### **Subject:**

Final Plat and Contract Approval, Re: Viera Town Center IV  
Developer: The Viera Company (District 4)

### **Fiscal Impact:**

None

### **Dept/Office:**

Planning and Development

### **Requested Action:**

In accordance with Section 62-2841(i) and Section 62-2844, it is requested that the Board of County Commissioners grant final plat approval and authorize the Chair to sign the final plat and contract for Viera Town Center IV.

### **Summary Explanation and Background:**

There are three stages of review for subdivision plan approval: the pre-application conference, the preliminary plat/final engineering plan review, and the final plat review. The pre-application conference for the above project was held on August 27, 2020. The preliminary plat and final engineering plans, which is the second stage of approval, was approved on September 20, 2021. The third stage of review is the final plat approval for recordation. The applicant is posting a performance bond and contract for guarantee of the completion of the infrastructure improvements.

Staff has reviewed the final plat and contract for the Viera Town Center IV subdivision, and has determined that it is in compliance with the applicable ordinances.

Viera Town Center IV is located within the Viera DRI, on the east side of Stadium Parkway, approximately 0.2 miles south of Judge Fran Jamieson Way. The proposed subdivision contains 2 lots on 29.64 acres.

This approval is subject to minor engineering changes as applicable. Board approval of this project does not relieve the developer from obtaining all other necessary jurisdictional permits.
