BREVARD COUNTY BOARD OF COUNTY COMMISSIONERS

SUBJECT:	Permission to Advertise Public Hearing to consider application for the 2020 Edward Byrne Memorial Justice Assistance				
DEPT/OFFICE:	Sheriff's Office				
Requested Action:					
It is requested that the Board of County Commissioners grant permission to participate in and accept the 2020 FDLE Edward Byrne Memorial Justice Assistance Grant — Countywide Solicitation; designate the Brevard County Sheriff's Office as the Point of Contact and authorize the Chairman to execute the necessary documents and Budget Adjustments.					
Summary Explanation & Background:					
<p>The Florida Department of Law Enforcement (FDLE) recently notified Brevard County of its intent to open the FY 2020 Edward Byrne Memorial Justice Assistance Grant (JAG) program. Brevard County is slated to receive \$145,587. Units of local government applying for this grant must use funding for law enforcement programs.</p> <p>For the last 18 years, this funding has been used for the Sheriff's Office Prisoner Transportation program. The Prisoner Transportation program provides coordinated transportation of arrestees to the county jail from the field by Brevard's Law Enforcement agencies. The program allows law enforcement agencies who find it difficult to transport arrestees to the County Jail Complex the ability to have arrestees picked up by the Sheriff's Office. This results in law enforcement officers being able to return to patrol functions more quickly and creates a safer community. Over a three year period, this program has transported over 17,000 arrestees and saved over 19,000 law enforcement patrol hours. In the previous year, the Sheriff's Office is receiving an award of \$149,196 in grant funding from FDLE for this program.</p> <p>As a condition of the grant, the County and the Cities must come to a consensus on how the funds are to be used and provide a letter of support for that use. The Sheriff's Office has coordinated the support of the cities to use the funds for the Prisoner Transportation program and has received the necessary letters of support.</p> <p>Therefore, the Sheriff's Office is requesting permission for the Board to participate in the Edward Byrne Memorial Justice Assistance Grant, to designate the Sheriff's Office as the coordinating unit of government and authorize the execution of the necessary documents and budget adjustments</p> <p>Contact: Bill Spinelli Phone/e-mail: (321) 264-5206, bill.spinelli@bcsso.us</p>

Section 2: Project Overview

General Project Information

Project Title: TRANSPORTATION/BOOKING SYS IMPROVEMENNT PRG XVIII
Subgrant Recipient: Brevard County Board of Commissioners
Implementing Agency: Brevard County Sheriff's Office
Project Start Date: 10/1/2020 **End Date:** 9/30/2021

Problem Identification

The Brevard County Sheriff's Office is the primary law enforcement service provider for over 207,000 citizens who live in the unincorporated areas of Brevard County. However, the Brevard County Jail services the entire county population of over 552,000 citizens and the 3 million tourists that visit Brevard each year. The Brevard County Jail has an average daily population of over 1,400 inmates and processes over 20,000 arrested persons annually.

Brevard County is a linear County 26 miles wide and 72 miles long. Transporting arrested persons from the field to one location in the north end of the county (the jail's location) is logistically difficult and extremely time consuming. When deputies/officers arrest a person in the central and south ends of the county, they have to transport prisoners as much as 60 miles one way to the county jail. In doing so, they often leave an assigned patrol zone that is usually left vacant until the deputy/officer returns. This creates officer safety problems for existing patrol units with little or no backup. In many cases, deputies/officers would be out of service for up to 4 hours transporting and booking prisoners, one at a time or collectively, into the county jail.

The uncoordinated prisoner transport process also creates an impediment to the timely booking process for corrections officers at the county jail. Many of the municipal police departments hold arrestees until shift change and transport all arrestees at once to the county jail. This creates a surge of inmates during times when disruptive schedule changes occur in the jail personnel. Additionally, Correctional Officers must complete and correct booking packages taking additional time to process the arrestee. As a result, prisoner booking at the county jail has been a very time consuming and inefficient process. Moreover, prior to the implementation of this program, 30% of the booking packages completed by the local police departments were incomplete or incorrectly submitted. An acceptable error rate is between 5 to 10%, and with this program in place, the error rate can be maintained at a rate below 10%, as it is currently 0%!

Brevard County does not have sufficient funds budgeted to fund this program and is in need of grant funds.

This is a continuation of grant number 2019-JAGC-357

Project Summary (Scope of Work)

The project submitted by the Brevard County Sheriff's Office is the continuation of the Prisoner Transportation/Booking System Improvement Program. The program is

currently in the seventeenth year of successful implementation. The program provides for the coordinated prisoner transportation to the county jail for the Sheriff's Office and all the municipalities in Brevard County. The deputies' primary mission will be pick up and transport of arrestees, examine and review booking packages, preliminary screen arrestees for medical needs, and educate local jurisdictions on standardized booking packages. The grant has eliminated thousands of hours of police transport of arrestees to the Brevard County Jail. Without the continuation of these funds, this program will not be able to continue due to the limited funding provided by the Brevard County Board of County Commissioners for Sheriffs Operations.

As the Sheriff's Office continues to provide the countywide transportation of people arrested throughout the county to the jail facility, we will continue to coordinate adequate staffing to process the incoming arrestees, as well as controlled queuing of those processed, and enhanced efficiency of the booking process. Arrest paperwork will continue to be examined when the prisoner is picked up by the Transportation Deputy, ensuring booking officers will have standardized, completed paperwork expediting the booking process. Subsequently, all municipalities in Brevard County will continue to benefit from this program. During the past year, the program transported 4,939 prisoners and saved over 5,200 law enforcement patrol hours. In addition, errors in the booking packages submitted to the Booking Unit for the previous year were below the 10% threshold, they were 0%. Thus, the benefits to the patrol resources of the over one thousand police officers and deputy sheriffs in Brevard County are positive and far reaching. These include: increased officer safety, increased citizen safety, increased patrol coverage and a significant increase in the overall efficiency of the law enforcement patrol deployment in Brevard County.

Grant funds will be used to pay partial salaries and benefits for three (3) federally grant-funded positions for the Brevard County Sheriff Office. These three (3) positions will be available to support the Prisoner Transportation/Booking System Improvement Program by coordinating prisoner transport. The positions funded by the grant are employed on a continual basis.

The minimum performance for this position, including minimum time frames for prisoner transport, as well as the availability for this position will be in accordance with the local employment agreement and/or position description. This position will be overseen and managed by the Brevard County Sheriff's Office. Documentation to support costs and activities will consist of timesheets, payroll records, paystubs, and/or agency records systems. All documentation to support use and expenditure of grant funds, including the establishment/sustainment of a net personnel increase, will be available for review during grant monitoring.

The deliverable for this agreement is the quarterly performance of the tasks and activities described in the scope of work, for an 80-hour pay period in accordance with local agency employment agreement and/or position description. Brevard County will request reimbursement of allowable costs identified in Section 4, pages 1-2 on a quarterly basis.
