Requested Action:

In accordance with Section 62-2841(i) and Section 62-2844, it is requested that the Board of County Commissioners grant final plat approval and authorize the Chair to sign the final plat and infrastructure contract for Del Webb at Viera, Phase 4.

Summary Explanation and Background:

There are three stages of review for subdivision plan approval: the pre-application conference, the preliminary plat/final engineering plan review, and the final plat review. The pre-application conference for the above project was held on December 8, 2022. The preliminary plat and final engineering plans, which is the second stage of approval, were approved on May 10, 2023. The third stage of review is the final plat approval for recordation. The applicant is posting a performance bond and contract for guarantee of the completion of the infrastructure improvements.

Del Webb at Viera, Phase 4 is located south of Pineda Boulevard and west of Stadium Parkway in a DRI District designated by Brevard County's Future Land Use Map. Potable water for the subdivision will be provided by the City of Cocoa. Sewer service will be provided by Brevard County. The proposed subdivision contains 211 single family residential lots on 66.24 acres. Staff has reviewed the final plat and contract for Del Webb at Viera, Phase 4, and has determined that it complies with the applicable ordinances.

This approval is subject to minor engineering changes as applicable. Board approval of this project does not relieve the developer from obtaining all other necessary jurisdictional permits.
