

# Brevard County Board of County Commissioners

2725 Judge Fran Jamieson  
Way  
Viera, FL 32940

## Legislation Text

---

**File #:** 1331, **Version:** 1

---

### **Subject:**

Authorization of Sole Source Purchase of In-Ground Nitrogen Reducing Biofilter Septic Systems with Proprietary Denitrifying Media

### **Fiscal Impact:**

Six (6) In-Ground Nitrogen Reducing Biofilter Septic Systems

Each System is \$18,000.00 installed

Total Fiscal Impact is \$108,000.00 to be funded by Brevard County's Save our Indian River Lagoon Program

### **Dept/Office:**

Natural Resources Management

### **Requested Action:**

It is requested that the Board approve the Sole Source Justification with Environmental Conservation Solutions and authorize the Chair to execute the Sole/Single Source Justification and Approval Form. It is also requested the Board authorize the Chair to execute any resulting Contract and all associated Contract documents upon review and approval of the County Attorney's Office and Risk Management.

### **Summary Explanation and Background:**

The Save our Indian River Lagoon Program will be funding and coordinating the installation of In-Ground Nitrogen Reducing Biofilter septic systems with proprietary Bold & Gold® Wastewater Filtration Media in accordance with the Memorandum of Understanding between Brevard County and the Florida Department of Health, approved by the Board on May 21, 2019.

The Florida Department of Health has approved the conditional use of this specific product based on its history as a denitrifying media used by the Florida Department of Environmental Protection.

Per BCC Policy 25, Sole Source item(s) are defined as the only item(s) that will produce the desired results and are available from only one source of supply. Environmental Conservation Solutions is the only authorized manufacturer and distributor of the approved product and therefore, qualifies as a sole source.

Environmental Conservation Solutions will provide all materials, permit fees, construction oversight, and subcontract material installation in compliance with the memorandum of understanding between Brevard County and the Florida Department of Health. Brevard County's Save our Indian River Lagoon Program will pay Environmental Conservation Solutions \$18,000.00 for each In-Ground Nitrogen Reducing Biofilter septic system installed, with a not to exceed amount of \$108,000.00; a total of 6 complete systems.
