

SAVE OUR INDIAN RIVER LAGOON CITIZEN OVERSIGHT COMMITTEE VOLUNTEER APPLICATION

The Brevard County Board of County Commissioners is soliciting applications for two seats on the Save Our Indian River Lagoon Citizen Oversight Committee. Volunteers are sought to represent two fields of expertise: Real Estate and Technology.

Basic Requirements and Duties of Oversight Committee Members

Applicants must commit to serving the public interest by providing stewardship of Lagoon Trust Funds, especially in relation to restoring health to the Indian River Lagoon, and must demonstrate expertise and experience in one or more of the following fields: Real estate or Technology. Knowledge of water quality issues and the major sources of pollution affecting the lagoon are highly desirable.

Members and their alternates oversee progress and make recommendations to the Brevard County Board of County Commissioners on spending an estimated \$486 million from sales tax revenue to **Reduce** pollution sources to the lagoon, **Remove** legacy pollution from the lagoon, **Restore** natural systems within the lagoon, and **Respond** to new information by recommending annual amendments to the Save our Indian River Lagoon Project Plan (SOIRLPP).

Duties include participation in meetings to evaluate progress towards plan implementation and lagoon health, review technology and alternative project proposals for reducing pollutants and improving water quality, assess the cost-effectiveness of projects and recommend plan revisions accordingly. The Committee addresses questions, concerns, and ideas from the public to improve the SOIRLPP. Applicants must be willing to ensure that the SOIRLPP reflects the most effective, timely and responsible means to restore the Indian River Lagoon and that the Save Our Indian River Lagoon Trust Fund is managed in the best interest of the public.

Applications with resumés and letters of recommendation or endorsement should be submitted no later than **January 6, 2021**. The Brevard County Board of County Commissioners will review applications for Real Estate and Technology expertise and finalize the two appointments at their regular meeting on **January 26, 2021**.

Additional Requirements

In addition to completing the application, a resumé and at least one letter of recommendation are required. The letter of recommendation can be a personal recommendation from a professional in the same field and/or an endorsement by a reputable nonprofit organization.

Send your application, resumé, and letter(s) of recommendation to:

BUSINESS PROFILE

An accomplished Leader that has worked to build relationships with the Customer and teammates with a common focus on understanding business requirements and working across integrated teams to provide the best solution.

CAREER PROGRESS

The Boeing Company, Chicago, IL

2001 - Present

Boeing is the world's largest aerospace company and leading manufacturer of commercial jetliners and defense, space and security systems. With corporate offices in Chicago, Boeing employs about 145,000 people across the United States and more than 65 countries.

Director of Information Technology, 2014 – Present

August 2017 – Present

As the IT Boeing Defense, Space and Security (BDS) Business Partner Senior Director for the BDS Commercial Derivative Aircraft, Missile and Weapon Systems and Space and Launch Divisions, I am responsible for the IT strategy to action for their respective organizations while driving customer advocacy, strategy alignment, value delivery and technology leadership through the rest of IT.

Feb 2017 – August 2017

As the Director of the Service Desk Operations of the Global IT Infrastructure Services (GITIS) organization, my statement of work included site, factory and executive support for break/fix and order fulfillment of IT services including computing, network, print, video and voice, as well as, IT preparedness that ensure business continuity for the Boeing Company's IT infrastructure and applications.

Mar 2014 - Feb 2017

As the Director of Business Operations, the Build Center of Excellence and Program Management for GITIS, I was responsible for strategic planning, the long-range business plan, sourcing strategy, enterprise tools automation, design integration, test and certification, and program and project performance for the GITIS organization.

BDS Program Manager, 2011-2014

As a Program Manager for a BDS Proprietary Program, my responsibilities included managing a multi-million dollar program comprised of Boeing employees and sub-contractors from 30+ companies that provided Mission applications and services with responsibility for all program contract deliverables while building strong relationships with the Customer and teammates.

Selected Accomplishments

- Achieved Company readiness in compliance with time sensitive Government regulations that ensured Boeing's ability to effectively maintain existing contracts, as well as, compete for future business
- Achieved key program milestones leveraging IT technology advancement and innovation while working with BDS Division leadership teams starting with requirements through sustainment
- Maintained high levels of employee engagement throughout management career motivated teams to perform at their best in providing excellent service and meeting program and business objectives
- Instituted a critical skill management system to ensure employees are performing at or above their level and growing as individuals to meet individual career goals and future collective organizational requirements
- Achieved significant improvements in PMO functional excellence by implementing Risks, Issues and Opportunities (RIO) and Customer Satisfaction best practices to effectively manage risk for our top projects and programs, meet VSP objectives and satisfy customers
- Strengthened Innovation capability by implementing the Innovation Management Platform that will be used for online collaboration, crowd sourcing, hackathons, and visibility into innovation ideas

AREAS OF EXPERTISE

Started Boeing career as a Computer Systems Architect in 2002 and quickly progressed into management and held numerous leadership positions, to include my BDS Program manager role where I led the largest program in E&IS before being selected as the Director of Program Management for the IT Infrastructure organization in 2014 that led to the current position of Senior Director of the IT BDS Business partner in August 2017. Here are some of my areas of expertise that I feel are relevant to the IT&DA leadership opportunity.

Executive Leadership and Engagement

- Created a highly dynamic work environment that facilitates innovation and continuous improvement
- Conducted in-depth analysis of business strategy, identifying the best policies for development and the avoidance of foreseeable difficulties with a focus on continuous progress
- Conveyed the “big picture” thinking strategically throughout the organization empowering employees to produce beyond expectation results
- Demonstrated imagination, insight, and boldness to present challenges that bring out the best in people and bring them together around a shared sense of purpose

Budgeting and Financial Control

- Made strategic and operational planning decisions based on prudent financial analysis, using practical accounting and financial control tools together with business knowledge
- Ensured program cost variances were within the Customer threshold by monitoring control account costs on a weekly basis and proactively addressing and cost overruns or unwarranted under runs
- Initiated appropriate actions to minimize risks and align performance goals with business targets

Program Management

- Led a large multi-million dollar program comprised of Boeing employees and sub-contractors from 30+ companies that provided Mission applications and services to a government
- Accountable for all program contract deliverables to include cost reporting and program management reviews that were held on a monthly basis with the customer to provide an update on program health and status
- Instilled a creative, resourceful and flexible culture that was able to adapt to changing program priorities and maintain a positive attitude and strong work ethic that inspires the team to maintain high levels of engagement while accomplishing the mission

Brevard County Board of County Commissioners
2725 Judge Fran Jamieson Way
Viera, FL 32920

Dear Commissioners,

I highly recommend Daryl Goods as the volunteer Technology representative in the Save our Indian River Lagoon Citizen Oversight Committee. Daryl is employed by the Boeing Company as a Senior Director in the Information Technology (IT) organization and has been an employee of the Boeing Company from 2002 to present. Daryl is responsible for the IT strategy to action for the organizations he supports while driving customer advocacy, strategy alignment, value delivery and technology leadership through the rest of IT. In addition, Daryl is a member of the Boeing Space and Launch leadership team that is based in Titusville and Daryl has responsibility for community engagement for the Boeing Florida Space Coast sites where he will be actively engaged in our community on behalf of Boeing.

Daryl would be a great asset for the committee and has my recommendation. If you have any further questions, please do not hesitate to call me.

Sincerely,

A handwritten signature in blue ink that reads "Emmanuel Tormes". The signature is fluid and cursive, with the first name "Emmanuel" and the last name "Tormes" clearly distinguishable.

Emmanuel Tormes
Senior Manager, Government Operations
