G. PUBLIC COMMENTS

Pete Carnesale stated Indian River colony Club (IRCC) needs a right-hand turn lane off of Viera Boulevard and Independence Avenue, as it is only a matter of time, not if, a rear-end collision occurs; pedestrians, bicyclists, and golf carts are on the sidewalks which are not visible from the road and there are people making a right turn, that they do not stop for the cars; many are leaving their residents with a fear of hitting someone if they do not slow down; the short entryway before the gate is another reason for cars to make a right turn, with cars having to slow down to below 10 miles per hour before making the turn into IRCC; IRCC Herons Landing and Faith Lutheran Church could use a traffic light on the corner at the Herons Landing and IRCC exit on Viera Boulevard; there is Thrasher Drive, a parallel road from the Faith Lutheran Church in Herons Landing leading to the Herons Landing exit, making it usable for the church as well as Herons Landing; a pathway over Interstate 95 along Viera Boulevard is needed to accommodate the golf carts in order for the residents of east Viera to have access to the businesses on the west side of Interstate 95; the elderly who no longer drive cars and the school children are used to being able to take their golf carts and bikes to school, now lack a legal pathway to accommodate the size of the walkers, cyclists, and golf carts at the same time, while trying to cross over Interstate 95; all of which existed until the new exit was created; this has created a double-standard for those living east and west of Interstate 95; and a quick look at the school parking lot shows just how many school children take golf carts to school.

Chair Lober expressed his thanks to Mr. Carnesale for coming out; he state the overpass for the golf carts may be more of a Florida Department of Transportation (FDOT) item than a County item; he does not know if the County has the funding in place, that it would have the authority to put something over a State Road like that; and he suggested for Mr. Carnesale to reach out to FDOT, they have a location on Camp Road, Cocoa.

Mr. Carnesale expressed his thanks to Chair Lober; and he stated he will reach out to FDOT, but he would like for Chair Lober to do that as well.

Chair Lober stated he is happy to send FDOT and email as well to see what they say and also to give them a heads-up that Mr. Carnesale will be contacting them.

H.1. Petition to Vacate, Re: Public Utility Easements - 856 Laurel Circle - “Barefoot Bay Unit Two, Part Twelve” Plat Book 22, Page 79 - Barefoot Bay - Barry Southard and Valerie Gallo - District 3

Chair Lober called for the public hearing for a petition to vacate public utility easements at 856 Laurel Circle, Barefoot Bay Unit Two, Part 12, as requested by Barry Southard and Valerie Gallo.

There being no comments or objections heard, the Board adopted Resolution No. 20-037, vacating public utility easements at 856 Laurel Circle, Barefoot Bay, Unit Two, Part 12 Subdivision, Barefoot Bay as petitioned by Barry Southard and Valerie Gallo.

J.1. Legislative Intent and Permission to Advertise RE: Code Revisions to

On-premise Consumption for Alcoholic Beverages

Chair Lober stated this is the Conditional Use Permit (CUP) item for the alcohol permits; he is happy to go whichever way the Commission wants to go on it; and he thinks all these do not need to come up, but it is up to them.

Commissioner Pritchett stated she is fine with it; and she asked Commissioner Tobia what he would like to do, because he had brought in this wonderful idea.

Commissioner Tobia stated it sounds like this is positive and he thinks option one is the one that would probably provide the greatest benefit to the small businesses at this time; he expressed his thanks to Tad Calkins, Planning and Development Director, for his leadership for getting this done so there is a benefit, not only to the small businesses, but to the timely nature of meetings moving forward.

Chair Lober stated he would support that if the motion is made but wanted to make one qualification; he spoke with the department and they told him that things along the lines of traffic concerns or other problems that could be considered, are still able to be considered administratively; and his concern is addressed by that, so he is happy with that if someone was to make a motion.

Commissioner Tobia stated to accept option one.

The Board granted legislative intent and permission to advertise amendments to Article VI, Zoning Regulations, relating to the on-premise consumption of alcoholic beverages for restaurants and snack bars.

I.1. Discussion Re: Interlocal Agreement with the City of Palm Bay for the St. Johns Heritage Parkway Intersection and Babcock Street - Districts 3 and 5

Chair Lober stated this is the potential interlocal with Palm Bay on the Heritage Parkway; and he will be looking to Commissioners Tobia and Isnardi for help on this.

John Denninghoff, Assistant County Manager, stated based on Board direction from the prior meeting, staff on both the City and County worked quite hard to come up with what is believed to be very close to what the Board had asked for the last time this item was on the Agenda; and is scheduled to go to the City Council on Thursday, April 23.

Commissioner Isnardi expressed her thanks to staff; she stated she is glad that an agreement has been made that everybody can live with; hopefully now that intersection can move forward; and she is very excited about it.

Commissioner Tobia stated this could have been handled quite a bit earlier, but the outcome would have impacted future Commissions to the tune of tens or hundreds of millions of dollars; he expressed his thanks on behalf of the Board and bigger thanks probably from the people who will eventually sit in these seats so they are not encumbered with hundreds of millions of dollars; he expressed his thanks to Chair Lober and Mr. Denninghoff for sticking to their guns, for working with the City, and he looks forward to this opening in short order.

The Board discussed Board action pertaining to the Interlocal Agreement with the City of Palm Bay for the St. Johns Heritage Parkway Intersection and Babcock Street; and approved Option 1 authorizing the Chair to execute the Interlocal Agreement with the City of Palm Bay for the St. Johns Heritage Parkway Intersection and Babcock Street.

L.3. Rita Pritchett, Commissioner, District 1 Report

Commissioner Pritchett stated that she misses seeing Commissioners Smith and Isnardi and hopefully in a month or so, the Board will be doing regular business again.

Chair Lober stated he would keep his fingers crossed that everything goes in the right direction.

L.6. Curt Smith, Commissioner, District 4 Report

Commissioner Smith stated he missed the Board also and it is getting boring sitting on his porch looking at boats and jet-skis going up and down the river when he should be in the meeting.

Chair Lober inquired if Commissioner Smith missed all of the board or just most of them.

Commissioner Smith replied he misses every single one on the Board.

L.7. Kristine Isnardi, Commissioner, District 5 Report

Commissioner Isnardi stated she is looking forward to being back in the Chambers with the Board.

Upon consensus of the Board, the meeting adjourned at 9:13 a.m.
