Subject:

Final Plat and Contract Approval, Re: Addison Center at Viera
Developer: The Viera Company District 4

Fiscal Impact:

None

Dept/Office:

Planning and Development

Requested Action:

In accordance with Section 62-2841(i) and Section 62-2844, it is requested that the Board of County Commissioners grant final plat approval and authorize the Chair to sign the final plat and contract for Addison Center at Viera.

Summary Explanation and Background:

There are three stages of review for subdivision plan approval: the pre-application conference, the preliminary plat/final engineering plan review, and the final plat review. The pre-application conference for the above project was held on July 22, 2021. The preliminary plat and final engineering plans, which is the second stage of approval, was approved on August 1, 2022. The third stage of review is the final plat approval for recordation. The applicant is posting a performance bond and contract for guarantee of the completion of the infrastructure improvements.

Staff has reviewed the final plat and contract for Addison Center at Viera, and has determined that it is in compliance with the applicable ordinances.

Addison Center at Viera is located within the Viera DRI, east of Stadium Boulevard and south of Wickham Road. The proposal is for 6 lots on 31.6 acres.

This approval is subject to minor engineering changes as applicable. Board approval of this project does not relieve the developer from obtaining all other necessary jurisdictional permits.
