Subject:

Final Plat and Contract Approval, Re: Reeling Park South Phase 1 (17SD00012) (District 4)
Developer: The Viera Company

Fiscal Impact:

None

Dept/Office:

Planning and Development

Requested Action:

In accordance with Section 62-2841(i) and Section 62-2844, it is requested that the Board of County Commissioners grant final plat approval and authorize the Chair to sign the final plat and contract for Reeling Park South Phase 1.

Summary Explanation and Background:

There are three stages of review for subdivision plan approval: the pre-application conference, the preliminary plat/final engineering plan review, and the final plat review. The pre-application conference for the above project was held on May 4, 2017. The preliminary plat and final engineering plans, which is the second stage of approval, was approved on June 7, 2018. The third stage of review is the final plat approval for recordation. The applicant is posting a performance bond and contract for guarantee of the completion of the infrastructure improvements.

Staff has reviewed the final plat and contract for the Reeling Park South Phase 1 subdivision, and has determined that it is in compliance with the applicable ordinances.

Reeling Park South Phase 1 is located within the Viera DRI, south of Addison Drive on the east side of Stadium Parkway. The proposed subdivision contains roadway and stormwater improvements on 4.84 acres.

This approval is subject to minor engineering changes as applicable. Board approval of this project does not relieve the developer from obtaining all other necessary jurisdictional permits.
