Brevard County Parks and Recreation
475 N. Williams Avenue
Titusville, Florida 32796

The Pillar of Hope Worldwide Outreach, Inc., D.B.A., "The Pillar of Hope Academy" is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law for charitable purposes and is registered as such with the State of Florida & Federal Government {possessing a 501c3 tax exempted status}. Please note that our tax identification number is 383838470.

- A. The specific purpose of this corporation is to be a pillar of hope to the local community, nationally and worldwide by spreading the love of Christ to heal, comfort, educate, and empower the whole man, as well as make a significant impact on the lives within the community by fostering good basic values, leadership development programs and fundamental principles that can lead to positive lifestyles and build character.
- B. We currently offer a range of services to the community that includes after school tutoring, economic empowerment activities, life skills anger/ stress management and K-12 academic services. These services are desperately needed in the community.
- C. The Pillar of Hope Academy would like to utilize the 2 classrooms located at Cuyler Community Center, 2329 Harry T. Moore Avenue, Mims, Florida 32754, beginning July 2021 and continuing for the next 3 years, for a price of \$363 monthly. Our mission is to render educational services to scholars in grades K-12. Each classroom will have dividers to divide K-2, 3-5, and 6-8. These services will include individual and group learning from our school's curriculum for each grade level for Math, Reading, Science, Social Studies, Physical Education, Writing, etc.
- D. Please note that we previously rendered the aforementioned services at the above location, and they were a great benefit to the community. However, due to Covid-19, and the closing of the center for an extended period of time, the above services were placed on hold. At the time of renewal, there was an issue with the verbiage of the insurance, deadline, etc. However, since there is still no private school in the East Mims community, we feel there is still a need and we would like to come share our knowledge and extend educational services to this community. We are working on God's plan and want to continue to build his kingdom by helping the youth become: doctors, lawyers, teachers, nurses, police, firemen and future entrepreneurs. If you would give us this opportunity once again, we would help fill the gap of educational and academic needs in the North Titusville/ East Mims community.

The Pillar of Hope Academy
