Acreage of Request: .53

Reason for Request:

The property has, to our knowledge, never been used for any other reason than a single-family residence. The current building is extremely functionally obsolete and dated. The amount of deferred maintenance is immense and likely precludes restoration of the residence. The property sits in an industrial area in which every parcel for 2-3 blocks on three sides are zoned BU-2. The north side is Cone Road and a wide grassy right-of-way. With the passing of the long-time owner, it would be far from the highest and best use of the property to remain a residence. The future possible uses include medical offices/clinic, retail, or light manufacturing. From a property tax standpoint, changing the zoning would be advantageous to the county.

The undersigned understands this application must be complete and accurate prior to advertising a public hearing:

- I am the owner of the subject property, or if corporation, I am the officer of the corporation authorized to act on this request.
- I am the legal representative of the owner of the subject property of this application. (Notarized Authorization to Act must be submitted with application)
- An approval of this application does not entitle the owner to a development permit.
- For Variances, I understand that building permits will not be approved until 30 days after the date the order is signed, in order to comply with the appeal procedure.
- I certify that the information in this application and all sketches and data attached to and made part hereof are true and accurate to the best of my knowledge.
