety and security of the staff in that department through a hardening of the existing infrastructure.
- Psychiatric Hospital (Retrofitting) - To remain compliant with the Centers for Medicare and Medicaid Services (CMS) National Patient Safety Goals (NPSG) for suicide risk reduction, 28 rooms in the psychiatric hospital must be retrofitted to reduce ligature points, that is, potential hanging points. These include replacement of all plumbing fixtures, door closers, doors and their handles, and hinges to hardware that is compliant with current standards per CMS.

24. **Liability.** The Division will not assume any liability for the acts, omissions to act or negligence of the Grantee, its agents, servants or

employees; nor may the Grantee exclude liability for its own acts, omissions to act or negligence to the Division.

a) The Grantee shall be responsible for claims of any nature, including but not limited to injury, death and property damage arising out of activities related to this Agreement by the Grantee, its agents, servants, employees and subcontractors. The Grantee shall indemnify and hold the Division harmless from any and all claims of any nature and shall investigate all such claims at its own expense. If the Grantee is governed by Section 768.28, *Florida Statutes*, it shall only be obligated in accordance with this Section.

b) Neither the state nor any agency or subdivision of the state waives any defense of sovereign immunity or increases the limits of its liability by entering into this Agreement.

c) The Division shall not be liable for attorney fees, interest, late charges or service fees, or cost of collection related to this Agreement.

d) The Grantee shall be responsible for all work performed and all expenses incurred in connection with the project. The Grantee may subcontract as necessary to perform the services set forth in this Agreement, including entering into subcontracts with vendors for services and commodities, provided that such subcontract has been approved in writing by the Department prior to its execution and provided that it is understood by the Grantee that the Department shall not be liable to the subcontractor for any expenses or liabilities incurred under the subcontract and that the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

25. **Strict Compliance with Laws.** The Grantee shall perform all acts required by this Agreement in strict conformity with all applicable laws and regulations of the local, state and federal law. For consequences of noncompliance, see Section 18, Noncompliance.

26. **No Discrimination.** The Grantee may not discriminate against any employee employed under this Agreement or against any applicant for employment because of race, color, religion, gender, national origin, age, handicap, pregnancy or marital status. The Grantee shall insert a similar provision in all of its subcontracts for services under this Agreement.

27. **Breach of Agreement.** The Division will demand the return of grant funds already received, will withhold subsequent payments and/or will terminate this agreement if the Grantee improperly expends and manages grant funds; fails to prepare, preserve or surrender records required by this Agreement; or otherwise violates this Agreement.

28. **Termination of Agreement.** The Division will terminate or end this Agreement if the Grantee fails to fulfill its obligations herein. In such event, the Division will provide the Grantee a notice of its violation by letter and shall give the Grantee fifteen (15) calendar days from the date of receipt to cure its violation. If the violation is not cured within the stated period, the Division will terminate this Agreement. The notice of violation letter shall be delivered to the Grantee's Contract Manager, personally, or mailed to his/her specified address by a method that provides proof of receipt. In the event that the Division terminates this Agreement, the Grantee shall be compensated for any work completed in accordance with this Agreement prior to the notification of termination if the Division deems this reasonable under the circumstances. Grant funds previously advanced and not expended on work completed in accordance with this Agreement shall be returned to the Division, with interest, within thirty (30) days after termination of this Agreement. The Division does not waive any of its rights to additional damages if grant funds are returned under this Section.

29. **Preservation of Remedies.** No delay or omission to exercise any right, power or remedy accruing to either party upon breach or violation by either party under this Agreement shall impair any such right, power or remedy of either party; nor shall such delay or omission be construed as a waiver of any such breach or default or any similar breach or default.

30. **Non-Assignment of Agreement.** The Grantee may not assign, sublicense or otherwise transfer its rights, duties or obligations under this Agreement without the prior written consent of the Division, which shall not unreasonably be withheld. The agreement transferee must demonstrate compliance with the requirements of the project. If the Division approves a transfer of the Grantee's obligations, the Grantee shall remain liable for all work performed and all expenses incurred in connection with this Agreement. In the event the Legislature transfers the rights, duties and obligations of the Division to another governmental entity, pursuant to Section 20.06, *Florida Statutes* or otherwise, the rights, duties and obligations under this Agreement shall be transferred to the succeeding governmental agency as if it was the original party to this Agreement.

31. **Required Procurement Procedures for Obtaining Goods and Services.** The Grantee shall provide maximum open competition when procuring goods and services related to the grant-assisted project in accordance with Section 287.057, *Florida Statutes*.

a) Procurement of Goods and Services Not Exceeding $35,000. The Grantee must use the applicable procurement method described below:

1. Purchases Up to $2,500: Procurement of goods and services where individual purchases do not exceed $2,500 do not require competition and may be conducted at the Grantee's discretion.

2. Purchases or Contract Amounts Between $2,500 and $35,000: Goods and services costing between $2,500 and $35,000 require informal competition and may be procured by purchase order, acceptance of vendor proposals or other appropriate procurement document.

b) Procurement of Goods and Services Exceeding $35,000. Goods and services costing over $35,000 may be procured by either Formal Invitation to Bid, Request for Proposals or Invitation to Negotiate and may be procured by purchase order, acceptance of vendor proposals or other appropriate procurement document.

32. **Conflicts of Interest.** The Grantee hereby certifies that it is cognizant of the prohibition of conflicts of interest described in Sections 112.311 through 112.326, *Florida Statutes* and affirms that it will not enter into or maintain a business or other relationship with any employee of the Department of State that would violate those provisions. The Grantee further agrees to seek authorization from the General Counsel for the Department of State prior to entering into any business or other relationship with a Department of State Employee to avoid a potential violation of those statutes.

33. **Binding of Successors.** This Agreement shall bind the successors, assigns and legal representatives of the Grantee and of any legal entity that succeeds to the obligations of the Division of Library and Information Services.

34. **Employment of Unauthorized Aliens.** The employment of unauthorized aliens by the Grantee is considered a violation of Section 274A (a) of the Immigration and Nationality Act (8 USC 1324(a) (as of April 2019)), incorporated by reference. If the Grantee knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement.

35. **Severability.** If any term or provision of the Agreement is found to be illegal and unenforceable, the remainder will remain in full force and effect, and such term or provision shall be deemed stricken.

36. **Americans with Disabilities Act.** All programs and facilities related to this Agreement must meet the standards of Sections 553.501-553.513, *Florida Statutes* and the Americans with Disabilities Act of 1990 (ada.gov (as of January 2020)), incorporated by reference).

37. **Governing Law.** This Agreement shall be construed, performed and enforced in all respects in accordance with the laws and rules of

Florida. Venue or location for any legal action arising under this Agreement will be in Leon County, Florida.

FLORIDA SINGLE AUDIT ACT REQUIREMENTS

AUDIT REQUIREMENTS

The administration of resources awarded by the Department of State to the Grantee may be subject to audits and/or monitoring by the Department of State as described in this Addendum to the Grant Award Agreement.

Monitoring

In addition to reviews of audits conducted in accordance with 2 *CFR* 200, Subpart F - Audit Requirements, and section 215.97, *Florida Statutes (F.S.)*, as revised (see Audits below), monitoring procedures may include, but not be limited to, on-site visits by Department of State staff, limited scope audits as defined by 2 *CFR* 2 §200.425, or other procedures. By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of State. In the event the Department of State determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department of State staff to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

Audits

Part I: Federally Funded

This part is applicable if the recipient is a state or local government or a nonprofit organization as defined in 2 *CFR* §200.90, §200.64, and §200.70.

1. A recipient that expends $750,000 or more in federal awards in its fiscal year must have a single or program-specific audit conducted in accordance with the provisions of 2 *CFR* 200, Subpart F - Audit Requirements. Exhibit 1 to this agreement lists the federal resources awarded through the Department of State by this agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of State. The determination of amounts of federal awards expended should be in accordance with the guidelines established by 2 *CFR* 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 *CFR* 200.514, will meet the requirement of this Part.

2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 *CFR* 200.508-512.

3. A recipient that expends less than $750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 *CFR* 200, subpart F - Audit Requirements. If the recipient expends less than $750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 *CFR* 200, subpart F - Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other than federal entities).

Part II: State Funded

This part is applicable if the recipient is a nonstate entity as defined by section 215.97(2) *F.S.*

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017 and thereafter), the recipient must have a state single or project-specific audit for such fiscal year in accordance with Section 215.97, *F.S.*; Rule Chapter 69I-5 *F.A.C.*, State Financial Assistance; and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of State, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for federal program matching requirements.

2. For the audit requirements addressed in Part II, paragraph 1, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), *F.S.* This includes submission of a financial reporting package as defined by Section 215.97(2) *F.S.*, and Chapters 10.550 (local governmental entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $750,000 in state financial assistance in its fiscal year (for fiscal years ending June 30, 2017 and thereafter), an audit conducted in accordance with the provisions of Section 215.97, *F.S.*, is not required. In the event that the recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, *F.S.*, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

INSTRUCTIONS

To Tax Collectors:

1. Use this for the last sheet on your report of discounts, errors, double assessments, and insolvencies.
2. Do not list any item without showing the reason for reduction in the right-hand column.
3. As much as possible, group together all items coming under one heading. For instance, place all errors under one heading, all double assessments under another, exemptions under another, etc.
4. For exemptions, specify whether widow, veteran, homestead, disability, etc.

Tax Collector Recapitulation

I, Lisa Cullen, Tax Collector of Brevard County, Florida, certify this is a report of all discounts, errors, double assessments, insolvencies, and federal bankruptcies on the assessment roll for 2021; that the discounts were actually earned for the month as shown; that the attached list shows all errors and double assessments as the property appraiser certified; that I have allowed no exemptions, other than those the attached list shows as certified by the property appraiser; that each item marked insolvent on the attached list is in fact insolvent and, although I have made a diligent search, I have been unable to find the tangible personal property to levy on to enforce the payment of the tax; and that I have not collected any of the items on the attached list.

I am entitled to credit against the 2021 assessment roll on the following amounts:

Discounts	31,597,129.92
Errors	480,841.21
Double Assessments	0.00
Insolvencies	82.43

- Cammie Goode, Project Manager, Business Development

Meeting Called to Order:

- Neal Johnson, Chairman, called the meeting to order at 8:30 AM. He welcomed new council members, Kat Butler, North American Properties, and Mike Jaffe, Hedrick Brothers Construction, and asked the council to do self-introductions.

Meeting Minutes:

- Neal Johnson, Union Home Mortgage, asked if everyone reviewed the minutes and if there were any questions or changes. No response from council members.
- A motion to approve the minutes as written from the December 2, 2021, AVT Council Meeting was made by Gail Hart, Acuity International, LLC, and seconded by Thomas LaFlore, CareerSource Brevard.
- The motion to approve minutes passed unanimously.

Review of Sunshine Law:

- Edgar Campa-Palafox, EDC, provided a broad overview of Florida's Sunshine Law
- Florida's Government in the Sunshine Law, s. 286.011, F.S., commonly referred to as the Sunshine Law, provides a right of access to governmental proceedings of public boards or commissions at both the state and local levels.
- As a recommending council to the Brevard County Board of County Commissioners, the EDC's Ad Valorem Tax Abatement Committee is subject to Florida's Sunshine Law provisions
- There are a few basic requirements of the sunshine law:
    - Requires that all EDC AVT meetings be: publicly noticed; with an agenda; that all meetings be conducted open to the public; and that minutes of each meeting be recoded
- Very important that council members do not discuss council matters with each other – no calls, emails or conversations about council matters outside of the public meeting.
- If a member has a potential conflict of interest with an agenda item, the member should recuse from voting by properly disclosing the conflict.
- This presentation was intended only to be an extremely brief summary of the Sunshine Law.
- The EDC recommends all council members learn more details about Florida's Sunshine Law by referencing official sources such as the Office of the State of Florida Attorney General, which provides manuals and virtual training regarding all aspects of the Sunshine Law.
- If you have questions concerning specific applications, please seek guidance. It's best to err on the side of caution - please ask the EDC any questions. If we can't answer them, we seek guidance from our legal counsel.

Brevard County Ad Valorem Tax Abatement Current Program Guidelines Review:

- Neal Johnson, Chair, opened up the discussion by providing a review of the current AVT program guidelines.
- The average wage currently used is $42,904, which was the 2013 state of Florida average wage that was effective as of January 1, 2015.
- The process starts with the EDC staff reviewing the company's AVT applications and then presenting it on behalf of the company.
- The presentation includes the number of new jobs, average wage, capital investment and impact analysis. The council meets, reviews the information and makes their recommendation to be presented to the BCBOCC.
- The AVT program will be sunsetting in 2024 – and it is crucial to support its continuity since it's one of the few incentive tools the region has available when competing for projects against other regions.
- If approved by the BCBOCC, only a portion of a project's Ad Valorem taxes are abated, not all of them. Companies still pay school taxes, water management, among other public entities' taxes.
- It is also important to highlight that companies that fail to complete the annual report or to meet the criteria submitted on their application can have their AVT exemption revoked.
- Edgar Campa-Palafox, EDC, stated that the average wage is reviewed annually by the AVT Council, but it's been the Council's recommendation since July 2015 to keep it at the $42,904 level.
- The reason the council decided to keep the average wage at that level has been intentional to be able to provide an incentive to small and medium manufacturers who are not necessarily in aerospace.
- These guidelines were crucial to access state incentives when the state had programs in place.
- Brevard County has attracted a lot of aerospace projects with significant investment and significant job creation, which has been pushing up the average wage of the county.
- We want to remain competitive in attracting small to medium-sized companies in order to diversify our economy and not rely so much on one industry sector.
- The state of Florida has very few tools – we need to cherish the local ones we have available.

- Significant competition from other states, typically Texas, Georgia and Alabama - they have been adding incentive programs while Florida has been cutting them.
- The EDC compiled a one-page document showing all of the State of Florida and Brevard County average wages that have been in effect since July 2015.

Brevard County Ad Valorem Tax Abatement Program Guidelines Average Annual Wage Requirement Review - Council Discussion:

- Discussion among Council members included confirmation that previous AVT Council members have recommended that the average wage used for the Brevard County Ad Valorem Tax Abatement program remain the same since its last revision to use the Statewide 2013 average wage of $42,904, which was effective as of July 2015.
- The goal is to incentivize higher-paying, skilled jobs, but we also need to diversify at the same time.
- $49,128 is Brevard County's 2018 average wage, which was effective as of January, 2020.
- The region is competing with other Florida counties, even though we have some unique qualities, we're still competing with other regions, having other tools that they can use, such as the panhandle – the playing field is not always even
- Regarding AVT exemptions granted to previous companies – some have hired twice as many people and the salaries are double what they committed to in their applications. If we can get these companies in, they can do amazing things.
- Per Florida statute, there is a list of qualified targeted industries eligible for incentives and we target those same industries

After the general discussion, the following motion was made by Robert Jordan, Genesis VII, Inc: "*To approve a recommendation to adopt Brevard County's 2018 average annual wage of $49,128, that was made affective January 1, 2020, as the new average wage to be used for the Brevard County Ad Valorem Tax Abatement program*". The motion was seconded by Michael Williams, Sr., M.H. Williams Construction Group, Inc.

Neal Johnson, Chair, asked for any further discussion regarding the motion on the floor.

- Council discussion continued: If a company doubles what they said they were going to do, is there a length of time that they phase-out of the incentive? At what point do they not need the incentive? Is there anything capping their growth?
- If a company is awarded 70% for 7 years, as long as they meet the number of new jobs, average wage and capital investment submitted on their application, and complete the required annual report, they will receive the abatement of 70% for 7 years.
- There's no penalty, such as no longer receiving the abatement, if the company overperforms.
- Also, a company's abatement isn't increased as a result of exceeding the criteria. It remains the same.
- If the state of Florida gets smart and brings back the Qualified Targeted Industry (QTI), the AVT can be used as the 20% required match from the community
- After the AVT Council provides a recommendation, it goes to the BCBOCC for review.
- AVT is performance-based and if a company doesn't meet the criteria, the AVT is revoked.

Neal Johnson, Chair, called for a vote on the motion on the floor. The Council unanimously voted to adopt the motion.

Ad Valorem Tax Abatement Council Recommendation:

- Adopt Brevard County's 2018 average annual wage of $49,128, which was effective January 1, 2020, as the average wage used for Brevard County's Ad Valorem Tax Abatement program guidelines.

Other Business:

- The next meeting will be scheduled as needed.
- Neal Johnson adjourned the meeting.

Meeting adjourned at 9:13 AM

Public Hearing

H.3. 8/16/2022

Subject:
Permission to Participate in and Accept the FY 2021 Edward Byrne Memorial Justice Assistance Grant Countywide (JAGC) Program Grant.

Fiscal Impact:
This U.S. Department of Justice grant will provide funding in the amount of $144,504.00 and does not require a local match.

Dept/Office:
Brevard County Sheriff's Office

Requested Action:
It is requested that the Board of County Commissioners grant permission to participate in and accept the 2021 Edward Byrne Memorial Justice Assistance Countywide (JAGC) Grant application; Designate the Brevard County Sheriff's Office as the point of contact; Authorize the Sheriff or his designee to sign the applications for Federal Assistance SF-424 form; Authorize the Chairperson to execute the necessary contractual agreements, modifications and amendments; Authorize the County Manager to execute necessary Budget Change Requests. The Board of County Commissioners will provide the Sheriff's Dept. with written approval.

Summary Explanation and Background:
The Florida Department of Law Enforcement (FDLE) recently notified Brevard County of the Edward Byrne Memorial Justice Assistance Grant (JAGC) program, Countywide solicitation. Brevard County is slated to receive $144,504.00 in FY 2022 that must be used to fund law enforcement programs.

For the last 20 years, the countywide Prisoner Transportation program has provided coordinated transportation of arrestees to the county jail from the field by Brevard's Law Enforcement agencies. The program allows law enforcement agencies who find it difficult to transport arrestees to the County Jail Complex the ability to have arrestees picked up by the Sheriff's Office, leaving more time for safety patrol functions.

As a condition of the grant, Brevard County and Brevard cities must come to a consensus on how the funds are to be used and provide FDLE with letters of support for that use. The Sheriff's Office has coordinated the support effort among our municipalities, receiving the required 51% letters of support in order to continue the Prisoner Transportation Program.

Unfinished Business

I.1. 8/16/2022

Subject:
Staff Direction, Re: Lease Agreements for Nance Park and Sunrise Park

Fiscal Impact:
None

Dept/Office:
Parks and Recreation

Requested Action:
It is requested that the Board provide staff with direction regarding the transfer of State lease agreements associated with James H. Nance Park and Sunrise Park from the County to the Town of Indialantic.

Summary Explanation and Background:

At the May 3, 2022 Board meeting, the Board directed staff to explore options on transferring State lease agreements for James H. Nance and Sunrise parks to the City of Indialantic.

James H. Nance Park history

- The park was purchased by the County in 1986. The title was transferred to the State of Florida and then leased back to the County.
- In 1986 the County leased the property to the Town of Indialantic.

Sunrise Park history

- The park was purchased by the County in 1986. The title was transferred to the State of Florida and then leased back to the County.
- In 2002 the County leased the property to the Town of Indialantic.

Staff contacted the Florida Department of Environmental Protection (DEP) inquiring if there was a process by which the County could have the Town of Indialantic manage Nance and Sunrise parks under direct lease from the State thereby eliminating the County as the intermediary. Staff received a potentially positive response from DEP along with information and an Application for the Use of State-Owned Uplands.

Staff contacted the Town of Indialantic to discern if the Town would be interested in leasing the two parks directly from the State of Florida. Michael L. Casey, Town Manager, replied that the Town would be interested in leasing the two parks directly from the State.

It is requested that the Board provide direction on the options listed below:

Option 1: Direct staff to submit an application to the State requesting release of lease for Nance and Sunrise parks and ensure continued County access and staging for beach nourishment and maintenance of beach outfalls stormwater maintenance and work with the Town of Indialantic to directly lease the two parks from the State.

Option 2: Brevard County Parks and Recreation to continue to lease Nance and Sunrise parks from the State of Florida and in turn continue to lease the two parks to the Town of Indialantic.

Dear Mrs. Donner:

Per our discussion last month on Brevard County leasing Nance Park and Sunrise Park from the State of Florida and the Town of Indialantic subleasing Nance Park and Sunrise Park from Brevard County. I have discussed the matter with Council and after our discussion we are in agreement with having Brevard County removed from the agreement and the Town of Indialantic leasing both Nance Park and Sunrise Park directly from the State of Florida.

If you would please look into eliminating Brevard County as the middleman and the Town of Indialantic acquiring the lease from the State of Florida.

Sincerely,

Michael L. Casey, Town Manager

Hello Mary Ellen,

My supervisor requested that I reach out to you in response to the letter you sent dated June 14, 2022 regarding releasing lease 3485 and having the town of Indialantic manage the parcels under a direct lease. Please complete the attached application, one request from Brevard County requesting a release of lease and one application from the Town of Indialantic requesting a release of sublease. Each application will need to include a letter on letterhead requesting the release, a map of the parcels to be release form lease and sublease and a sketch and legal description of the area to be released. The parcels will then be noticed for a period of 60 days for a direct lease of the parcels to state agencies, colleges and universities. If no interest is received to manage the parcels from a state agency, college or university the Town of Indialantic can request a lease of the parcels.

Please let me know if you have any questions.

Approval, re: Tourist Development Office (TDO) Proposed FY2022-23 Marketing & Media Plan, approval for the TDO Director to make Vendor Selections, Negotiate and Execute Agreements with Media and Advertising Vendors and contract extension with &Barr for advertising services

Fiscal Impact:

FY2022-2023 Marketing & Media Plan $9,779,982.00 (Fund 1441)/Disaster Funds $1,282,542.00 (Fund 1444)

Dept/Office:

Tourism Development Office

Requested Action:

It is requested that the Board of County Commissioners:

(1) approve the attached proposed FY2022-2023 Marketing & Media Plan for the Tourism Development Office (TDO) in the total amount of $9,779,982.00, including the selection of the media vendors listed in the presentation.
(2) It is requested that the Board approve the TDO Director to have the ability to select media and advertising vendors without a bid process, thus waiving Procurement Policy BCC-25, as well as negotiate and execute contracts, contract amendments, and any necessary contract extensions, with such vendors, upon review and approval by the County Attorney's Office, Risk Management, and Purchasing Services in accordance with Administrative Order AO-29, up to and exceeding $100,000.
(3) It is also requested the Board approve the ability for the TDO to receive and accept revenue from cooperative advertising partners and grants from organizations (such as the Florida Sports Foundation).
(4) It is further authorized that the TDO Director be able to access Disaster Funds (Fund 1444) in the event of a state or local emergency declaration, natural or man-made disaster for the purposes of advertising/marketing/promotional costs of up to and exceeding $100,000.
(5) The Board approves and authorizes the Tourism Director to sign the renegotiated agency contract with &Barr for 3 years through September 30, 2025, upon review and approval by the County Attorney's Office, Risk Management and Purchasing Services.

Summary Explanation and Background:

The Tourism Development Office (TDO) has prepared the attached proposed Marketing & Media Plan for FY2022-23 in the total amount of $9,779,982.00. The TDO Marketing & Media plan will remain flexible, and strategically built through seasonal campaigns and marketing partnerships, as market demands may cause changes to the plan throughout the fiscal year. To that end, it is important that the TDO Department Director have the flexibility to choose media and advertising vendors without going through a formal bid process, thus waiving Procurement Policy BCC-25, and negotiate and execute agreements with such vendors, upon review and approval by the County Attorney's Office, Risk Management, and Purchasing Services in accordance with Administrative Order AO-29, up to and exceeding $100,000.00. The Tourism Development Council (TDC) unanimously approved this plan on July 27, 2022.

The TDO, when possible, uses unique cooperative advertising partners throughout the county, which translates to larger ad buys and representation; reduced trade shows and sales mission expenses are also realized. This allows a cooperative advertising program to share expenses between the business or entity and the TDO. Sometimes the TDO buys ads or media up front to include the Visit Florida guide and the Tourism Vacation Planner**,** as well as other programsand then seek reimbursement from partners. It also produces a visitor's guide and seeks partners to help offset the costs of that guide. Some of our partners are the Kennedy Space Center Visitors Complex, Port Canaveral, Melbourne International Airport, City of Cocoa Beach, City of Titusville, City of Palm Bay, City of Melbourne, Cocoa Beach Hotel Motel Association, and Brevard Zoo, among others.

Some of the various types of advertising, marketing, and promotional initiatives in the FY2022-23 marketing & media plan are: vinyl and digital billboard campaigns throughout Florida and other targeted states; various signage and video at Orlando International Airport; television and streaming video broadcasts; visitor website enhancements; radio and streaming radio advertising; geo-targeted and traffic-focused digital advertising; search engine marketing; public relations; sports grant program; international marketing through Brand USA and other vendors; and strategic marketing partnerships. The goal of these Space Coast marketing initiatives is to draw state, national and international tourists and visitors so they can personally experience Brevard County. This also includes funding for research projects as defined in the attached PowerPoint of the marketing plan. Also, sports grants, as mentioned above, promote athletic events and draw tourists. They are awarded through an application process and tiered scoring by the TDC Sports Committee and then sent to be approved by the TDC and the Board. Partial sports grant reimbursement from the Florida Sports Foundation (FSF) or other entities is received by the TDO.

As in previous Fiscal Years, the Board requested action authorized the Tourism Director to select vendors without a bid process, thus waiving the County Procurement Policy BCC-25, as well as negotiate and execute contracts, contract amendments, and any necessary contract extensions, with such individual marketing and media vendors, upon review and approval by the County Attorney's Office, Risk Management, and Purchasing Services in accordance with Administrative Order AO-29, up to and exceeding $100,000.00.

Note: the advertising agency, & Barr, was selected through an RFP process and many media vendors used to flow through this contract which followed an extensive review. This contracted relationship has been renegotiated and includes an annual fee of $936,000.00 for 7,200 hours annually for the next 3 years (through September 30, 2025) which is a reduced amount overall from the previous year's contract which was a combination of hours (2,862) and a 15% percent commission of media ($1,009,560.00). This amount includes creative, production, account management, website hosting and maintenance, analytics/reporting, media services, and administration.

Types of media include digital, radio, cable and streaming TV, radio and streaming radio, and print ads. It is also requested the Board allow the TDO to receive money through the above cooperative advertising agreements and other revenue such as grants from the Florida Sports Foundation. The total estimated marketing & media advertising budget for FY2022-23, including production costs, is $8,736,328 and the total plan is for the $9,779,982.00 mentioned above.

This agenda also requests that during a declared state of emergency (County and/or State) the TDO Director, or County Manager, be able to access Disaster Funds (Fund 1444) in the event of a natural or man-made disaster or emergency for the purposes of advertising/marketing/promotional costs of up to and exceeding $100,000. These funds have been designated for this purpose and should be used to help with recovery in the event of a state of emergency or natural or manmade disaster.The fund balance in the disaster fund is $1,282,542.00 for 2022-23.

  - Cape Canaveral grew significantly + 36%.
- Anticipated inventory growth in 2022 is 5% and in 2023 will be almost 10%.

Any media planning and buying services shall not be part of this paragraph, and COUNTY must order such services in a separate Task Order pursuant to paragraph 7 of the Master Services Agreement.

C. Borrowing Hours. The COUNTY may utilize up to ten percent (10%) of their total hours for each annual term spanning (October 1st thru September 30th) of this Contract ahead of CONTRACTOR billing. This allows the COUNTY to access up to seven hundred twenty (720) hours of services in advance of paying for said hours so long as CONTRACTOR has current resource capacity to provide these unscheduled hours.

D. Banking Hours. The COUNTY can "bank" or roll over all unused hours from month-to-month. Up to ten percent (10%) of the total agreement term hours (seven hundred twenty [720]), can rollover to the following annual term (October 1st thru September 30st.).

4. **Compensation.**

A. Contractor Services & Associated Costs. For the term of 10/1/2022 through 9/30/2025, CONTRACTOR shall bill COUNTY in the amount of Seventy-Eight Thousand Dollars ($78,000) (inclusive of 600 hours at $130/hour) on the first of each month over the term of this Task Order, starting upon 10/1/2022. CONTRACTOR will bill COUNTY for incurred associated costs on the first of each month, and CONTRACTOR will enclose adequate documentation showing COUNTY approval for the associated costs and substantiation of the costs, as required by the COUNTY.

B. Overage Hours. For future Task Orders, any overage hours must be pre-approved in writing by the COUNTY prior to CONTRACTOR beginning work. CONTRACTOR shall bill COUNTY on the fifteenth (15th) of the following month at the CONTRACTOR standard blended hourly rate of One Hundred Seventy-Five Dollars ($175).

5. **Sub-Contractor.** COUNTY agrees to CONTRACTOR's use of CONCEPTA, Inc, (hereinafter sub-contractor), a Florida company at 121 South Orange Avenue, #1410, Orlando Florida, 32801, pursuant to the sub-contracting clause in the MSA.

6. To the extent any of the terms of this Order conflict with the terms of the MSA, the terms of the MSA control.

7. Each Party represents that the person signing on its behalf has been fully authorized by all required action to sign on behalf of and to bind that Party to the obligations stated herein.

IN WITNESS WHEREOF, the Parties have executed this Task Order on the last date written below.

Subject:

Request America Rescue Plan Act (ARPA), Second Tranche funding be allocated to (1) Support updating of the Property Appraiser's GIS Infrastructure and (2) Upgrade of the Brevard County Public Safety Radio System to be P25 compliant.

Fiscal Impact:

(1) Up to $1.866M in ARPA funding for the Property Appraiser's GIS Infrastructure
(2) $1.2M in ARPA funding and $1.03M in municipality user fees for Brevard County's Public Safety Radio System upgrade

Dept/Office:

Public Safety Group: Emergency Management

Requested Actions:

1. Authorize the use of ARPA funds, not to exceed $1.866M, to partially fund the reconstruction and updating of the Property Appraiser's GIS Tax Map utilizing Coordinate Geometry.
2. Authorize the use of ARPA funds in the amount of $1.2M to upgrade Brevard County Public Safety Radio System backbone to P25 standards.
3. Having obtained the cities' concurrence, authorize Emergency Management to invoice municipal users of the Public Safety Radio System a one-time P25 Upgrade charge of $372 per radio (totaling $1.03M), no later than FY24.
4. Authorize the County Manager implement any necessary Budget Change Requests in regards any of the Board's approved actions.

Summary Explanation and Background:

Approval (1): Reconstruction and updating of the Property Appraiser's GIS infrastructure (Tax map)

The Property Appraiser's map is a tool commonly used by both the public and private sector. In the 1990's, the original hand-drawn maps were digitized utilizing the best technology available at the time, but depicted boundary lines are inaccurate by today's standards. Mapping software have advanced significantly since then and utilizing Advanced Coordinate Geometry (COGO) style maps will solve those accuracy issues and provide a markedly better-quality service to the public, as well as government agencies. The total cost of this effort is estimated to be $2.4M. The county's share, based on 77% of the total acreage in unincorporated Brevard, is $1.866M.

While not required, updating the GIS infrastructure will not only provide a more accurate assessment of value,

but it will also provide Brevard County Departments and Cities with a precise map to more efficiently perform numerous day-to-day functions, including; data analysis, land planning, E-911 addressing, environmental studies, engineering studies, and legal analysis.
Funding and supporting the Property Appraiser's Office is primarily a County responsibility, However, as this upgrade is not required at this time, the Property Appraiser and County staff has begun to ask Cities to contribute toward as it would significantly benefit cities, the County and the public.

Reconstructing and updating the Tax map utilizing Coordinate Geometry would include data preparation and cleanup, boundary simplification, topology cleanup, edge matching and polygon reconstruction.

By acting now, the estimated cost of the upgrade is lower than would be expected since Brevard can currently partner (piggyback) to get these upgrades with Volusia County which is about to have the upgrades performed. The Property Appraiser estimates that the cost will increase if the project is undertaken when, as is anticipated, the State requires such an update in the future.

Approval (2): Upgrade of the communications backbone of the unified Brevard County Public Safety Radio System to P25 standards.

The Brevard County 800MHz Public Safety Radio System is an intergovernmental radio communication program; approved under the provision of Section 316.655(6), F.S, and Division of Communications policy. It provides county-wide public safety radio communication to approximately 6,000 users from all the local public safety agencies/departments. P25 is a suite of national standards developed to provide digital, interoperable, and encrypted communication for public safety. P25 offers a multitude of critical benefits to our first responder community including; improved in-building signal strength, geo-location information, cybersecurity defenses, and seamless interoperability with regional public safety agencies. For background and benefits of the P25 Public Safety Radio System, please see the summary document at Attachment 1.

In 2019, the Board authorized the migration of the County radio frequency sites to the P25 core. The need to upgrade became urgent when maintenance and replacement parts for legacy equipment began to be phased out sooner than originally planned. $3.4M is needed to fully upgrade the system. Emergency Management, in close partnership with the cities, developed a strategy to achieve P25 compliance:

- $1.2M in existing 800MHz capital funds
- $1.2M in County ARPA funds (eligible as Emergency Response Radio Systems category)
- $1.03M from municipal radio users (already approved by the cities) via and one-time P25 upgrade charge of $372 per radio, effective in FY 2024 which allows municipalities to plan in future budgets.

800MHz Radio System Project 25 (P25) Upgrade

Background

The Brevard County 800MHz Public Safety Radio System is an intergovernmental radio communication program approved under the provision of Chapter 316.655(6), F.S, and Division of Communications policy. It provides county-wide public safety radio communication to over 6,000 users from 60 local, State, and Federal agencies/departments. The system includes eleven 9-1-1 Public Safety Answering Points (PSAPs) and nine towers in a simulcast Enhanced Digital Access Communication System (EDACS) configuration, tied to a Project 25 (P25) core backbone.

In 2012, the Board of County Commissioners authorized the first upgrade of the radio system towards Project 25 (P25). Since then, the system has evolved from a four-site multisite to a nine-site simulcast system and transitioned the PSAP's radio consoles to the newly implemented P25 backbone core.

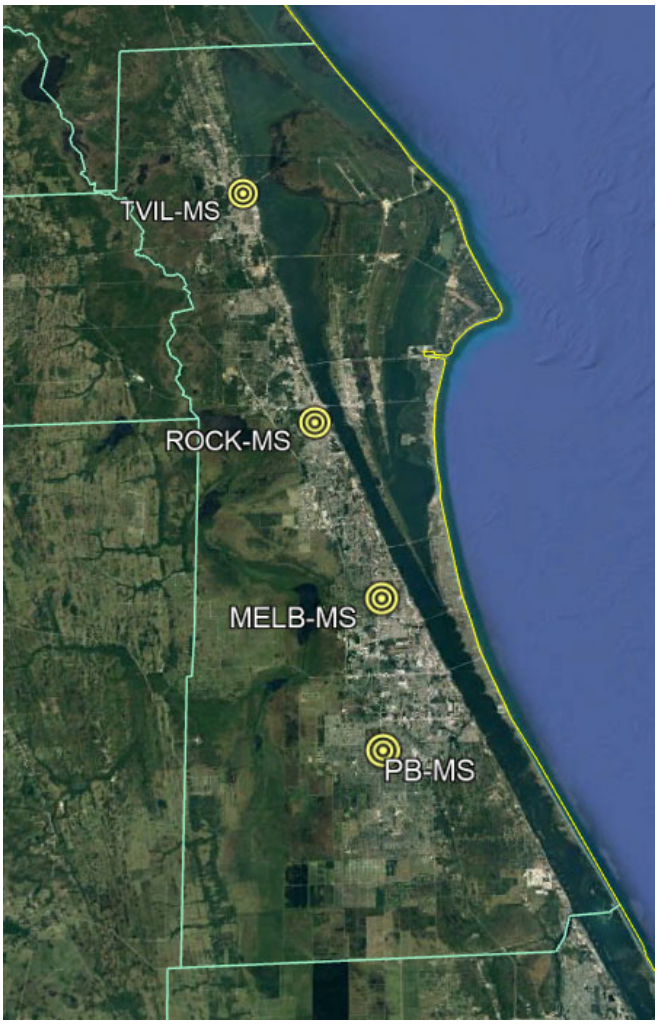

Figure 1: BC Public Safety Radio System before 2013

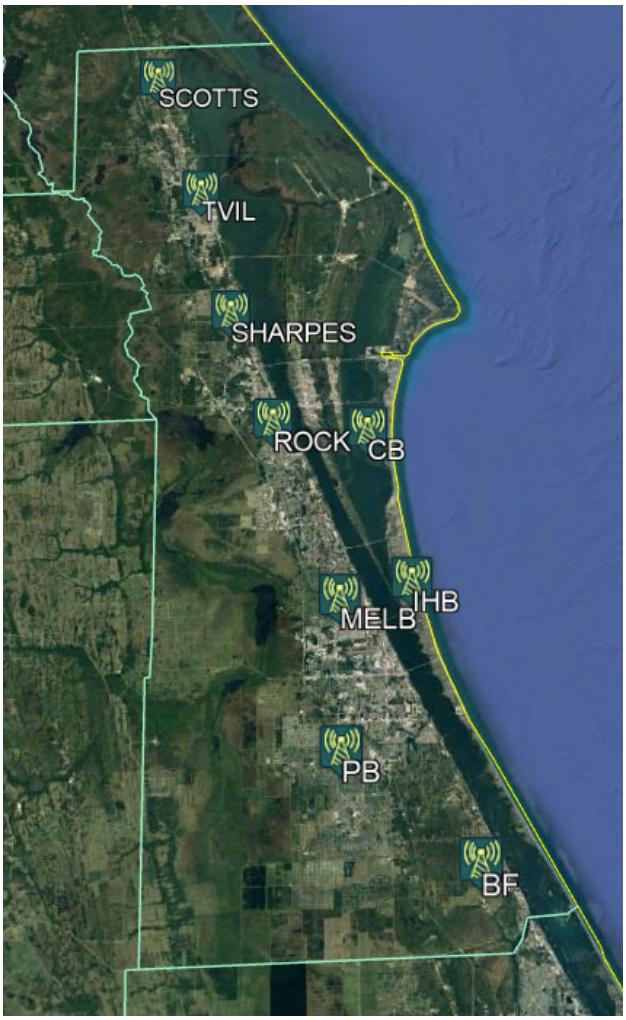

Figure 2: BC Public Safety Radio System after the upgrade

In 2019, the Board authorized the migration of the radio frequency sites to the already implemented P25 core, the last necessary step to provide a fully P25 system to the Brevard County public safety agencies and first-responders. A $3.6M project was awarded the same year as a multi-year project, contingent upon the availability of funds, following the timeline below:

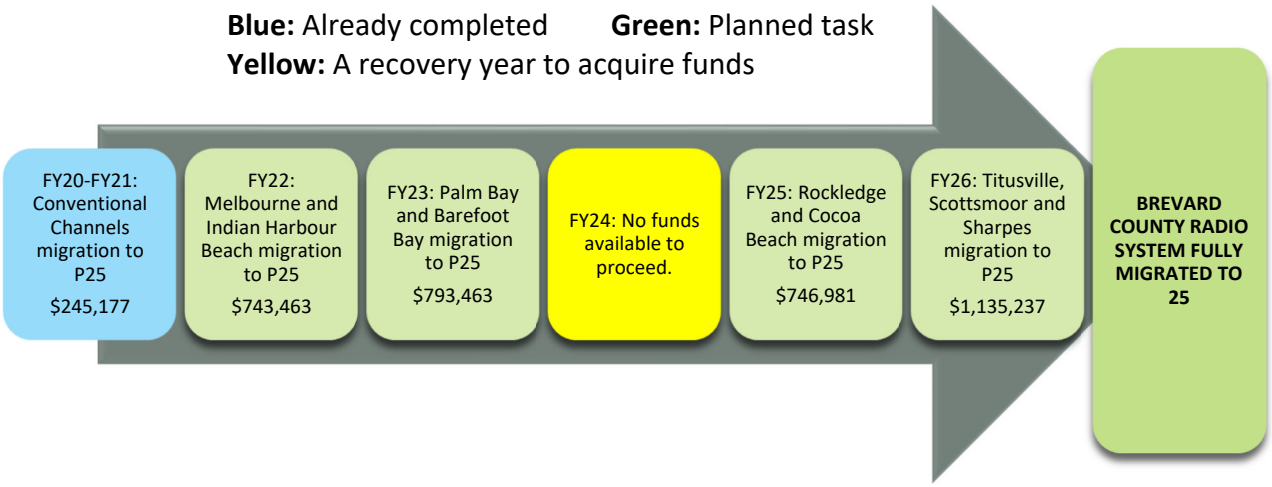

Figure 3: P25 Phase 2 Upgrade – 2019

The first task (in blue) was complete during the Fiscal Year 2020-2021, and the next task is part of the current Fiscal Year (FY) budget. During FY24, the project will need to pause; for the 800 MHz Division to collect funds and resume the upgrades in FY25.

P25 and its benefits

P25 is a suite of standards; developed to provide digital, interoperable, and encrypted communication to public safety. The benefits of the P25 technology to the Brevard County public safety and first responders' agencies are:

1. **Harden cybersecurity defenses.**

   Living in a world where cybercrime is one of our primary threats, P25 offers the most robust set of voice/data encryption, key management, and user/system authentication and access control available today. Encrypted information over the air will allow the first-responders, agencies, and municipalities to keep critical information, like running investigations, surveillances, and active shooter incidents, out of reach from criminals. Additionally, transmitting patient information and medical records over an encrypted radio channel will decrease the response time and simplify the operation of our first responders during critical moments.

2. **Seamless interoperability with regional public safety agencies.**

   The COVID-19 response demonstrated the need for interoperability between a variety of organizations and systems. In P25, radio users can easily roam to other radio systems within the region while maintaining contact with their home dispatchers via encrypted communications. Seamless radio interoperability will benefit our first responders greatly during the transport of patients to/from Brevard County.

3. **Multi-vendor sources for radio terminal.**

   As the user agencies invest in renewing their radio terminals, they currently have to pay a premium for radios with EDACS (analog) capabilities from a single source: L3Harris. By moving to the P25, the agencies will select their terminals from other vendors offering competitive pricing, as the radio terminal will no longer need analog capabilities.

4. **Data services such as over-the-air-programming (OTAP) and tier 2 location information.**

   The current cost to update/reprogram the radio terminals is $34/hour. Over-the-air-programing (OTAP) will allow the radio terminals to receive the radio profiles, configurations, and software updates from afar, a significant cost saving when more than 6,000 radios are involved.

   The real-time location of assets and personnel is a great addition that comes with P25. It contributes to the safety of the first responders and improves response times and organizational efficiencies. This service integrates with existing AVL, mapping applications, or CAD systems.

5. **Effective double channel capacity.**

   The radio frequency spectrum is a limited resource; by implementing P25 Phase-2, the County will maximize its current FCC licensed frequencies. P25 Phase 2 double the number of simultaneous conversations per frequency, equivalent to less maintenance cost and space/power needs.

6. **Extension of coverage outside the county-wide radio coverage.**

   The already integrated L3Harris BeOn service to our P25 core provides secure radio PTT (Push-To-Talk) far beyond the boundaries of our radio system by utilizing commercial wireless networks and Wi-Fi. Additionally, non-critical personnel can use the 800MHz radio system without additional investment, as these applications run on tablets, laptops, and phones.

Current status, challenges, and cyber vulnerabilities

As our world becomes increasingly dependent upon computer systems and networking to accomplish day-to-day tasks, public safety radio systems are also becoming more dependent on networking equipment and connectivity to the internet. Digital technologies, like P25, give first responders many more tools than dated technologies. These advantages come with the understanding that a threat from cyberattacks exists and that we should protect the integrity of the network by applying the latest industry best practices.

Legacy equipment is one of the most common causes of cybersecurity vulnerabilities for public safety systems as manufacturers stop providing the software patches and updates necessary to maintain the integrity of the radio system. Those public safety radio systems utilizing dated and unsupported networking equipment are the most vulnerable to hackers. In August 2021, the manufacturer of the system (L3Harris) disclosed its new roadmap for the P25 systems upgrades, not only driven by the

current needs and technologies in the industry but by the end of support of some of the main system components from other manufacturers like Cisco and Microsoft.

The current core of the public safety radio system utilizes Windows Servers 2008. By January 2023, Microsoft will stop supporting the Windows Server 2008, about the same time as L3Harris will stop supporting the EDACS technology. The end of the Windows Servers 2008 support by 2023 adds a new step to the previous P25-Phase 2 Upgrade project: The existing P25 core upgrade to the next platform compatible with our Land Mobile Radio (LMR) System. Although this is an unavoidable upgrade to keep our public safety infrastructure secure, it moves our ability to fully migrate the radio frequency sites infrastructure to the P25 trunked technology from 2026 to 2028 because of funding.

The following diagram shows the new timeline, with the insertion of the P25 core upgrade in red and the need for an additional year to acquire funds if we continue the multi-year approach approved by the Board in 2019.

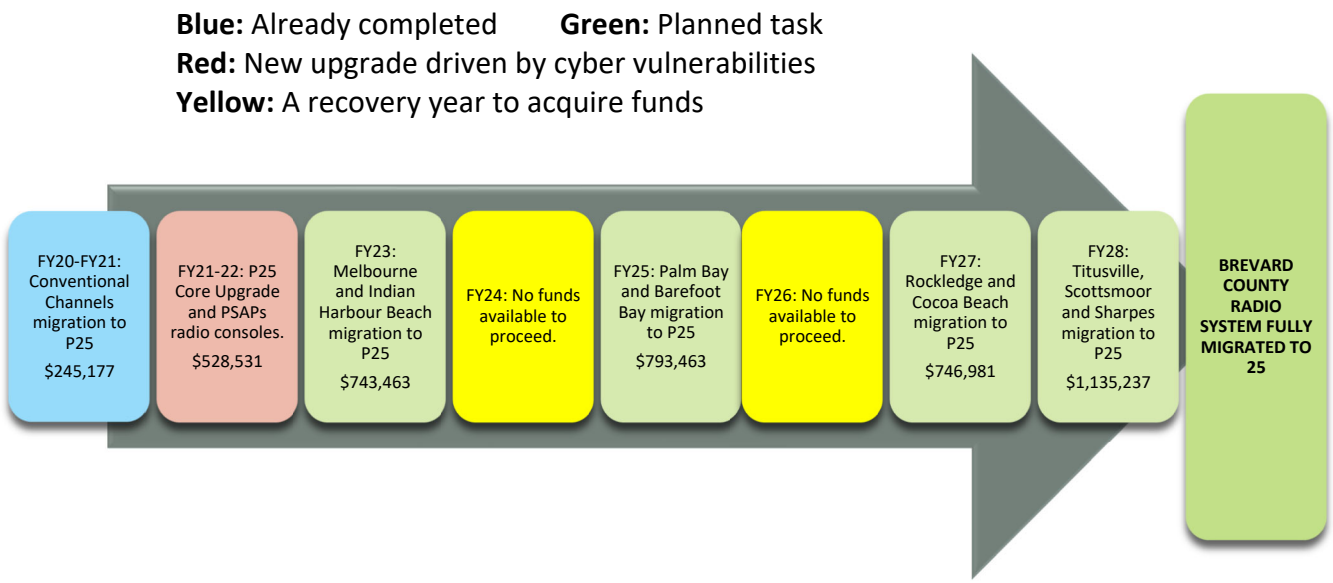

Figure 4: P25 Phase 2 Upgrade - 2021

With technology moving forward at such a high pace, utilizing a multi-year approach for future planning brings a new challenge. The upgrade of the existing network core without upgrading the site equipment leaves the radio frequency infrastructure no longer supported by the manufacturers (L3Harris and Cisco) and our public safety agencies at risk of continuing investing resources in hardware-intensive and vendor-locked solutions.

Conclusion

The time for upgrading the network core and the radio frequency sites to P25 has come to a critical juncture. Migrating in steps to newer technology, which, in the past helped with costs, is no longer a viable approach due to the leaps taking place in technology. A total of $3.9M investment, see attachment A, in the public safety radio infrastructure will bring the system up to the latest standards, eliminate any unforeseen future costs because of system incompatibilities, and most importantly, protect it against cybercrime.

Having up-to-date equipment in place has never been more imperative. Seculore Solutions website, a company specializing in cyber security, shows that in the past 24 months, 118 public safety agencies have been hacked, along with 276 government agencies.

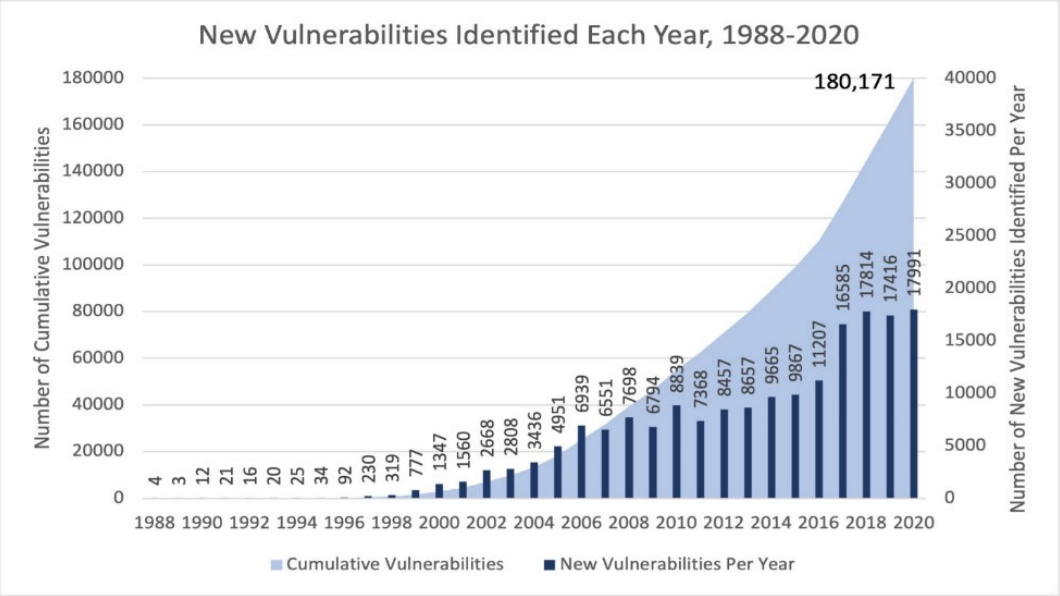

Figure 5: Newly Identified and Cumulative Vulnerabilities Per Year, 1988-2020 (Source: IBM X-Force Red)

The Florida Department of Transportation (FDOT) classifies its District 5 (Brevard, Flagler, Lake, Marion, Orange, Osceola, Seminole, Sumter, and Volusia) as one of the fastest-growing areas of the state. Ensuring that our first responders have reliable and secure communications when seconds count is one of the core missions of Public Safety. Relying on an aging legacy system with increasing vulnerabilities to cyber-attacks does not put us on a long-term path to success. The upgrade of the current system, driven by the new standards, the obsolesce of the equipment, and the cybersecurity vulnerabilities, is imperative

Fiscal Impact:

F.Y. 2022-23 Minimal cost of election related to adding ballot language to existing ballot
Fiscal Impacts provided as attachment

Dept/Office:

County Attorney's Office

Requested Action:

Contingent upon approval by at least two members of three person review panel, recommend the Board adopt six resolutions authorizing the Supervisor of Election to hold a referendum on the Charter Review Commission's six proposed amendments with the next general election.

Summary Explanation and Background:

Under Section 7.4, of the Charter the Board of County Commissioners shall appoint a Charter Review Commission every six years and the Charter Review Commission must meet and present its recommended amendments, to the Charter, within twelve months of their first meeting. The 2021-2022 Charter Review Commission held their first meeting on August 12, 2021 and elected Mike Haridopolos as it's Chair.

The Charter Review Commission held 11 meetings, including 6 public hearings. The Charter Review Commission considered 24 proposed amendments to the Charter from Commission members and the public. Under the adopted rules of procedure, any proposed amendment required the vote of at least ten members to pass. Of the 24 proposed Charter amendments, six (6) amendments met the ten-vote threshold to be presented to the voters.

Under the Charter, any amendment sponsored by the County Commission or the Charter Review Commission must be reviewed by an Independent Three Person Panel comprised of members with demonstrated experience in Florida Local Government Law that are either licensed to practice law in the State of Florida or have retired from a Florida Law Practice or the Florida Judiciary within the past five years. Amendments which have been approved by at least two members of the Three Person Panel must be placed on the ballot by the Board of County Commissioners by adopting a resolution calling a special election on the amendments. The Supervisor of Elections requires the approved ballot language by August 22, 2022.

The Charter Review Commission has proposed six amendments to the Brevard County Charter:

1. C.R.C. Resolution 2022-01: Attorney Review Panel passed 06/23/2022; proposed Ballot Summary Language approved 07/21/2022
2. C.R.C. Resolution 2022-02: Approval by 60% of Voters Voting on an Amendment passed 07/07/2022; proposed Ballot Summary Language approved 07/21/2022
3. C.R.C. Resolution 2022-03: Amend Section 5.2 Recall of County Officers and School Board Members passed 07/07/2022; proposed Ballot Summary Language approved 07/21/2022
4. C.R.C. Resolution 2022-04: Three Person Review Panel Process passed 07/07/2022; proposed Ballot Summary Language approved 08/04/2022
5. C.R.C. Resolution 2022-05: Filling a Vacancy in the Term of a County Commissioner passed 08/04/2022; proposed Ballot Summary Language approved 08/04/2022
6. C.R.C. Resolution 2022-06: Workforce and Supportive Housing passed 08/04/2022; proposed Ballot Summary Language approved 08/04/2022

Attached are the legal panel analyses of charter amendments proposed by the Brevard County Charter Review Commission. (C.R.C.)

7.3.2 Amendment by petition

Amendments to this Charter may be proposed by a petition signed by at least four percent (4%) of the electors from each County Commission District, provided that any such amendment shall embrace but one subject matter directly connected therewith in the manner set forth in subsections 7.3.2.1 through 7.3.2.4 below.[3]

7.3.2.1

Each amendment shall embrace but one subject and matter directly connected therewith. The amendment shall not extend to existing budgets, existing debt obligations, existing capital improvement obligations, salaries of non-elected County officers and employees, the collection of taxes or rezoning of less than five per cent (5%) of the total land area of the County.

7.3.2.2

The sponsor must then obtain the signatures on the petition of at least 1% of the electors from each County Commission district and then resubmit the signed petitions to the Supervisor of Elections for verification that the electors signing the petition are qualified voters. When the Supervisor of Elections has verified the signatures, the Supervisor shall report such verification to the Board of County Commissioners.

7.3.2.3

Once the signatures are verified, the County Commission, at the county's expense, shall empanel a panel of three persons to determine whether the proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and this Charter. The persons serving on the panel shall have demonstrated experience in Florida local government law and shall either be licensed to practice law in the State of Florida or have retired from a Florida law practice or the Florida judiciary within the past five years.

---

[3] The wording of section 7.3.2 presented here is a combination of the amendment wording set forth in County Commission Corrected Resolutions 2000-268 and 2000-269, both of which received referendum approval. The precise language of the two resolutions as approved by the voters has been combined in this form by the editors in an attempt to preserve the actual text as well as the intent and meaning of the text in both approved amendments.

7.4.1 Independent Review of Proposed Charter Amendments

1. For any proposed amendment sponsored by the County Commission or the Charter Review Commission, the County Commission, at the county's expense, shall empanel a panel of three persons to determine whether the proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and this Charter. The persons serving on the panel shall have demonstrated experience in Florida local government law and shall either be licensed to practice law in the State of Florida or have retired from a Florida law practice or the Florida judiciary within the past five years.

2. If at least two members of the panel find that the proposed amendment embraces only one subject and is consistent with the Florida Constitution, general law and this Charter, the County Commission shall place the proposed charter amendment on the ballot for consideration at a referendum at a special election held concurrently with the next countywide election or at an earlier special election called for that purpose. Notice of the election shall conform to the requirements set forth in the last paragraph of section 7.3.3. in this Charter. Passage of a proposed charter amendment shall require approval by a majority of the registered electors voting in the special election. If at least two members of the panel find that the proposed amendment is not consistent with the Florida Constitution, general law, or this Charter, then the proposal is considered rejected and is returned to the County Commission or to the Charter Review Commission for further action if any is to be done.

7.4.2 Analysis of fiscal impact of proposed charter amendment

The Charter Review Commission shall obtain an analysis of the fiscal impact of a proposed charter amendment prior to transmittal of the proposed charter amendment to the County Commission. (Newly adopted 11-2-10)

SECOND AMENDED PROPOSAL 19

Blaise Trettis (proponent), member of the 2021-22 Brevard County Charter Review Commission, proposes the following amendment to correct the scrivener's error in section 5.2 Recall and to add school board members to the list of county officers subject to recall and which replaces "general law" with "section 100.361 Florida Statutes." Additional numbers and words are underlined; deleted numbers and words are stricken-through.

Section 5.2. Recall

The County Commissioners shall be subject to recall as provided by ~~general law~~ section 100.361 Florida Statutes. Any elected County officer named in Section ~~4.2~~ 4.1.1. of this Charter and school board members may be recalled in the manner provided by ~~general law~~ section 100.361 Florida Statutes for removal of a County Commissioner of a charter county. A successor to the unexpired term of any recalled commissioner, ~~or~~ elected County officer, or school board member~~,~~ shall be elected in the manner provided by ~~general law~~ section 100.361 Florida Statutes for filling of vacancies in office after recall in charter counties.

Reason for Change Made in Second Amended Proposal 19

At the request of a member of the Charter Review Commission (CRC) made at the June 23, 2022, meeting of the CRC, the words "general law" have been replaced with "section 100.361 Florida Statutes." Proponent submits that this change is beneficial because it will inform the public of the specific Florida statute which prescribes the manner in which recall petitions and elections are conducted. This specific citation to the statute will allow the public to research the details of the recall procedure so that the public will be informed of the seven lawful grounds for removal from office listed in the statute, which are: 1) malfeasance; 2) misfeasance; 3) neglect of duty; 4) drunkenness; 5) incompetence; 6) permanent inability to perform official duties; 7) conviction of a felony involving moral turpitude. Additionally, from reading the statute the public will be able to understand the difficulty presented by the recall statute which requires two separate petition drives requiring five percent of the electors sign the first- round petition and which requires that fifteen percent of the electors sign the second- round petition. By having the recall statute number cited in section 5.2 Recall, the public will be able to learn of the severe time limitations for the collection of signed petitions required by the statute. In sum, by citing the recall statute in section 5.2 Recall, the public will be able to become more knowledgeable to make an informed decision on whether to vote for or against the proposed amendment to section 5.2 Recall.

CHARTER REVIEW COMMISSION AGENDA REPORT

MEETING DATE: July 7, 2022

AGENDA ITEM NUMBER: Proposal 20 Public Hearing 3 Amended 06-30-2022

SUBJECT:
Proposed Charter Amendment: Addition of "subsection 3" to Article 7, sec. 7.4.1. (Procedural guidance in the event that the 3 person panel rejects the amendment or ballot language).

PETITIONER CONTACT:
Gabriel Jacobs-Kierstein (321-366-9686) GJacobs.attorney@outlook.com
Post Office Box 410354, Melbourne, Florida 32941

REQUESTED ACTION:
Place the proposed charter amendment on the next Charter Review Commission agenda (hereinafter "CRC"), so that the 3 requisite public hearings can be properly noticed and held, prior to a vote. This proposal was submitted before the 5/2/2022 deadline.

SUMMARY EXPLANATION & BACKGROUND:

Article 7, section 7.4.1.(2) is silent on what occurs if a proposed amendment or ballot language is rejected by the 3 person panel appointed to review them. At the last CRC meeting on April 21st, 2022, counsel for the Commission, Mr. Gougelman, discussed the lack of procedural guidance on this issue. Additionally, the Chair, as well as other Commissioners, voiced a concern that this discrepancy could cause a host of other problems. Section 7.4.1.(2) currently sets forth the procedure and criteria for approval, but does not speak to the inverse. The proposed charter amendment serves to cement an equitable and efficient means of handling this. Furthermore, the amendment aids in fostering a more transparent and impartial process. Please see "subsection 3" below (a formal-underlined version has been attached in a seperate document):

If two (2) members of the three (3) person panel reject the proposed amendment, the proposal shall be promptly returned to the Charter Review Commission for a reasonable opportunity to cure any defect. The panel's written report must include, with specificity, the rationale for rejecting the proposed language and a suggested manner in which the defect(s) may be resolved. Sec. 1.9. – Brevard County Workforce Housing and Supportive Housing for Vulnerable Families Trust Fund.

(A) *Brevard County Workforce Housing and Supportive Housing for Vulnerable Families Trust Fund established.* The Brevard County Workforce Housing and Supportive Housing for Vulnerable Families Trust Fund ("Trust Fund") is hereby established.

~~(1) See Sec. 62-6301. - **Definitions**. Of the Brevard County Code of Ordinances pertaining to the definitions for Workforce and Affordable Housing.~~

~~(2) *Supportive housing* is a combination of affordable housing and supportive services designed to help stabilize people who face complex challenges. Supportive housing has historically been offered to chronically homeless individuals through the homeless system and is recognized as a cost-effective and empirically based solution for long-term homelessness. Supportive housing models can look as different as the communities in which they are located. However, all supportive housing includes affordable housing, individualized, tenant-centered services, and property and housing management.~~

~~(B)~~ *Purposes of Trust Fund.* The purpose of the Trust Fund is to provide a continuing, non-lapsing fund for the Brevard County Commission to use to address the need for affordable housing within Brevard County. The Trust Fund ~~will~~ shall be used to create and sustain affordable housing throughout Brevard County for renters and homeowners, and to increase workforce housing opportunities. ~~The section is intended to comply with F.S. ch. 163 generally and specifically F.S. § 163.3177(6)(f), F.S. ch. 420 generally and specifically F.S. § 420.907, and F.S. ch. 125 and specifically F.S. § 125.379.~~

(C) *Revenue sources.* The Trust Fund established under this section shall be funded as directed by the County Commission, and may be comprised of the following sources:

~~(1) Brevard County General Revenue appropriated to the Trust Fund by~~

~~the County Commission as part of the annual budget;~~

~~(2) Funds voluntarily contributed by municipalities that may elect to participate in the Trust Fund and programs funded by the Trust Fund;~~

~~(3) Grants or donations of money, property, or any other thing of value made to the Trust Fund;~~

~~(4) Mandatory or voluntary payments, including but not limited to fees from new commercial and residential development, made pursuant to the development policies established by ordinance; and,~~

(1) Funds from the sale of County surplus real property; and,

(2) Other sources as established by ordinance.

(D) *Continuing Nature of Trust Fund.* Unless otherwise provided by ordinance or required by applicable law, unspent portions of the Trust Fund established under this Section, repayments of principal and interest on loans provided from the Trust Fund, and interest earned from the deposit or investment of monies from the Trust Fund:

(1) Shall remain in the Trust Fund, to be used exclusively for the purposes of the Trust Fund;

(2) Do not revert to the general revenues of the County, and

(3) Any appropriations do not lapse.

~~(E) *Administration and Oversight of Trust Fund.* The Trust Fund shall be administered, appropriated, and expended by the County Commission in a manner consistent with the purposes of the Trust Fund as set forth in this section. The Trust Fund shall be administered in a manner that allows the Trust Fund to leverage other sources of public funds and private investment. The Trust Fund shall be included in the annual audit.~~

~~(1) *Dispersion of funds.* The board of county commissioners shall establish and adopt written policies and procedures within the housing and human services department for the dispersion of such trust funds and residential density equivalent units. The criteria shall include a priority-based ranking system, similar to the state housing finance corporation format, to determine priority for the awarding of funds or density equivalent units to applicants.~~

~~Example: Proposals having more than the minimum percentage of units serving lower-income residents shall receive a higher priority ranking.~~

~~(2) *Application.* Any applicant seeking to secure such funds or residential density equivalent units shall submit an application to the housing and human services department.~~

~~(3) *Trust fund and unit dispersion.* Dispersion of funds and, or, density~~

~~equivalent units shall be limited by fund availability and shall be in accordance with the written policies and procedures established by the board of county commissioners for the use of such funds. Dispersion of residential unit density, by the transfer of development rights, shall be consistent with the transfer of development rights for affordable units section of the code and the county comprehensive plan.~~

~~Developments seeking the use of housing trust funds or density equivalent units should be located in areas serviced by existing transportation and utilities infrastructure and located near other public facilities, services, employment centers, shopping, active mass transit corridors, daycare centers, schools, and health services. A location evaluation matrix and needs analysis form, authorized by the BOCC as a part of these regulations, shall be completed and submitted to determine consistency with the location criteria. Developments scoring at or above the minimum 66th percentile will be eligible to receive housing trust funds and density equivalents. A complete application will include a completed location evaluation matrix and needs analysis form that meets the minimum scoring requirement at or above the 66th percentile. A higher ranking score may be used to determine the awarding of additional funds when available.~~

~~(4) *Trust fund affordability agreement.* The applicant shall enter into a land use and deed restriction affordability agreement with the county. The agreement shall provide the number and designation level of affordable units, and period of time as affordable, and any other requirements in order to receive housing trust fund monies or units consistent with the written policies and procedures established by the board of county commissioners. A land trust may be used as a mechanism to retain units as affordable and/or special needs units.~~

~~(5) *Trust fund discretionary allocation.* Allocation of these funds and units are discretionary and must compete with all other developments and are based on fund and unit availability. Priority shall be given to developments designed to facilitate pedestrian access to transit and neighborhood commercial nodes that score above the 66th percentile on the completed location evaluation matrix and needs analysis forms.~~

(F) *Implementation by Ordinance.* No later than July 1, 2023, the County Commission shall adopt one or more ordinances implementing the provisions of this section, and/or strictly enforce existing ordinances (such as those located ~~at~~ in Chapter 62, Article XVII), which ordinances may be amended from time to time by the County Commission consistent with the provisions of this section.

Fiscal Impact of Proposed Charter Amendments

The ballot language for Resolution 2022-001 approved by the Charter Review Commission is as follows:

BREVARD COUNTY CHARTER AMENDMENT
PROPOSAL NO. 1 – ATTORNEY REVIEW PANEL

The County Charter does not say what will be done when the Charter's attorney review panel determines that a proposed Charter amendment is inconsistent with the Florida Constitution, general law, and existing charter. Shall the Charter be amended to provide that proposals found to be inconsistent with the Florida Constitution, general law, or the existing Charter be returned to the County Commission or Charter Review Commission for further action if any is to be done?

_____ Yes for approval

_____ No for rejection

The actual changes to the Charter, Section 7.4.1. are:

Sec. 7.4.1. - Independent review of proposed charter amendments.

1. For any proposed amendment sponsored by the County Commission or the Charter Review Commission, the County Commission, at the county's expense, shall empanel a panel of three persons to determine whether the proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and this Charter. The persons serving on the panel shall have demonstrated experience in Florida local government law and shall either be licensed to practice law in the State of Florida or have retired from a Florida law practice or the Florida judiciary within the past five years.

2. If at least two members of the panel find that the proposed amendment embraces only one subject and is consistent with the Florida Constitution, general law and this Charter, the County Commission shall place the proposed charter amendment on the ballot for consideration at a referendum at a special election held concurrently with the next countywide election or at an earlier special election called for that purpose. Notice of the election shall conform to the requirements set forth in the last paragraph of section 7.3.3. in this Charter. Passage of a proposed charter

amendment shall require approval by a majority of the registered electors voting in the special election. If at least two members of the panel find that the proposed amendment is not consistent with the Florida Constitution, general law, or this Charter, then the proposal is considered rejected and is returned to the County Commission or to the Charter Review Commission for further action if any is to be done.

Fiscal Impact:

Under Section 7.4.1. of the Charter, the Board of County Commissioners is required to fund the Charter Review Commission. Included in the total cost to operate the Charter Review Commission is the requirement to hire three attorneys for the three person panel. Under the current Charter if two of the three panel members reject a proposed amendment, there is no further action taken. This proposed amendment would allow a rejected proposal amendment to be return to the Board of County Commissioners or the Charter Review Commission.

A fiscal impact would only occur if a proposed amendment would be reworked and sent back to the three person panel for a second review. Using the total billable hours of the 2010 review, the last time the three panel was utilized, finds that the total hours billed for the four proposed amendments was $27,718.15, an average of $6,929.54 per amendment.

It could reasonably be assumed that a second review of a proposed amendment would require the same approximate billable hours. Using the 2010 three panel billing rate per hour, each second review of a proposed amendment would have an impact of approximately $7,000.

The ballot language for Resolution 2022-002 approved by the Charter Review Commission is as follows:

BREVARD COUNTY CHARTER AMENDMENT
PROPOSAL NO. 2 – APPROVAL BY 60% OF VOTERS
VOTING ON AMENDMENT

The Brevard County Charter may currently be amended by a majority of electors voting on a proposed amendment. Shall the Charter be amended to require that at least sixty percent of the electors voting on a proposed amendment be required to adopt the proposal?

_____ Yes for approval

_____ No for rejection

The actual changes to the Charter, Section 7.3.3. are:

Sec. 7.3.3. - Amendment referendum.

The Board of County Commissioners will cause any Charter amendment proposed under section 7.3.1 or 7.3.2 to be submitted to the electors for their approval or rejection. Upon receipt of the official certification from the Supervisor of Elections that the initiative requirements have been met, the Board will, within 30 days, establish the referendum date. The proposed amendment will be placed on the ballot at a special election held concurrent with the next countywide election, or at any earlier special election called for that purpose. If the Board refuses to comply with Section 7.3.2 or refuses to place the proposed amendment on the ballot as required by this section of the charter, the Board's action may be construed as interfering with the right of the people to petition and may be considered an act of malfeasance within the meaning of Article IV, Section 7(a) of the State Constitution.

Notice of said referendum, together with the language of the proposed amendment, shall be published once a week for four (4) consecutive weeks in a newspaper of general circulation in the county, the first publication being not more than forty-five (45) days prior to the referendum. Passage of proposed amendments shall require approval by a vote of at

least sixty percent of the ~~a majority of~~ electors voting on the measure ~~in said election~~.

Fiscal Impact:

Under Section 7.3.3. of the Charter, any proposed amendment must be approved by a majority of electors. This proposed amendment changes that requirement to at least 60% for an amendment to be approved by the electorate.

This proposed amendment does not impose any additional election costs. This proposed amendment could lead to fewer future amendments to pass the electorate, but the fiscal impact of fewer amendments can not be measured.

The ballot language for Resolution 2022-003 approved by the Charter Review Commission is as follows:

BREVARD COUNTY CHARTER AMENDMENT

PROPOSAL NO. 3 – RECALL OF COUNTY OFFICERS AND SCHOOL BOARD MEMBERS

The proposal permits the voters to recall and replace School Board Members, the Clerk of Court, Property Appraiser, Supervisor of Elections, Tax Collector, or Sheriff, in the manner provided for by state law for recall of county commissioners.

_____ Yes for approval

_____ No for rejection

The actual changes to the Charter, Section 5.2. are:

Sec. 5.2. - Recall.

The County Commissioners shall be subject to recall as provided by section 100.361, Florida Statutes, as amended or superseded from time to time ~~general law~~. Any elected County officer named in Section 4.1.1. ~~4.2~~ of this Charter and school board members may be recalled in the manner provided by section 100.361, Florida Statutes, as amended or superseded from time to time, ~~general law~~ for removal of a County Commissioner of a charter county. A successor to the unexpired term of any recalled commissioner or elected County officer, or school board member, shall be elected in the manner provided by section 100.361, Florida Statutes, as amended or superseded from time to time, ~~general law~~ for filling of vacancies in office after recall in charter counties.

Fiscal Impact:

Section 5.2 of the Charter is the method under which County elected officers may be subject to recall by the electorate. This proposed amendment makes three changes to the recall section:

1. Corrects an error in the Charter language to properly identify County Elected Officers that may be recalled.
2. Adds language to the Section that recalls shall occur in a manner provided by Florida Statues (F.S. 100.361).
3. Adds that School Board Members can be recalled in a manner provided by Florida Statues (F.S. 100.361)

As the first two changes to Section 5.2 are textual changes, there is no fiscal impact to be measured. The third change could have an additional fiscal impact as it adds five additional County Elected Officers that can be recalled, School Board Members. The Charter Review Commission requested a possible cost of a recall election from the Supervisor of Elections while considering this proposed amendment. The Supervisor of Elections estimated the costs of a special election as follows:

Single District Special Election: $383,325.41
Countywide Special Election: $1,441,779.99

All costs are estimated and the backup for the Special Election costs are attached.

Notice of the election shall conform to the requirements set forth

in the last paragraph of section 7.3.3. in this charter ~~Charter~~. Passage of a proposed charter amendment shall require approval by a majority of the registered electors voting in the special election.

3. a. Under section 7.4.1. 1., when a proposed amendment is sponsored by the charter review commission, members of the three person panel shall be selected by the charter review commission. The three person panel shall report directly and maintain a fiduciary duty to the charter review commission.

   b. The three person panel shall submit its findings for each proposed amendment to the board of county commissioners and the charter review commission within fifteen (15) days of receipt and shall include a comprehensive written report containing the panel's conclusion(s) for each proposal. If two members of the three person panel reject the proposed amendment, the proposal shall be promptly returned to the charter review commission for a reasonable opportunity to cure any defect. The panel's written report must include, with specificity, the rationale for rejecting the proposed language and a suggested manner in which the defect(s) may be resolved. Notwithstanding section 7.4 of this charter, the term of the charter review commission shall be extended for the sole purpose of further considering any charter amendment proposal rejected by the three person panel.

Fiscal Impact:

Under Section 7.4.1. of the Charter, the Board of County Commissioners is required to fund the Charter Review Commission. Included in the total cost to operate the Charter Review Commission is the requirement to hire three attorneys for the three person panel. Under the current Charter if two of the three panel members reject a proposed amendment, there is no further action taken.

This proposed amendment would make the follow changes:

1. Required that the three person panel be selected by and report directly to the Charter Review Commission.
2. Add requirements to the three person panel to explain the rationale if any of the panel rejects a proposed amendment and return the proposed amendment to the Charter Review Commission to cure any defect.
3. Extend the term of the Charter Review Commission for the sole purpose to consider any rejected proposal.

The first change would replace county staff as the selection committee for the procurement of the three person panel. As the procurement would still be required and funded through the Brevard County procurement system, the fiscal impact would be not change. The second change would entail a fiscal impact similar to the Proposal 1, if a proposed amendment is rejected, approximately $7,000.

The third proposed change could extend the term of the Charter Review Commission. Under Section 7.4, the Charter Review Commission "shall, within one (1) year from the date of its first meeting, present to the Board of County Commissioners its recommendations for amendment of the Charter or its recommendation that no amendment is appropriate." As there is a specific date, set by the Supervisor of Elections, when ballot language must be approved and submitted, it is assumed that the Charter Review Commission would begin their meetings earlier in the previous calendar year. It is not known, whether this proposed amendment would add additional meetings to the schedule. If that was to occur, there would be additional staff time, Charter Review Commission Attorney costs to attend meetings, public notice costs and addition broadcast (Space Coast Government TV) costs. At this time, without the knowledge of the total amount of additional meetings, the total fiscal impact can not be calculated.

The ballot language for Resolution 2022-005 approved by the Charter Review Commission is as follows:

PROPOSAL NO. 5 – FILLING A VACANCY IN THE TERM OF A COUNTY COMMISSIONER

Revises the Charter to be consistent with the Florida Constitution and to provide that vacancies resulting from death, resignation, or removal from office of a County Commissioner with less than twenty-eight months remaining in the term shall be filled by the Governor. Vacancies with twenty-eight months or more remaining in the term will be filled by election by the voters.

_____ Yes for approval

_____ No for rejection

The actual changes for Section 2.7. are:

Section 2.7 Vacancies and Suspensions.

A vacancy or suspension in the office of county commissioner ~~County Commissioner arising from the death, resignation or removal of such official shall, if one year or less remains in the term of office, be filled by appointment of the Governor; provided, a~~ shall be defined and filled as provided by law. A vacancy created by recall shall be filled as provided in section ~~Section~~ 5.2 of this Charter. ~~Unless otherwise required by the State Constitution or general law, if more than one year remains in the term of office at the time the vacancy occurs, the vacancy shall be filled by a special election. The Board of County Commissioners, after first consulting with the Supervisor of Elections, shall by resolution fix the time period for candidate qualifying, the date of the election, and the date of any runoff election. There shall be a minimum of thirty (30) days between the close of qualifying and the date of the election, and between the election and any runoff election. Such special elections shall otherwise be governed by the applicable provisions of general law.~~

B. The above amendment to Article 7, shall become effective upon approval of the electors of Brevard County after November 8, 2022.

Fiscal Impact:

This proposed amendment does impose any fiscal impacts as it is a correction to the County Charter to align with current State Law regarding the vacancy or suspension of a County Commissioner.

The ballot language for Resolution 2022-006 approved by the Charter Review Commission is as follows:

PROPOSAL NO. 6 – WORKFORCE AND SUPPORTIVE HOUSING

The amendment establishes an affordable housing trust fund to assist in establishing affordable housing for renters and homeowners to create and increase workforce housing opportunities throughout the county. The trust fund shall be funded as directed by the county commission.

_____ Yes for approval

_____ No for rejection

The language for a new Section 1.9 of the Charter is:

Sec. 1.9. Brevard County Workforce and Supportive Housing Trust Fund.

(a) The Brevard County Workforce and Supportive Housing Trust Fund is hereby established.

(b) *Purpose of Trust Fund.* The purpose of the trust fund is to provide a continuing, non-lapsing fund for Brevard County to use to address the need for affordable housing within Brevard County. The trust fund shall be used to create and sustain affordable housing throughout Brevard County for renters and homeowners and to increase workforce housing opportunities.

(c) Revenue sources. The trust fund shall be funded as directed from time to time by the county commission and may be comprised of the following sources:

(1) Funds from the sale of county surplus real property, the funds of which are not otherwise legally committed to other sources; and

(2) Other sources as established from time to time by ordinance.

(d) *Continuing nature of trust fund.* Unless otherwise provided by ordinance or resolution or required by applicable law, unspent portions of the trust fund, repayments of principal and interest on loans provided from the trust fund, and interest earned from the deposit or investment of monies from the trust fund:

(1) Shall remain in the trust fund to be used exclusively for the purposes of the trust fund;

(2) Shall not revert to the general revenues or other funds of the county;

and

(3) Any appropriations shall not lapse.

(e) Implementation. Not later than July 1, 2023, the county commission shall adopt one or more ordinances implementing the provisions of this section, which ordinances may be amended from time to time.

Fiscal Impact:

This proposed amendment does not mandate that the Board of County Commissioners fund the Workforce and Supportive Housing Trust Fund and lists two possible sources: (1) Funds from the sale of county surplus real, property, the funds which are not otherwise legally committed to other sources; and (2) other sources as established from time to time by ordinance.

The Charter Review Commission requested information on county surplus real property proceeds from the previous five years. The analysis showed that surplus real property proceeds not legally committed to other sources totaled $277,850 an average of $55,570 per year. The requested information is attached. Without the knowledge of the future funding action by the Board of County Commissioners, the total fiscal impact can not be calculated.

Re: Review of Proposed 2022 Charter Amendments

Dear Ms. Schverak:

We have reviewed six charter amendments proposed by the Brevard County Charter Review Commission.

Our review was performed in accordance with the requirements of Subsection 1 of Section 7.4.1 of the Brevard County Charter regarding whether each proposed amendment and its ballot language embrace one subject only and are consistent with the Florida Constitution, general law and the Brevard County Charter.

This letter provides a summary of the review standards in the Brevard County Charter concerning embracing only "one subject" and the consistency of a charter amendment with the Florida Constitution, general law and the Brevard County Charter. It then provides an outline and analysis of each proposed charter amendment reviewed against such standards.

In sum, the proposed charter amendment requiring a supermajority vote to amend the Charter does not qualify for placement on the ballot. We cannot provide assurance regarding whether the proposed charter amendment providing for the recall of school board members qualifies for placement on the ballot. The other four proposed charter amendments do qualify.

Review Standards for the Proposed Charter Amendments

1. **Requirement for the proposed charter amendment to embrace only one subject.** The Florida Supreme Court has explained that the essence of the one-subject requirement is whether the proposal "may be logically viewed as having a natural relation and connection as component parts or aspects of a single dominant plan or scheme."[1] The single-subject rule prevents logrolling, where separate issues are rolled into a single initiative in order to

[1] *Fine v. Firestone,* 448 So. 2d 984 (Fla. 1984) (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)).

aggregate votes and secure approval of an otherwise unpopular issue.[2] The "one subject only" requirement for a proposed charter amendment is a requirement that the Brevard County electors have chosen to apply to proposed charter amendments.[3]

2. **Requirement for the proposed charter amendment to be consistent with the Florida Constitution.** Subsection 1(g) of Article VIII of the Florida Constitution provides broad home rule powers to charter counties:

   > *Counties operating under county charters shall have all powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors.* The governing body of a county operating under a charter may enact county ordinances not inconsistent with general law. The charter shall provide which shall prevail in the event of conflict between county and municipal ordinances. [Emphasis added].

3. **Requirement for the proposed charter amendment to be consistent with general law.** Subsection 101.161(1) of the Florida Statutes requires a summary of the charter amendment to be printed on the ballot in clear and unambiguous language followed by the word "yes" and "no," styled in such a manner that a "yes" vote will indicate approval of the proposal and a "no" vote will indicate rejection. The ballot summary must be embodied in the enabling resolution and shall be an explanatory statement, not exceeding 75 words in length, of the chief purpose of the measure.

   And, as stated above, Subsection 1(g) of Article VIII of the Florida Constitution requires the proposed amendment to be "not inconsistent with general law. . . ."

4. **Requirement for the proposed charter amendment to be consistent with the Brevard County Charter.** The language for each proposed charter amendment must be reviewed and analyzed in light of the existing provisions in the Brevard County Charter.

Analysis of the Proposed Charter Amendments

1. CRC Resolution No. 2022-001

Ballot title: BREVARD COUNTY CHARTER AMENDMENT PROPOSAL NO. 1 -- ATTORNEY REVIEW PANEL

Ballot summary: The County Charter does not say what will be done when the Charter's attorney review panel determines that a proposed Charter amendment is inconsistent with the

[3] Generally county charter amendments proposed by a charter review commission are not subject to a statutory or constitutional single-subject requirement. *Charter Review Comm'n of Orange Cty. v. Scott*, 647 So. 2d 835 (Fla. 1994).

Florida Constitution, general law, and existing charter. Shall the Charter be amended to provide that proposals found to be inconsistent with the Florida Constitution, general law, or the existing Charter be returned to the County Commission or Charter Review Commission for further action if any is to be done?

Analysis: The proposed charter amendment qualifies for placement on the ballot. The proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and the Brevard County Charter. The proposed amendment adds further clarification and requirements to an already established process set forth in Sec. 7.4.1 of the County's Charter.

However it is important to note that the Charter Review Commission has proposed another amendment to Sec. 7.4.1 of the County's Charter in CRC Resolution No. 2022-004. If the proposed amendments in both resolutions 2022-001 and 2022-004 are presented to the electors and both amendments are passed, there will then be inconsistences in the resulting language in Sec. 7.4.1.

Specifically, the amendment in 2022-001 provide that if two members of the attorney-review panel find a proposed amendment is not consistent with the Florida Constitution, general law, or the Charter, that the proposal is rejected and is returned *to the county commission or the charter review commission* for further action if any is to be done. The amendment in 2022-004 provides that if a proposed amendment is rejected, that it will be returned *to the charter review commission* for a reasonable opportunity to cure any defect.

2. CRC Resolution No. 2022-002

Ballot title: PROPOSAL NO. 2 - APPROVAL BY 60% OF VOTERS VOTING ON AMENDMENT

Ballot summary: Shall the Charter be amended to require a vote of at least sixty percent of those voters voting on a proposed amendment be required to adopt the proposal? The Brevard County Charter currently requires amendments be approved by a simple majority.

Analysis: The proposed charter amendment does *not* qualify for placement on the ballot. It is not consistent with the Florida Constitution.

As explained in *Citizens for Term Limits & Accountability, Inc., v. Lyons*, the Florida Constitution specifies a simple majority vote as both necessary and sufficient to amend county charters. Subsection 1(c) of Article VIII of the Florida Constitution provides in part that county charters be "adopted, amended or repealed only upon vote of the electors of the county. . . ." This must be read *in pari materia* with subsection 12(d) of Article X of the Florida Constitution which defines "vote of the electors" to mean "the vote of the majority of those voting on the matter in an election, general or special, in which those participating are limited to the electors of

the governmental unit referred to in the text." Accordingly a simple majority is what is necessary and required by the Florida Constitution to amend Brevard County's Charter.[4]

3. CRC Resolution No. 2022-003

Ballot title: PROPOSAL NO. 3 - RECALL OF COUNTY OFFICERS AND SCHOOL BOARD MEMBERS

Ballot summary: The County Charter allows for the recall election and replacement of the Clerk of Court, Property Appraiser, Supervisor of Elections, Tax Collector, and Sheriff, in the manner provided for by state law for recall of County Commissioners. Shall the Charter be amended to add School Board Members to this list who may face recall election and replacement in the manner provided by state law for recall of County Commissioners?

Analysis: Whether this proposed charter amendment qualifies for placement on the ballot is not certain. For the reasons below, we are not able to advise the Charter Review Commission on the amendment.

Currently the Charter provides in part in Sec. 4.1.2 that "Each County officer shall be subject to removal as prescribed by the State Constitution and general law for such officers in noncharter counties." The County officers included in Sec. 4.1 of the Charter are the sheriff, property appraiser, tax collector, clerk of the circuit court, and supervisor of elections. These County officers are constitutional officers which exist by and are defined in Subsection 1(d) of Article VIII of the Florida Constitution.

The proposed amendment, if approved by the electors, will clarify that the statute governing a potential recall of the sheriff, property appraiser, tax collector, clerk of the circuit court, and supervisor of elections is Section 100.361 of the Florida Statutes. Section 100.361 of the Florida Statutes sets out the process for recall of a county commissioner or city council member. The Charter was amended in 2010 to subject the Brevard constitutional officers to the recall statute.[5]

The substantive change in this amendment, if approved, will be subjecting members of the Brevard County School Board to recall under Section 100.361.

It is simply not possible to determine whether the proposed amendment is "not inconsistent" with the Florida Constitution, general law and the Brevard County Charter. Recall of school board members is not addressed, either expressly or impliedly, in the Florida Constitution, in general

---

[4] *Citizens For Term Limits & Accountability, Inc., v. Lyons*, 995 So. 2d 1051 (Fla. 1st DCA 2008).

[5] Whether the existing Charter provision subjecting the Brevard County constitutional officers to the recall process in Section 100.361 is legally valid is not clear. In 2018 Subsection 1(d) of Article VIII of the Florida Constitution was amended to *prohibit* county charters from altering such constitutional officers in numerous respects. Whether that 2018 amendment affected the legal validity of the 2010 Charter change for recall of Brevard constitutional officers is not certain. Regardless, the issue is beyond the scope of our review.

law, or in the current Charter. No court has addressed the issue. We simply cannot assure the Charter Review Commission that the amendment would be valid, if approved. Likewise, we cannot assure the Charter Review Commission that the amendment would be invalid.

If and when a court takes it up, there are arguments on both sides of the issue.

The argument ***for*** the validity of school-board-member recall is based largely on charter county home-rule powers. The argument is ably made by the Commission's legal counsel, Paul Gougelman, in the May 12 request by the Commission for an opinion of the Attorney General of Florida.

The argument ***against*** validity is one of the boundaries of county home-rule powers. Home rule grants charter counties "all powers of local self-government." Art. VIII, § 1(g), Fla. Const. Non-charter counties have "such power of self-government as is provided by general special law."

The argument, we believe, will be that "all powers of local self-government" has an inherent boundary: the power extends to, but not beyond, *county* government. As the Supreme Court of Florida explained, when describing the "statutory" home rule enjoyed by non-charter counties:

> … Section 125.01(1), Florida Statutes, (1975) grants to the governing body of a county the full power ***to carry on county government***. Unless the Legislature has pre-empted a particular subject ***relating to county government*** … the county government … has full authority to act through the exercise of home rule power. [Emphasis added.][6]

In other words, it will be argued, home-rule power has a boundary. Home rule does not grant power to a charter county to undertake activity or functions or purposes that are not part of the governing of a Florida county, as the political subdivision of state government.

The argument will assert that county school boards are established by the state constitution and by state law as governmental entities, operations, and purposes separate from, not part of, Florida's 67 political subdivisions known as counties. Counties and their constitutional officers are established and governed by Article VIII of the Florida Constitution, school districts and school boards by Article IX. County commissions levy taxes and provide funding and facilities for constitutional officers and have a modicum of approval authority over their respective budgets.

None of that is true for school districts. School boards, not boards of county commissioners, levy school district taxes, approve school district budgets, locate and construct district schools and other facilities, and so forth. Boards of county commissioners have no role to play in the governance of school districts. Consequently, an attempt to subject school board members to

[6] *Speer v. Olson*, 367 So.2d 207, 211 (Fla. 1978).

recall by county-charter amendment should not be upheld by the courts – or so the argument will go.

In summary, we reluctantly advise the Brevard County Charter Review Commission that we can provide no assurance of the validity of Proposed Amendment No. 3, should it be placed on the ballot and approved by Brevard County voters.

4. CRC Resolution No. 2022-004

Ballot title: PROPOSAL NO. 4 -- CHARTER REVIEW COMMISSION PROPOSED AMENDMENTS

Ballot summary: The Charter requires a panel of three attorneys to review proposed amendments for legality before placing the proposed amendment on the ballot. When the amendment is proposed by the Charter Review Commission, the panel shall be selected by the Charter Review Commission. If the panel finds a Charter Review Commission proposed amendment inconsistent with the law, it shall be returned to the Charter Review Commission for further consideration.

Analysis: The proposed charter amendment qualifies for placement on the ballot. The proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and the Brevard County Charter. The proposed amendment adds further clarification and requirements to an already established process.

However as explained above, the Charter Review Commission has proposed another amendment to Sec. 7.4.1 of the County's Charter in CRC Resolution No. 2022-001. If the proposed amendments in both resolutions 2022-001 and 2022-004 are presented to the electors and both amendments are passed, there will then be inconsistences in the resulting amendments to Sec. 7.4.1.

5. CRC Resolution No. 2022-005

Ballot title: PROPOSAL NO. 5 - FILLING A VACANCY IN THE TERM OF A COUNTY COMMISSIONER

Ballot summary: Revises Section 2.7 of the Charter to be consistent with the Florida Constitution and to provide that vacancies resulting from death, resignation, or removal from office of a County Commissioner with less than twenty-eight months remaining in the term shall be filled by the Governor. Vacancies with twenty-eight months or more remaining in the term will be filled by election by the voters.

Analysis: The proposed charter amendment qualifies for placement on the ballot. The proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and the Brevard County Charter.

6. CRC Resolution No. 2022-006

Ballot title: PROPOSAL NO. 6 - WORKFORCE AND SUPPORTIVE HOUSING

Ballot summary: Creates Section 1.9 of the Charter. The amendment establishes an affordable housing trust fund to assist in establishing affordable housing for renters and homeowners to create and increase workforce housing opportunities throughout the county. The trust fund shall be funded as directed by the county commission.

Analysis: The proposed charter amendment qualifies for placement on the ballot. The proposed amendment and ballot language embraces one subject only and is consistent with the Florida Constitution, general law and the Brevard County Charter.

Sincerely,

GrayRobinson, P.A.

Re: Independent Review of Proposed Charter Amendments

Dear Ms. Schverak:

In accordance with the Independent Contractor Professional Services Contract entered into between Brevard County and the law firm of Nabors, Giblin & Nickerson, P.A. on August 3, 2022, I have independently reviewed the six Charter Amendments proposed by the Brevard County Charter Review Commission.

Pursuant to Section 7.4.1 of the Brevard County Charter, a panel of three persons is assembled to review proposed amendments of the Brevard County Charter Review Commission prior to submission to the electors of the County. The substance of that review requires a consideration of "whether the proposed amendment and ballot language embraces one subject only, and is consistent with the Florida Constitution, general law and this Charter."

My review has been based on the following criteria:

I. Ballot Language

The question of consistency of ballot language with general law is chiefly controlled by section 101.161(1), Fla. Stat. (2022):

> (1) Whenever a constitutional amendment or other public measure is submitted to the vote of the people, a ballot summary of such amendment or other public measure shall be printed in clear and unambiguous language on the ballot after the list of candidates, followed by the word "yes" and also by the word "no," and shall be styled in such a manner that a "yes" vote will indicate approval of the proposal and a "no" vote will indicate rejection. The ballot summary of the amendment or other public measure and the ballot title to appear on the ballot shall be embodied in the constitutional revision commission proposal, constitutional convention proposal, taxation and budget reform commission proposal, or enabling resolution or ordinance. The ballot summary of the amendment or other public measure shall be an explanatory statement, not exceeding 75 words in length, of the chief purpose of the measure. . . .
>
> * * *
>
> The ballot title shall consist of a caption, not exceeding 15 words in length, by which the measure is commonly referred to or spoken of. . . .

As to the sufficiency of the ballot title and language, I have only reviewed each of the proposals to determine whether they comply with the word limitations for the ballot title and summary. I find that all of the proposals satisfy the word limitation requirements for the title and ballot summary.

II. Single Subject

The "single subject" restriction on amendments to the Constitution and charters has a twofold purpose. The first is to prevent "logrolling", a practice where an amendment containing unrelated provisions, some of which electors might support, is proposed to get an otherwise disfavored provision passed. *Advisory Opinion to Att'y Gen. re: Limited Casinos*, 644 So. 2d 71, 73 (Fla. 1994). The second is whether the amendment affects separate functions of the government and other provisions of the charter. *In re Advisory Opinion to Att'y Gen. - Restricts Laws Related to Discrimination*, 632 So. 2d 1018, 1020 (Fla. 1994). In determining whether a provision complies with the single subject requirement, the courts generally determine whether there is a natural or logical connection between the provisions. The provisions of Section 7.4.1 of the

Charter of Brevard County requires that the three person panel review each of the proposed amendments to determine whether each embraces one subject.

III. Consistency with Constitution

County charter provisions, as with any legislative act, must be consistent with the express provisions of the Florida Constitution.

IV. Consistency with General Laws

Charter provisions will also be considered invalid if they are "inconsistent with general law" as provided in Article VIII, Section l(g) of the Florida Constitution. As established by case law, the term "inconsistent" in this context means "contradictory in the sense of legislative provisions which cannot coexist." *State v. Sarasota County*, 549 So. 2d 659 (Fla. 1989); *Pinellas County v. City of Largo*, 964 So. 2d 847, 854 (Fla. 2d DCA 2007).

Though not applicable to these amendments, not every conflict with a general law renders a charter amendment invalid or "inconsistent". There are explicit exceptions for charter counties in the annexation statutes (*Pinellas County v. City of Largo*) and in the comprehensive planning statute (§ 163.3171(2), Fla. Stat.: "In the case of chartered counties, the county may exercise such authority over municipalities or districts within its boundaries as is provided for in its charter."). In other cases, the permitted conflict with general law may be implicit. The Constitution itself may invite a charter provision which deviates from the provisions of general law with respect to noncharter counties. *Chase v. Cowart*, 102 So. 2d 147 (Fla. 1958), decided under the prior Constitution but under similar provisions.

V. Consistency with the Charter

Finally, as set forth in Section 7.4.1, a review of the proposed amendments shall also be conducted to determine whether they are inconsistent with other provisions of the Charter. Similar to the analysis for determining whether a provision is inconsistent with general law, a separate analysis is performed to determine whether the proposed amendment is inconsistent with the other provisions of the Charter. This requires a determination as to whether the proposed amendment and the existing Charter provisions are "contradictory in the sense of legislative provisions that cannot coexist." *State v. Sarasota County*, *id.*

Based on the foregoing criteria, I advise the Charter Review Commission and the Board of County Commissioners as to my opinions on the proposed amendments as set forth below:

A. RESOLUTION 2022-001 (Proposes the amendment of Section 7.4.1 to clarify what occurs if a proposal is not found by the three person review panel to be consistent with the Florida Constitution, General Law or the Charter)

Background:

Under the Charter of Brevard County, Section 7.4.1 establishes a process for the independent review of proposed Charter amendments. This process utilizes the services of a panel of three persons who independently review the proposed Charter amendments and render an opinion as to whether each amendment "embraces one subject only and is consistent with the Florida Constitution, general law and this Charter." The purpose of the proposal is to clarify what is to occur in the event a majority of the reviewing panel renders an opinion that the proposal violates one of the criteria.

Under the proposed amendment, if two members of the panel find that the proposal is not consistent with the Florida Constitution, general law or the Charter, then the proposal is considered rejected and it is returned to the County Commission or to the Charter Review Commission that sponsored the amendment on the ballot.

The language contained within the proposed amendment satisfies the single subject requirement as it solely deals with the process for approval of an amendment to the Charter.

Further, it is my opinion the proposed amendment is consistent with the Florida Constitution, general law or the existing provisions of the Charter, as it constitutes a provision that addresses the method by which amendments and revisions to the Charter are to be considered and which is authorized by section 125.64, Florida Statutes.

Conclusion as to Resolution 2022-001:

(1) The text of the proposed amendment does not violate the "single subject" restriction.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with the Charter.

B. RESOLUTION 2022-002 (Proposes an amendment to Section 7.3.3 to require the approval of any Charter amendment by at least 60% of the electors voting)

Background:

The proposed amendment to Section 7.3.3 of the Charter requires that passage of a proposed Charter amendment shall require the approval of the public by a vote of at least 60% of the electors voting on the measure.

Initially, the proposed amendment satisfies the "single subject" requirement as the provision deals solely with the process for approval of an amendment to the Charter. It is also consistent with the provisions of the Florida Constitution.

The provisions of section 125.64, Florida Statutes, set forth the procedures for the adoption of county charters. Under those provisions, once a charter has been proposed, either by the board of county commissioners or by the charter commission, then a special election shall be held to consider the approval of the charter. However, the provisions of section 125.64, Florida Statutes, differentiates between the initial adoption of a charter and subsequent revisions and amendments. As stated in subsection 125.64(2), Florida Statutes:

> (2) If a majority of those voting on the question favor the adoption of the new charter, it shall become effective January 1 of the succeeding year or at such other time as the charter shall provide. Such charter, once adopted by the electors, may be amended only by the electors of the county. The charter shall provide a method for

submitting future charter revisions and amendments to the electors of the county. (Emphasis added)

The language of subsection 125.64(2), Florida Statutes, clearly requires only a majority of those voting to adopt a charter initially. However, the statute provides flexibility as to the method for the approval of future charter revisions and amendments. Based upon a review of this language, it appears that the inclusion of a provision that would require 60% approval by the voters for charter revisions and amendments is consistent with the legislative authorization to provide a method for consideration of future amendments.

Conclusion as to Resolution 2022-002:

(1) The text of the proposed amendment does not violate the "single subject" requirement.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with other provisions of the Charter.

C. RESOLUTION 2022-003 (Proposes an amendment of Section 5.2 to provide for the recall of certain County officers and School Board members)

Background:

Resolution 2022-003 seeks to amend Section 5.2 of the Brevard County Charter to establish that the recall process for certain elected officials shall follow the procedures contained in section 100.361, Florida Statutes. The proposed amendment also provides that recalls under the Charter would also be applicable to any elected County officer named in Section 4.1.1 of the Charter (consisting of the Sheriff, Property Appraiser, Tax Collector, Clerk of the Circuit Court, and Supervisor of Elections), and adds members of the School Board. Finally, the amendment provides that the method by which a vacant position is filled following a recall shall be pursuant to section 100.361, Florida Statutes.

The proposed amendment has two substantive changes. The first is that it dictates that the application of the recall procedures and the process for the filling of any vacancies would be pursuant to the provisions of section 100.361, Florida Statutes. Further, the proposed amendment expands the offices that are subject to the recall provision to include members of the School Board. All of the proposed amendments deal with the subject of recall and, therefore, satisfy the requirements of the single subject provisions.

Secondly, the amendments which incorporate the procedures for the recall from section 100.361, Florida Statutes, are both consistent with the Constitution of the State of Florida and general law, as they incorporate state law provisions into the Charter itself. Further, as to that particular provision, there is no inconsistency with the Charter itself.

The issue concerning the incorporation of School Board members as subject to the recall provisions requires further discussion. The fundamental purpose of a county charter is to allow the local community to improve and reorganize county government. (See section 125.63, Florida Statutes). However, the School Board is a separate governmental entity that governs the Brevard County School District.

The Charter provisions have been deemed applicable not only to County Commissioners but also to certain County officers as identified within the Constitution. Article VIII, Section 1(d) of the Florida Constitution identifies county officers as the sheriff, tax collector, property appraiser, supervisor of elections, and clerk of the circuit court. Generally, charter provisions relating to these county officers have been upheld even though they are independent constitutional offices due to their interrelation with the functioning of county government. Further, Section 4.1 of the Charter has preserved those offices as departments of the County as follows:

> The offices of Sheriff, Property Appraiser, Tax Collector, Clerk of the Circuit Court, and Supervisor of Elections are expressly preserved as departments of the County Government under this Charter. All of the powers, duties and functions now or hereafter prescribed by the Constitution and general laws of Florida applicable to such officers in non-charter counties are preserved, except as provided by this Charter.

Specifically, as to the applicability of recall provisions to these County officers, the Division of Elections has previously issued an advisory opinion in 1994 addressing whether a county charter may lawfully provide a method for recall of county officers. The opinion of the

Division of Elections was that a charter could provide that county officers could be subject to recall.

However, the provisions related to school board members are separate and distinct from those county officers identified in Article VIII, Section 1(d) of the Constitution. The establishment of school districts and school boards contained within Article IX, Section 4 of the Florida Constitution provides as follows:

> SECTION 4. School districts; school boards.—
>
> (a) Each county shall constitute a school district; provided, two or more contiguous counties, upon vote of the electors of each county pursuant to law, may be combined into one school district. In each school district there shall be a school board composed of five or more members chosen by vote of the electors in a nonpartisan election for appropriately staggered terms of four years, as provided by law.
>
> (b) The school board shall operate, control and supervise all free public schools within the school district and determine the rate of school district taxes within the limits prescribed herein. Two or more school districts may operate and finance joint educational programs.

(Emphasis added).

The school district and the school board are further defined within section 1001.32(1) and (2), Florida Statutes, which states in pertinent part:

> 1001.32 Management, control, operation, administration, and supervision.—The district school system must be managed, controlled, operated, administered, and supervised as follows:
>
> (1) DISTRICT SYSTEM.—The district school system shall be considered as a part of the state system of public education. All actions of district school officials shall be consistent and in harmony with state laws and with rules and minimum standards of

> the state board. District school officials, however, shall have the authority to provide additional educational opportunities, as desired, which are authorized, but not required, by law or by the district school board.
>
> (2) DISTRICT SCHOOL BOARD.—In accordance with the provisions of s. 4(b), Art. IX of the State Constitution, district school boards shall operate, control, and supervise all free public schools in their respective districts and may exercise any power except as expressly prohibited by the State Constitution or general law.

(Emphasis added).

Whether School Board members may be incorporated within the recall provisions of the Brevard County Charter appears to turn on whether they are considered a county officer or a district and/or state officer. There is limited law on this issue and none in the context of recall provisions. The most analogous decision is a Florida Supreme Court advisory opinion, *In re Advisory Opinion to the Governor – Sch. Bd. Member – Suspension Auth.*, 626 So. 2d 684 (Fla. 1993). In that Advisory Opinion, the Court addressed the nature of school board members in the context of the Governor's suspension authority. The Florida Supreme Court analyzed whether school board members constituted county officers or district officers. The issue in that case was whether the Governor's suspension authority under Article IV, Section 7 of the Florida Constitution applied to school board members or whether the general provisions of section 112.52, Florida Statutes, applied. The Court phrased the ultimate question to be decided as follows:

> The single question presented by these letters is whether a school board member is a "county" officer, in which event he or she may be suspended only under article IV, section 7(a), or a "district" officer, in which event the school board member could be suspended under the statutory authority of section 112.51, Florida Statutes.

The Supreme Court concluded that elected school board members may be suspended by the Governor only under the authority granted in Article IV, Section 7, as they were deemed to be county officers.

The analysis contained within the Advisory Opinion of the Supreme Court is instructive in this case. For example, the Court noted that under Article VIII, Section 1(d) of the Constitution, county officers are only identified as the sheriff, tax collector, property appraiser and supervisor of elections. However, county commissioners were not included within that provision; rather, they were separately included under Article VIII, Section 1(e) of the Florida Constitution. As a result, the Court concluded that the listing of county officers contained within Article VIII, Section 1(d) was not intended to be exhaustive but that other officers could be deemed county officers, including school board members.

In making this determination, the Supreme Court also noted several factors that weighed heavily in considering school members as county officials. First, they noted that the public perception is that both school board members and county commissioners are county officials who have equivalent power and authority, albeit in different local government spheres. *In re Advisory Opinion to the Governor*, 626 So. 2d at 689. The Court further stated that provisions of Article IX, Section 4 specifically provide that each county shall constitute a school district, lending support to the consideration of school board members as county officers.

There is additional legal authority that addresses the applications of recall and charter provisions relating to county constitutional officers. However, none of it specifically addresses the issue raised in Resolution 2022-003.[1]

Though the issue posed by this amendment is not clearly established in law, it is my opinion, based upon the decision of the Florida Supreme Court in its Advisory Opinion, that the School Board members are County officers similar to the Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections and Clerk of the Circuit Court. Therefore, the provisions of the Charter governing recall can be extended to the School Board.

---

[1] There has been a suggestion that the County could include School Board members among the officers subject to recall pursuant to the broad home rule powers granted to charter counties. However, under Article VIII, Section 1(g) of the Constitution, charter counties only have such powers as "not inconsistent with general law, or with special law approved by vote of the electors." If school board members are not county officers for the purpose of a county charter, then that limitation would be based on the provisions of the Constitution or general law and, therefore, outside the grant of home rule authority possessed by the County.

Conclusion as to Resolution 2022-003:

(1) The text of the proposed amendment does not violate the "single subject" requirement.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with the other provisions of the Charter.

D. RESOLUTION 2022-004 (Proposes the amendment of Section 7.4.1 of the Brevard County Charter relating to the three member review panel)

Background:

The amendment to Section 7.4.1 of the Brevard County Charter provides that when a proposed amendment is sponsored by the Charter Review Commission, the members of the three person panel shall report directly to and maintain a fiduciary duty to the Charter Review Commission. The amendment further provides that the three person panel shall submit its findings for each proposed amendment to the Board of County Commissioners and the Charter Review Commission within fifteen (15) days of receipt and shall include a comprehensive written report containing the panel's conclusions. The proposed amendment would also require that the comprehensive report provide a rationale for rejecting the proposed language and a suggested manner in which the defects may be resolved.

The proposed language of the Charter amendment satisfies the single subject requirement, as it deals solely with the process for review and approval of amendments. Therefore, it complies with the single subject requirements of Florida law.

As with Resolutions 2022-001 and 2022-002, neither the Florida Constitution nor Florida Statutes specifically set forth the process by which the review of Charter proposals must be accomplished, other than their ultimate approval by the electorate. As previously noted, the provisions of section 125.64, Florida Statutes, grant the authority to establish the method by which revisions and amendments to the Charter shall be considered. The proposal contained in

Resolution 2022-004 relates to the method by which future amendments will be considered and falls within the authority granted by section 125.64, Florida Statutes. The provision is also consistent with the Florida Constitution, Florida Statutes and the existing Charter.

Conclusion as to Resolution 2022-004:

(1) The text of the proposed amendment does not violate the "single subject" requirement.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with the other provisions of the Charter.

E. RESOLUTION 2022-005 (Proposes an amendment to Section 2.7 of the Brevard County Charter, providing for the filling of vacancies in the office of County Commissioner)

Background:

The proposed amendment to Section 2.7 provides that in the event of a vacancy or suspension in the office of the County Commissioners, it shall be defined and filled as provided by law. Further, the proposed amendment requires that a vacancy created by recall be filled as provided in Section 5.2 of the Charter. Section 5.2 of the Charter provides that the unexpired terms "shall be elected in the manner provided by general law for filing of vacancies in office after recall in charter counties."

Therefore, the proposed amendment adopts and incorporates the provisions of general law in determining how the vacancies shall be filled.

The subject matter of the proposed amendment is the manner by which vacancies are filled under the Charter. As such, the proposed amendment complies with the single subject requirement.

As the amendment adopts and incorporates the requirements of Florida law for the filling of vacancies in the office of the County Commissioners, it is consistent with the Florida Constitution, general law and the Charter.

Conclusion as to Resolution 2022-005:

(1) The text of the proposed amendment does not violate the "single subject" requirement.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with the provisions of the Charter.

F. RESOLUTION 2022-006 (Proposes the creation of a new Section 1.9 that provides for a Workforce and Supportive Housing Trust Fund and identifies revenue sources for the funding of that Trust Fund)

Background:

The proposed amendment creates a new Section 1.9, which establishes a Brevard County Workforce and Supportive Housing Trust Fund. The purpose of the Trust Fund is to provide continuing non-lapsing funds for Brevard County to address affordable housing within the County. The Trust Fund also shall be used to create sustainable affordable housing throughout Brevard County for renters and homeowners and increase work force housing opportunities. The amendment also designates a revenue source for funding of the Trust Fund, which consists of funds from the sale of County surplus real property that are not otherwise legally committed to other sources, in addition to other sources of revenue as established from time to time by ordinance. The proposed amendment also sets forth the continuing nature of the Trust Fund.

The subject matter of the proposed amendment is the establishment of a Trust Fund for the provision of affordable housing within the County. As such, the proposed amendment concerns a single subject and is in compliance with the single subject requirement of Florida law.

In reviewing the proposed Section 1.9, the use of public funds for purposes of workforce and affordable housing purposes serves a public purpose which has been recognized by the courts in Florida. *State v. Housing Finance Authority*, 506 So. 2d 397 (Fla. 1987). Further, the provisions of the amendment which provide for the funding of the Trust Fund from revenue derived from the sale of surplus property, but excludes those revenues committed for other purposes, avoids a potential issue relating to the impairment of preexisting contract rights. Therefore, the proposed Section 1.9 is not inconsistent with the Florida Constitution, general law or the Brevard County Charter.

Conclusion as to Resolution 2022-006:

(1) The text of the proposed amendment does not violate the "single subject" requirement.

(2) The text of the proposed amendment is consistent with the Constitution of the State of Florida.

(3) The text of the proposed amendment is consistent with the general laws of Florida.

(4) The text of the proposed amendment is consistent with the provisions of the Charter.

Re: Memoranda related to the proposals submitted by the Brevard County Charter Review Commission

Dear Ms. Schverak and County Commissioners:

Thank you for the opportunity to review the six proposed County Charter amendments submitted by the Charter Review Commission this cycle. I have drafted a separate memorandum regarding each, detailing the reasons behind my views on the proposals' consistency with the Florida Constitution, general law, and the County Charter.

As is detailed in the memoranda, these views address only legal sufficiency—I do not express an opinion as to the substantive merits of the proposals themselves. I also do not express an opinion as to the proper way to address any of the defects found, though most do appear to be readily curable.

I remain available to assist the County with anything further regarding these proposals or any other matters. I appreciate your trust in including my firm in this process.

Re: Charter Review Commission Resolution 2022-001

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-001, relating to recall elections. The Resolution was adopted by the CRC on August 4, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-001 modifies the independent review provisions of the Charter to accomplish, broadly, the following:

- Specify steps to be taken if two members of the independent review panel for proposed amendments to the county charter by the charter review commission determine the proposal is inconsistent with the Florida Constitution, general law, or the charter; and
- Make stylistic changes for consistency.

The proposed ballot summary references only the proposed requirement that a proposal found inconsistent with the constitution, charter, or general law be returned to the county commission or charter review commission for further action, which appears to be the primary motivation for the proposal.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Procedural matters

While this memorandum does not address procedural matters generally, it does consider certain formal requirements surrounding ballot questions generally. Pursuant to section

101.161, Florida Statutes, there are certain requirements for ballot language and proposal contents in referenda elections. One such requirement is that the ballot summary be fair and unambiguous, be limited in length, and phrase the question in a particular manner. In addition, there is a requirement that the amendment embrace a single subject.

Single subject requirement

Florida law is replete with single-subject requirements for legislation and constitutional amendment, most prominently in the Constitution's limitation on the power of the legislature to adopt bills that "embrace but one subject and matter properly connected therewith," in article III, section 6, and the limitation on the initiative method to amend the constitution to proposals that "embrace but one subject and matter directly connected therewith." Art. IX, Sec. 3, Fla. Const. Though the difference in these provisions is minor (amounting to a single word), the Florida Supreme Court views the "directly connected" language as more narrow. *Fine v. Firestone*, 448 So. 2d 984, 988-89 (Fla. 1984).[1] Generally, a proposal embraces one subject if it has "a natural relation . . . as component parts or aspects of a single dominant plan or scheme." *Id.* at 990 (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)). Essentially, there must be a "oneness of purpose" in order for the proposal to meet the single-subject test, and affects a single function of the existing governmental structure. *Id.*

Resolution 2022-001 addresses a single subject, namely, what happens when an amendment proposed by the charter review commission is determined not to be consistent with the Florida Constitution, general law, or the charter by at least two members of the attorney review panel. The process of government affected is singular: namely, the process of amending the county charter. While the proposal also includes stylistic changes, those do not affect the oneness of purpose found in the proposed amendment.

Ballot language

There are three basic, and one more complex, requirements for a ballot summary. First, the caption of the ballot summary must be fifteen words or fewer. § 101.161(1), Fla. Stat. Second, the body of the ballot summary must be 75 words or fewer. *Id.* Third, the question posed must be phrased such that a "yes" vote indicates approval of the proposal and a "no" vote indicates rejection of the proposal. These three requirements are unquestionably met.

The more complex requirement is that the language be a clear and unambiguous explanatory statement of the chief purpose of the measure. *Id.* While courts have interpreted this requirement using various rules and tests, they can be summarized as an overall requirement that the ballot language fairly advise the voter of the decision to be made sufficiently to enable the voter to intelligently cast their ballot. *See Askew v. Firestone*, 421 So. 2d 151, 155 (Fla. 1982)(collecting cases). This includes a requirement that the function of government to be affected is fairly identified, *Fine*, 448 So. 2d at 989, and that

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

the ballot language not be misleading, *Florida Department of State v. Slough*, 992 So. 2d 142, 147 (Fla. 2008).

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-001 is to provide a process for charter review commission proposals that are rejected by the attorney review panel. The question posed in the ballot summary is "Shall the Charter be amended to provide that proposals found to be inconsistent with the Florida Constitution, general law, or the existing Charter be returned to the County Commission or Charter Review Commission for further action if any is to be done?" While the question identifies the chief purpose of the proposal, it may be phrased too broadly. The language of the proposal itself applies *only* to those proposals submitted by the charter review commission. However, there are multiple ways to amend the Brevard County Charter.

Amendment of the charter by petition *also* requires submission of the proposed amendment to an attorney review panel, but that process is not affected by the proposed amendment. In fact, the petition amendment process contains similar language regarding what to do if the attorney review panel determines the proposal to be consistent with the law, and similarly is silent as to the process if the proposal is rejected by the panel. A review of the summary would lead a voter to believe that the new process for rejected proposals applies to *all* charter amendment proposals submitted to the review panel, which is not what Resolution 2022-001 actually does.

While a court must afford deference to the decision of the voters,[2] the ballot summary here is analogous to that rejected by the court in *Roberts*. In *Roberts*, the court rejected a ballot summary where the summary did not include an exception to qualification for a tax exemption (specifically, that a person's spouse's status could render them ineligible), among other minor inconsistencies. 43 So. 3d at 660-61. This is similar to the exception omitted from the proposal in Resolution 2022-001, where the voter would not be informed that the new process for panel-rejected proposals applies only to one subset of proposed charter amendments. This is a material omission which may be found by a court to render the ballot summary defective.[3]

[2] Generally, a ballot summary must be shown to be "clearly and conclusively defective" to warrant a court's interference with placement on the ballot. *Adv. Op. re 1.35% Property Tax Cap*, 2 So. 3d 968, 971-72 (Fla. 2009).

[3] It is worth noting that the caption must be read together with the ballot summary when performing this analysis, and that the caption is currently short of the maximum word limit. Adding specificity to the caption could likely cure this omission and render the ballot summary sufficient.

Consistency with general law

The referral of certain charter amendment proposals to an independent panel is well within the home-rule authority of a county. Art. VIII, Sec. 1(g), Fla. Const. Thus, it stands to reason that modification of the process associated with that referral is also within the authority of a county. Similarly, there is no limitation on the scope of the authority of the charter review commission to propose this type of amendment.

There is no general law that would operate to prohibit the county from specifying what is to be done with a proposal by a charter review commission that is rejected by an independent review panel. If anything, by allowing an opportunity to correct any errors, the charter expands the rights of the charter review commission.

Conclusion

While Resolution 2022-001 contains a proposal that is consistent with the Florida Constitution, general law, and the Brevard County Charter, the proposed ballot summary is deficient in that it does not adequately inform voters that the proposed amendment applies only to those proposals submitted by the Charter Review Commission, not those submitted by petition.

Re: Charter Review Commission Resolution 2022-002

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-002, relating to charter amendments. The Resolution was adopted by the CRC on August 4, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-002 modifies the amendment provisions of the Charter to accomplish, broadly, the following:

- Increase the number of votes necessary to amend the charter to 60% of the electors voting on the amendment for those amendments proposed by the County Commission and by petition; and
- Make stylistic changes for consistency.

The proposed ballot summary references only the proposed 60% threshold, which appears to be the primary motivation for the proposal.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Slough*, 992 So. 2d 142, 147 (Fla. 2008).

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-002 is increase the number of votes required for adoption of a charter amendment proposed by the County Commission or by petition. The question posed in the ballot summary is "Shall the Charter be amended to require a vote of at least sixty percent of those voters voting on a proposed amendment be required to adopt the proposal?" The question contains a material omission in that a voter is not informed that the threshold is being changed only for County Commission-proposed or petition-proposed amendments, but not for CRC proposals. This actively misleads the voter into thinking that the charter would become harder to amend in all ways, not just the ways that are easier for the voter to access (petition and through the County Commission).

We would specifically note that the express language of the provision in the charter (independent of this amendment) identifies the voting threshold required only for those charter amendments proposed by the County Commission or by petition, not those proposed by the CRC. The authority for submission of CRC proposals to the voters lies in section 7.4 of the charter, while the proposed 7.3.3 language references only section 7.3.1 and 7.3.2. Section 7.4, which is not amended by this proposal, specifies that a majority is required for adoption of a CRC proposal. This is a material omission that renders the ballot summary defective.

Consistency with general law

A county is free to set a threshold higher than a simple majority for approval of charter amendments. While city charters may be restricted from having a threshold other than a majority, *see* section 166.031(2), Florida Statutes, there is no similar restriction for counties. In fact, the statutes simply provide that the charter must "provide a method for submitting future charter revisions and amendments to the electors of the county." § 125.64, Fla. Stat. At least one county in Florida, Polk County, has a sixty percent threshold for charter amendments. There are a number of cases which, in dicta, allow for sixty-percent thresholds in certain circumstances. *See*, *e.g.*, *Mullen v. Bal Harbor Village*, 241 So. 3d 949 (Fla. 3d DCA 2018)(rejecting ballot proposals to increase the threshold for voter approval of certain leases to 60% on other grounds). Similarly, for state constitutional amendments, there is a sixty percent threshold. Art. Xi, Sec. 5(e), Fla. Const. Thus, a general sixty percent threshold for charter amendment would appear to be consistent with the Florida Constitution and general law.

It is worth examining, however, whether a higher threshold for citizen-proposed charter amendments than for CRC-proposed amendments is permissible. Polk County's charter is informative, as it similarly lists the charter review process separately from the petition and

County Commission processes for amendment, and the sixty percent threshold appears in the section describing voting procedure on the latter two. However, there is not a separate provision specifying a majority vote on CRC-proposed amendments in Polk County's charter, and a reasonable interpretation is that the general reference to "a referendum" would follow the same threshold as for other charter amendments. Sec. 8.4, Charter of Polk County, Fla.

An argument could be made that a differential threshold violates the equal protection clauses of the Federal and Florida Constitutions. Amend. XIV, Sec. 1, U.S. Const.; Art. I, Sec. 2, Fla. Const. An equal protection analysis typically uses a rational basis test, unless a suspect class or fundamental right is involved. *Estate of McCall v. U.S.*, 134 So. 3d 894, 901 (Fla. 2014). Citizens generally, as compared to appointed officials of the CRC, are not a suspect class. The right to amend a county charter is not a fundamental right, as not all counties have charters.[2] Thus, a distinction between CRC-proposed amendments and other amendments must simply have a rational basis, that is, it must not be arbitrary and capricious and must bear a rational and reasonable relationship to a legitimate state objective. *McCall*, 134 So. 3d at 901. Given the stated objective of reflecting "the need for greater consensus before changing the County Charter," Charter Review Commission Agenda Report on Proposal 10 – Public Hearing 3 (July 7, 2022), there is a legitimate state objective. Because the CRC includes a deliberative process more stringent than either the County Commission process or petition process for proposing charter amendments, there is a rational relationship between a lower threshold for CRC amendments and the objective of achieving greater consensus. The distinction would, therefore, meet the requirements of the equal protection clauses.

Conclusion

While Resolution 2022-002 contains a proposal that is consistent with the Florida Constitution, general law, and the Brevard County Charter, the proposed ballot summary is deficient in that it misleads voters into believing that the changed threshold will apply to all proposed charter amendments, not just those proposed by petition or by the County Commission.

Re: Charter Review Commission Resolution 2022-003

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-003, relating to recall elections. The Resolution was adopted by the CRC on August 4, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-003 modifies the recall provisions of the Charter to accomplish, broadly, the following:

- Correct an erroneous internal reference to the officers subject to recall;
- Specify the "general law" referenced by statute;
- Add school board members to the scope of the recall provision; and
- Make stylistic changes for consistency.

The proposed ballot summary references only the addition of the school board members to the list of officers subject to recall, which appears to be the primary motivation for the proposal.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Procedural matters

While this memorandum does not address procedural matters generally, it does consider certain formal requirements surrounding ballot questions generally. Pursuant to section 101.161, Florida Statutes, there are certain requirements for ballot language and proposal contents in referenda elections. One such requirement is that the ballot summary be fair

and unambiguous, be limited in length, and phrase the question in a particular manner. In addition, there is a requirement that the amendment embrace a single subject.

Single subject requirement

Florida law is replete with single-subject requirements for legislation and constitutional amendment, most prominently in the Constitution's limitation on the power of the legislature to adopt bills that "embrace but one subject and matter properly connected therewith," in article III, section 6, and the limitation on the initiative method to amend the constitution to proposals that "embrace but one subject and matter directly connected therewith." Art. IX, Sec. 3, Fla. Const. Though the difference in these provisions is minor (amounting to a single word), the Florida Supreme Court views the "directly connected" language as more narrow. *Fine v. Firestone*, 448 So. 2d 984, 988-89 (Fla. 1984).[1] Generally, a proposal embraces one subject if it has "a natural relation . . . as component parts or aspects of a single dominant plan or scheme." *Id.* at 990 (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)). Essentially, there must be a "oneness of purpose" in order for the proposal to meet the single-subject test, and affects a single function of the existing governmental structure. *Id.*

Resolution 2022-003 addresses a single subject, namely, which officers identified in the Brevard County Charter are subject to recall. While the process of recall affects multiple functions of government in that heads of various aspects of county government are affected, the actual process of government affected is singular: namely, the process of removing an elected or appointed government official, regardless of the office they hold. While the proposal also includes stylistic changes, those do not affect the oneness of purpose found in the proposed amendment.

Ballot language

While the bulk of the analysis in this memorandum is complex, the ultimate proposal, and therefore the ballot summary, is not. In short, the proposed ballot summary is sufficient to meet procedural requirements. There are three basic, and one more complex, requirements for a ballot summary. First, the caption of the ballot summary must be fifteen words or fewer. § 101.161(1), Fla. Stat. Second, the body of the ballot summary must be 75 words or fewer. *Id.* Third, the question posed must be phrased such that a "yes" vote indicates approval of the proposal and a "no" vote indicates rejection of the proposal. These three requirements are unquestionably met.

The more complex requirement is that the language be a clear and unambiguous explanatory statement of the chief purpose of the measure. *Id.* While courts have interpreted this requirement using various rules and tests, they can be summarized as an overall requirement that the ballot language fairly advise the voter of the decision to be made sufficiently to enable the voter to intelligently cast their ballot. *See Askew v. Firestone*, 421 So. 2d 151, 155 (Fla. 1982)(collecting cases). This includes a requirement that the

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

function of government to be affected is fairly identified, *Fine*, 448 So. 2d at 989, and that the ballot language not be misleading, *Florida Department of State v. Slough*, 992 So. 2d 142, 147 (Fla. 2008).

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-003 is to add school board members to the scope of the recall provision contained in the Brevard County Charter. The question posed in the ballot summary is "Shall the Charter be amended to add School Board Members to this list who may face recall election and replacement . . . ?" This question fairly encompasses the chief purpose of the proposal. It identifies the function of government to be addressed (the recall and replacement of officers) and the officers to which it applies (school board members). The question is also not misleading, as the summary correctly identifies the constitutional officers currently subject to recall and the source of the process for such recall.

The summary omits the fact that county commissioners are currently, and will remain, subject to recall. However, that portion of the recall provision is not being substantively changed by the proposed amendment, and a voter would not be misled into thinking that the proposal either establishes, eliminates, or modifies recall provisions as it relates to county commissioners. The omission is merely from the contextual explanation of the recall process. Accordingly, the omission is not material and is likely not misleading.

The proposed ballot caption and summary in Resolution 2022-003 is a clear, unambiguous, explanatory statement of the chief purpose of the measure and is not misleading. Given the deference a court must afford the decision of the voters,[2] the ballot summary proposed is likely to withstand legal challenge on the grounds that it is misleading or omits material information.

Consistency with general law

The biggest question related to Resolution 2022-003 is whether a charter county may, through its charter, adjust certain defaults relating to composition of the county school board from general law defaults.[3]

[2] Generally, a ballot summary must be shown to be "clearly and conclusively defective" to warrant a court's interference with placement on the ballot. *Adv. Op. re 1.35% Property Tax Cap*, 2 So. 3d 968, 971-72 (Fla. 2009).

[3] We recognize that the Brevard County Charter already addresses some of these issues in Article 8. However, we were not asked to opine as to the validity of existing provisions of the county charter.

Analysis of county authority should always begin with an understanding of county home-rule authority as established by article VIII, section 1(g) of the Florida Constitution. Florida takes a broad view of the powers of the county, as recently recognized in this context in *Telli v. Broward County*, 94 So. 3d 504, 513 (Fla. 2012)(" Interpreting Florida's Constitution to find implied restrictions on powers otherwise authorized is unsound in principle.") Thus the County may, through its charter, take any action within the scope of its powers that does not conflict with general law.

The first question to answer is whether regulation of the school board is within the scope of authority granted to the County by the Florida Constitution and general law. While it is a close question, we conclude that regulation of the membership of a school board is not within the "powers of local self-government" granted by the Florida Constitution to the counties because it is expressly delegated elsewhere.

Section 125.01, Florida Statutes, generally sets forth the powers of counties. While paragraph (1)(w) of that statute grants the power to "Perform any other acts not inconsistent with law, which acts are in the common interest of the people of the county, and exercise all powers and privileges not specifically prohibited by law," there is no other reference in the county powers to education or schools, and subsection (1) itself specifies that the power granted by statute is to "carry on county government." In Florida, governance of schools is not considered county government, but rather is dedicated to a "state system of schools" governed by a state Board of Education and with certain authority delegated to the county school boards. §1000.01(3), Fla. Stat. While each school board is associated with the territorial boundaries of a county,[4] it is not subject to the control of the County Commission but operates independently.

This distinction is made clear in various provisions of the Florida Statutes and Constitution. For example, a school board member is not a "county officer" as that term is defined in Article 8, Section 1(d) of the Florida Constitution.[5] Though that term is not always applied strictly, for example in the context of whether the Governor has the power to suspend a school board member or county commissioner, *see In re Advisory Opinion to the Governor*, 626 So. 2d 684, 689 (Fla. 1993), the nature of the use of the term and historical context is highly important. In its Advisory Opinion, the supreme court was clear that the term "county officer" in the governor's suspension authority provision was broader than the same term used in other contexts, both because of the history of amendment of the constitution and because a narrower interpretation would leave no recourse to suspend an official who misbehaved. *Id.* These factors are not present when looking at a county's authority to regulate membership on the school board through its charter.

There are various statutory provisions relating to school board membership that grant various specific powers to the board as opposed to other entities. For example, the legislation enabling the constitutional authority to expand a school board's membership

[4] In theory, the electors of two or more contiguous counties can form a unified school district. Art. IX, Sec. 4, Fla. Const.

[5] School board members are also listed separately from county officers in the new ethics provisions which will become part of the constitution effective December 31 of this year in new Article II, section 8(f)(1).

beyond five members is found in section 1001.34(2), Florida Statutes. This statute provides for a Resolution of the school board followed by a vote of the electors in order to expand the membership. Similarly, the switch from elected to appointed superintendents is done by either school board Resolution or special act, followed by a vote of the electors.

In summary, all of the constitutional and statutory provisions related to school board membership point to the school board, and not the county charter, as the source of authority to modify a default position on electing members. It stands to reason that, if general law permits recall of school board members, the process for that must be established by the school board itself (subject to a vote of the electors), not by the county charter.

If the county could, by charter, provide for recall of school board members, we would also need to determine whether any general law prohibits the exercise of the authority in the way that has been proposed by Resolution 2022-003. This is, perhaps, a clearer question to answer. There is no express general law prohibition on allowing recall of school board members. However, it could be argued that the express statutory provisions relating to makeup and election of school board members discussed above may constitute field preemption.

Field preemption occurs when there is no explicit conflict between the enactments of a "senior" legislative body (here, the Florida legislature) and a "junior" legislative body (here, the voters amending the county charter), but the senior body's scheme of regulation of the subject is pervasive and further action by the junior body would present the danger of conflict with the pervasive scheme. *Tribune Co. v. Cannella*, 458 So. 2d 1075, 1077 (Fla. 1984)(quoting *Tribune Co. v. Cannella*, 438 So. 2d 516 (Fla. 2d DCA 1983)(Lehan, J., dissenting)). While there are several laws relating to composition of school boards, it is a stretch to argue that the field of regulation is preempted by state statute because such laws do not create a pervasive scheme. At best, they give guidance as to which bodies have the authority to act in the field, but they are not comparable to other instances where field preemption has been acknowledged. A few scattered statutes are not comparable to a regulatory scheme like the Public Employees Relations Commission, as found in *Communications Workers of America v. Indian River County School Board*, 888 So. 2d 96 (Fla. 4th DCA 2004). Thus, if it is determined that the recall provision is within the authority of county government, as a concept it would not be in conflict with general law.

It should be noted, however, that at least one component of the proposed charter amendment is in direct conflict with general law, and likely would be unenforceable if challenged. Section 1001.38, Florida Statutes, provides that all school board vacancies must be filled by gubernatorial appointment. The proposed charter amendment specifies that the successor to the unexpired term would be filled through election as provided in section 100.361, Florida Statutes. The provisions conflict, and the general law requiring gubernatorial appointment would supersede the charter provision requiring election.

Conclusion

While Resolution 2022-003 contains a procedurally appropriate proposed charter amendment, that amendment would likely be unenforceable if adopted. This is because, first, the exercise of county authority is outside of the scope of what a county charter may encompass, and second, because some specific provisions expressly conflict with state statute.

It should be noted that an example of another county including recall of school board members in its charter was brought to our attention. On further investigation, Duval County includes a school board recall provision, which was adopted by the Florida Legislature in a special act. Given the consolidated city-county government, and the special act, we are hesitant to use that example as a basis for analysis here.

Re: Charter Review Commission Resolution 2022-004

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-004, relating to recall elections. The Resolution was adopted by the CRC on August 6, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-004 modifies the independent review provisions of the Charter to accomplish, broadly, the following:

- Clarify that the members of the attorney review panel are to be selected by, report directly to, and have a fiduciary duty to, the CRC;
- Require that the attorney review panel submit findings within fifteen days of receipt of a proposed amendment;
- Provide an opportunity for the CRC to cure any defect;
- Require that the attorney review panel provide specific reasons for rejection and suggestions for resolving the defect;
- Extend the term of the CRC to allow for cure of defects; and
- Make stylistic changes for consistency.

The proposed ballot summary references the proposed clarification of CRC selection of the attorneys and the return of any defective proposals to the CRC for further action. It does not pose a question to voters.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Procedural matters

While this memorandum does not address procedural matters generally, it does consider certain formal requirements surrounding ballot questions generally. Pursuant to section 101.161, Florida Statutes, there are certain requirements for ballot language and proposal contents in referenda elections. One such requirement is that the ballot summary be fair and unambiguous, be limited in length, and phrase the question in a particular manner. In addition, there is a requirement that the amendment embrace a single subject.

Single subject requirement

Florida law is replete with single-subject requirements for legislation and constitutional amendment, most prominently in the Constitution's limitation on the power of the legislature to adopt bills that "embrace but one subject and matter properly connected therewith," in article III, section 6, and the limitation on the initiative method to amend the constitution to proposals that "embrace but one subject and matter directly connected therewith." Art. IX, Sec. 3, Fla. Const. Though the difference in these provisions is minor (amounting to a single word), the Florida Supreme Court views the "directly connected" language as more narrow. *Fine v. Firestone*, 448 So. 2d 984, 988-89 (Fla. 1984).[1] Generally, a proposal embraces one subject if it has "a natural relation . . . as component parts or aspects of a single dominant plan or scheme." *Id.* at 990 (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)). Essentially, there must be a "oneness of purpose" in order for the proposal to meet the single-subject test, and affects a single function of the existing governmental structure. *Id.*

Resolution 2022-004 addresses a single subject, namely, the operation of the attorney review panel for CRC charter amendment proposals. The process of government affected is singular: namely, the process of amending the county charter. While the proposal also includes stylistic changes, those do not affect the oneness of purpose found in the proposed amendment.

Ballot language

There are three basic, and one more complex, requirements for a ballot summary. First, the caption of the ballot summary must be fifteen words or fewer. § 101.161(1), Fla. Stat. Second, the body of the ballot summary must be 75 words or fewer. *Id.* Third, the question posed must be phrased such that a "yes" vote indicates approval of the proposal and a "no" vote indicates rejection of the proposal. The word limitations are unquestionably met. However, the ballot question does not pose a question at all—there is no question mark, and no sentence is structured other than in a declarative format.

The language of the statute does not explicitly require a question. Rather, the requirement is that the "ballot summary of such amendment . . . shall be printed in clear and unambiguous language on the ballot . . . and shall be styled in such a manner that a 'yes'

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

vote will indicate approval of the proposal and a 'no' vote will indicate rejection." *Id.* The Florida Supreme Court, in other contexts, has allowed ballot summaries not framed in the form of a question. *See Armstrong v. Harris*, 773 So. 2d 7, 16 (Fla. 2000)(rejecting language for other reasons). When not framed as a question, however, the language must clearly indicate what the changes will be, in order to satisfy the "clear and unambiguous" portion.

The more complex requirement is that the language be a clear and unambiguous explanatory statement of the chief purpose of the measure. *Id.* While courts have interpreted this requirement using various rules and tests, they can be summarized as an overall requirement that the ballot language fairly advise the voter of the decision to be made sufficiently to enable the voter to intelligently cast their ballot. *See Askew v. Firestone*, 421 So. 2d 151, 155 (Fla. 1982)(collecting cases). This includes a requirement that the function of government to be affected is fairly identified, *Fine*, 448 So. 2d at 989, and that the ballot language not be misleading, *Florida Department of State v. Slough*, 992 So. 2d 142, 147 (Fla. 2008).

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-004 is to clarify the attorney review panel procedure, vesting more authority in the CRC and specifying timeframes and alternatives for the panel's deliberation and conclusions. The ballot summary consists of three distinct sentences. First, "The Charter requires a panel of three attorneys to review proposed amendments for legality before placing the proposed amendment on the ballot." This is a statement of *current* fact. That is, it represents a statement as to what the current charter provides, rather than a statement of what the amendment would accomplish. By itself, the statement is not completely accurate—the three attorney panel is employed only for petition- and CRC-proposed amendments, not for County Commission-proposed amendments. However, the summary must be read *in pari materia* with the caption, which expressly refers to CRC-proposed amendments. Thus, read together, the statement is not inaccurate.

Second, the summary reads "When the amendment is proposed by the Charter Review Commission, the panel shall be selected by the Charter Review Commission." This is a statement of what the charter would provide if the provision is adopted. Similarly, the third sentence is "If the panel finds a Charter Review Commission proposed amendment inconsistent with the law, it shall be returned to the Charter Review Commission for further consideration." This, too, represents what the charter would provide if the amendment is adopted.

The combination of declarative sentences without a distinction between the current state (first sentence) and the proposed state (second and third sentences) is confusing. Without an understanding of the existing provisions of the charter, a voter would have no way to identify what change they are being asked to approve or reject. They may, reasonably, believe they are being asked to approve or reject all three sentences; they might also, reasonably, believe they are being asked to approve or reject any one or any two of the three sentences. The presence of the word "shall" in the second and third sentences does not cure this confusion, because it is also unclear whether "shall" refers to the proposed amendment to the charter or to the conditions stated in the first clauses of the second and third sentences.

By contrast, in cases where declaratory sentences, rather than questions, were tacitly approved by the courts, those sentences were entirely prescriptive, that is, contained no statements of the current situation and only described the changes/new rules. *See*, *e.g.*, *Armstrong*, 773 So. 2d at 16 ("Proposing an amendment . . ."; "Requires construction . . ."; "Prohibits reduction . . ."). While the *Armstrong* court ultimately rejected the ballot language, it did so because it was unclear what was being changed, as opposed to simply being added—much like the ballot language proposed here.

Because a voter would not be sure what they are being asked to approve or reject, the ballot summary is misleading.

It may also be that the ballot summary does not capture the chief purpose of the amendment. The summary is silent as to the clarification that the attorney panel reports to, is directed by, and has fiduciary responsibility to the CRC rather than the County Commission. At least arguably, the chief purpose of the amendment is to shift the authority for control of the attorney review panel from the County Commission to the CRC. While the summary does indicate the CRC would select the panel, it does not clarify that the CRC would direct the panel or that the panel would have fiduciary responsibilities to the CRC. This omission is material and may be interpreted as misleading.

Ultimately, the ballot summary does not adequately capture the chief purpose of the proposed amendment and is phrased in such a way that a voter would be confused about the change they are being asked to approve.

Consistency with general law

The referral of certain charter amendment proposals to an independent panel is well within the home-rule authority of a county. Art. VIII, Sec. 1(g), Fla. Const. Thus, it stands to reason that modification of the process associated with that referral is also within the authority of a county. Similarly, there is no limitation on the scope of the authority of the charter review commission to propose this type of amendment.

There is no general law specification of how a review process is to operate, what opportunities must be given for correction of defects, who selects review panelists, or how their reports must be delivered. There are general laws governing the responsibilities of lawyers to their clients, and while those laws and ethical rules would impact how each

panelist represents and advises the CRC (with particular attention paid to rules surrounding representation of a client paid for by a third party), they do not pose any challenge to the enforceability or practicability of the proposed amendment.

Conclusion

While Resolution 2022-004 contains a proposal that is consistent with the Florida Constitution, general law, and the Brevard County Charter, the proposed ballot summary is deficient in that it does not provide the voter with a clear statement of what they are to decide, and because it omits a chief purpose of the proposed amendment.

Re: Charter Review Commission Resolution 2022-005

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-005, relating to filling vacancies in the office of County Commissioner. The Resolution was adopted by the CRC on August 6, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-005 modifies the vacancy provisions of the Charter to accomplish, broadly, the following:

- Conform provisions for vacancy in the office of County Commissioner to state law;
- Clarify that the vacancy provisions apply to suspensions from office; and
- Make stylistic changes for consistency.

The proposed ballot summary references only the proposed conformation, which appears to be the primary motivation for the proposal.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Procedural matters

While this memorandum does not address procedural matters generally, it does consider certain formal requirements surrounding ballot questions generally. Pursuant to section 101.161, Florida Statutes, there are certain requirements for ballot language and proposal contents in referenda elections. One such requirement is that the ballot summary be fair and unambiguous, be limited in length, and phrase the question in a particular manner. In addition, there is a requirement that the amendment embrace a single subject.

Single subject requirement

Florida law is replete with single-subject requirements for legislation and constitutional amendment, most prominently in the Constitution's limitation on the power of the legislature to adopt bills that "embrace but one subject and matter properly connected therewith," in article III, section 6, and the limitation on the initiative method to amend the constitution to proposals that "embrace but one subject and matter directly connected therewith." Art. IX, Sec. 3, Fla. Const. Though the difference in these provisions is minor (amounting to a single word), the Florida Supreme Court views the "directly connected" language as more narrow. *Fine v. Firestone*, 448 So. 2d 984, 988-89 (Fla. 1984).[1] Generally, a proposal embraces one subject if it has "a natural relation . . . as component parts or aspects of a single dominant plan or scheme." *Id.* at 990 (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)). Essentially, there must be a "oneness of purpose" in order for the proposal to meet the single-subject test, and affects a single function of the existing governmental structure. *Id.*

Resolution 2022-005 addresses a single subject, namely, the process for filling vacancies in the office of County Commissioner. The process of government affected is singular: namely, what happens when a County Commissioner vacates an office. While the proposal also includes stylistic changes, those do not affect the oneness of purpose found in the proposed amendment. Similarly, the expansion of the provision to cover suspensions[2] does not affect the unifying purpose of the proposal.

Ballot language

There are three basic, and one more complex, requirements for a ballot summary. First, the caption of the ballot summary must be fifteen words or fewer. § 101.161(1), Fla. Stat. Second, the body of the ballot summary must be 75 words or fewer. *Id.* Third, the question posed must be phrased such that a "yes" vote indicates approval of the proposal and a "no" vote indicates rejection of the proposal. The word limitations are unquestionably met. While the ballot summary does not phrase the proposal in the form of a question, it is clear what the voter is intended to decide and a "yes" vote indicates approval, while a "no" vote indicates rejection.

The language of the statute does not explicitly require a question. Rather, the requirement is that the "ballot summary of such amendment . . . shall be printed in clear and unambiguous language on the ballot . . . and shall be styled in such a manner that a 'yes' vote will indicate approval of the proposal and a 'no' vote will indicate rejection." *Id.* The Florida Supreme Court, in other contexts, has allowed ballot summaries not framed in the form of a question. *See Armstrong v. Harris*, 773 So. 2d 7, 16 (Fla. 2000)(rejecting language

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

[2] In Florida, suspension from office is a precursor to removal, which must be accomplished by the Florida Senate. If the Senate does not vote to remove the suspended official from office, that official is reinstated regardless of whether an interim appointment has been made. Art. IV, Sec. 7, Fla. Const.

for other reasons). When not framed as a question, however, the language must clearly indicate what the changes will be, in order to satisfy the "clear and unambiguous" portion.

The more complex requirement is that the language be a clear and unambiguous explanatory statement of the chief purpose of the measure. *Id.* While courts have interpreted this requirement using various rules and tests, they can be summarized as an overall requirement that the ballot language fairly advise the voter of the decision to be made sufficiently to enable the voter to intelligently cast their ballot. *See Askew v. Firestone*, 421 So. 2d 151, 155 (Fla. 1982)(collecting cases). This includes a requirement that the function of government to be affected is fairly identified, *Fine*, 448 So. 2d at 989, and that the ballot language not be misleading, *Florida Department of State v. Slough*, 992 So. 2d 142, 147 (Fla. 2008).

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-005 is to conform the vacancy provisions for County Commissioners in the charter to the requirements of general law. This purpose is adequately captured in the summary, which outlines not just the wording of the changes but also the impact these changes will have on which vacancies are subject to gubernatorial appointment, and which are subject to election.

Like in cases where declaratory sentences, rather than questions, were tacitly approved by the courts, the sentences are entirely prescriptive, that is, they contain no statements of the current situation and only describe the changes/new rules. *See*, *e.g.*, *Armstrong*, 773 So. 2d at 16 ("Proposing an amendment . . ."; "Requires construction . . ."; "Prohibits reduction . . ."). The *Armstrong* court ultimately rejected the ballot language because it was unclear what was being changed, as opposed to simply being added. That defect is not present in the summary found in Resolution 2022-005.

The proposed amendment would also specify that an interim vacancy created by suspension would be filled in the same manner as a permanent vacancy, again consistent with general law. While this is omitted from the ballot summary, it is not a material omission. The common-sense approach to the term "vacancy" includes vacancies created by suspension pending removal, and the language simply conforms to general law that would be applied regardless of the charter language. The omission does not obfuscate what the proposed amendment would accomplish if adopted, and it does not mislead the voter in what the chief purpose of the amendment is.

Ultimately, the ballot summary is sufficient as a clear and unambiguous statement of the proposed amendment.

Consistency with general law

Currently, the Brevard County Charter specifies a procedure for filling vacancies in the office of County Commission that are not consistent with general law. This proposal corrects that error and simply refers to general law as the authority for filling vacancies. Accordingly, there is no inconsistency with constitutional provisions, general law, or the Charter.

Conclusion

Resolution 2022-005 is consistent with applicable law and is fairly and adequately summarized in the proposed ballot language.

Re: Charter Review Commission Resolution 2022-006

The foregoing is a review of the Brevard County Charter Review Commission's ("CRC") Resolution number 2022-006, relating to the establishment of a Workforce and Supportive Housing Trust Fund. The Resolution was adopted by the CRC on August 6, 2022, and is being presented to the County Commission. This memorandum is designed to advise the County Commission on the legality of the proposal, but does not provide policy advice.

Overview

Resolution 2022-006 creates section 1.9 of the Charter to accomplish, broadly, the following:

- Create a trust fund for workforce and supportive housing;
- Establish revenue sources for the trust fund;
- Establish a purpose for the trust fund;
- Segregate trust fund monies from the general fund; and
- Delegate implementing ordinance authority and direction to the County Commission.

The proposed ballot summary describes the establishment and purpose of the trust fund and identifies that funding will be directed by the County Commission.

Assumptions and limitations of review

This memorandum does not pass on the validity of the adoption of the Resolution or subsequent actions of the Brevard County Board of County Commissioners, the Brevard County Supervisor of Elections, or the voters. We assume that all procedural actions taken by any of those bodies are proper, timely, and sufficient to adopt the proposal and incorporate it into the County Charter, and thus only pass on whether the proposal, from a substantive perspective, is consistent with applicable law, including the Florida and Federal Constitutions, applicable statutes, and the County Charter.

Procedural matters

While this memorandum does not address procedural matters generally, it does consider certain formal requirements surrounding ballot questions generally. Pursuant to section 101.161, Florida Statutes, there are certain requirements for ballot language and proposal

contents in referenda elections. One such requirement is that the ballot summary be fair and unambiguous, be limited in length, and phrase the question in a particular manner. In addition, there is a requirement that the amendment embrace a single subject.

Single subject requirement

Florida law is replete with single-subject requirements for legislation and constitutional amendment, most prominently in the Constitution's limitation on the power of the legislature to adopt bills that "embrace but one subject and matter properly connected therewith," in article III, section 6, and the limitation on the initiative method to amend the constitution to proposals that "embrace but one subject and matter directly connected therewith." Art. IX, Sec. 3, Fla. Const. Though the difference in these provisions is minor (amounting to a single word), the Florida Supreme Court views the "directly connected" language as more narrow. *Fine v. Firestone*, 448 So. 2d 984, 988-89 (Fla. 1984).[1] Generally, a proposal embraces one subject if it has "a natural relation . . . as component parts or aspects of a single dominant plan or scheme." *Id.* at 990 (quoting *City of Coral Gables v. Gray*, 19 So. 2d 318 (Fla. 1944)). Essentially, there must be a "oneness of purpose" in order for the proposal to meet the single-subject test, and affects a single function of the existing governmental structure. *Id.*

Resolution 2022-006 addresses a single subject, namely, the establishment of a workforce and supportive housing trust fund. The process of government affected is singular: namely, creation of a special-purpose fund separate from general county funds. While the proposal is necessarily detailed, all of the language is specifically related to a single trust fund, including its purpose, permissible sources of funding, and segregation from the county's general fund.

Ballot language

There are three basic, and one more complex, requirements for a ballot summary. First, the caption of the ballot summary must be fifteen words or fewer. § 101.161(1), Fla. Stat. Second, the body of the ballot summary must be 75 words or fewer. *Id.* Third, the question posed must be phrased such that a "yes" vote indicates approval of the proposal and a "no" vote indicates rejection of the proposal. The word limitations are unquestionably met. While the ballot summary does not phrase the proposal in the form of a question, it is clear what the voter is intended to decide and a "yes" vote indicates approval, while a "no" vote indicates rejection.

The language of the statute does not explicitly require a question. Rather, the requirement is that the "ballot summary of such amendment . . . shall be printed in clear and unambiguous language on the ballot . . . and shall be styled in such a manner that a 'yes' vote will indicate approval of the proposal and a 'no' vote will indicate rejection." *Id.* The Florida Supreme Court, in other contexts, has allowed ballot summaries not framed in the form of a question. *See Armstrong v. Harris*, 773 So. 2d 7, 16 (Fla. 2000)(rejecting language

[1] This analysis considers the more narrow view, as the "directly connected" language appears in the Brevard County Charter, albeit in a section not applicable to the CRC process.

for other reasons). When not framed as a question, however, the language must clearly indicate what the changes will be, in order to satisfy the "clear and unambiguous" portion.

The more complex requirement is that the language be a clear and unambiguous explanatory statement of the chief purpose of the measure. *Id.* While courts have interpreted this requirement using various rules and tests, they can be summarized as an overall requirement that the ballot language fairly advise the voter of the decision to be made sufficiently to enable the voter to intelligently cast their ballot. *See Askew v. Firestone*, 421 So. 2d 151, 155 (Fla. 1982)(collecting cases). This includes a requirement that the function of government to be affected is fairly identified, *Fine*, 448 So. 2d at 989, and that the ballot language not be misleading, *Florida Department of State v. Slough*, 992 So. 2d 142, 147 (Fla. 2008).

Ballot language can be misleading if it omits material information in such a way that a voter relying on the summary would believe the measure accomplishes something different from what the amendatory language actually does. Thus, an omission was material in a proposed property tax exemption amendment when it would have caused voters to believe it extended eligibility for the exemption where it did not, *Roberts v. Doyle*, 43 So. 3d 654, 659-61 (Fla. 2010), or where the scope of laws to be repealed under a repealer clause was not disclosed, *In re Advisory Opinion to Attorney General*, 632 So. 2d 1018, 1021 (Fla. 1994).

The chief purpose of Resolution 2022-006 is to create a workforce and supportive housing trust fund. This purpose is adequately captured in the summary, which specifies the establishment, purpose, and funding of the proposed fund. While the language of the proposed amendment is necessarily lengthier than the ballot summary, the details are adequately captured in the summary and the voter will understand what they are being asked to decide. None of the simplifications or omissions are material in that they would change the meaning of what the voter is deciding if disclosed.

Like in cases where declaratory sentences, rather than questions, were tacitly approved by the courts, the sentences are entirely prescriptive, that is, they contain no statements of the current situation and only describe the changes/new rules. *See*, *e.g.*, *Armstrong*, 773 So. 2d at 16 ("Proposing an amendment . . ."; "Requires construction . . ."; "Prohibits reduction . . ."). The *Armstrong* court ultimately rejected the ballot language because it was unclear what was being changed, as opposed to simply being added. That defect is not present in the summary found in Resolution 2022-006.

Ultimately, the ballot summary is sufficient as a clear and unambiguous statement of the proposed amendment.

Consistency with general law

This is a proposed new section of the Brevard County Charter. Currently, while the charter includes limitations on borrowing and taxation, there is no provision that would operate to prevent the establishment of a fund for workforce housing alone. Because the proposal defers to the County Commission to establish sources of funding (providing mere suggestions that surplus land sales be used, in part), the borrowing and taxation provisions

are not implicated. The County Commission, of course, must keep these provisions in mind when allocating funds to the trust fund, should the amendment be adopted by the voters.

Generally, a county may segregate its monies into separate funds for accounting purposes, and may establish trust funds for specific purposes that isolate monies deposited therein for limited purposes. *See generally* § 125.01, Fla. Stat. This occurs regularly with, for example, monies used for redevelopment or as revenues to pay for debt service on a bond or other obligation. Prior to appropriating any money to the redevelopment trust fund, the County Commission should ensure that segregation of such monies does not violate other agreements or requirements (as with the use of pledged revenues for a debt obligation or an impact fee fund). However, those considerations are downstream of the simple establishment of the fund which is the subject matter of Resolution 2022-006.

Similarly, the County Commission should ensure that projects funded with monies of the proposed trust fund are for a valid public purpose, as with any other expenditure. When reviewing housing expenditures, care must be taken to ensure that there is no unconstitutional pledge of credit. Art. VII, Sec. 10, Fla. Const. Again, these expenditure decisions are far downstream of the question of whether it is lawful to establish the proposed fund.

In short, the proposal establishes a dry fund—there is no guaranteed or specified source of funding, and no guaranteed or specified expenditure. The segregation of funds in the manner described is well within the County's home-rule power, and does not conflict with any general or special law or the County Charter. While there may be legal considerations once sources of funding and expenditures are identified, those are not yet ripe for review.

Conclusion

Resolution 2022-006 is consistent with applicable law and is fairly and adequately summarized in the proposed ballot language.

BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

Kristine Zonka Chair, District 5	Curt Smith Vice-Chair, District 4
Rita Pritchett Commissioner, District 1	John Tobia Commissioner, District 3

August 5, 2022

Executive Directors and Chairpersons,

The Board of County Commissioners is concerned with and prioritizing the affordable housing crisis plaguing our county. Community Redevelopment Agencies were created under F.S. 163 Part III for the purpose of addressing "slum and blighted areas." F.S. 163.360 provides "for the development of affordable housing in the area." Unfortunately, according to your plans and expenditures, it appears this has not been the focus.

The Shimberg Center for Housing Studies determined that more than one out of five individuals making less than 60% of the area median income cannot find affordable housing. This amounts to a deficit of 8,396 housing units in Brevard County.

The intent behind your creation is clear in that community redevelopment agencies should provide an actual and tangible benefit to the community. While Florida Statute allows for other lawful expenditures, this Board strongly urges you to invest our resources into affordable housing.

We look forward to evaluating the changes to your plan within the next 60 days.

Sincerely,

_____

Rescind Resolution 2022-55 Regarding Referendum Election for School Millage Increase

Fiscal Impact:
N/A

Dept/Office:
District 3 Commission Office

Requested Action:
Rescind Resolution 2022-55, which passed on May 26, 2022.

Summary Explanation and Background:
At a Planning and Zoning meeting on May 26, 2022, the Board, minus the District 3 Commissioner, passed the measure to put the school millage increase referendum on the November 8, 2022 ballot.

This resolution should be rescinded for the following reasons:

1) A potential $50 million per year tax increase does not belong on the consent portion of a planning and zoning agenda.

2) Currently, there is an ongoing dispute between the Hernando County School District/School Board and the Hernando County Board of County Commissioners pertaining to placement of a referendum on the ballot at the request of the school board. No referendum language has been approved by the Hernando County Commission to appear on the 2022 ballot. On July 28, 2022, Fifth Judicial Circuit Court Judge Lawrence J. Semento issued an order in that case wherein the status quo (language not located on the ballot) would remain in place until the conflict resolution process in Chapter 164 was followed.

3) This will greatly affect affordable housing. The Orlando Sentinel addressed the issue in an article in 2015 regarding property tax burdens shifting to renters. One landlord stated “My choice? I can either go broke or pass the tax along to my renters.” A study done by the Massachusetts Institute for Technology, Center of Real Estate found conclusively that “rents rise after tax changes sufficiently to fully absorb 80-90% of the change in landlord tax payments.” Raising taxes greatly harms renters who

are already struggling to make ends meet

4) According to the Brevard County Property Appraiser, the median market value for a single-family residence in Brevard County is approximately $250,000. The 2021-2022 adopted millage rate was 3.5661, which for a $250,000 home would equal $891.53 in taxes annually. With a 1 mil increase, the annual taxes would increase by $250, or an additional $20.83 per month passed onto the renter. This will increase faster as investment property not subject to the 3% cap.

Permission to Reject all RFP Bids Received in Response to P-7-22-21, Medical Director Services

Fiscal Impact:
There is no fiscal impact to this request.

Dept/Office:
Fire Rescue/Central Services

Requested Action:
It is requested that the Board of County Commissioners (1) authorize Purchasing Services to reject RFP P-7-22-21, Medical Director Services; and (2) authorize Purchasing Services to reject all bids received for RFP P-7-22-21; and (3) authorize staff to reissue an RFP for Medical Director Services with revised language; and (4) approve the County Manager to execute any necessary extension to the Medical Director's contract.

Summary Explanation and Background:
On June 9, 2022, a Request for Proposal (RFP) P-7-22-21 was issued for Medical Director Services for the Brevard County Fire Rescue Department. The County received 3 responses to the RFP on July 8, 2022. The objective of the RFP was to find a proactive Medical Director for the leadership and guidance of the County's Emergency Medical Services (EMS). However, when the responses were reviewed by the Fire Rescue Department and Purchasing Services it became apparent there may be an inadvertent conflict under Section 286.0113(2)(b)1., Florida Statutes due to 2 bidders recommending cross-over of the proposed medical staff. All oral presentations in an RFP are treated as an exempt meeting not open to the public until an intended decision or until 30 days after the RFP is opened. With proposed medical staff making oral presentations on 2 of the 3 proposals, they may have an unfair advantage over the 1 bidder, due to an understanding of the questions of the Selection Committee.

According to Section 286.0113(2)(b)1., Florida Statutes state "Any portion of a meeting at which a negotiation with a vendor is conducted pursuant to a competitive solicitation, at which a vendor makes an oral presentation as part of a competitive solicitation, or which a vendor answers questions as part of a competitive solicitation is exempt from Public Meetings and Section 24(b), Article 1, of the State Constitution."

The Fire Rescue Department and Purchasing Services recommend the County reject all RFPs in response to P-7-22-21 and concurrently provide notice to reissue the RFP with revised language which will avoid responses with cross-over of the proposed medical staff. This will preserve the RFP responses to P-7-22-21 as exempt from public record until such time as the County provides notice of an intended decision concerning the

reissued RFP, but no longer than 12 months after the initial notice rejecting all RFP. To avoid any lapse of coverage, approve any necessary extensions of the Medical Director's current contract. Also, under the County's General Conditions in the RFP, the County has the right to reject the RFP, if it's in the best interest of the County.

This BCC policy is intended to supersede Resolution 17-231 of the Board of County Commissioners. This policy shall control over any conflicting provision of BCC-55.

III. Rules and Procedures

A. *Robert's Rules of Order* and Quorum Requirements

1. The Board of County Commissioners hereby adopts The Scott, Foresman *Robert's Rules of Order,* Newly Revised, 1990 Edition and any future editions of the same, as a guideline for conducting its meetings.

2. No action taken by the Board of County Commissioners shall be deemed invalid or otherwise unlawful for failure to strictly comply with *Robert's Rules of Order.*

3. To the extent of any conflict between rules or policies adopted by the Board of County Commissioners and *Robert's Rules of Order,* the adopted rules or policies of the Board of County Commissioners shall govern.

4. These rules and *Robert's Rules of Order* are subordinate to and governed by any applicable state or federal laws governing quorums, voting,

abstention, conflicts of interest, disclosure, public meetings or any other subject matter addressed in *Robert's Rules* or these rules.

5. For the purposes of meeting the requirements of *Robert's Rules of Order,* the Board of County Commissioners hereby establishes the presence of three members as a quorum for any meeting.

6. A motion to table takes priority over other pending motions.

B. **Calling and Cancellation of Meetings**

1. The time and place of regular meetings of the Board of County Commissioners shall be established by the Board under the authority of Section 125.01(1)(a), Florida Statutes, and Brevard County Code, Section 2-26 through 2-28 and, after January 1, 1995, Section 2.8 of the Brevard County Charter with the following exceptions

3. Notice of any regular or special meeting of the Board of County Commissioners shall be provided in accordance with applicable state law and adopted county ordinances. In the event of emergency meetings, the Board shall provide as much notice as is reasonable under the circumstances which shall include, at a minimum, a posting of notice of the meeting as much in advance of the meeting as is possible under the circumstances.

4. Any regular or special meetings may be cancelled by majority vote of the Board of County Commissioners. A special or emergency meeting may be cancelled by the Chair of the Board only under extraordinary circumstances as follows:

a) In the case of an emergency meeting, when the emergency no longer exists as determined by the Chair and the County Manager;

b) When the purpose of the special meeting cannot be fulfilled as determined by the Chair and the County Manager;

c) When holding of the special or emergency meeting would violate state or federal law, as determined by the Chair upon advice from the County Attorney.

5. All meetings must comply with Section 286.011, Florida Statutes, and all other applicable open-government laws, unless otherwise exempt under those laws.

6. Action by the Board of County Commissioners at a special meeting shall be limited to the purpose for which the special meeting was called.

7. Action by the Board of County Commissioners at a Zoning board meeting shall be limited to those purposes related to land-use, unless the Board finds by a supermajority vote that delaying action until a regular meeting would be detrimental to the interests of the public.

Formatted: No underline, Font color: Auto

C. **Authority of the Chair and Vice-Chair**

1. The Chair shall have the authority to conduct the meetings in the manner prescribed by *Robert's Rules of Order,* by this policy and by applicable state or federal law.

2. The Chair shall have the authority to execute such documents, agreements or ordinances as may be authorized by the Board or under applicable state or federal law.

3. The Chair shall have such other authority as may be prescribed by these rules and as may be incidental to the exercise of that authority.

4. The Vice-Chair, upon the out-of-county absence or incapacitation of the Chair, shall have and exercise the authority afforded the Chair. In the event both the Chair and Vice-Chair are absent from the County at a time when a meeting of the County Commission is necessary, due to emergency or otherwise, or in the event that it is necessary for someone to act in behalf of the absent Chair and Vice-Chair, the Chair Pro Tem is hereby declared to be the Commissioner with the lowest district number who is present in the County. In such circumstances, the temporary acting Chair shall have all authority that would otherwise have been vested in the Chair. A Chair Pro Tem can also be elected by the Commission for the purpose of exercising one or more specific functions that cannot be performed by the Chair or Vice-Chair.

D. **Agenda**

1. The rules governing the preparation, addition to and omissions from the agenda for any regular or special meeting shall be those established by Board of County Commissioners, Agenda Report Procedure Administrative Order Number AO-23, which is incorporated herein by reference.

2. The Chair of the Board shall have the authority to move agenda items in order to expedite the progression of a meeting, or to schedule items for a time certain.

3. The Board may approve, by single motion and a majority vote, all items included on a consent agenda. Any item removed from the consent agenda must be approved by separate motion and majority vote. Items may be removed from the consent agenda for full discussion.
